

The Signal Fire: July 2026 Transmission Transcript

00:00:02.000 --> 00:00:19.000

Hello, hello, and welcome everybody! Welcome to the July Signal Fire. I am so excited to do this. I was chatting with the live attendees just before this. This is the first time I'm here in my new office in my new Oracle studio, and the energy here is so beautiful

00:00:19.000 --> 00:00:35.000

So, different and expansive, because it's not in my home, I'm not fighting for space with the family. This is just the space for my work, and for those beings and energies who come through for you to participate in the work with me.

00:00:35.000 --> 00:00:44.000

So I'm so excited to be here. I am still working out the lighting and the audio a bit, so we're just going to keep getting better every month as I work that out.

00:00:44.000 --> 00:01:00.000

So, if you are new here, I am going to quickly explain how this works, what this session is like, and then we will get into our sort of kickoff invocation, our little guided meditation I like to do to help us in the collective energy to anchor in and to set that space

00:01:00.000 --> 00:01:10.000

So I am a channeler. I'm a psychic medium. I have all the clairs. And so this session, I like to call it a psychic grab bag. It's a lot

00:01:10.000 --> 00:01:17.000

And we like that it's a lot. It's fun, it's high energy, it's upbeat, it's really exciting, and we never know what's going to come through.

00:01:17.000 --> 00:01:33.000

I will kind of narrate my experience for you to do my best to bring through the multi-dimensional experience, because sometimes they'll be telling me things, sometimes they will be showing me images, or I'll get impressions, all the things. So I narrate, I just go with it

00:01:33.000 --> 00:01:42.000

It's a little sacred, a little sweary, a little all the things, and it's a lot of fun. I really love the energy we create here.

00:01:42.000 --> 00:01:58.000

Some people, when they are in these live sessions or even recorded sessions, the energy can be a lot. And some people, we get a lot of chills, tingles, yawning, hiccups, burps, all of these, like, energy moving through signs, as I just, like, felt it

00:01:58.000 --> 00:02:13.000

Some people even straight up fall asleep. If that happens to you, do not worry. You are just receiving whatever energy you need to, and your system's like, hey, take a little nap because we need to work this through. This is why I call myself Gia Prism it was a name given to me

00:02:13.000 --> 00:02:30.000

But I have since learned how perfect it is, because I am the vessel, and I allow spirit to come in, and I don't have to know what this person and that person and that person needs. I allow spirit to radiate through me. Whatever everybody needs

00:02:30.000 --> 00:02:43.000

And you will receive very specific energies for you. My intention is always to accelerate you in the next octave of your journey, so wherever you're at, to boost you that much more.

00:02:43.000 --> 00:02:51.000

So I already did my pre-session ritual, which is why the energy is, like, popping off for me. But we're going to pause and take a quick moment

00:02:51.000 --> 00:03:01.000

to do our group invocation. And I am going to take a quick drink, and then I will guide you through that.

00:03:01.000 --> 00:03:08.000

So this is a brief sort of guided meditation just to help unify our energies

00:03:08.000 --> 00:03:14.000

Ground and center us in this moment. So get comfortable, however that looks for you.

00:03:14.000 --> 00:03:17.000

You can close your eyes, keep them open, whatever works

00:03:17.000 --> 00:03:30.000

And I'll just invite you to take a few deep breaths

00:03:30.000 --> 00:03:34.000

And as you do, place a hand gently on your body

00:03:34.000 --> 00:03:39.000

your stomach, chest, your knees, whatever feels comfortable.

00:03:39.000 --> 00:03:42.000

To bring yourself back into the body

00:03:42.000 --> 00:03:51.000

To provide safety, comfort, and presence for yourself

00:03:51.000 --> 00:03:58.000

And as we do this, we create a healing bubble of light around us in this now moment in time

00:03:58.000 --> 00:04:12.000

Creating the sacred container for those of us who are here live and for those who will join us in the replay. Their energies are welcome here now.

00:04:12.000 --> 00:04:20.000

And these energies we invite forward are the energies of our higher selves beyond personality, beyond ego, beyond fear.

00:04:20.000 --> 00:04:23.000

We invite our very soul to step forward

00:04:23.000 --> 00:04:26.000

to lead us, to guide us

00:04:26.000 --> 00:04:36.000

To align us with the energies to bring through whatever is needed in this now moment in time.

00:04:36.000 --> 00:04:40.000

We also invite forward our heavenly helpers

00:04:40.000 --> 00:04:44.000

guides, guardians, ancestors, loved ones, ascended masters

00:04:44.000 --> 00:04:56.000

Those who work with us personally and those who are here specifically for this session and what we are here to receive.

00:04:56.000 --> 00:05:04.000

We ask that the energies that are most needed for us individually and us collectively be brought through in this session.

00:05:04.000 --> 00:05:07.000

to uplift, to heal, activate, and awaken

00:05:07.000 --> 00:05:12.000

And also to unfold at a rate that is healthy and safe

00:05:12.000 --> 00:05:18.000

To carry us through the next month till we meet again.

00:05:18.000 --> 00:05:20.000

And to keep the energies clear

00:05:20.000 --> 00:05:24.000

Not entangled, not enmeshed

00:05:24.000 --> 00:05:26.000

That we receive whatever we need to receive

00:05:26.000 --> 00:05:31.000

And as we close this session at the end, turn off our devices

00:05:31.000 --> 00:05:35.000

The energies may be cleared with it, and we may be released from the circle.

00:05:35.000 --> 00:05:50.000

Grateful for this time together, grateful for those beings, energies, wisdom, insight and information that is here to share with us in this now moment in time.

00:05:50.000 --> 00:05:58.000

Listen more for our highest and best good to the benefit of all, and so it is amen. And so it is amen.

00:05:58.000 --> 00:06:05.000

And so it is, amen

00:06:05.000 --> 00:06:08.000

Okay.

00:06:08.000 --> 00:06:12.000

All right, welcome, welcome.

00:06:12.000 --> 00:06:17.000

I felt that energy settle a lot through that. So glad we do that.

00:06:17.000 --> 00:06:32.000

Okay, so although these sessions are always live and unscripted, this was a bit unusual for me because I did set our intention, and I connected with certain beings and guardians for specific messages today, which is probably why many of you are here

00:06:32.000 --> 00:06:38.000

Because in this session, I want to be taught by these beings about the

split

00:06:38.000 --> 00:06:53.000

Something that has been spoken of in Ascension communities for many, many years has been brought through in hypnosis sessions through channeled messages. There's a lot of information about this, to the point where I had, quite a while ago, just been like, all right, that's a lot

00:06:53.000 --> 00:07:02.000

I I don't know what to do with that information. Is that literal? Is it metaphorical? How extreme are we talking here? I let it go long ago.

00:07:02.000 --> 00:07:10.000

So, when just a few weeks ago, Spirit brought through that information that we have made it on the other side of the split

00:07:10.000 --> 00:07:22.000

And I felt this incredible, intense joy and just this ecstatic bubbles and fireworks, and so many people in my comments felt it as well. I could not deny the reality of what was said.

00:07:22.000 --> 00:07:40.000

But my brain was still struggling. This does not look anything like what I was told. What's going on? A lot of people are still in turmoil and confusion, and a lot of us are still really in processing and heaviness. So what... what does this mean? How are we over the split? What does that look like?

00:07:40.000 --> 00:07:43.000

And that is the intention I've set for this session.

00:07:43.000 --> 00:07:49.000

And I will begin to bring these guides and guardians through. I, okay, hold on.

00:07:49.000 --> 00:07:56.000

We do have the Time Lords here, and there are others behind them. Let me see who is here.

00:07:56.000 --> 00:08:02.000

There's like a whole line. Okay, who

00:08:02.000 --> 00:08:04.000

All right.

00:08:04.000 --> 00:08:19.000

They said at various times they will announce themselves if it is important that we know who they are, who and what they are, but they're showing me as this great collective. So the information that will be received is a collective message, not necessarily exclusive to one group or guardian

00:08:19.000 --> 00:08:27.000

But it's the woven together message of that we need to know. And I see Doctor Who here and you guys

00:08:27.000 --> 00:08:32.000

I have to finally admit, I feel like a bit of a fraud

00:08:32.000 --> 00:08:44.000

Because I've been dropping Doctor Who references for a very long time, I've never actually seen it. And I haven't seen Loki either. I'm so sorry. I'm so sorry. But Time Lords is how they have

00:08:44.000 --> 00:08:59.000

announce themselves. So I... and then I looked it up, you know, for those cultural references. So I'm assuming they did that because those of you who know what a Doctor Who or Loki Time Lord is, it brings that level of understanding to help us understand who they are

00:08:59.000 --> 00:09:14.000

Because these beings, as they have shown themselves to me, are they look like statues, these massive monolithic structures of stone, and they showed themselves out there in the cosmos where these cosmic timelines are

00:09:14.000 --> 00:09:22.000

And these are a group of beings who I do feel a little humbled and in awe when I'm with them.

00:09:22.000 --> 00:09:30.000

And I channel a lot of beings and collectives, so that's saying a lot. They bring through such immense wisdom and power that

00:09:30.000 --> 00:09:35.000

It's a lot. It's a lot. And so

00:09:35.000 --> 00:09:39.000

Okay, hold on.

00:09:39.000 --> 00:09:43.000

Okay, now I am seeing David Tennant

00:09:43.000 --> 00:09:48.000

Not because David Tennant is actually here, but they really do want to get

00:09:48.000 --> 00:09:52.000

And he's very David Tennanty and floppy and

00:09:52.000 --> 00:10:10.000

They're saying all the cultural references have the truth that resonate with you, and that's why these shows and these series, they speak to the truth, they speak to the heart. Okay, okay, they're trying to tell me to not be so serious, because I am kind of in awe of these beings, and they're like, this is so exciting, this is so fun, we're so excited to connect with you.

00:10:10.000 --> 00:10:28.000

And why do you think we've shown ourselves to artists and creators who want to put us into mainstream understanding? Because connecting with the Time Lords has scared off many a channel or many of being because of their austerity, but there is joy and excitement and curiosity and creativity and expansion to be had. Do not fear, come

closer

00:10:28.000 --> 00:10:42.000

We are being taxed. He's just like flopping around. He's like, we are being guided. We are here to help you lean in, open up experience this with joy. Okay, okay, okay. And what they're saying right off the bat is

00:10:42.000 --> 00:10:45.000

There is no left behind.

00:10:45.000 --> 00:10:47.000

There is no left behind

00:10:47.000 --> 00:11:02.000

They're saying a lot of what has come through in these sessions about the 3D, 5D split where these two main timelines would separate. And if you're on this third dimensional timeline, you're not going to make it in a lot of I think this comes through in a lot of Dolores Cannon material

00:11:02.000 --> 00:11:12.000

If you're not on that timeline, there's been spoken of that that timeline will eventually go off to destruction, and it's very bad, like, rapture-y type stuff.

00:11:12.000 --> 00:11:21.000

that some will ascend and some won't, and they're going to the bad place, and we get Shangri-La, and they're saying there is no left behind, there is no left behind

00:11:21.000 --> 00:11:37.000

Understanding that in the multidimensional time expansive way, we are always with those who are meant to journey with us. We will experience versions of them who are a match for what we need to experience now. And this doesn't necessarily mean we will always get the highest

00:11:37.000 --> 00:11:53.000

dimensional vibration of them. Sometimes, the people who need to be in our lives need to be the villain, need to be the friction, the contrast. They

need to be the figure to help us play out our experiences, examine wounds, come into our warrior energy, and so on. Do not fear

00:11:53.000 --> 00:12:08.000

Your loved ones will be left behind. Do not fear you will be left behind. There is no left behind. This is a multi-dimensional ascension experience where there are many collective and individual timelines that will experience many varied things that will allow them to have

00:12:08.000 --> 00:12:18.000

Oh, and they're showing me, it's not just unexperience or a handful of soul experiences. They're showing me how many different multidimensional realities are

00:12:18.000 --> 00:12:37.000

Not just our oversoul is split in two, like how many oversold Gia's are actually Joe and Susan and Amir and like wherever I am, but that each of those individual Gia is also multidimensional and Gia is experiencing this timeline, this life, this reality in a multitude of ways

00:12:37.000 --> 00:12:42.000

So understanding that our soul is always

00:12:42.000 --> 00:12:45.000

experience. I don't

00:12:45.000 --> 00:13:03.000

They're saying fragmented, and I use that word in the context of hurt, wounded, traumatized, but they're saying we are able to fragment. We are able to put our soul essence into as many different experiences as we need, so that as we then come together

00:13:03.000 --> 00:13:09.000

To feed into the primary oversoul, we get the complete experience.

00:13:09.000 --> 00:13:19.000

There are those who come into contact with the information about the 3D 5D split and are in fear because the fear is what needs to be

reckoned with.

00:13:19.000 --> 00:13:27.000

There are those who come into contact with that information, and their soul asked for the challenge of the fear.

00:13:27.000 --> 00:13:36.000

Some who will conquer, some who will not. And it is up to them to create the experience of their soul. It is not for you to

00:13:36.000 --> 00:13:54.000

micromanage, judge, all the things. It's not for us to say what is another's experience, it is for you to manage your own experience, for you to rejoice in the knowing that this is a plan being overseen by a multidimensional beings of such caliber that there is no left behind, there is no fear, there is no

00:13:54.000 --> 00:13:56.000

abandonment

00:13:56.000 --> 00:14:00.000

And these wounds, as triggered, are intentional to

00:14:00.000 --> 00:14:07.000

deepen us into our karma, deepen us into our soul's expansion to retrieve the parts of self that might be

00:14:07.000 --> 00:14:11.000

Oh, okay, okay, okay.

00:14:11.000 --> 00:14:16.000

Okay, so now they're showing me... they're showing me the fragmentation

00:14:16.000 --> 00:14:24.000

Fractal! Thank you, Lauren. Fractal is a better... yes, Linda fractals.

00:14:24.000 --> 00:14:27.000

The fragmentation is

00:14:27.000 --> 00:14:30.000

a part of self that is shattered in trauma

00:14:30.000 --> 00:14:32.000

That feels

00:14:32.000 --> 00:14:38.000

Broken, wounded. That is the part of us that feels left behind.

00:14:38.000 --> 00:14:44.000

But the fractaling is a beautiful expression of multidimensionality.

00:14:44.000 --> 00:14:49.000

Those are separate things. Does that make sense? And that's why I was struggling with that

00:14:49.000 --> 00:14:52.000

But what they were just showing me is

00:14:52.000 --> 00:14:54.000

The multi-layered

00:14:54.000 --> 00:15:03.000

We have the ability to fractal to have all the experiences, and we have the layer of us, the pieces that are fragmented

00:15:03.000 --> 00:15:09.000

The pieces that are broken, wounded, need our attention, need our rescue

00:15:09.000 --> 00:15:21.000

to bring them back. And so those in particular, who fear being left behind, there may in fact be an aspect of soul that is looking for rescue.

00:15:21.000 --> 00:15:24.000

Before I move on, does that make sense?

00:15:24.000 --> 00:15:35.000

Because this is really important to understand, and I'm going to get into the more nuance of rescued left behind, because I know I'm using some trigger words, and I don't love that.

00:15:35.000 --> 00:15:36.000

Okay.

00:15:36.000 --> 00:15:38.000

I'm gonna take a little drink while I

00:15:38.000 --> 00:15:42.000

Check our comments here.

00:15:42.000 --> 00:15:45.000

Hey, we're on board, seems like.

00:15:45.000 --> 00:15:48.000

So

00:15:48.000 --> 00:15:54.000

Our soul is always calling for us

00:15:54.000 --> 00:15:58.000

It's the biblical Jesus Shepherd

00:15:58.000 --> 00:16:01.000

To retrieve parts of us

00:16:01.000 --> 00:16:10.000

that don't feel worthy, that feel left behind, that are unintegrated, that are hiding, that are afraid, that don't believe they can come forward.

00:16:10.000 --> 00:16:21.000

the parts of us that are unexpressed, that are suppressed, that are vilified, that outside forces have taught us to vilify parts of self, and thus we have vilified parts of self.

00:16:21.000 --> 00:16:41.000

All of life, all of this journey of, no, I was going to say this journey of Earth and they corrected me, the journey of ascension is to reclaim all of us into one harmonious whole. And it is only through this wholeness that you may experience the motion known as ascension. And I'm literally seeing

00:16:41.000 --> 00:16:56.000

If you've seen the video of when a rocket ship goes and then the plume of the smoke or the whatever it is, I saw it in reverse. So this plume and this mist actually comes together and those are the fractals of self, the fragments of self coming together

00:16:56.000 --> 00:17:03.000

And only in the wholeness are we free to simultaneously go up an octave

00:17:03.000 --> 00:17:13.000

So this process of ascension is about finding the fragment, healing the wounds, reintegrating the fragment, making ourselves whole enough, coherent enough

00:17:13.000 --> 00:17:17.000

to allow all parts of self to go up together

00:17:17.000 --> 00:17:29.000

And the going up is where things get confused. It is very easy in our human binary either or to confuse up higher for better

00:17:29.000 --> 00:17:36.000

And spirituality with Sam, I know a lot of you follow her, another fellow 4 AM clubber always says there is no better, there's no better

00:17:36.000 --> 00:17:43.000

And she's very much right. In the eternal scheme of things, there is no better because our soul wants

00:17:43.000 --> 00:17:49.000

this experience that it could only get by coming here in the amnesia of Earth to experience it.

00:17:49.000 --> 00:18:03.000

However, to our souls who have been here for many, many lifetimes and wish to experience the next octave, it is our soul that carries this idea of better and the desire and the push and the drive for more and higher.

00:18:03.000 --> 00:18:09.000

So to honor the drives as they feel calling from within you.

00:18:09.000 --> 00:18:18.000

So we have the integration of the fragmentation that creates enough wholeness. Okay, okay.

00:18:18.000 --> 00:18:22.000

I'm trying to think how to explain this.

00:18:22.000 --> 00:18:27.000

Okay. They're showing me that a lot of these fragments

00:18:27.000 --> 00:18:29.000

Because they're

00:18:29.000 --> 00:18:35.000

All right, y'all, we're about to be... my mind's blown a little bit

00:18:35.000 --> 00:18:37.000

Fragments of us

00:18:37.000 --> 00:18:48.000

may be so wounded, so traumatized, so deep in despair or woe, that they're operating at a frequency that has a specific gravitational pull

00:18:48.000 --> 00:18:50.000

And that is why

00:18:50.000 --> 00:19:01.000

This so-called ascension becomes very, very difficult, if not impossible, if you have not integrated the park, because it's not just that we're not whole enough. You know, have you ever

00:19:01.000 --> 00:19:08.000

We're trying to get on the bus and we're trying to get everyone on the bus and where is so and so and we're waiting, and the bathroom break was over 10 minutes ago. There's that

00:19:08.000 --> 00:19:17.000

But it's that the parts of us that are still in those frequencies are literally pulling us down and preventing the liftoff.

00:19:17.000 --> 00:19:31.000

And so the healing, the integration of all of this is what makes the liftoff possible because it's not even that we're no longer split. It's that we have shifted our entire gravitational force

00:19:31.000 --> 00:19:33.000

Does that make sense?

00:19:33.000 --> 00:19:46.000

And I think there are more... yeah, so Linda says, are these fragmentations from previous lifetimes as well as this one? Yes, and okay. So in this linear lifetime

00:19:46.000 --> 00:19:54.000

In this linear lifetime of ascension, the fragmentation only is experienced in the singular personality, however

00:19:54.000 --> 00:19:59.000

This singular personality has gone through an experience to trigger previous lifetimes

00:19:59.000 --> 00:20:08.000

So we're going through experiences that trigger things from our past life, karma, that need to be experienced. But it's all happening in this

lifetime.

00:20:08.000 --> 00:20:15.000

So that we can bring through, bring our soul and our fragments together to have the liftoff

00:20:15.000 --> 00:20:18.000

Hopefully that makes sense. Okay

00:20:18.000 --> 00:20:20.000

Okay

00:20:20.000 --> 00:20:32.000

So they're giving us this foundational knowledge about how we shift before we can understand what the split is. Okay, okay, okay.

00:20:32.000 --> 00:20:38.000

This... okay, and there I'm seeing, I'm sorry. They dropped things so quickly and then I'm like, I have to

00:20:38.000 --> 00:20:39.000

Translate

00:20:39.000 --> 00:20:43.000

So I'm seeing this image of

00:20:43.000 --> 00:20:49.000

If you've seen an image of Earth from space as the sun is rising

00:20:49.000 --> 00:20:57.000

And sort of like an eclipse image where the planet itself is dark, but this light dawns and it creates like this line of light

00:20:57.000 --> 00:21:07.000

That line of light is the threshold experience that we need to get all of these different fragmented aspects to a certain amount of light

00:21:07.000 --> 00:21:23.000

It's not even about all of us. Okay, this is big. It's not even about we have to get every single fragment on the bus before we can lift off. They're saying every single fragment needs to be healed enough, accessed enough, worked with enough

00:21:23.000 --> 00:21:38.000

That it's raised to a certain frequency. And once the fragments enter a certain frequency, they don't have to be fully integrated or fully healed or fully even discovered, but enough of them needs to get to this frequency, this band of light before they can

00:21:38.000 --> 00:21:41.000

It's the right

00:21:41.000 --> 00:21:48.000

Anti-gravity. I really need to learn more about physics. It's the right energy frequency vibration

00:21:48.000 --> 00:21:50.000

to move into

00:21:50.000 --> 00:21:53.000

And it's that feeling of critical mass

00:21:53.000 --> 00:22:02.000

of, oh, we're so close, we're so close, we don't have enough to tip, we don't have enough to tip, and we're waiting, but then once it tips, it's boom, and go.

00:22:02.000 --> 00:22:06.000

And so that's what they're saying is that this split

00:22:06.000 --> 00:22:11.000

They're like, we wish split had never been a word, okay? Because

00:22:11.000 --> 00:22:13.000

This implies

00:22:13.000 --> 00:22:16.000

That there will be no

00:22:16.000 --> 00:22:18.000

Traveling between

00:22:18.000 --> 00:22:25.000

When in eons of time, that is correct. But in your human linear experience.

00:22:25.000 --> 00:22:30.000

You will not you will not see that

00:22:30.000 --> 00:22:36.000

What you will see in your linear experience is a period of traveling

00:22:36.000 --> 00:22:50.000

And back and forth because many aspects of yourself, many fragments of yourself and the coherent parts that are already in your whole are a much higher vibrational frequency than those that are still working and integrating and shifting.

00:22:50.000 --> 00:23:01.000

So once the bulk of you have reached critical mass, it's enough propulsion to bring the other parts of you along, even though they are not fully integrated yet.

00:23:01.000 --> 00:23:08.000

Does that make sense? Because that is kind of mind blowing to me. I never knew that was even possible.

00:23:08.000 --> 00:23:18.000

I'm kind of looked at it for more of a binary of it's healed or it's not. You're fragmented or it's not, but they're talking about you can work with these fragmented parts in increments

00:23:18.000 --> 00:23:24.000

Yeah, Catherine says, so is that why I'm so tired waiting for the

integration of my other fragments? Yes and no.

00:23:24.000 --> 00:23:27.000

I'm going to get to the tired and the physical symptoms soon.

00:23:27.000 --> 00:23:43.000

But this makes sense to me, and I'm kind of like, duh, like, why didn't you know? Why didn't you get that earlier, Gia obviously because how many times have you, and I know I have worked with the same wound over and over and over

00:23:43.000 --> 00:23:57.000

And sometimes it's frustrating and doesn't go anywhere. Sometimes it's... it's come back and I'm working at it from a higher octave, a higher level. It's still pissing me off, or it's still painful, or it's not fully integrated, but it's higher than it was before.

00:23:57.000 --> 00:24:02.000

So this actually makes total sense, and I'm kind of laughing that like, well, duh.

00:24:02.000 --> 00:24:06.000

Like, how is this mind-blowing to you? That's how it works.

00:24:06.000 --> 00:24:08.000

But

00:24:08.000 --> 00:24:18.000

Yes, Catherine, the exhaustion we have to understand what's happening in our physical body right now blows your damn mind

00:24:18.000 --> 00:24:31.000

And I've talked about this extensively. There's a blog post about energy waves. There's several different teachings on the integration process, because how our bodies, our cells, our nervous system

00:24:31.000 --> 00:24:36.000

Every bit of tissue has to be upgraded

00:24:36.000 --> 00:24:42.000

Because essentially, okay, what's a good metaphor for this?

00:24:42.000 --> 00:24:48.000

We can all be on the same bus and we're all singing different songs.

00:24:48.000 --> 00:25:01.000

We're all here, but it's still chaotic, and it's and it's frictiony. Or we're all in a choir, and we're all supposed to be singing the same note, but we're not quite. And some are in a totally different note and some are just slightly off enough.

00:25:01.000 --> 00:25:04.000

And so we

00:25:04.000 --> 00:25:19.000

This process of getting every single voice into the right harmony requires a precision, a tuning as we're clearing individual wounds and we're integrating things and we're integrating our learning and embodying our sovereignty and doing all these things

00:25:19.000 --> 00:25:27.000

There's a related part of the body, your heart, your lungs, the tissue of your abdomen, like all these

00:25:27.000 --> 00:25:36.000

physical parts of self hold your energy, and they're being attuned to match the frequency of the consciousness as it's rising.

00:25:36.000 --> 00:25:41.000

So when you look at it this way, it's like, oh my god, how am I alive?

00:25:41.000 --> 00:25:46.000

Because so much is happening on a cellular level

00:25:46.000 --> 00:26:01.000

It's a lot that our bodies just need so much sleep. Oh, and they're saying

it's very much like a baby. They're growing so quickly. They need a lot, lot, a lot of sleep for the body and the brain to do what it's going to do. It's just like that.

00:26:01.000 --> 00:26:04.000

So, okay.

00:26:04.000 --> 00:26:07.000

So the exhaustion is part of it.

00:26:07.000 --> 00:26:12.000

Okay, now they're showing me about when we get knocked out for these spirit naps.

00:26:12.000 --> 00:26:26.000

A lot of us feel. Also, side note, if you don't feel this, please don't feel that it... you've missed it, that it's not happening to you. Count yourself lucky. It is deeply unpleasant.

00:26:26.000 --> 00:26:32.000

And I have a lot of chronic issues that flare up because

00:26:32.000 --> 00:26:46.000

Both with my channeling ability and going through the ascension process, my sense of interoception, the sense that I can feel what's happening within my body is getting bigger and louder and more noticeable. I can literally feel

00:26:46.000 --> 00:26:51.000

my liver and the energy, and my cells, I can feel all these things, and it's

00:26:51.000 --> 00:27:02.000

It sucks. So don't feel bad if you're not feeling it. You just maybe have a lower sense of interoception. Like my husband definitely ascending

00:27:02.000 --> 00:27:15.000

I can see his growth and his expansion and his healing, but you wouldn't like he's not feeling it. He's just like happy go lucky living his

life. So lucky him. But those of us who really feel it

00:27:15.000 --> 00:27:26.000

We're just kind of working with some different blueprints, okay? All right, so these spirit naps they were showing me, sometimes we get

00:27:26.000 --> 00:27:29.000

Okay, all right, all right. So they just dropped in.

00:27:29.000 --> 00:27:32.000

I'm not going to believe this.

00:27:32.000 --> 00:27:36.000

Sometimes the spirit naps are them resetting the simulation.

00:27:36.000 --> 00:27:39.000

It's literally what they said

00:27:39.000 --> 00:27:42.000

We are actually ascending really quickly

00:27:42.000 --> 00:27:47.000

To the point where we've just taken a leap

00:27:47.000 --> 00:27:50.000

And all of the world we interact with

00:27:50.000 --> 00:27:52.000

Has to then catch up

00:27:52.000 --> 00:28:00.000

And so we go in this state of neither here nor there while they kind of reset our personal matrix.

00:28:00.000 --> 00:28:03.000

That's a lot. Wow

00:28:03.000 --> 00:28:05.000

But that makes sense.

00:28:05.000 --> 00:28:14.000

Especially when I've described these periods that we go through collectively where

00:28:14.000 --> 00:28:31.000

Time will feel weird, and we get fuzzy, and I don't know who I am, and I feel floaty, and I'm disconnected, and I don't even know what happened anymore. And then the energy waves kick in, and a lot of us sleep, and a lot of us feel the tingles, and then there's some big dramatic wave, or big dramatic something

00:28:31.000 --> 00:28:45.000

Maybe the Schumann does a thing, and we're all like, we made a shift. And then the outside world goes boom, boom, boom, boom, boom and events happen really quickly. I've noticed this pattern consistently in the last 18 months since I've been doing the 4 AM Club stuff

00:28:45.000 --> 00:28:50.000

These are the moments we individually and collectively leap so quickly

00:28:50.000 --> 00:29:01.000

Everything has to be like defibrillated jumpstart reset to catch up to where we've just leaped. So that's amazing. Yeah, Lynn says, is this why timelines seem to be switching really fast?

00:29:01.000 --> 00:29:13.000

Yes, because... okay, okay, and they're saying because more of us are in harmony together. We are co-creating a rate faster than has ever been possible before. It's very exciting. Oh, I have chills on that

00:29:13.000 --> 00:29:25.000

We are, who are you? This is somebody else. I want. This is the member of the divine feminine collective, a representative of the Divine Feminine collective.

00:29:25.000 --> 00:29:37.000

See if she wants a direct channel

00:29:37.000 --> 00:29:57.000

We are the Divine Feminine collective who is leading the charge of ascension of a particular segment of the population, a particular segment of the population has been tasked with, has volunteered to bring forward and rise and raise and heal and move forward with the divine feminine energy as the dominant energy

00:29:57.000 --> 00:30:14.000

Not all on your planet, not all in your reality are undertaking the sacred journey, but enough are. And many of you who have been called to this work, who have been called to this channeler, who have been called to this community, are those who are among they who are

00:30:14.000 --> 00:30:21.000

Carrying the energy, bearing the imprint, moving forward, volunteering as tribute

00:30:21.000 --> 00:30:32.000

Two, bear the energy of the divine feminine, and all that she must undergo to take her throne, to take her rightful place.

00:30:32.000 --> 00:30:42.000

This must occur in a step-by-step linear fashion so that no step may be skipped, rushed, hurried

00:30:42.000 --> 00:30:49.000

And thus, there are many phases of this journey that seem painful, that are indeed painful.

00:30:49.000 --> 00:31:07.000

But they must be embodied, experienced, in full physicality so as to embed the new energy, the new reality in the new blueprint, so that there is no mistaking that there is no deviation, that this is quite literally sewn into the fabric of your reality

00:31:07.000 --> 00:31:13.000

Not simply a blueprint, but the fabric of your reality.

00:31:13.000 --> 00:31:34.000

Feel it now, embody it now, allow it to rise within you. Now allow this energy, this current, to take you on the journey you must go, to move you forward in such a way that you may be experiencing all that the divine feminine has called you to experience to ascend to your throne

00:31:34.000 --> 00:31:47.000

Understand this is not simply the only collective, the only energy, the only blueprint that needs to ascend. Alongside us is the Divine Masculine

00:31:47.000 --> 00:31:58.000

That must be restored in its proper place. That must be restored to balance. That must be restored out of its inversion.

00:31:58.000 --> 00:32:08.000

There is transformation happening at every level of your society, of your psyche, of your soul, of the fabric of this reality.

00:32:08.000 --> 00:32:11.000

And many will experience

00:32:11.000 --> 00:32:21.000

Very different experiences so as to walk through their process, embody their archetype, experience their soul in such a way.

00:32:21.000 --> 00:32:30.000

And thus we see that there is no left behind. There are various experiences, fulfilling various divine purposes.

00:32:30.000 --> 00:32:47.000

And these divine purposes overlap with the soul purposes, overlap with the karmic purposes, overlap with the needs of Gaia and nature, and the cosmos, and the energy of wisdom, the cosmic knowledge that is yours to be embodied, and so on and so forth

00:32:47.000 --> 00:32:55.000

This process is unfolding in a multi-layered way such that the vastness would astound you

00:32:55.000 --> 00:33:03.000

Indeed, although you are an intelligent species, the multidimensionality is not a part of your program of understanding.

00:33:03.000 --> 00:33:07.000

Your limited human brain can only perceive so much

00:33:07.000 --> 00:33:11.000

Rely on your soul to carry or to lead you, to guide you

00:33:11.000 --> 00:33:17.000

Understanding that your soul is in charge even when your human cannot perceive it.

00:33:17.000 --> 00:33:29.000

Allow your soul to guide you through the challenges, the archetypes, the blueprints, the experiences, the expansions. Yes, even expansions into the so-called underworld.

00:33:29.000 --> 00:33:41.000

to experience what pain, what reclamation, what integration, what healing, what wholeness, what coherence needs to occur

00:33:41.000 --> 00:33:44.000

There is no left behind

00:33:44.000 --> 00:33:47.000

All is moving forward according to divine plan

00:33:47.000 --> 00:33:58.000

And so it is.

00:33:58.000 --> 00:34:13.000

Come back after that.

00:34:13.000 --> 00:34:17.000

That

00:34:17.000 --> 00:34:26.000

That was a lot. That was a new energy I have worked with many divine feminine, but that was different.

00:34:26.000 --> 00:34:31.000

And that, I think, was exactly what we needed for that moment of understanding

00:34:31.000 --> 00:34:36.000

We can judge from our singular experience

00:34:36.000 --> 00:34:38.000

What looks like

00:34:38.000 --> 00:34:43.000

Not going to make it on the wrong path. This feels like I'm falling behind.

00:34:43.000 --> 00:34:52.000

But these are all orchestrated experiences to take us through what needs to happen to thread

00:34:52.000 --> 00:34:55.000

They're saying thread the realities together

00:34:55.000 --> 00:35:03.000

Thread the realities together. Okay, okay. And this gets us back to

00:35:03.000 --> 00:35:09.000

What the question I was answering, what came through before they stepped into channel

00:35:09.000 --> 00:35:16.000

And as I was channeling, I started to wonder, wait, what was that question? Did we answer the question? And it didn't come to me until

we came out.

00:35:16.000 --> 00:35:21.000

It was that we are co-creating together

00:35:21.000 --> 00:35:24.000

More than we ever have before.

00:35:24.000 --> 00:35:26.000

And so

00:35:26.000 --> 00:35:29.000

What they showed through that

00:35:29.000 --> 00:35:35.000

Is each individual and each collective is going through what they need to go through to take their piece

00:35:35.000 --> 00:35:42.000

And bring it to the collective so that all of it can be woven together.

00:35:42.000 --> 00:35:47.000

can be made. And this is why it feels we do feel separate.

00:35:47.000 --> 00:35:55.000

We do feel lonely. I often talk about having felt like the only lonely weirdo in a 200-mile radius

00:35:55.000 --> 00:36:03.000

And that's not even from proximity. It's because I'm doing certain things that the people around me might not, and so on and so forth.

00:36:03.000 --> 00:36:15.000

But all of these individual hero's journey and the heroine's journey that we're going through is for the divine purpose of coming together to bring all of our little pieces.

00:36:15.000 --> 00:36:24.000

And I did this, and what did you do? And oh my gosh, that's perfect, and all of our little puzzle pieces. And it's funny, I actually keep seeing... I have this little

00:36:24.000 --> 00:36:27.000

It's a piece of... I don't know if you can see that. Yeah

00:36:27.000 --> 00:36:43.000

It's just this plastic window cling that when I have it on my windows at home, it puts rainbows on the wall. And I was trying to put it on that light back there to see if it would put a rainbow in my wall because how cool would that be if someone knows how to do that, email me because I want that for my wall

00:36:43.000 --> 00:36:52.000

It didn't work out. So they keep showing me this piece, and you can see the rainbows in it. Some pieces have the rainbows, and some don't.

00:36:52.000 --> 00:37:04.000

And they keep showing me this of how we bring it together. And it's so it's one piece and it's whole and it's strong, but it's so look how many different colors and different ways it bends

00:37:04.000 --> 00:37:08.000

And this is what we're doing together.

00:37:08.000 --> 00:37:10.000

And it looks different

00:37:10.000 --> 00:37:17.000

But it's coherent beyond anything we've ever experienced before. Okay, okay.

00:37:17.000 --> 00:37:23.000

And they're saying you are now, okay.

00:37:23.000 --> 00:37:25.000

All right.

00:37:25.000 --> 00:37:26.000

Stop.

00:37:26.000 --> 00:37:30.000

I'm gonna hold him off, we're gonna get into that.

00:37:30.000 --> 00:37:41.000

I want to take a little drink break and I'm going to go through and answer any questions we have because I don't want to lose us in that was really big and really important

00:37:41.000 --> 00:38:11.000

And they were giving it a sort of foundational knowledge before we move on to the next, but I kind of want to give it pause because that was a lot, and I want to make sure we've kind of locked that in and can integrate that before we move on. So if you have any questions or experiences about that, let me know while I take my drink here.

00:38:11.000 --> 00:38:13.000

Okay

00:38:13.000 --> 00:38:19.000

So it feels like we're kind of integrated with that. I may be the one who was knocked on

00:38:19.000 --> 00:38:28.000

Yeah, Debbie says, I'm gonna need to watch this more than once. You guys, I do too. I replay these Signal Fires, and I get different things, like, every time I watch

00:38:28.000 --> 00:38:40.000

And listen, and that's how it works with multidimensional channeling and information is you will hear it one way and then you'll come back to it another day and you'll hear it in a different way, or you'll hear something new.

00:38:40.000 --> 00:38:43.000

Okay.

00:38:43.000 --> 00:38:49.000

Judy says, did the World Cup energy show us world peace? Yes, and

00:38:49.000 --> 00:38:54.000

What it showed us was how easy it is

00:38:54.000 --> 00:39:00.000

It's really that easy. Very simple, very joyful. It's not about the big things. It's about

00:39:00.000 --> 00:39:09.000

You love ranch dressing, so do I. You like to cheer. So do I. Let's dance together. It is truly that simple, and we've made it so much more complicated.

00:39:09.000 --> 00:39:12.000

But what they showed me

00:39:12.000 --> 00:39:24.000

Earlier, when they told us about the split, what they said was, the reason we are feeling such intense joy with the World Cup, and I've also pointed to the Knicks win and the Obama Library and different things

00:39:24.000 --> 00:39:26.000

Is that

00:39:26.000 --> 00:39:37.000

We've now reached a frequency where we can radiate. More of us can feel it, number one, and number two, it can anchor and last and be magnified.

00:39:37.000 --> 00:39:38.000

So

00:39:38.000 --> 00:39:47.000

The World Cup didn't do this, but the World Cup gave us an opportunity

to shift into it. And because of the frequency we've already met

00:39:47.000 --> 00:39:52.000

That's what allowed it to be so big

00:39:52.000 --> 00:39:55.000

Okay, so

00:39:55.000 --> 00:40:01.000

What they were showing okay, so we'll go to this next part. Now what they're showing is about

00:40:01.000 --> 00:40:17.000

What it's like to live on various sides. Okay, okay. So they're saying we're not going to throw away the verbiage of the split because it's the common vernacular. It's how people refer to it.

00:40:17.000 --> 00:40:21.000

The split is a frequency barrier

00:40:21.000 --> 00:40:27.000

And it is best represented in a gravitational force.

00:40:27.000 --> 00:40:37.000

On one side, emotionally, it feels like joy, elation, expansion, peace, simplicity is a lot easier than I've been making it

00:40:37.000 --> 00:40:41.000

that kind of thing

00:40:41.000 --> 00:40:51.000

But on the other side, it still feels like confusion, woe, sadness, despair

00:40:51.000 --> 00:41:06.000

And as we get closer to the frequency barrier, those fragments are getting very, they're getting a lot louder. And I keep seeing this image of trying to pull it like if you're doing a cross stitch and you're trying to pull the thread through the fabric

00:41:06.000 --> 00:41:09.000
that part of the thread is thicker.

00:41:09.000 --> 00:41:15.000
And it's just harder and harder to pull. And the same is true for people who really aren't

00:41:15.000 --> 00:41:20.000
Doing the work of expansion. They're really not

00:41:20.000 --> 00:41:22.000
And that's

00:41:22.000 --> 00:41:27.000
Okay.

00:41:27.000 --> 00:41:30.000
So what they're showing me is there

00:41:30.000 --> 00:41:34.000
It's not a split for us yet

00:41:34.000 --> 00:41:44.000
In that sense that we won't see them, but they're showing this image of, like, moths banging at the window. They want to come in and see the light, but they're not a match for the light. They couldn't handle the light.

00:41:44.000 --> 00:41:54.000
So we get to be in the light and be cozy and comfy and they're still kind of flailing and gnashing teeth and whatever they're doing, but we're not

00:41:54.000 --> 00:42:13.000
Some of us in the past have felt responsible for them, have felt enmesh, or felt pulled back by them, or afraid, or whatever, but we're going to move out of that vibrational frequency to where it doesn't affect us anymore. And I realize that is literally what people have said about it

00:42:13.000 --> 00:42:18.000

Because they're saying both in terms of the gravitational pull

00:42:18.000 --> 00:42:21.000

We're going to be so light above it

00:42:21.000 --> 00:42:26.000

We're not in that same frequency, and we won't care

00:42:26.000 --> 00:42:37.000

Too bad for you. I feel sad for you when you're ready to do your journey, I'm still going to be here, but you're not my responsibility because I've done my work and I get to be here. And that's what this split is.

00:42:37.000 --> 00:42:40.000

But the split is not yet

00:42:40.000 --> 00:42:47.000

a separation in reality. The split is a noticeable bandwidth of frequency

00:42:47.000 --> 00:42:50.000

And how we feel the split is

00:42:50.000 --> 00:42:57.000

The proportion of self on either side

00:42:57.000 --> 00:43:02.000

This split has been happening within you for many years of your time

00:43:02.000 --> 00:43:09.000

And there may have been only small parts of you, a small percentage of you that had crossed the frequency.

00:43:09.000 --> 00:43:18.000

And year after year, expansion after expansion, healing after healing, more of a percentage of you is on the other side of the frequency bandwidth

00:43:18.000 --> 00:43:22.000

And this creates a false sense

00:43:22.000 --> 00:43:29.000

The parts of you that have yet to make it over get louder and heavier and more confused

00:43:29.000 --> 00:43:34.000

And it creates a false sense of having not made it.

00:43:34.000 --> 00:43:42.000

That is simply their fear. That is simply you now noticing the vibrational frequency difference.

00:43:42.000 --> 00:43:47.000

Since the bulk of most of us has crossed over

00:43:47.000 --> 00:44:04.000

We notice it's not 50 50. It's not 20 yes and 80 is mostly in the sludge. We're now 80, 90, yes, expansion. So that 10% feels more noticeable

00:44:04.000 --> 00:44:08.000

And they're directing me to

00:44:08.000 --> 00:44:17.000

What was said in last month's Signal Fire when they talked about the book of Revelation and the trumpet sounds and the different

00:44:17.000 --> 00:44:32.000

Tribulation comes through and what they said is it's a very almost exact parallel for the chakras. Not because the Bible was actually talking about the chakras, but the chakras is a map of wounding

00:44:32.000 --> 00:44:50.000

Show us the archetypal wounds that are being triggered and healed. And what I keep seeing as they're talking about the percentage of us over the frequency barrier is what is left really is root chakra, sacral survival, creativity

00:44:50.000 --> 00:44:54.000

Deep trauma that happens in those areas

00:44:54.000 --> 00:44:59.000

And so those types of traumas may be louder because of the nature of them

00:44:59.000 --> 00:45:20.000

Whereas before it was such a cacophony of, I just feel terrible and woe is me, or just, you know, I went through decades of depression and confusion in my life. Where now I feel amazing 98% of the time, but the 2% that I'm in it just feels like, how am I back here? Because the contrast between them is so great

00:45:20.000 --> 00:45:30.000

And so what you will feel is a squeezing and pulling as these last bits of self are moved through the dimensional frequency barrier.

00:45:30.000 --> 00:45:35.000

And as enough people move through this barrier, it will again

00:45:35.000 --> 00:45:39.000

Increase the gravitational pull on the other side of it.

00:45:39.000 --> 00:45:45.000

And the liftoff will feel even greater.

00:45:45.000 --> 00:45:51.000

And they're showing me now what they showed me in, I want to say that March, April

00:45:51.000 --> 00:45:56.000

March-April Signal Fire with that net of light that I talked about

00:45:56.000 --> 00:46:11.000

The net of light where many of us have already popped off, they showed us popping off the third dimensional grid, and we're kind of up here, and

we're like, oh, hey, I guess we made it, cool. And it's a very kind of in-between, but like a happy in-between

00:46:11.000 --> 00:46:21.000

And we're starting to be more motivated by our creativity and our curiosity and our expansion. And what about this? Rather than, how am I going to survive? What is this? What are they doing?

00:46:21.000 --> 00:46:29.000

So many of us have already popped up into that, which is why they've been telling us that those that have sort of popped over to this other side

00:46:29.000 --> 00:46:45.000

We need more creativity. We need more sovereignty and internalized direction rather than waiting for the outside world because we needed to blueprint this new reality, because as more pop up into it and join us

00:46:45.000 --> 00:47:00.000

This is that Finding Nemo hundredth monkey, you know, when all the fish are in the net and if they're all panicking, we're not going anywhere. But if all of us joined together and swim down, we'll pull that net right off the boat. That's exactly what's going to happen

00:47:00.000 --> 00:47:05.000

As we get on this other side and just poof, and just go

00:47:05.000 --> 00:47:11.000

So that message they gave us about, we've made it onto the other side of the split is

00:47:11.000 --> 00:47:18.000

I'm gonna let them come through and be clear about what this is

00:47:18.000 --> 00:47:26.000

Okay.

00:47:26.000 --> 00:47:28.000

Okay.

00:47:28.000 --> 00:47:36.000

So now what they're talking about is the split as a metaphor for the cutoff date

00:47:36.000 --> 00:47:39.000

At which point

00:47:39.000 --> 00:47:45.000

The oppositional forces can no longer have access to us directly.

00:47:45.000 --> 00:47:49.000

And that is big

00:47:49.000 --> 00:47:51.000

They're saying

00:47:51.000 --> 00:48:04.000

You have always and forever been moving. Those of you in an ascension lifetime have always and forever been moving yourselves across the frequency barrier, as we've been talking about the percentage

00:48:04.000 --> 00:48:13.000

The duality of Earth life, the 3D polarity contrast separation game is such

00:48:13.000 --> 00:48:24.000

That opposing forces are the conditions you agreed to upon entering this realm. And this is something I've talked about a lot. Especially when

00:48:24.000 --> 00:48:34.000

The reptilian consciousness came through a couple months ago to be channeled, which was totally a shock to me. And if that weird you out, let me just if you weren't there, if you're not familiar with my work with reptilians

00:48:34.000 --> 00:48:37.000

It was a higher dimensional

00:48:37.000 --> 00:48:44.000

version of reptilian that really came through no fear, no, none of the stereotype creepy stuff.

00:48:44.000 --> 00:48:50.000

That you hear online

00:48:50.000 --> 00:48:55.000

Yeah, okay.

00:48:55.000 --> 00:49:04.000

They are here. I just saw Dominic's comment. They're here today. They are. They're part of this group

00:49:04.000 --> 00:49:11.000

And what they came through to explain is how contrast and duality works, and how that collective of beings

00:49:11.000 --> 00:49:15.000

was chosen allowed as

00:49:15.000 --> 00:49:22.000

The oppositional force, because that species being, etc.

00:49:22.000 --> 00:49:24.000

Their makeup

00:49:24.000 --> 00:49:31.000

was much more logic, intellect, not really emotion. Forget about empathy

00:49:31.000 --> 00:49:45.000

They function in that way, and so they were chosen and allowed to be here as the oppositional force. That's the 3D contrast. You know, we see it in fairy tales as the dark temptation, and be careful what you wish for, and

00:49:45.000 --> 00:49:47.000

all these things

00:49:47.000 --> 00:49:51.000

That oppositional force has worked its way into humanity

00:49:51.000 --> 00:50:00.000

And there are being collective people, humans, groups, organizations that are very much animated by that energy.

00:50:00.000 --> 00:50:03.000

And they don't really know it. Some do, but many don't.

00:50:03.000 --> 00:50:15.000

And that has been allowed because that is literally the entire point of coming to Earth. We have chosen Earth for contrast. Yes, we all did. Yes, we all knew we're going to be abused in life. Yes, we chose it

00:50:15.000 --> 00:50:23.000

And I know that's a lot if you haven't really begun to work with that, so maybe put that aside if you're new to this, I encourage you to look back at the reptilian

00:50:23.000 --> 00:50:30.000

The month, I think it was April, but it will stay on there

00:50:30.000 --> 00:50:38.000

They're hard to channel because their vibration is a lot lower than what I usually channel

00:50:38.000 --> 00:50:43.000

And that's why they're here. Like, the other ones were over here, they're here.

00:50:43.000 --> 00:50:50.000

Okay, I do feel them. Okay.

00:50:50.000 --> 00:50:53.000
What they're saying is that they

00:50:53.000 --> 00:50:56.000
Have been allowed free reign

00:50:56.000 --> 00:51:00.000
Many of them have

00:51:00.000 --> 00:51:10.000
Taking it further than was initially agreed and or how it ended up was a little more chaotic than perhaps anticipated or understood

00:51:10.000 --> 00:51:18.000
But as we are all eternal co-creators, this has all been allowed, etc.

00:51:18.000 --> 00:51:22.000
Their time has come to an end

00:51:22.000 --> 00:51:28.000
It was always known that their time would come to an end. That was always part of the agreement.

00:51:28.000 --> 00:51:32.000
And if you look to like the Kali Yuga, the

00:51:32.000 --> 00:51:36.000
What is it? Vedic astrology

00:51:36.000 --> 00:51:43.000
You know, these ancient epics of time there was an epic of time that they were allowed free reign over this earth.

00:51:43.000 --> 00:51:49.000
And those of us who chose to incarnate in that game chose to do so during these epics of time.

00:51:49.000 --> 00:51:54.000

But the accumulated density of the trauma

00:51:54.000 --> 00:51:58.000

And the entrenched behavioral patterns

00:51:58.000 --> 00:52:02.000

made it increasingly difficult to heal and raise

00:52:02.000 --> 00:52:05.000

In addition to

00:52:05.000 --> 00:52:11.000

The control systems have become so thick and overlaid and multi-generational

00:52:11.000 --> 00:52:13.000

That free will was being occluded

00:52:13.000 --> 00:52:28.000

That it was for many people, not possible to have pure free will here because they were born into family systems or religions or cultural systems where that consciousness was so deeply embedded, it was no longer a free choice. That was

00:52:28.000 --> 00:52:38.000

Essentially, the only choice. They were not born free of that choice. And so the accrued residue made it such that an acceleration of

00:52:38.000 --> 00:52:42.000

The reversal became necessary

00:52:42.000 --> 00:52:50.000

Because while these epics of time were always divinely decreed that it would end, that we would no longer use Earth for this purpose

00:52:50.000 --> 00:53:01.000

The turnaround has needed a lot more help than they initially anticipated because the density and the it and all of the things was very, very great.

00:53:01.000 --> 00:53:14.000

And humans alone, it became challenging, if not impossible, for them to actually fulfill the ascension purpose to go through it. And so, many lightworkers have incarnated

00:53:14.000 --> 00:53:20.000

Outside of the matrix, essentially, in various ways

00:53:20.000 --> 00:53:22.000

Enough have been

00:53:22.000 --> 00:53:27.000

We're like paratroopers. We've been like dropped in

00:53:27.000 --> 00:53:29.000

Outside of these

00:53:29.000 --> 00:53:33.000

To pave the way and bulldoze and blast

00:53:33.000 --> 00:53:38.000

blast through all these different layers of density

00:53:38.000 --> 00:53:50.000

The cutoff point, the split is the cutoff point. The split that most people have spoken of is the cutoff point where they are no longer allowed free reign

00:53:50.000 --> 00:53:54.000

The era, the epic of that time has ended

00:53:54.000 --> 00:54:02.000

And there are those on this earth who are still operating in that way.

00:54:02.000 --> 00:54:06.000

So if you would imagine a group of being

00:54:06.000 --> 00:54:09.000
human I'm talking, human person

00:54:09.000 --> 00:54:12.000
Who's been doing very dark deeds

00:54:12.000 --> 00:54:18.000
Knowingly or unknowingly in connection with these dark beings

00:54:18.000 --> 00:54:21.000
And suddenly the being is gone

00:54:21.000 --> 00:54:25.000
And maybe they know it, maybe they don't, but they keep doing the thing

00:54:25.000 --> 00:54:34.000
And it's not working in the same way. Because they no longer have the power and the energy of that being

00:54:34.000 --> 00:54:45.000
Oh, dude, I want to go there. I don't want to go there. Okay. They're talking back again about what we're seeing in the Epstein files

00:54:45.000 --> 00:54:49.000
Okay, okay, okay.

00:54:49.000 --> 00:54:51.000
So the reason I

00:54:51.000 --> 00:54:54.000
I get weird when I talk about this.

00:54:54.000 --> 00:54:56.000
is because

00:54:56.000 --> 00:55:12.000
I'm very trauma-informed, and I don't want to say things that are going

to unnecessarily traumatize or trigger people who have wounds related to abuse and control and religious trauma and things of that nature.

00:55:12.000 --> 00:55:15.000

But since connecting with the reptilians.

00:55:15.000 --> 00:55:26.000

I have seen very explicitly how that energy works, how it's animating different people, how different groups and collectives and circles and people

00:55:26.000 --> 00:55:30.000

are very specifically working with very dark entities.

00:55:30.000 --> 00:55:37.000

And a lot of what we're seeing that has been called conspiracy is very real, is very true.

00:55:37.000 --> 00:55:44.000

A lot of it isn't because it is still within the bounds of this Earth game.

00:55:44.000 --> 00:55:51.000

Your soul knows you choose the abuse. It's not random.

00:55:51.000 --> 00:56:08.000

So this is why we are now seeing a lot of energy on this. This is why we're even seeing the Epstein files. Not that these are the only people doing these things, but again, it's a symbol. It's a very visible. Look over here, look what they've been doing

00:56:08.000 --> 00:56:27.000

These dark energies, entities, et cetera, have been powerful enough to hide in the shadows. They've been able to resist light for a very long time. And the fact that all of this is now coming to the surface is evidence of the fact of these entities being restrained and removed and separated

00:56:27.000 --> 00:56:36.000

Now, how this unfolds in physical time, they've said we've already made the cutoff date, but as so happens in spiritual spaces, you can make

00:56:36.000 --> 00:56:46.000

the spiritual energy cut off, and the physicality keeps playing out. There's, like, a discord in time. Does that make sense? It's not instantaneous.

00:56:46.000 --> 00:56:59.000

But what we're seeing is those people and groups, etc, who have been in this energy and collective and been operating animated by them, working with them, quite literally praying to these entities and the like

00:56:59.000 --> 00:57:07.000

They're doing the same things and they're not working the same way because the entities are being removed and are no longer here.

00:57:07.000 --> 00:57:09.000

So

00:57:09.000 --> 00:57:16.000

This is why we will see... I don't know how much in human time. I don't know how long

00:57:16.000 --> 00:57:27.000

Till it really fully ends physically. But spiritually, we've reached that cutoff date and that's what the split is. It's not that people aren't going to make it and we'll never see

00:57:27.000 --> 00:57:43.000

Our Uncle Joe again, or whatever we're afraid of. It's that that cutoff has been made because enough of us have reached beyond the point and the epic of time has expired, and the agreement is up, and all of the things happening simultaneously.

00:57:43.000 --> 00:57:52.000

Okay, does that make sense? That's kind of a lot. And that's either going to feel deeply validating to you or you're just going to be like, what the

hell?

00:57:52.000 --> 00:58:11.000

So I'm gonna take a drink break here and let that settle, and I'll scroll through the comments and see how that's landing. I know I missed a lot of comments because they were bringing a lot of stuff here.

00:58:11.000 --> 00:58:20.000

Kaliyuva and Tasatya Yuva. Yes, and I'm sure I'm not saying that correctly. But that transitional era that EPIC is what we've always been made to go into

00:58:20.000 --> 00:58:23.000

It's inevitable. But how the different

00:58:23.000 --> 00:58:38.000

How we experience it has always been the wild card, what it looks like on the cleanup. And as anyone, if you've ever renovated a home, I've renovated several at this point, you think it's going to be simple. It is not.

00:58:38.000 --> 00:58:52.000

Oh, we're just going to tear down that wall and put a new one. No, new plumbing coming at you, or oh, we discovered this. It's very similar. We're always going to renovate the home, but good God, what do we have to do in the meantime? Well, buckle up. That's what we're doing. Okay.

00:58:52.000 --> 00:58:57.000

Scrolling through a few more here

00:58:57.000 --> 00:59:00.000

Whistleblower, I feel like you're my translator here.

00:59:00.000 --> 00:59:07.000

Thank you. You have a great narrative running that that you're really fleshing out what's coming through. I always appreciate

00:59:07.000 --> 00:59:12.000

The contributions of our chatters here

00:59:12.000 --> 00:59:20.000

Yeah, Kelly says these dark energies are so foreign, it feels surreal, and I will say, lucky you.

00:59:20.000 --> 00:59:27.000

Because although they do, many of us have encountered that darkness in one way or another

00:59:27.000 --> 00:59:41.000

But it does, you know, from a spiritual, emotional perspective, I've spent a lot of years wrestling with why would that even be allowed? How could such depravity even... why would a soul want to be horrifically abused?

00:59:41.000 --> 00:59:57.000

It's hard. This is one of these things that we as humans really wrestle with, and that's ultimately part of our spiritual expansion as well, to understand why a soul would agree to both undergo that and be the one to do it

00:59:57.000 --> 01:00:05.000

That's been a really interesting journey of mine as I have worked through those layers year after year.

01:00:05.000 --> 01:00:12.000

Michelle says, will the players within the files be brought out? You know, many of them will

01:00:12.000 --> 01:00:15.000

Many of them won't, and that won't be

01:00:15.000 --> 01:00:20.000

Full revelation will not be the point. The point will be enough revelation

01:00:20.000 --> 01:00:31.000

To be able to have enough justice, mark the ending of the era, and enough revelation so that we can consciously move forward and create the opposite of that

01:00:31.000 --> 01:00:36.000

Because if people don't know what's happening, if they don't know how, because we say the files

01:00:36.000 --> 01:00:54.000

Meanwhile, I've been privately tracking the parallel events in Utah and the ritual abuse in Utah through the LDS Church and LDS Mormon members. And there are countless communities around the country and around the world that are doing the same. The Files is just a symbol

01:00:54.000 --> 01:01:10.000

The few names we will know of, but this is happening all over the Earth. So full revelation isn't necessary. We need enough revelation so that people realize, my God, this has been happening right under our noses. How did we not see? How did we not know? Well, we know now.

01:01:10.000 --> 01:01:24.000

And we will consciously create a new world so as not to allow it. And that also includes not just laws and protection. It includes, you know, a lot of us, especially women, we're unpacking how

01:01:24.000 --> 01:01:30.000

fashion and style and beauty standards are deeply pedophilic

01:01:30.000 --> 01:01:37.000

And I, you know, as a mother of twin 12-year-old daughters, am seeing this so shockingly right in front of my face.

01:01:37.000 --> 01:01:48.000

And I kind of always knew it as a teen, but seeing it as a mother and my children, it's just horrifying. So these are the revelations that are no less important

01:01:48.000 --> 01:01:56.000

How have we been unconsciously living and we didn't even know? So these are the revelations that allow us to create the Earth so much differently.

01:01:56.000 --> 01:02:05.000

and how we treat each other, and how we see each other, and what we view as beautiful, and all the things. That's part of this turnaround here.

01:02:05.000 --> 01:02:13.000

Okay, Kimberly says, was that split in March or April? I believe it was the April Signal Fire where they told me, remember the crack

01:02:13.000 --> 01:02:15.000

I heard this

01:02:15.000 --> 01:02:18.000

Earth-shattering crack

01:02:18.000 --> 01:02:29.000

and was told there will be this moment where people will need to... it's your share get-off-the-pop moment. You will need to suddenly choose and there will be no going back from that point

01:02:29.000 --> 01:02:32.000

So that was in April

01:02:32.000 --> 01:02:43.000

But it was in June, I think it was June 18th, when I got the message that we're on the other side of the split. So again, this is all. Okay, wibbly wobbly timey wy

01:02:43.000 --> 01:02:48.000

But it's the difference in the spiritual energy and how it

01:02:48.000 --> 01:02:53.000

anchors in physicality, if that makes sense.

01:02:53.000 --> 01:02:55.000

Okay

01:02:55.000 --> 01:03:00.000

Debbie says, so Earth will never be a utopia planet, will it? It will be.

01:03:00.000 --> 01:03:03.000

That is the point of

01:03:03.000 --> 01:03:10.000

Ascension is to rid ourselves of all of it. Now, how we define utopia

01:03:10.000 --> 01:03:12.000

That's where the nuance comes in

01:03:12.000 --> 01:03:21.000

It is a physical planet, so there will always be an element of physicality, and we have to work, because when you remember that as a spirit

01:03:21.000 --> 01:03:39.000

It's hard to imagine lack of physicality because we're so bound by it. But I had a friend tell me once, she's a psychic medium and one of her guides said one of the primary reasons he loves coming to Earth is because this is the only place that you can read a book

01:03:39.000 --> 01:03:44.000

And it sounded so simple, but the more I thought about it, I was like, whoa

01:03:44.000 --> 01:03:59.000

That's true because in spirit, everything is now. It's simultaneous. It's now. You absorb the whole of an idea and everything exists now. But in a physical body, you have time, you have the physical brain, the eyes to see it

01:03:59.000 --> 01:04:20.000

the physical brain to process it, and it... the story unfolds through time, and you touch the pages, and you smell the book. Earth is the only... well, a physical planet is the only place you can read a book. My God,

that is utopia. That's so amazing and beautiful. So... so we'll have a utopia that is bound by the rules of physicality

01:04:20.000 --> 01:04:27.000

And who knows, as time goes on, how fantastical we can make it

01:04:27.000 --> 01:04:34.000

So I think there's a lot of we don't know yet because we've never been there yet.

01:04:34.000 --> 01:04:40.000

All right, behind on comments here, I'm going to scroll through.

01:04:40.000 --> 01:04:47.000

Yeah, Haley says, I think of a wave pool. Once the waves are turned off, it takes a minute for the water to settle. Absolutely. Particles in motion.

01:04:47.000 --> 01:04:53.000

We're doing the thing

01:04:53.000 --> 01:04:56.000

Oh, good, John had a

01:04:56.000 --> 01:05:02.000

A realization about how the Epstein files were coming to light because of our ascension. Yes, as that

01:05:02.000 --> 01:05:04.000

Revelation

01:05:04.000 --> 01:05:19.000

of not only how the people in power operate and function, but what is happening right underneath our noses that's so much more widespread. Oh my gosh, whistleblower, you said it's a transcript of my words.

01:05:19.000 --> 01:05:23.000

Okay, let me tell you why I'm laughing.

01:05:23.000 --> 01:05:28.000

Because the experience of channeling and translating spiritual messages

01:05:28.000 --> 01:05:35.000

I know I'm saying it, but because it isn't coming through me, I, like, didn't recognize what you were

01:05:35.000 --> 01:05:39.000

I didn't recognize

01:05:39.000 --> 01:05:49.000

Those were the exact words because they're not Gia's words, that's spirit's words. And they're bringing through a lot. Those of you who have been here before, this is a lot more channeled than usual, so I'm really

01:05:49.000 --> 01:05:53.000

Hmm, okay.

01:05:53.000 --> 01:05:57.000

All right.

01:05:57.000 --> 01:06:06.000

So twin flames is a question that's coming up here. It's been on my heart, and in fact, I was thinking about it just today that I'm going to do a separate session about that.

01:06:06.000 --> 01:06:09.000

Because it is really

01:06:09.000 --> 01:06:21.000

It's a really beautiful, important journey, but it's not for everyone, and there is a lot of distortion about it. And I have been on a Hiros Gamos spirit journey

01:06:21.000 --> 01:06:30.000

And my divine counterpart would like to do essential work with me, so

I'm not going to touch twin flames here. but

01:06:30.000 --> 01:06:35.000

I will do that in another session because it's important enough to get into it

01:06:35.000 --> 01:06:46.000

Okay, yeah, whistleblower says we will have a utopia bound by the rules of physicality, but there's a lot we don't know yet. Oh, Rabia says, this is the only place you can pet a cat like

01:06:46.000 --> 01:06:49.000

When you... when you realize

01:06:49.000 --> 01:06:55.000

The beauty of being human that we take for granted, and we're still waiting for some

01:06:55.000 --> 01:07:09.000

Other thing. Meanwhile, the beauty of being human is right here. That's a perspective shift. I mean, maybe it's a little disappointing at first, but I'm telling you from personal experience, once you've anchored into that shift, how amazing life will be

01:07:09.000 --> 01:07:24.000

my friend once told me she was like, you're so whimsical, and it made me laugh, because that is, like, the last word. I mean, I know I'm a psychic, but, like, that is the last word I would use to describe myself, because I'm really, like, swears and sarcastic and, like, whimsical. What are you talking about?

01:07:24.000 --> 01:07:31.000

She's like... because we go out to dinner a lot, and she's like, you always smell your food

01:07:31.000 --> 01:07:45.000

You smell your food and when we go out, you say, look at the mountains. And I'm like, well, the clouds and the sunset. I am just like a

child when it comes to the physical pleasures of life, and I love, I love physicality

01:07:45.000 --> 01:07:51.000

And this is a long journey away from being so depressed I couldn't leave my bed for weeks at a time

01:07:51.000 --> 01:07:56.000

So when I say, oh, I love physicality, this is not floaty and like

01:07:56.000 --> 01:08:07.000

I've never been like a hearth and rainbows girl. I've had to really work through to be so embodied that I can just love every ounce of being human. Okay.

01:08:07.000 --> 01:08:25.000

All right, so we're caught up on the comments here. I'm going to take a drink break, and I'm gonna... I'm gonna sink back into what they want to bring through. They've really covered a lot of layers of this split, both the frequency band, the cutoff, like, all the things. Okay, okay, alright, I can fill the next drop in, so I gotta... I better stop

01:08:25.000 --> 01:08:34.000

Okay, go take my drink.

01:08:34.000 --> 01:08:43.000

Okay

01:08:43.000 --> 01:08:46.000

Okay, so

01:08:46.000 --> 01:08:51.000

They're saying this final split

01:08:51.000 --> 01:08:53.000

They sped it up

01:08:53.000 --> 01:08:57.000

It happens sooner than expected

01:08:57.000 --> 01:09:00.000

And that's specifically because

01:09:00.000 --> 01:09:08.000

The backlash, the battle to stay alive, the battle to, okay, okay, okay. The battle to hijack more people onto

01:09:08.000 --> 01:09:11.000

back into the contrast

01:09:11.000 --> 01:09:17.000

was getting too big and too loud, and there was a divine intervention to say

01:09:17.000 --> 01:09:24.000

All right, listen, we have enough. Referee blew the whistle. We've had enough

01:09:24.000 --> 01:09:26.000

And we're doing this.

01:09:26.000 --> 01:09:31.000

And that makes a lot of sense because of what we've been through the past

01:09:31.000 --> 01:09:34.000

I mean, a lot, but the past couple months

01:09:34.000 --> 01:09:40.000

I don't know how many of you watch my daily videos, but there was a very clear progression

01:09:40.000 --> 01:09:54.000

Where remember that weird funky energy and so many people were like, it's off. What's happening? Something's about to happen. And then there were the weird meteors and the booms and the earth shaking and

what was that?

01:09:54.000 --> 01:10:00.000

And then it was after that that the Schumann did a lot of really intense weirdness

01:10:00.000 --> 01:10:05.000

And then all of a sudden, everyone was like, oh, we made a timeline jump and everything felt wildly different.

01:10:05.000 --> 01:10:11.000

There was this very specific period where we went through these things

01:10:11.000 --> 01:10:21.000

And I was sharing what I got in real time, but not all of it until after the fact, because some of it was pretty dire, which I talked about in last month in the June Signal Fire.

01:10:21.000 --> 01:10:31.000

Not all of these beings were going happily or quietly, and that is what they conveyed in the May Signal Fire, the reptilian collective

01:10:31.000 --> 01:10:47.000

Many of them just got so entangled in the game and addicted to and in love with the pleasures of physicality. They were only meant to be an energetic force. Similar to how our spirit guides

01:10:47.000 --> 01:10:59.000

It really is the devil and the angel on the shoulder, but the spirit guides and those light beings really do stay in their boundaries. But a lot of these contrast beings did not.

01:10:59.000 --> 01:11:11.000

And they really fell in love with the physicality. And when we talk about the pleasures of being physical, there are pleasures of being physical that are intoxicating and dangerous and all the things.

01:11:11.000 --> 01:11:15.000

And so

01:11:15.000 --> 01:11:17.000

As these

01:11:17.000 --> 01:11:27.000

Okay, so it's like the referees, the spirit virgin, whatever version of these beings, when the time's up, they've been moving along, but they couldn't get everyone to move along.

01:11:27.000 --> 01:11:33.000

And this group, in cahoots with the humans in charge, were really picking up a ruckus.

01:11:33.000 --> 01:11:38.000

And trying to do a lot of things to stay in their power

01:11:38.000 --> 01:11:41.000

And there was a lot of both

01:11:41.000 --> 01:11:46.000

seeding fear and vibrations and energies and whispers and rumors

01:11:46.000 --> 01:11:49.000

To get us to fear

01:11:49.000 --> 01:11:54.000

because fear will keep us in the vibration, that they can harness and play with and manipulate

01:11:54.000 --> 01:12:10.000

Much of it was sort of a psychological, emotional, energetic. But they did tell me they there was sort of a physical plan to hurt people in such a way that would create a very massive, massive

01:12:10.000 --> 01:12:23.000

chaos event that would derail humanity into where they could keep their power. And that was that time period where things fell off and this dread

and this doom and everyone's like, I don't know what's going on, but it's no good

01:12:23.000 --> 01:12:34.000

Yeah, Tammy says another 9/11. That was the five of what I felt was coming. And Spirit immediately told me, but you don't need to worry about it. We will not let it happen.

01:12:34.000 --> 01:12:37.000

And it was in the aftermath of that

01:12:37.000 --> 01:12:55.000

I want to say a week, two weeks maybe that I got this message of we've made it beyond the split because what they said is that won't be allowed to happen anymore. We're done. Time out. You're supposed to move quietly. We've given you all the time you needed. We're helping you. We're letting things play out. Yes, there's free will, but damn it, get out of here

01:12:55.000 --> 01:12:57.000

The whistle's blown, get out of here.

01:12:57.000 --> 01:13:00.000

That has been accelerated

01:13:00.000 --> 01:13:13.000

because it was very, very okay, okay, okay, that's good. They just said initially they were saying what they had said earlier, that's been accelerated because they were getting really big and really dramatic, and they just could no longer allow this.

01:13:13.000 --> 01:13:18.000

But they said the reason they could no longer allow it wasn't just that

01:13:18.000 --> 01:13:24.000

Enough of us have crossed into the frequency threshold that we can now hold the higher

01:13:24.000 --> 01:13:29.000

It's... okay, okay, okay.

01:13:29.000 --> 01:13:33.000

They're saying it wouldn't have been a fair fight

01:13:33.000 --> 01:13:35.000

Meaning

01:13:35.000 --> 01:13:43.000

Those of us who have been on the leading edge of expansion, awakening, ascension, etc.

01:13:43.000 --> 01:13:57.000

We normally are in the 3D along with everybody else, and we anchor the energy and we calm down and we transmute and we do all the stuff. But we've made it far enough along and enough of us through the frequency band

01:13:57.000 --> 01:14:03.000

That we're not present enough in the contrast to have the same positive impact as before

01:14:03.000 --> 01:14:19.000

And so these poor folks who, the humans who haven't begun their healing, or are just starting or haven't had enough help, or for whatever reason, they're not as far along, it's like these benevolent powers that be said, this isn't a fair fight because

01:14:19.000 --> 01:14:26.000

There's not enough of us to support their journey. So it can no longer be allowed.

01:14:26.000 --> 01:14:31.000

That's huge, and that's really beautiful and benevolent, because although

01:14:31.000 --> 01:14:42.000

We know there is, you know, non-interference. They guide, they help, they support. They can't fully come here and do it for us. We have to do it

01:14:42.000 --> 01:14:43.000
ourselves

01:14:43.000 --> 01:14:56.000
But if there aren't enough of us to pick up that slack and lift the energy, then it's they really do come into okay. And they said, and they said, that's back to what they said about when we have these spirit naps, and they reset the simulation.

01:14:56.000 --> 01:14:59.000
A lot of these things like that are happening.

01:14:59.000 --> 01:15:04.000
All right, time out, go to sleep. We're gonna redo it. Okay?

01:15:04.000 --> 01:15:06.000
Okay.

01:15:06.000 --> 01:15:22.000
All right. Yeah, they held an intervention for us, which honestly, they do that a lot. But I think they're really coy about how often they do it because especially with me, because what they always say through me is they reinforce how much

01:15:22.000 --> 01:15:29.000
there's no free ride. We're here to do the work. We're here to come back into the body. We're here to do the stuff

01:15:29.000 --> 01:15:44.000
And if we wait too much for intervention for someone to save us for a miracle, we're not doing what we're supposed to be doing. And so I think they help us a lot more than they tell us they do because they want to make sure that we don't just coast, that we're still in it and doing

01:15:44.000 --> 01:15:59.000

So I think that's beautiful. All right.

01:15:59.000 --> 01:16:05.000

So I want to ask what happens now on the other side and what happens in like the next three months, the next year

01:16:05.000 --> 01:16:10.000

because what they've what they've said since telling me we made it on the other side of the split is they said

01:16:10.000 --> 01:16:20.000

people are going to keep going and as they showed us with the percentage of us over the other side, we'll still keep going

01:16:20.000 --> 01:16:26.000

It's not a clean either or. Yeah, and they say there might be periods where we feel like

01:16:26.000 --> 01:16:29.000

We've fully fallen into the old

01:16:29.000 --> 01:16:42.000

And don't freak out. You haven't really. It's just remember that part of you is just getting really loud so that you, oh, I see you. Okay, all right. Here we go, and you do what you need to do.

01:16:42.000 --> 01:16:44.000

But I want to know

01:16:44.000 --> 01:16:48.000

So what happens now? Because

01:16:48.000 --> 01:17:00.000

We've heard all this stuff about there will be a split and we won't even see them and they're going to go off and they're going to do a thing and we won't even know what happened. Is that real? Is that true? Yeah, they said that's always real. That's always true.

01:17:00.000 --> 01:17:06.000

That's always happening because, okay, and that's why they're saying they spent so much time telling us about

01:17:06.000 --> 01:17:16.000

the fragmentation of just our wounding that we need to integrate, and the fractalization of my oversoul having infinite experiences. There are versions of Gia

01:17:16.000 --> 01:17:21.000

that didn't make it, for lack of a better term. There are... there are versions of

01:17:21.000 --> 01:17:30.000

Yeah, that didn't awaken, and hasn't walked this path of light. There are versions of Gia that succumbed to mental health issues decades ago

01:17:30.000 --> 01:17:33.000

There are versions of Earth that didn't make it

01:17:33.000 --> 01:17:42.000

But those of us freaking out about it, it's like a weaponization of these dark forces to get us to fear that we're not making it.

01:17:42.000 --> 01:17:49.000

And they showed me this in other channelings last year. They've showed me the Earth herself

01:17:49.000 --> 01:17:54.000

And it's like a... like a rose or a tulip, and the petals want to shed

01:17:54.000 --> 01:17:59.000

And let's say we have, you know, we'll call it third dimensional frequency, but maybe it is

01:17:59.000 --> 01:18:18.000

I don't know, despair consciousness, or shame consciousness, or

whatever, and it's vibrating at a 2.0. Okay, these are arbitrary things, but they'll help us understand. So the layer of Earth that is a 2.0 shame frequency, it's too heavy, it's too damaged, it's too wounded, she wants to shed that layer

01:18:18.000 --> 01:18:22.000

And so the fractal of us that really can't

01:18:22.000 --> 01:18:38.000

heal or didn't make it or isn't going to integrate or like we've got in the choose your own adventure of that fractal, we made it to the end. We didn't win. It's just not going to make it. Spirit, our higher self is always and forever closing out those timelines

01:18:38.000 --> 01:18:49.000

Finishing completing that version of the simulation. And that 2.0 layer that contains all of that consciousness will shed off and be no more

01:18:49.000 --> 01:18:53.000

And this is what's happening constantly, and it is normal

01:18:53.000 --> 01:18:59.000

So the fact that they're like the fact that any of you have even been afraid of it is a tragedy.

01:18:59.000 --> 01:19:09.000

Because we don't feel it when it happens. We don't know about it when it happens. Sure, there might be a part of someone's consciousness that didn't make it.

01:19:09.000 --> 01:19:18.000

And that is awful. And we can still see it now. We can see people being hurt in mass shootings, in wars, in hate crimes

01:19:18.000 --> 01:19:21.000

We're not ignorant of the fact that it is happening

01:19:21.000 --> 01:19:30.000

But because we don't know the full multidimensionality of that soul and what they needed to experience and what timeline inversion of reality they're on

01:19:30.000 --> 01:19:39.000

All we can do is witness and trust that there was a plan in that, and we may not know it, but we shouldn't let that scare us about, does this mean we didn't make it

01:19:39.000 --> 01:19:44.000

we're always and forever shedding parts of self

01:19:44.000 --> 01:19:48.000

So

01:19:48.000 --> 01:20:08.000

This seems like a detour, but I'm going to ask them about Mall World. Do you guys know about Mall World? This is supposedly a place where people dream, and they dream they're in a mall, and people on social media have figured out, wait, are we going to the same place? And they're able to map it, and here's the food court, and it looks like this, and it feels like we're all going to the same place.

01:20:08.000 --> 01:20:19.000

And I had one and only experience with Mall World that I know of. And it happened recently, and it's so funny because I was talking to my daughters about it last night.

01:20:19.000 --> 01:20:37.000

And this is a personal story of how I believe I was shown this. Yes, in Toilet World, Karina, I go to Toilet World so much more often than Mall World, where I'm in, like, a locker room, like a public bathroom, and there are, like, row upon row of toilets, and they're never fully private, and they're, like, full and disgusting

01:20:37.000 --> 01:20:39.000

I

01:20:39.000 --> 01:20:42.000

I go to Toilet world all the time and I hate it, but okay

01:20:42.000 --> 01:20:45.000

So Mall world

01:20:45.000 --> 01:20:49.000

A little cleaner. It's a little cleaner than toilet World. Okay.

01:20:49.000 --> 01:20:51.000

So I had okay

01:20:51.000 --> 01:21:01.000

Try to make the story short, but it's very illustrative of how this works. So when I was a senior in college, I had two options post-grad

01:21:01.000 --> 01:21:14.000

And one, I got a job offer to work for Red Bull in Los Angeles for their entertainment marketing firm, because I had been working for them on campus my senior year, and they wanted me to go work with them in LA and do movie premieres and, like, all these different things.

01:21:14.000 --> 01:21:26.000

The other option was I wanted to get my grad degree at Nyu's journalism school, and I wanted to live in New York and do the whole rights for magazines thing.

01:21:26.000 --> 01:21:30.000

Because this was 2004 and magazines were big deals too.

01:21:30.000 --> 01:21:43.000

So glad I didn't do that. Anyway, but instead what happened was I had full mental health crisis nervous breakdown, and I moved home with my parents and I never left Utah wah, wah. Okay

01:21:43.000 --> 01:21:46.000

So I have often wondered about

01:21:46.000 --> 01:21:56.000

What aspects of myself went to live in LA and went to live in New York? And are they still alive? And what are they doing? And are they feeding into my oversoul? Are they feeding into this life?

01:21:56.000 --> 01:21:58.000

I don't know

01:21:58.000 --> 01:22:10.000

So I do know that because of the mental health crisis I went through, that was the foundational experience I have needed to build my healing library, to experience the deep pain of this world

01:22:10.000 --> 01:22:18.000

to be able to then heal others. I've been taken to great depth. So now I can see why I went through that, why, yeah, my soul chose that, and the benefit of it

01:22:18.000 --> 01:22:29.000

So I can see how this, you know linear time played out. But what about those other lives? Okay, so about, I don't know, six months or so ago, I had a dream that I was young. I was like 24

01:22:29.000 --> 01:22:38.000

And I was in Ibiza. I don't know how I knew, but I knew I was in Ibiza. And I was doing the whole Paris-Hilton, Lindsay Lowen, like, those were... that was the era when I graduated

01:22:38.000 --> 01:22:40.000

And I was this party girl there

01:22:40.000 --> 01:22:51.000

and I was at some party on the beach, and all these wealthy people, and I was with friends, and they were all, you know, young, hot girls, or whatever, and I suddenly had this, like, awakening of consciousness of like

01:22:51.000 --> 01:23:07.000

I want to do this anymore. I'm not happy. I haven't been happy for a long time. Why are we doing this? Why are we living like this? I don't want to do this anymore. And I left the party and I went back to the hotel and I started gathering up my stuff and I was like, I don't own anything

01:23:07.000 --> 01:23:13.000

I have some nice shoes, I have some nice handbags, I have some clothes and jewelry, that is it. I don't own anything.

01:23:13.000 --> 01:23:30.000

So I took a shower while I thought about my life and then I came out and I ate and ordered room service, and I packed as much food as I can because I truly was like, I own nothing, I don't even know how I'm gonna get home to America. And I have to pack as much food as I can because this life truly is a dead end, and there's nothing

01:23:30.000 --> 01:23:34.000

Nothing of value that I have gained from this life.

01:23:34.000 --> 01:23:40.000

And then I open the door to leave and it should have been the hotel, but instead it was a mall.

01:23:40.000 --> 01:23:50.000

I'm like, what the am I... why am I in a mall? And I'm walking around, and it's crowded, and there's all these people, and then who do I see? But the spirit guide of my best friends

01:23:50.000 --> 01:23:52.000

And I'm like

01:23:52.000 --> 01:23:54.000

I'm sorry, wait

01:23:54.000 --> 01:23:57.000

If you're here, then where is she

01:23:57.000 --> 01:24:05.000

And he just sort of smiled at me and was like, and letting me know, yeah, you're not in physicality anymore.

01:24:05.000 --> 01:24:08.000

You're here on this other side with me

01:24:08.000 --> 01:24:16.000

And then I woke up and I just had that. It was one of those proverbial where you sit up in bed gasping, and you're like, oh my God.

01:24:16.000 --> 01:24:18.000

The spirit was showing me

01:24:18.000 --> 01:24:31.000

This is what happens when you dead-end in a life. That life just ends. It just ends and that's it. And it's like the Wicked Witch of the East and her little feet shrivel up under the house. That's it

01:24:31.000 --> 01:24:47.000

And I've had so many questions and have asked my guide so many times and they're like, again, what they said earlier today is that that binary human thinking, we can't really fully understand how this works. But there's so many layer upon layer upon layer of experiences and they will frequently

01:24:47.000 --> 01:24:54.000

and... or close it out, or merge it into another one, or seamlessly braid them together.

01:24:54.000 --> 01:25:07.000

This is how reality works. So again, what they said earlier about us being afraid of the 3D world won't make it. Like, yeah, there are versions of us that don't make it all the time. And it's super normal

01:25:07.000 --> 01:25:20.000

And we should not be afraid of it, as long as, again, they're pointing back to this percentage of consciousness across the frequency bandwidth, because I've often asked them, how do we know what the

primary timeline is? And they're basically like, there really isn't one

01:25:20.000 --> 01:25:29.000

But it is kind of like a game of stamina. The one that makes it the longest, I guess, I don't know, in the choose your own adventure of your life.

01:25:29.000 --> 01:25:32.000

So as long as

01:25:32.000 --> 01:25:34.000

There are enough

01:25:34.000 --> 01:25:49.000

Fractals of us always growing, always expanding, we will keep going. And certain versions. And this is where we get these like glitch in the matrix stories that you hear. I love the podcast radio rental people share their creepy or like spooky scary stories

01:25:49.000 --> 01:26:03.000

People tell about, I was just driving and this car crashed into me and I knew I was dying. And the next thing I knew, I was pulling into my driveway. This happens all the time. A timeline ends and we don't make it and we get

01:26:03.000 --> 01:26:07.000

Tucked back into another one, the consciousness is just reabsorbed

01:26:07.000 --> 01:26:15.000

And what I've noticed can also happen when I visit toilet World because I don't, I get toilet world and not mall world is

01:26:15.000 --> 01:26:18.000

I do feel different after those dreams

01:26:18.000 --> 01:26:32.000

I do feel that was more than a dream, and I may not understand all of it, but I feel like when... no, they're telling me not feel like absolutely when

you do close out a timeline, you get to reabsorb the essence of whatever that lesson was.

01:26:32.000 --> 01:26:43.000

It doesn't only go back to the oversold, it goes back to your other incarnations and your other aspects and fractals of self, so that we are. I'm older and wiser, or whatever

01:26:43.000 --> 01:26:45.000

Okay.

01:26:45.000 --> 01:26:50.000

So do we die in toilet world? I don't know. I've never died in toilet world.

01:26:50.000 --> 01:26:56.000

But I don't know, what do you guys think? Because I've only ever been

01:26:56.000 --> 01:27:06.000

Thank you, yes, Elizabeth just said it. A visit to Toilet World always makes me stop, think, and see what needs to change in my life. That's how I feel about it. And I think the ick of the toilets

01:27:06.000 --> 01:27:10.000

Really is that representative of like

01:27:10.000 --> 01:27:15.000

I've given myself the ick, I really need to deal with something and clean something up

01:27:15.000 --> 01:27:19.000

Okay. All right.

01:27:19.000 --> 01:27:22.000

So this was

01:27:22.000 --> 01:27:34.000

a very... whistleblower says, what the hell is toilet world toilet world is this dream space where people on social media have just realized we're

having a shared collective dream about this place.

01:27:34.000 --> 01:27:40.000

And it just looks like rows upon rows of full toilets, and it's awful. Okay

01:27:40.000 --> 01:27:50.000

Okay, I'm going to pause and take a drink break. This has been both so much more expansive and so much more practical than I expected it would be.

01:27:50.000 --> 01:27:56.000

I don't know if you feel the same. I both have had my mind completely blown, and it was all like, oh.

01:27:56.000 --> 01:28:06.000

Yeah, that was super obvious. It's okay. I'm gonna take a drink break. We'll catch up on some comments, and we'll see where spirit wants to go next.

01:28:06.000 --> 01:28:08.000

Hmm.

01:28:08.000 --> 01:28:11.000

Okay, I was asking about

01:28:11.000 --> 01:28:18.000

What this looks like 3, 6 months, a year from now. Okay

01:28:18.000 --> 01:28:22.000

Hey, Spirit, what do you want to show? Okay, okay

01:28:22.000 --> 01:28:40.000

What we're headed into is a world full of such awakening and drive to create anew. It will feel like a brand new world. In essence, it is. It absolutely is, but it will not look like Dorothy over the rainbow. It will look like

01:28:40.000 --> 01:28:49.000

It's like when someone escaped death and they get a new lease on life, this is how it will feel. This is how it will function. This is what will happen.

01:28:49.000 --> 01:28:52.000

The masses of humanity

01:28:52.000 --> 01:29:09.000

are coming into an awareness of love and expansion, and we're done with the old, and we're so motivated to create, and because whether they are aware of it or not, they are integrating all of these aspects so beautifully, we have more life force and energy to create. They're saying

01:29:09.000 --> 01:29:12.000

So much of the old

01:29:12.000 --> 01:29:15.000

has been

01:29:15.000 --> 01:29:18.000

Siphon for survival. Okay

01:29:18.000 --> 01:29:36.000

I had to be watching the bad guys to make sure I didn't pounce. I had to be watching my dollars and my mortgage and all the things. So much of our life force has been organized around trauma and survival and this or that as we heal and integrate so much more of our life force is available for creation and creativity

01:29:36.000 --> 01:29:40.000

And what humanity will create

01:29:40.000 --> 01:29:50.000

We... okay, they're saying just like the World Cup showed you how easy it is. Oh my god, you mean we can just be happy? Oh my god, you mean we can just, like, celebrate together because

01:29:50.000 --> 01:29:53.000

That is how easy the new creation will feel.

01:29:53.000 --> 01:30:00.000

And this is why I always point to Mom Donny in New York, because he is such an emblem of what it could be like

01:30:00.000 --> 01:30:17.000

And that is where we are going, and we're seeing this practically with all the elections. We've had blue waves, and we've had democratic socialists, and we've had... we've had a sufficient awakening enough that the candidates and people being voted in are of this new awakening, progressive kind of way

01:30:17.000 --> 01:30:36.000

And we've only seen this trickle in in smaller races. A congressman here, a senator there, a governor. It's going to just continue and continue and continue. And so if you think about, we've gone from the opposite where it was either business as usual or full on control exploitation, abuse

01:30:36.000 --> 01:30:50.000

As we move into electing people who are just like, yeah, we're not doing that anymore, and we're gonna do this, and go, our world is going to change so swiftly and suddenly, but also in a way that feels so

01:30:50.000 --> 01:30:53.000

We'll laugh at how easy it is.

01:30:53.000 --> 01:31:01.000

And it could always have been this easy, and it will be this easy. So this is how we will begin to see, okay, and they're pointing back to

01:31:01.000 --> 01:31:04.000

It's funny, I recently

01:31:04.000 --> 01:31:20.000

So those of you who are new here, these group sessions were different last year. I called them what's coming next, and they were very much

centered on political happenings, because that's how my account really blew up. Centered around the spiritual aspect of politics and things of that nature.

01:31:20.000 --> 01:31:27.000

So that had been all of last year, and as the year was coming to a close, Spirit was directing me to

01:31:27.000 --> 01:31:39.000

not so much. We need to zoom out, and not so much focus on only the physical happenings, but we need this broader ascension guidance. So that's why we do the Signal Fire this year instead.

01:31:39.000 --> 01:31:48.000

Whistleblower says we thought it was just about politics, like hilarious. We were so cute back then. Little did we know.

01:31:48.000 --> 01:31:51.000

Okay.

01:31:51.000 --> 01:31:54.000

So

01:31:54.000 --> 01:32:02.000

In my plan, I had always been like, all right, well, eventually we're going to move on enough from politics that we won't need these

01:32:02.000 --> 01:32:12.000

records of these sessions anymore, because we needed them to steady us to survive Trump 2.0, and we're in a new space now, and we're creative, and we're expanding, and, like, all of this

01:32:12.000 --> 01:32:13.000

But

01:32:13.000 --> 01:32:32.000

What suddenly happened a few weeks ago is they guided me to take the last four sessions of the year. I channeled so much information

about how America will change politically, socially, all the things, and they had me put it into one product bundle and start sharing that a lot more

01:32:32.000 --> 01:32:35.000

That is what we will see.

01:32:35.000 --> 01:32:38.000

We will see things that

01:32:38.000 --> 01:32:43.000

People who are not spiritual at all will be able to look and see obviously of

01:32:43.000 --> 01:32:55.000

People have had enough of the old business as usual. We elected new leaders. They just went ahead and bulldozed the old ways, because we all collectively realize we don't want that, we want this, and there's new

01:32:55.000 --> 01:33:02.000

So that is how things will continue to change. However, okay, okay.

01:33:02.000 --> 01:33:04.000

Okay.

01:33:04.000 --> 01:33:05.000

Hold on

01:33:05.000 --> 01:33:13.000

I'm asking, can you tell us about the wave of love, the wave of light? Because that's what they showed me, and that's what they brought through before

01:33:13.000 --> 01:33:18.000

This was in a video I shared a couple weeks ago

01:33:18.000 --> 01:33:30.000

Where they showed me that dumpy pants is the most likely scenario in

this now moment is removal due to incapacitation. Both he's got dementia, he's unfit for the role

01:33:30.000 --> 01:33:34.000

and enough people are talking about it and putting pressure on that.

01:33:34.000 --> 01:33:38.000

And when I was sort of asking, okay, then what's next? They showed me

01:33:38.000 --> 01:33:47.000

this wave of joy erupts when he's gone, when he's removed this profound wave of love comes

01:33:47.000 --> 01:33:51.000

And it's like the World Cup on steroids

01:33:51.000 --> 01:33:54.000

Collective joy and expansion and

01:33:54.000 --> 01:33:57.000

It erupts

01:33:57.000 --> 01:34:04.000

And although it's on the surface is just because of that, it's so much more

01:34:04.000 --> 01:34:19.000

And it allows us to rocket into this new, it's another dimensional frequency band. They say it will rocket the bulk of us that are still in this muck and transition. It will instantaneously transmute

01:34:19.000 --> 01:34:26.000

The trauma, the fear, the et cetera, that we couldn't get rid of and we can blast through into this other dimensional reality.

01:34:26.000 --> 01:34:36.000

And they're saying this is that solar flash that was spoken of. This is that tsunami of love, the great awakening, the expansion

01:34:36.000 --> 01:34:40.000

It can happen in that moment

01:34:40.000 --> 01:34:42.000

Okay, I'm leaning in. Hold on

01:34:42.000 --> 01:35:04.000

Because I did... this is another thing we've talked about that's been spoken of in Ascension communities for years and years, that there will be this solar flash, this great burst of light from the sun, but it's more than just light from the sun. It's a heart awakening. It's a heart chakra opening. It's bliss, it's joy, it's ecstatic love

01:35:04.000 --> 01:35:07.000

And they're showing me this is the overlay

01:35:07.000 --> 01:35:10.000

of how it will unfold

01:35:10.000 --> 01:35:14.000

will unfold, I'm asking, likely to unfold

01:35:14.000 --> 01:35:18.000

Okay.

01:35:18.000 --> 01:35:23.000

What becomes possible in a post-ecstatic joy world is

01:35:23.000 --> 01:35:38.000

We're able to anchor that vibration, that emotion, that joy as a more permanent baseline feeling. And from this joy, from this perspective, humanity will shift so instantaneously and no longer care about what they cared about, no longer fear what they feared

01:35:38.000 --> 01:35:47.000

No longer hold themselves in reserve, the barriers we keep between us, the fears, the depression, the worries

01:35:47.000 --> 01:35:52.000

All that divides us, all that keeps us small and tired, and losing hope

01:35:52.000 --> 01:35:56.000

will be evaporated, and we will laugh at how

01:35:56.000 --> 01:36:00.000

Laugh at how we ever wondered, laugh at how we ever feared.

01:36:00.000 --> 01:36:07.000

And we will be so dramatically different, we will stop doing so much of what we were doing

01:36:07.000 --> 01:36:10.000

And seamlessly do so much more.

01:36:10.000 --> 01:36:17.000

And this includes love for neighbors, love for others, community engagement

01:36:17.000 --> 01:36:19.000

Joy

01:36:19.000 --> 01:36:25.000

Reshaping our businesses, reshaping our government and our social structures

01:36:25.000 --> 01:36:38.000

It will shift us internally so instantaneously that the physical shift will be the natural outpouring of our action. Well, I can't believe we did it that way. Well, that's dumb. We're going to do it this way. Yeah, I know we use it. We're just

01:36:38.000 --> 01:36:42.000

going to change. We're just going to do it different.

01:36:42.000 --> 01:36:49.000

Yeah, and Stephanie Girl says, can you feel awakened now? Absolutely you can. And I want you to think about all of you

01:36:49.000 --> 01:36:51.000

If you've ever had a moment like that

01:36:51.000 --> 01:36:59.000

Where you shifted, maybe you healed something so intense, or you had a miracle healing, or a spontaneous wave of bliss

01:36:59.000 --> 01:37:06.000

Can you imagine that times 10 spread across the entire population

01:37:06.000 --> 01:37:13.000

And maybe not every single person will feel it the entire degree of it, or will feel it at all

01:37:13.000 --> 01:37:15.000

But if you imagine

01:37:15.000 --> 01:37:18.000

I don't know, 8 out of every 10 will

01:37:18.000 --> 01:37:21.000

How that changes all of life.

01:37:21.000 --> 01:37:27.000

That World Cup energy just becomes every day

01:37:27.000 --> 01:37:29.000

Every day

01:37:29.000 --> 01:37:41.000

And in that space, the removal of fear, the laughing at all the things we used to fear makes possible so many more changes

01:37:41.000 --> 01:37:54.000

Yeah, things like ET and seeing Bigfoot and fairies and it's not only

about dimensional, we will be in a new vibrational frequency so as to see things physically

01:37:54.000 --> 01:38:05.000

But without the fear and the distortion, it will be safe for us and for them to interact more. And this is how this comes to us.

01:38:05.000 --> 01:38:11.000

So

01:38:11.000 --> 01:38:21.000

They're saying there will be those of you who are in across the frequency band who will continue to go further across the frequency band

01:38:21.000 --> 01:38:27.000

As this moment gets closer, you will feel it, and you will anchor it before it even happens.

01:38:27.000 --> 01:38:39.000

You will all start to buzz among yourselves and say, is it coming? What's happening? I feel it, something's coming. You will feel it building before evidence of it comes. You will get to hold it and anchor it, and it will be contagious.

01:38:39.000 --> 01:38:46.000

And this light will be anchored before there is any physical manifestation of it.

01:38:46.000 --> 01:38:50.000

And I keep asking them

01:38:50.000 --> 01:38:53.000

I keep asking them

01:38:53.000 --> 01:38:55.000

Are we really gonna

01:38:55.000 --> 01:39:11.000

Because so much of what they show me is in potentials and possibilities that I really hate. And if those of you who, you know, follow psychics and take in psychic information know, things are ever-changing and they're ever evolving and different timelines are popping and changing

01:39:11.000 --> 01:39:19.000

So nothing, of course, is ever set in stone, but this is what they're showing us based on the energies of this now, how it manifests, how it overlays, how it all comes together.

01:39:19.000 --> 01:39:22.000

And seeing

01:39:22.000 --> 01:39:29.000

How close it is. I remember when I first heard of this solar flash stuff years ago, it just felt like

01:39:29.000 --> 01:39:38.000

Well, the only way that could ever happen is some divine miracle because there's no way on earth that humans would ever like we just felt so far away from that

01:39:38.000 --> 01:39:52.000

But now that so many of us are feeling this joy and this bubbling excitement and this anticipation, and we can see change already happening and we can see change just around the corner, we feel how close it is. We feel how close it is.

01:39:52.000 --> 01:40:02.000

But I will be fully honest, I did that channeling ascend with a solar flash and they channeled through me. Someone asked, will it be a visible

01:40:02.000 --> 01:40:12.000

You know, will we see it physically or is this like an internal And they said, yeah, it will be a physical, but I'm telling you, my human mind is like, will it though?

01:40:12.000 --> 01:40:18.000

So I don't know, I don't know, I'm really gonna... but I think

01:40:18.000 --> 01:40:29.000

With everything they've showed us today, they've really showed us how both it's far more expansive and so much simpler than we've given it credit for.

01:40:29.000 --> 01:40:31.000

And so I tend to think

01:40:31.000 --> 01:40:35.000

I tend to think that

01:40:35.000 --> 01:40:41.000

It will be both so much more than we could ever imagine and like, but of course.

01:40:41.000 --> 01:40:44.000

But of course.

01:40:44.000 --> 01:40:46.000

Huh.

01:40:46.000 --> 01:40:51.000

Moon-haired Nail says I am hearing weeks. What? Yes, please.

01:40:51.000 --> 01:40:57.000

I think what I'm trying to do as a leader here who's putting myself on the line

01:40:57.000 --> 01:41:11.000

I never want someone to ever come to me and say, well, Gia said that, and therefore, when, of course, those who understand psychic information, and I always try to really hold that balance and that ethical line, I'm just relaying what they're showing.

01:41:11.000 --> 01:41:22.000

And one time they said it's going to happen before year's end, and then he's still kicking. So I'm going to tell you that's what they told me at the time. We all have to manage our relationship to things that we get

01:41:22.000 --> 01:41:26.000

But again, you know, back when

01:41:26.000 --> 01:41:36.000

Just recently, and when we were talking about having to remove this energy and say, all right, enough, you keep hijacking, you keep slowing it down enough.

01:41:36.000 --> 01:41:57.000

Perhaps it really we were on track for that. Perhaps we really were supposed to get that, but they kept doing the things and hijack. And we just, it was like, okay, really, like, are we going to get there? Like, this is just ridiculous. People are healing and people are expanding like move on. But we couldn't because it was just too much back and forth. So maybe, I don't know

01:41:57.000 --> 01:42:01.000

But everything they're showing me here is that

01:42:01.000 --> 01:42:02.000

We're

01:42:02.000 --> 01:42:17.000

The bulk of us are beyond that point, and the cutoff date has happened, and they're being removed, they're being separated from where they can interfere, so all that's happening right now is the wrapping up, the healing, the integration, the coherence work

01:42:17.000 --> 01:42:28.000

And it can feel like we're being attacked. It can feel like something new came, but it isn't necessarily new or an attack or whatever. It is

01:42:28.000 --> 01:42:36.000

I have been triggered back into this wound from 10 years ago, and it's

just as fresh as if it happened today

01:42:36.000 --> 01:42:49.000

Everything they're showing and telling us is that we've reached beyond this tipping point. And it's more than what we ever imagined. And yet it's exactly what we imagined. And yet it's somehow less all at the same time because it's real now.

01:42:49.000 --> 01:42:52.000

And so

01:42:52.000 --> 01:42:56.000

They're saying

01:42:56.000 --> 01:43:03.000

Flow with reality, flow what is appearing, flow what is coming to you, what is within your grasp

01:43:03.000 --> 01:43:11.000

Allow for magic, allow for expansion, allow for possibility and miracles beyond your comprehension, while understanding

01:43:11.000 --> 01:43:15.000

It may feel underwhelming to those who have expected

01:43:15.000 --> 01:43:19.000

things not possible yet in your physical world.

01:43:19.000 --> 01:43:24.000

However, you who are called to be here in this now moment

01:43:24.000 --> 01:43:29.000

are also called to cede the new, and create the new, and blueprint the new

01:43:29.000 --> 01:43:41.000

So reach forward with your magical heart, reach forward into your expansion, and dream and imagine utopia, and begin to see utopia, and

create it with your divine creator abilities.

01:43:41.000 --> 01:43:50.000

And the more if you do, the more that vibration becomes available for others to join you in the sacred act of co-creation.

01:43:50.000 --> 01:44:10.000

And because the interference will be kept from you, these creations come into view, can be birthed more swiftly into your reality. So to reach ever higher into the realms beyond. This has always been your birthright and as you expand beyond the third dimensional reality and into more of what becomes possible at this time

01:44:10.000 --> 01:44:20.000

You will create what your heart desires, never again to be limited by your doubt or fear. And so it is

01:44:20.000 --> 01:44:24.000

Okay.

01:44:24.000 --> 01:44:31.000

And that feels like a really good spot to end on here as we're coming at time

01:44:31.000 --> 01:44:33.000

I want to make sure

01:44:33.000 --> 01:44:36.000

We got what they wanted us to get

01:44:36.000 --> 01:44:44.000

Yeah, Amy says it seems like everything you predicted last year is happening this year, so maybe we're just a year off.

01:44:44.000 --> 01:44:46.000

But it's happening.

01:44:46.000 --> 01:44:49.000
