

The Signal Fire: April 2026 Transmission

00:00:02.000 --> 00:00:17.000

Hello, good morning and welcome everybody to the April signal fire event. I was just chatting to... I was just chatting to the live members about how insane, how insane the energies are today. I planned the session long in advance.

00:00:17.000 --> 00:00:37.000

But to see this session be scheduled for today of all days, things are ramping up politically, the energies are building, um, I was also chatting about, I'm having an allergy flare, autoimmune flare. These coincide with big energy days, and so what I always like to say is we are right on time.

00:00:37.000 --> 00:00:58.000

If we're feeling all the feels, if we're feeling the intensity, the physical symptoms, all the things, you are right on time, and you are not alone. And that is the beauty of this community gathering to receive guidance and insights every month, keep us anchored, help us know we're not alone, and be together in community. So, I always love those who can attend live. I know I'm sorry I do this in the middle of the day.

00:00:58.000 --> 00:01:16.000

Um, where a lot of people work, and it's harder, uh, mama's gotta get the kids out of the house, so we gotta do what we gotta do. But thank you to everyone who made time to be here, and for those of you who will listen to this in the future, the energies are present for you whenever you open this recording, and whenever you revisit.

00:01:16.000 --> 00:01:35.000

So, just very quickly, I like to explain my process so that you know what to expect if you're new here, if you're a first-timer. I am a psychic medium, I'm a channeler, I'm an energy activator, and so what that looks like is these sessions are very live, very raw and unscripted. I have done my pre-session ritual to open, to receive.

00:01:35.000 --> 00:01:54.000

And I spit rapid fire whatever I get. Sometimes it's fast and furious, sometimes it's a little manic. I go where the energy leads. As part of my pre session process, I call in the higher selves of everybody here. So whether you are here live or whether you are listening to a recording today, tomorrow or 10 years from now.

00:01:54.000 --> 00:02:10.000

Your energies have been called in, and in that way, I allow myself to be a vessel for the energies gathered here, which is also why I do this live and summon the group, because our group energies are co-creating this experience. What that means is the guidance is truly for you.

00:02:10.000 --> 00:02:22.000

Maybe not every word, we use our discernment, feel into what we need to hear, but it is

for you, and in addition to that, being an energy activator, being a prism, which is why I use that name, I allow spirit to.

00:02:22.000 --> 00:02:41.000

put energies through me that will then radiate, refract and radiate out to you, so that you will get whatever it is you need to get. And so, as part of that, you may feel some things. You might feel tingles, you might feel, um... you might cry, you might have tears, you might yawn, there's a lot of yawning, burping that is stretching and energy moving.

00:02:41.000 --> 00:02:55.000

And a lot of people fall asleep. So, if any of the above or more happens to you, very normal, that is your body processing the energies that are here for you. We roll with it. It's all good. That's also why we get the recording.

00:02:55.000 --> 00:03:18.000

Okay, so... I'm going to take a second to ground in. I'm going to take a drink, and then I'm going to lead us through a very brief grounding moment, a little brief meditation just to get us all unified and settled here in our energies, and then we'll open up, and we will, um, I will share whatever Spirit has to share.

00:03:18.000 --> 00:03:24.000

Okay, so I would invite you to take a moment and get comfortable in your body.

00:03:24.000 --> 00:03:32.000

If you want to lay down, if you want to simply sit upright, you can close your eyes, you can leave them open, whatever feels comfortable for you.

00:03:32.000 --> 00:03:37.000

I'm going to invite you to take a few deep breaths.

00:03:37.000 --> 00:03:44.000

Full belly, full chest. Slow exhale.

00:03:44.000 --> 00:03:55.000

This allows us to calm the nervous system. Make it safe to return to the body.

00:03:55.000 --> 00:04:03.000

To be here, and then in the now moment in time, in this present moment, here to receive.

00:04:03.000 --> 00:04:09.000

Allow ourselves to be grounded into our bodies. into this now moment.

00:04:09.000 --> 00:04:18.000

and into the fifth dimensional New Earth that we are here to birth.

00:04:18.000 --> 00:04:22.000

And as we do so, we invite the presence of our higher selves.

00:04:22.000 --> 00:04:26.000

That part of us that is eternal, that is wise, that is all-knowing.

00:04:26.000 --> 00:04:35.000

free from ego, from fear, from distortion.

00:04:35.000 --> 00:04:41.000

Allow ourselves to be fully present. As Daisy joins us in the background.

00:04:41.000 --> 00:04:49.000

Joining us on the couch back there. How you know the vibes are poppin'. Okay.

00:04:49.000 --> 00:05:00.000

We allow our heavenly helpers to be present, to guide the session, to help us receive whatever it is we need to receive, to activate our own wisdom, our own healing, our own expansion.

00:05:00.000 --> 00:05:06.000

trusting in the safety of this moment, the safety of community, the wisdom and higher light that is gathered here.

00:05:06.000 --> 00:05:12.000

Both of this community who have wished to join, and those higher dimensional beings who are here with us now.

00:05:12.000 --> 00:05:24.000

We allow ourselves to be pure vessels to receive the highest energies and insights, to guide us on this path, to help us blossom into our highest potential.

00:05:24.000 --> 00:05:32.000

Grateful for this moment, for this opportunity. And so it is. Amen.

00:05:32.000 --> 00:05:38.000

Okay. And just like that, Daisy is off again.

00:05:38.000 --> 00:05:44.000

My sweet pup came to bless us with her presence, let us know she's here.

00:05:44.000 --> 00:05:51.000

And off she goes. Okay. All right, take a drink here.

00:05:51.000 --> 00:06:08.000

Ooh. I did feel a lot of energy on that. So if you feel a little dizzy, a little unbalanced, I remember to ground, come back into your body, imagine your roots sinking into the earth, and that will help anchor these energies because there is a lot here.

00:06:08.000 --> 00:06:23.000

Now, as I've been preparing for this session the past few days, Sitting with Spirit, opening myself up, receiving guidance, you know, like I said, these are all very live. I don't know who or what is going to come through, I don't know what the guidance is, but I did receive the theme of this session.

00:06:23.000 --> 00:06:38.000

And this is all about navigating the split. That split that has been foretold of the 3D old Earth and the fifth-dimensional New Earth and beyond. And I'm really excited about this because there's so much information about it out there, it's very confusing.

00:06:38.000 --> 00:06:54.000

A lot of stuff is very expansive, a lot of stuff doesn't sit right with me. And then there's the practical aspect. How on earth... like, what... what does this look like? How do I... it's all well and good when it's all far off and someday it'll happen, but we're in it. We're in the moment of the split.

00:06:54.000 --> 00:07:09.000

And that moment is a very long moment, a cosmic moment, but we are in it. And so all the guidance we can get about what this looks like, about how to navigate it, okay, okay, and I'm definitely getting... it's like, give the people what they need right off the bat. Okay, we're going to talk about the political.

00:07:09.000 --> 00:07:20.000

unfolding. Um, we're gonna settle that energy right now. Um, I did a brief post on social media right before I started, and, um, you know, the very clear message from Spirit.

00:07:20.000 --> 00:07:29.000

was that, um... This is a very sick man who gets pleasure from inflicting fear and pain.

00:07:29.000 --> 00:07:41.000

This is a very sick man who... takes pleasure from even talking about pain and the suffering that will be inflicted. These are not threats we should fear.

00:07:41.000 --> 00:07:47.000

This is an illusion of a small, dark, terrified man.

00:07:47.000 --> 00:07:53.000

And so to be tangled up in that web is a misuse of our energy, it's a misuse of this time.

00:07:53.000 --> 00:08:04.000

Because the phrase that keeps coming to me again and again and again, so much that I've put it all over my website, and you will start to see me talk about this a lot more in my social media. The phrase that has come again and again.

00:08:04.000 --> 00:08:09.000

We did not come here to go out with a dying world.

00:08:09.000 --> 00:08:13.000

And we are not here to simply survive the collapse.

00:08:13.000 --> 00:08:26.000

We are here to birth a new Earth. And certainly those people who are drawn to this message, drawn to this circle, there is something in you that feels that. Whether you're fully on board or it's simply a longing.

00:08:26.000 --> 00:08:37.000

And what has become clear, again, as I've been doing these sessions, right off the bat in the signal, yep, I feel it again. Okay, right off the bat in the signal fire, we've had.

00:08:37.000 --> 00:08:45.000

Collectives come in. to channel a message about this, about our soul mission, about who we are.

00:08:45.000 --> 00:09:02.000

And the messages have always been that we are ancient, that we are so wise, that we came here to be leaders in this process, whether we are actually the ones, like myself, I'm here to be a voice and to have a public role, or whether we are simply here to be that energetic leader.

00:09:02.000 --> 00:09:13.000

you hold court. You are anchoring the light. You are setting the tone for people in your lives, for people around you, whether you even have a conversation with them or not. We are here.

00:09:13.000 --> 00:09:19.000

to birth the new. And that means we are equipped to birth the new.

00:09:19.000 --> 00:09:30.000

And so, the fears are natural and understandable. This is a very tense time. And not only can we feel our own fears rising to the surface.

00:09:30.000 --> 00:09:38.000

We can feel the fears of other people, because we're very empathetic and open-hearted, and psychic and intuitive, and we are feeling the collective uproar.

00:09:38.000 --> 00:09:49.000

Part of that is just because we're attuned to it, and part of it is because we're doing the work of transmuting that energy, of healing it, clearing it, neutralizing it.

00:09:49.000 --> 00:09:57.000

And we're anchoring a broader energy of stability. Okay, hold on.

00:09:57.000 --> 00:10:06.000

Okay. So I'm going to talk a little bit more about that, about our energy, about what we're here to do, and then I will get some very specific insight and guidance as to.

00:10:06.000 --> 00:10:26.000

What's gonna happen? What's going to go down? There are potentials, there are branching, and something interesting that I did this week is I... I took all of my what's coming next, because as you know, I retired What's coming next last year, and this year I launched the Signal Fire. Same premise that we're meeting together live to receive live monthly guidance.

00:10:26.000 --> 00:10:34.000

But we're less anchored around predictions, political energies. It's more about the bigger picture and the spiritual aspect in ascension.

00:10:34.000 --> 00:10:50.000

And so I did this week, I actually uploaded all the transcripts of my What's Coming Next. I uploaded them to chat, and I said, give me the themes. Like, what are the predictive energies? Like, what... what have I... what has come through these sessions that we can look to as the patterns and predictions and.

00:10:50.000 --> 00:10:55.000

Um, the things that are still... we're in that trajectory, things are coming.

00:10:55.000 --> 00:11:03.000

And the one major theme, of course, is what's going on in the White House, but something that stood out was repeatedly.

00:11:03.000 --> 00:11:10.000

It was always, hey, there are potentials, there are... and to those of you who've been to the What's coming next, you can attest to this.

00:11:10.000 --> 00:11:21.000

Spirit has always said there are varying potentials. Remember that one month I saw all these bubbles, and it was like Cinderella, where she's singing and mopping the floor, and there's the bubbles with her in it. All these potentials.

00:11:21.000 --> 00:11:39.000

But, the outcome, the final outcome, no matter which path and which potential the final outcome is always the same, and that he doesn't last, and they're removed, and that's when the beginning, the rebirth, the Renaissance begins. Yeah, Judy says it was June's what's coming next?

00:11:39.000 --> 00:11:51.000

And... And so, in pondering that, and then Spirit saying, okay, this session is going to be about the split. We can see how what we're really doing is we're surfing realities.

00:11:51.000 --> 00:11:58.000

We're hopping this way, we're hopping that way. We got wiped out by the other one, that's okay, get back on your board, paddle out, and we'll catch another one.

00:11:58.000 --> 00:12:07.000

Because when people talk about the split, there's a lot of fear about, am I going to make it? And it's always the people who are afraid they're not going to make it are not the ones who should be worried.

00:12:07.000 --> 00:12:16.000

That's... nope, it ain't you, babes. Um... Okay, I'm listening. Okay.

00:12:16.000 --> 00:12:32.000

So about this role, about this role that we're here to fulfill. Like I said, some of us will be visible. Some of us will help clients. We're energy workers. We're intuitives. Some of that is very hands-on. We we speak. We have a voice that is seen publicly.

00:12:32.000 --> 00:12:37.000

Others of us were quietly in the background. We just exist. We're living a quiet life.

00:12:37.000 --> 00:12:44.000

Neither is better than the other. Neither is better than the other. We're all suited for different things.

00:12:44.000 --> 00:12:58.000

And it's all needed, and it's all necessary. And something that came through very strongly in December, remember when I did the video that said, Spirit woke me up in the night, and over 2 or 3 hours, they delivered all this information about this.

00:12:58.000 --> 00:13:03.000

transition out of chaos through the process of integration.

00:13:03.000 --> 00:13:15.000

And what was born from that is the teaching that I call the integration point. And what that teaching tells us is the actual process of how we change, how we migrate from.

00:13:15.000 --> 00:13:19.000

basically from our bodies being compatible with a third dimensional earth.

00:13:19.000 --> 00:13:27.000

And how we go through the shifts and changes to become compatible with the new. But it's not simply that we're migrating to the new earth and that we're, bye, see ya.

00:13:27.000 --> 00:13:35.000

In that energy field of you know, expanded unity conscious fifth dimension, whatever word you want to use for it.

00:13:35.000 --> 00:13:40.000

We're actually being transformed into something very, very powerful.

00:13:40.000 --> 00:13:45.000

So, in going from the 3D, um, the duality, the contrast.

00:13:45.000 --> 00:14:06.000

I use the example... I should have gotten it, it's back on the shelf there. I had this hourglass, and it sands, and it's kind of bow tie-shaped, and depending on how far you tip oh the sands are going here! No, we need to pull it back. That's the old 3D earth. We're fighting for resources. We're scraping, we're hustling, we're stealing from each other, we're trying to extract, we're being extracted from.

00:14:06.000 --> 00:14:15.000

That's why it's so hard to stay balanced in the third dimensional Earth, because everything is polarity, either or, this or that, and if I don't have it, someone else does.

00:14:15.000 --> 00:14:26.000

But in the process of moving into Unity, we cannot be extracted from. And that turns our energy field into the Taurus, T-O-R-U-S, which is donut shaped.

00:14:26.000 --> 00:14:46.000

And in that, the energy circulates in an infinity loop. We cannot be taken from, extracted from. We cannot be forced. We cannot be broken, because whatever comes into our field, we regulate, we circulate it back on out. And many times we neutralize it as we do. Coming into my field, not today.

00:14:46.000 --> 00:15:11.000

Crumbles to dust disappears, evaporates. And so that is why this process, as I was talking about, I knew I should have been recording when I was talking about this, when I was talking about how our physical bodies are really taking a beating during this time, old pains, old wounds, if you've had an injury, autoimmune flares up a lot, which is why I'm like bright red here. I've been having a mast cell activation flare-ups.

00:15:11.000 --> 00:15:22.000

These are all the side effects of our bodies changing from that old operating system, the old nervous system, into the new operating system where energy comes in.

00:15:22.000 --> 00:15:32.000

And it circulates out, and off it goes. And so that has many different roles and purposes for us. Number one, that's us in the new energy.

00:15:32.000 --> 00:15:40.000

Number two, we become the stabilizers, the anchors, the neutralizers of everything that's going on out there.

00:15:40.000 --> 00:15:46.000

Now, before that transmutation was heavy, heavy work, heavy work.

00:15:46.000 --> 00:15:51.000

And I can now look back at my life and know that that's what I was doing. A lot of the years that I thought I was depressed.

00:15:51.000 --> 00:16:00.000

Or I'm an overloaded empath. I was actually doing the work of transmutation, of taking in so much pain of the world and clearing it.

00:16:00.000 --> 00:16:08.000

And so many of you have been doing the same. And if you want to learn more about that, my teaching, Holding a Healing Space is exactly that.

00:16:08.000 --> 00:16:15.000

And if you identify with being an empath who's called into service that way, but you're overwhelmed, my teaching emotional mastery is about that.

00:16:15.000 --> 00:16:28.000

So in the past, that work was heavy and hard, and it took a toll. And that's because we were in the 3D system where, oh, someone has these grains of sand and they're, oh no, well, I'm going to take some.

00:16:28.000 --> 00:16:32.000

off them, and I gotta process and neutralize it through my system.

00:16:32.000 --> 00:16:42.000

That is heavy hard work. But most of us who were doing that work have either graduated or been called to graduate.

00:16:42.000 --> 00:16:57.000

Because we're in the new energy system where we don't have to do it the same way anymore. And what we do instead is we stand in the center of our energy field, and the energy can simply move through us and automatically be washed away, automatically be neutralized.

00:16:57.000 --> 00:17:08.000

Which, again, is why so many people come into my sessions and they feel chills and tears, and they fall asleep. It's not only me and my energy system. I can hold more spirit.

00:17:08.000 --> 00:17:19.000

I can hold more activation energies. I can hold more of that higher light. So if you come into my presence, and if you come into the presence of someone who's fully in this energy system.

00:17:19.000 --> 00:17:25.000

I mean, why do you think when Jesus walked down the streets, people were healed simply by being in his presence?

00:17:25.000 --> 00:17:34.000

This is who we are becoming. We are that second coming of Christ. We are that model. No matter what Christianity has tried to tell us about who and what he is.

00:17:34.000 --> 00:17:43.000

We are becoming, in these bodies that not only heal others around us, but we're in this new energy and this new operating system.

00:17:43.000 --> 00:17:51.000

And why I needed to tell all of that, so we can go into whatever, you know, political guidance we need to receive here, is that.

00:17:51.000 --> 00:18:01.000

Whatever's happening, whatever they're doing, those of us who are in this new energy system or becoming this new energy system, we play a vital role.

00:18:01.000 --> 00:18:18.000

Whether, again, like me, you're out here being public, helping everyone calm down, or you're taking clients or whatever it is you're doing, or whether you are simply existing and you're sitting at home and you're knitting, and you're gardening, or whatever it is that you're doing, you're tending the grandkids, you're going to the grocery store, you're taking your kids to the park, it doesn't matter, living your life.

00:18:18.000 --> 00:18:29.000

You are a vessel. You are a vessel of divine energies. You are circulating those divine energies. Anyone who is in your radius is blessed by you and.

00:18:29.000 --> 00:18:40.000

your energy system automatically is neutralizing the threat. And I'm seeing not only neutralizing the threat, eradicating timelines.

00:18:40.000 --> 00:18:54.000

As much as they try to set up, we're gonna do this, and this is gonna happen, and you have to be afraid of this, they're harnessing people in their manifestation and their creative imagination power to help them create their evil plan.

00:18:54.000 --> 00:19:00.000

But more of us are going, mmm, no, I don't think so. Mm-mm.

00:19:00.000 --> 00:19:16.000

And they can't take our sands from the hourglass to put toward their plan. They can't harness our energy and our power. They can't hobble us in fear, extract our fear. The Monsters Inc. Screen cans. I know Alyssa, was getting a lot of information about that.

00:19:16.000 --> 00:19:32.000

That is such a perfect metaphor. They instill fear and panic and paranoia, and they harvest that, and they manifest with that energy. And the more of us anger is great, too. If we are angry and using it to distance ourselves.

00:19:32.000 --> 00:19:45.000

That's important, too. That's powerful, too. We cannot be extracted from our energy can't be harvested for their purposes. And then as we continue this path of migrating into these, uh, the toroidal energy field.

00:19:45.000 --> 00:19:53.000

We don't even have to actively participate. We're just not in the system anymore, and whatever out there is kind of bouncing around, our system will handle it.

00:19:53.000 --> 00:19:57.000

The infinity loop energy field will just handle it.

00:19:57.000 --> 00:20:06.000

And so what this looks like for us. What this looks like for us is... We feel unusually calm.

00:20:06.000 --> 00:20:23.000

things that used to annoy, terrify, bother us, get under our skin, things we used to care about and be anxiously paying attention to, it doesn't have the same hold anymore. And I've seen hundreds and hundreds of comments over the past few months, maybe thousands at this point, of people saying, I thought something was wrong with me because I just don't care anymore.

00:20:23.000 --> 00:20:29.000

I thought it was burnt out. I thought I was apathetic. And, like, maybe, yeah, we're feeling all the feels.

00:20:29.000 --> 00:20:39.000

But the bigger picture is, no, it's because we're not in that 3D timeline, 3D world. We're not being extracted from. We have exited the matrix.

00:20:39.000 --> 00:20:43.000

That's why we don't feel it the same. We don't care the same.

00:20:43.000 --> 00:20:51.000

I care, but I don't feel it. Well, good luck with that. Dc, it's not going to happen.

00:20:51.000 --> 00:20:57.000

So, those of us who keep showing up, this is what you're doing.

00:20:57.000 --> 00:21:13.000

If you're still doing healing work, if you're still deepening in your knowing, expanding in

your wisdom, whatever that path looks like for you, you're strengthening your field, or you're still in the process of converting into that field, of changing your energy system.

00:21:13.000 --> 00:21:28.000

And what you're doing... okay, okay, so in the initial days and weeks of the 4AM Club, what Spirit told me is, we're here to anchor the light, we've got to anchor the light, hold the timeline, that we're on the highest and best timeline. And then within days of that initial 4 a.m.

00:21:28.000 --> 00:21:39.000

wake-up call, spirit came through with the most joyful, celebratory. I was both crying and laughing, like, I was like... like, Gideon insane beyond anything.

00:21:39.000 --> 00:21:51.000

I felt it, I saw it, they showed me, we did lock in the higher timeline. We did finally, after so many years on this Ascension path, are we going to make it? Is it now? Are we going to make it? Oh, I don't know, not enough momentum.

00:21:51.000 --> 00:21:57.000

Okay, here we go again. Is it this time? Oh, not quite. Okay. Regroup.

00:21:57.000 --> 00:22:06.000

We finally did it in November of 2024. We finally did it. We finally locked in the activation of the final Ascension timeline.

00:22:06.000 --> 00:22:13.000

And so everything we were seeing is the transition in real time, the collapse and rebirth simultaneous.

00:22:13.000 --> 00:22:20.000

So everything that's been happening is just the process of getting as many people as possible migrated onto that 5D timeline.

00:22:20.000 --> 00:22:33.000

And I know I'm using a lot of the big esoteric spiritual words. Let me know if I'm losing anybody here. I don't know how many... how many new folks I have here. Um, it's hard when I'm leading a big group. I have 123 people live, so I'm speaking to the crowd here.

00:22:33.000 --> 00:22:39.000

So... What we're doing is the work of extracting ourselves.

00:22:39.000 --> 00:22:48.000

of letting go of everything in us that is attached and part of the old world that is... You know, they've shown me before it's like Velcro.

00:22:48.000 --> 00:23:02.000

where we're... we're the fuzzy, and then this old world is the prickly. And those prickles

are like hooked into us in so many different places. And so as the velcro feels it's slow. It's painful.

00:23:02.000 --> 00:23:22.000

But we're slowly extracting ourselves from that world. And it's hook by hook by hook, all the pains, all the wounds, all the fears, all the old behaviors, the beliefs, the things we didn't know were still there, things we weren't aware of in society, one by one by one, we're extracting us and pulling us out of that. That's this process.

00:23:22.000 --> 00:23:32.000

And then as we get further along in that, and our energy field changes, we're no longer in that. We can be this new energy field where everything flows.

00:23:32.000 --> 00:23:38.000

What came through in last month's signal fire was about this this light grid above.

00:23:38.000 --> 00:23:46.000

And how, when we reach that point on our own path, we just pop. We just pop up, and we're in this light grid, and we're hovering above the earth.

00:23:46.000 --> 00:23:51.000

And that is really the metaphysical aspect of the split.

00:23:51.000 --> 00:23:57.000

where we can see what's going on, and technically, physically, yes, we're in the physical world, but energetically, we're not in it.

00:23:57.000 --> 00:24:06.000

We're somewhere else entirely. We're floating above, we're vibing. Our energy is just doing a thing. We're doing what we're doing.

00:24:06.000 --> 00:24:16.000

That light is a beacon that's inviting others. Oh, you mean there's another way? I don't have to be afraid. It's okay if I don't watch every move. Okay, okay, yeah, I hear you. Pop!

00:24:16.000 --> 00:24:20.000

Where the beacons that allow people to come join with us.

00:24:20.000 --> 00:24:41.000

And so that's what's happening in in this corridor of the split, and where we're in in this moment of time, that it's not exactly a holding pattern. It's not like we're like, impatiently waiting. I mean, we are. We're a little impatient, we're kind of over it. But, um... There is process happening, yeah? And we're all individually in process.

00:24:41.000 --> 00:24:46.000

And also, what I want to share is that.

00:24:46.000 --> 00:24:50.000

We're not ever really done, and I'm saying this not to, like.

00:24:50.000 --> 00:25:01.000

make anyone feel bummed out. bummed out that, like, you mean we're never done? But to just say you don't have to hold yourself to some mythical waiting until.

00:25:01.000 --> 00:25:06.000

Well, when I'm perfect, well, one day I will always be healing. It's not about that.

00:25:06.000 --> 00:25:16.000

Because I've been fully in my Taurus, like I said, in this process of me, when Spirit gave me that command in 2017, it took me 7 years to fully get in that.

00:25:16.000 --> 00:25:20.000

And I was prepared, and I was in that 6 months.

00:25:20.000 --> 00:25:30.000

Before the 4am Club happened, and so you can see how my Taurus has been activating, healing, neutralizing, steadying people this whole time.

00:25:30.000 --> 00:25:39.000

And yet in this whole 2 years you've seen me. There's some things that I've been battling. There's some things that I've been healing. Things come up.

00:25:39.000 --> 00:25:43.000

You can be finished and not finished at the same time. Does that make sense?

00:25:43.000 --> 00:26:00.000

We don't have to hold off and delay and feel, oh, I'm a slave to healing. No, you can be finished, and then occasionally something new comes up, and that's okay. Because what we're finding out in this Taurus, in this energy field, is that we circulate through things so much more quickly.

00:26:00.000 --> 00:26:09.000

The stuff that used to take me months, years to really heal and work through, it was taking me days, hours.

00:26:09.000 --> 00:26:11.000

And I've heard from a lot of you that are feeling that same.

00:26:11.000 --> 00:26:20.000

So even though, yes, we're still a work in progress, we're still extracting the Velcro, it doesn't mean we're not done yet. It doesn't mean we can't benefit.

00:26:20.000 --> 00:26:38.000

And in addition, there's a lot of. There's a lot of transmuting that's happening, a lot of... karmic clearing that's happening. Old timelines closing out grief endings. These things are happening on other timelines, other versions of self we're not consciously aware of.

00:26:38.000 --> 00:26:51.000

So what we feel is a lot of emotion, a lot of emotional flooding and confusion. Why am I feeling this way? Did y'all see me crashing out on TikTok a week ago? So much grief. Oh, grief and ending?

00:26:51.000 --> 00:26:56.000

Just... I saw them for, like, 2 days, and I kind of knew what it was about.

00:26:56.000 --> 00:27:07.000

But it really was just old things clearing and moving through. And so we can be an emotional hot mess and ascend it. Okay? There is no perfection, there is progress.

00:27:07.000 --> 00:27:15.000

And as we have that loose relationship to the intensity, oh, okay, another wave. Oh, yep, that old thing I thought I was done. I guess again. Okay.

00:27:15.000 --> 00:27:23.000

Um, this is part of the process. It's all normal. It all sucks, okay? It's, it's hard.

00:27:23.000 --> 00:27:26.000

But this is the path, this is the way.

00:27:26.000 --> 00:27:41.000

Okay. I'm gonna take a drink break. Uh, let me know if you have any comments, questions, if I can clarify any of that before, um, before we move forward.

00:27:41.000 --> 00:27:50.000

Ooh. And also, it's no... it's no surprise to me that I get my mast cell heat.

00:27:50.000 --> 00:28:00.000

Heart shock or throat chakra pathway. Because the heart is the center of this torus and the throat, I speak to large collectives.

00:28:00.000 --> 00:28:07.000

So my activation energy, even when I'm... it's not it's just a lot. This is where I feel it.

00:28:07.000 --> 00:28:18.000

Okay, Ursula says, crystalline consciousness technique really helped move into the new energy. Great recommendation. If you want to look that up.

00:28:18.000 --> 00:28:23.000

How do you perceive your toroidal field? Okay, so it looks like a donut, or a bagel.

00:28:23.000 --> 00:28:27.000

And we are standing right in the center of the hole.

00:28:27.000 --> 00:28:36.000

And if someone would love to Google a picture of the Taurus and plop it into the chat, that might be really helpful to see it.

00:28:36.000 --> 00:28:41.000

It looks like that, and so you can imagine the infinity loop.

00:28:41.000 --> 00:28:51.000

With us in the center, that's what it looks like. And what it feels like is unbothered, slow ease, creativity.

00:28:51.000 --> 00:28:56.000

There's more a sense of sovereignty. I'm in my own energy.

00:28:56.000 --> 00:29:07.000

I am who I am. I'm unaffected. I like my own company. I prefer people at my vibration. It's a very, like, peaceful solitary.

00:29:07.000 --> 00:29:14.000

not necessarily the hermit that a lot of us have had to be on a spiritual journey. I can go through the world and not be affected by the world.

00:29:14.000 --> 00:29:19.000

Okay, someone Kelly posted it. Oh, that's a very cool picture.

00:29:19.000 --> 00:29:23.000

Yeah, HeartMath Institute has good photos, they talk a lot about it.

00:29:23.000 --> 00:29:38.000

Okay. How large do I feel it? Okay, let's talk about this, babe, because... For a long time I was like, I'm having a heart attack.

00:29:38.000 --> 00:29:44.000

I'm dying. Because that heart energy and that heart chakra expansion.

00:29:44.000 --> 00:29:56.000

feels like pressure, intensity. And I was like, am I... what is this? Is this a panic attack? Can I not breathe? Is this asthma? What is it?

00:29:56.000 --> 00:30:00.000

So it begins with this feeling of pressure in the chest.

00:30:00.000 --> 00:30:05.000

And then it moves to expands through the column, the chakra, the central column.

00:30:05.000 --> 00:30:26.000

And then through the extremities as tingles. And I call them energy waves, because that's how they feel. They come in waves. But if you want a very detailed look at how this affects the physical body, I have a blog post, [geoprism.com slash blog](http://geoprism.com/slash/blog). It's about energy waves, and I went system by system how they affect us. Nervous system, um, histamine system.

00:30:26.000 --> 00:30:38.000

Vestibular axis. I went very scientific with it. And so... Oh, hold on.

00:30:38.000 --> 00:30:56.000

And so this is a multi-system experience. There are times when our systems are activated into it, and that tourism gets really big and we feel the expansion. It feels very, very big. And other times it's smaller. And it happens automatically. We don't have to know and manage and process and command. It just adjusts.

00:30:56.000 --> 00:31:04.000

to the environment. So it can feel very big and expansive. It can feel very... Like, we don't notice it at all.

00:31:04.000 --> 00:31:16.000

The real way to notice over time is how you're affected by outside stimulus, stress, anxiety, fear, how easy it is for you to... Help others be present in chaos.

00:31:16.000 --> 00:31:24.000

It's how do you move through the world changes, how you feel centered in yourself changes. So that's how you know.

00:31:24.000 --> 00:31:40.000

I also can feel when I'm healing somebody, and I don't know if this is an effect of the Taurus or if this is just part of my gift as the prism as the healer, I get particular... there's a particular sensation of chills. Oh, and I had a really cool experience of this. So when I got this tattoo.

00:31:40.000 --> 00:31:54.000

It's big and black, and so there was a lot of healing that happened. When the tattoo on day 2 or 3 went into that healing phase and the body's healing system, and that turned on.

00:31:54.000 --> 00:32:02.000

That is the exact sensation, the exact sensation that I feel when I'm healing somebody.

00:32:02.000 --> 00:32:13.000

And that's why I will narrate, oh, a lot of chills, a lot of tingles, I, there's specific sensations that happen in my body when someone near me is being healed because of my energy system.

00:32:13.000 --> 00:32:27.000

And yes, part of that is possible, and that's what becomes possible when we're in this toroidal energy field. So, I would love for you to notice when you're out in public, maybe you're at a family event, maybe you're at the store, you're on the transit, wherever you are.

00:32:27.000 --> 00:32:31.000

See if you ever feel a tingle or a chill.

00:32:31.000 --> 00:32:41.000

See if you suddenly feel an emotion and don't know why, and then it goes away. This is your energy field, your Taurus, healing, activating, neutralizing the world around you.

00:32:41.000 --> 00:32:52.000

So, that's why I say us just going through the world is so much more powerful than you will know. If we could see ourselves the way they see us, and they're showing me.

00:32:52.000 --> 00:33:13.000

It's... it's like those images where they take images of Earth from space, and you see the lights, like the big cities. That's what we are. We're these beacons of light, and then our light radiates out, and then other little beacons catch, and we are this net of light, and that's what they showed me last month about this net of light above the Earth, and we're creating, and we're connecting, and we're inviting other people.

00:33:13.000 --> 00:33:25.000

We may feel like we're living small lives. We are not. We are spiritual badassess and warriors and ancient souls who came here with a mission, and we are going to accomplish it, and we are accomplishing it.

00:33:25.000 --> 00:33:38.000

So just simply existing and feeling what you feel and being willing to keep coming back and keep stepping up, and keep moving ahead, that's your soul work, and you're doing it beautifully.

00:33:38.000 --> 00:33:46.000

Okay, I'm going to pause for a drink, and we're going to open up to a bit more direct guidance on the moment.

00:33:46.000 --> 00:34:07.000

I'm gonna see who's here. Hold on. I'm like, who's here? Okay.

00:34:07.000 --> 00:34:23.000

I'm seeing... I'm seeing the Guides of the Ascension, which is a collective I work with a lot. I channel them a lot. If you've been to some of my channeling events in 2025, um, I channeled these Guardians of Ascension guides, guides, collective guides of Ascension.

00:34:23.000 --> 00:34:28.000

These are... Okay, I'm hearing Time Lords.

00:34:28.000 --> 00:34:34.000

Is that like a Doctor Who reference? Time Lords. They are like Time Lords, and there are these.

00:34:34.000 --> 00:34:41.000

like sentinels, guides, guardians of all the major timelines.

00:34:41.000 --> 00:34:47.000

And I'm seeing it like, you know, these massive 30-foot-tall statues in Egypt, these pillars.

00:34:47.000 --> 00:34:55.000

And they're standing on this tube of light. It's like a fiber optic cable, which is how they always show me timelines.

00:34:55.000 --> 00:35:07.000

Timelines are where we have these collective potentials. But then within that potential, we have... I don't know, thousands, millions, infinite? I don't know. We have all these individual timelines.

00:35:07.000 --> 00:35:14.000

So that's how collective we collectively we're going through the same thing, but individually, privately, it can have a lot of variation.

00:35:14.000 --> 00:35:23.000

So individual timelines and collective timelines. And I saw a comment earlier in the chat, and there were a lot of responses, so I felt like you got it. Oh, it just came up again.

00:35:23.000 --> 00:35:36.000

Okay, I always get confused on the term timeline, jumping the timeline and just possibilities. Are they the same? Yeah, they're the same. So a timeline is... a set of potentials that could manifest this way.

00:35:36.000 --> 00:35:42.000

And that's why there's always multiple timelines. And how our consciousness experiences it.

00:35:42.000 --> 00:35:52.000

I'm just one individual timeline of this body. My consciousness up in heaven, the oversoul up in heaven, my higher self, whatever you want to call it.

00:35:52.000 --> 00:36:09.000

the original soul, the OG. They're up there, and how spirit has shown this to me is

there's all these little peg people like in the game of life, a little peg people or like foosball. They're little pegs, and my consciousness is the energy that divides itself into all these different peg people.

00:36:09.000 --> 00:36:17.000

These could be different lifetimes, different incarnations. Gia could be alive in 100 different bodies right now. I don't really know. The point is not to know.

00:36:17.000 --> 00:36:24.000

The point is that every single version of us that exists in the multiverse is feeding up to that same oversoul.

00:36:24.000 --> 00:36:30.000

So much like the guardians of Ascension, who are on these timelines.

00:36:30.000 --> 00:36:38.000

Our oversoul is monitoring. What are they experiencing here and here, and there, and there, which is why, side note that'll blow your mind if you didn't know this already.

00:36:38.000 --> 00:36:45.000

You can go through something here that heals you in different timelines that you didn't even know exist.

00:36:45.000 --> 00:36:49.000

And vice versa, which is why suddenly things just seem different.

00:36:49.000 --> 00:36:55.000

Or just better. Or we went through an emotional thing, and I don't know what happened. A different version of you in the multiverse.

00:36:55.000 --> 00:37:01.000

conquered a challenge, or healed something, or resolved something, or made a big change, and it ripples out and affects all of you.

00:37:01.000 --> 00:37:08.000

And everyone you affect. So, I know it kind of breaks the brain.

00:37:08.000 --> 00:37:22.000

And the important thing, again, is not to understand the specific nuance of it, but to understand from a big picture perspective what's happening. So... This is why I say, when everyone who is like, I don't know, am I gonna make it? Y'all are not the ones to worry.

00:37:22.000 --> 00:37:28.000

If you're even aware of the fact that this is happening, and you have the intention.

00:37:28.000 --> 00:37:35.000

you're gonna get there. You're good. Because in addition to our oversold monitoring all of this.

00:37:35.000 --> 00:37:42.000

We've got these Time Lords guides, collective guides of Ascension that are on these main timelines.

00:37:42.000 --> 00:37:55.000

And remember, time doesn't exist. Linear time is a construct of the 3D earth. That's the 4d, the 4th dimension is time, so that we experience things chronologically to process it.

00:37:55.000 --> 00:38:17.000

But these spirits, Oversoul, Time Lords, guides. Okay, what's a good way to explain this? If you've seen like this is an old movie by now, Minority Report, or any movie. Maybe it's a Tony Stark thing where they have the digital board, and they're, like, flipping and this and that, and it's just these, like, potentials, and they can flip here and there. They can see every potential outcome of every action ever.

00:38:17.000 --> 00:38:28.000

both in the individual fiber optic cables and the big timeline. They see where all of this is going. We're very, very... watched over.

00:38:28.000 --> 00:38:35.000

And this is why so many of us incarnated. We essentially incarnated backwards in time.

00:38:35.000 --> 00:38:43.000

to be the vessel to do the thing, to spread the light, to anchor the light, whatever it is that we're doing, to prevent a future outcome.

00:38:43.000 --> 00:38:58.000

Yeah, I'm seeing Doctor Strange, um, Spider-Man Multiverse, all of these movies have come out to a low-key... I still haven't seen all of Loki, I need to. But yeah, Loki. Um, all of these movies have come out to help us understand what we're doing.

00:38:58.000 --> 00:39:10.000

Right now, and what the universe is really like. So even if we don't know consciously, subconsciously, our soul knows we're here, okay? So...

00:39:10.000 --> 00:39:27.000

All right. Can I say that? Hold on. Yeah, they're telling me very, very, very specifically, these guardians, they want you to know nuclear fallout is not going to happen on any timeline in any potential, in any possibility.

00:39:27.000 --> 00:39:32.000

It is not allowed, it will not be allowed. It will be prevented. It's not happening.

00:39:32.000 --> 00:39:49.000

And I've shared that before, but what they're showing me now is it's not simply a matter of they will stop it, the ETS will stop it, etc. They will, there are timelines where people are already hanging out with ETs. I'm not on that one, alas. I mean, maybe I am. I probably am. I don't know.

00:39:49.000 --> 00:40:08.000

Um... What they're telling me is that... Everything they had me share about the Taurus and the energy field, and the light grid, and the whatever, we're having chills. We are the ones who are making sure that that doesn't happen.

00:40:08.000 --> 00:40:14.000

We are the soldiers, the armies of heaven, who are in place and have been in place.

00:40:14.000 --> 00:40:21.000

Ooh, so many chills on this! We are the ones who are affecting the timelines and changing the timelines.

00:40:21.000 --> 00:40:25.000

And we're having that impact. Okay, okay, okay, how do I break this down?

00:40:25.000 --> 00:40:39.000

So here's an example. Much of what manifests timelines, it's like I was talking to... talking about earlier, about these bad people, these selfish, terrible people want to do things because they don't care about consequences and they... whatever.

00:40:39.000 --> 00:40:50.000

Okay. They do manifest through their own dark desire, through their own energy, through their own ability to cause fear, extract from it, and create from that.

00:40:50.000 --> 00:40:55.000

That does exist. Hold on, where are we going with this?

00:40:55.000 --> 00:41:01.000

Okay, and so, as people who maybe are not awake, less awake, less aware.

00:41:01.000 --> 00:41:11.000

They do get knocked around, and I don't know, he said it's gonna happen, and But they're in Pardas, and we're, you know, we're just, we're whipped around by the frenzy of everyone who isn't regulated.

00:41:11.000 --> 00:41:27.000

Who imagines a terrified future, who uses quote-unquote logic to project into a future, this is gonna happen! How many freaking times did people say, martial law, that was the plan, it's gonna happen. No, it fucking isn't. I'm sorry, pardon my language, like, stop with that.

00:41:27.000 --> 00:41:33.000

This is all part of the chaos, the mass hysteria, the extraction from the hourglass.

00:41:33.000 --> 00:41:51.000

Someone's worst fear is nuclear fallout. Someone's worst fear is martial law, and as they panic and put that out there, and talk about it, and whip people into a frenzy, that energy attracts people to that timeline where everyone who's afraid of it goes, oh no, are we gonna... And then you're vibrating in that reality.

00:41:51.000 --> 00:42:11.000

And I'm not saying this to shame people who get stuck in that loop. Our anxiety is a And let me tell you how long I was terrified of environmental collapse and drought and famine, and we're all gonna die. I know what it feels like to be caught in that fear loop that you can't get out of. It's a panic, it's an anxiety, it's an OCD you can't control. I'm not shaming anybody.

00:42:11.000 --> 00:42:16.000

But I'm explaining what happens when people get whipped into a fear frenzy.

00:42:16.000 --> 00:42:26.000

That creates a timeline. Meanwhile, don't you worry, the guides of Ascension are over souls. We're all here to make sure that those timelines get neutralized.

00:42:26.000 --> 00:42:41.000

But it's not only that, it's an extraction, meaning we're going to bust our friends and fellow people out of those timelines. It's not just that we are simply neutralizing energies, neutralizing timelines, making different choices, creating new light grids. Yes, we are.

00:42:41.000 --> 00:42:46.000

And a very, very important part of this mission is rescue.

00:42:46.000 --> 00:42:55.000

We have to be among the Muggles. We have to have people in our lives who don't get it, who are still afraid and angry and are contributing to that, or afraid of that.

00:42:55.000 --> 00:43:00.000

We had to be put in those systems because as we go around.

00:43:00.000 --> 00:43:10.000

And we soothed their fears. And we help them process their trauma. We help them release their anxiety. We get into therapy, we invite them into therapy, whatever it is that we do.

00:43:10.000 --> 00:43:14.000

What happens is we are helping them release their velcro.

00:43:14.000 --> 00:43:19.000

We're helping them neutralize the timeline within themselves that they're in danger of

creating.

00:43:19.000 --> 00:43:26.000

Does this make sense? This is not simply a float above and don't worry about it and create a timeline. We're on a rescue mission.

00:43:26.000 --> 00:43:35.000

And that's why we are in community with each other. The Muggles and the mystics alike. We're here together to rescue people from that fear mission.

00:43:35.000 --> 00:43:40.000

Well, from... yeah, the fear mission of the bad... the bad guys. Okay.

00:43:40.000 --> 00:43:53.000

Yeah, Judy says the No Kings Rallies helped with that energy. What we put out there then spreads, and people don't even know what they're reacting to, but they are. We're generating energy. In our Taurus, the big energy fields, and it radiates out.

00:43:53.000 --> 00:44:01.000

With our belief, with our hope, with our faith, with our grounded maternal, wise, fatherly presence.

00:44:01.000 --> 00:44:05.000

We can sit with people in their fear. I know, it's really scary out there.

00:44:05.000 --> 00:44:13.000

People don't want to be contradicted of their fear, they want to be validated in their fear so they feel safe letting go of that fear.

00:44:13.000 --> 00:44:20.000

and trying something different. As part of what we're here to do.

00:44:20.000 --> 00:44:26.000

Yeah, Michelle says, after reading of the latest threat, I repeated to myself, fear is an illusion.

00:44:26.000 --> 00:44:44.000

And the second light circle that Spirit ever had me do, the first one was called Anchor the Light, and it's all about this process of anchoring the light, and what we're here to do, and timelines, and all that. The second one they had me do was called... was a call. Okay, moving through the mirage of fear. It is a mirage.

00:44:44.000 --> 00:44:57.000

Now, that mirage can become physical, because we have sovereignty, and we are creator beings, and if you are really bound and determined to create something terrible for yourself, heaven and earth cannot stop you.

00:44:57.000 --> 00:45:03.000

But there are so many different checkpoints and safeties and help and support along the way.

00:45:03.000 --> 00:45:12.000

But do you know how many people in my comments I see who are bound and determined to be angry and in fear and reject all voice of reason. That is their choice.

00:45:12.000 --> 00:45:26.000

That is their choice. You cannot, I mean, how many times have we had someone in our lives who? Oh, bless their hearts, they're a train wreck and we're trying to help them. We're trying to there are sometimes with some people you cannot prevent the train wreck.

00:45:26.000 --> 00:45:33.000

They are choosing that, they are creating it, maybe it serves a greater soul purpose, and you can't stop them as much as we want to.

00:45:33.000 --> 00:45:49.000

But, we are here to do our part across all these timelines and all these realities, neutralize the threat, radiate peace, anchor the light, attract people to the better timeline, to the peaceful timeline, the transitional timeline.

00:45:49.000 --> 00:45:57.000

To go out through the world, hair, bear, Stare, Johnny Appleseed sprinkling our pixie dust everywhere we go.

00:45:57.000 --> 00:46:00.000

These are all beacons to help people say, wait a minute.

00:46:00.000 --> 00:46:07.000

I don't want to be in fear anymore. Look, they're vibing! Like, they're good. I'll have what she's having.

00:46:07.000 --> 00:46:20.000

This is all a Johnny Appleseed, not a Johnny Appleseed, Pied Piper. I've been saying that, I'm like the Pied Piper of timelines, helping rescue people off catastrophic timelines. We're all doing this.

00:46:20.000 --> 00:46:27.000

Okay, I'm gonna take a drink, and I'm gonna go back to these Time Lords and what they want to say.

00:46:27.000 --> 00:46:33.000

I think all of this really is just... An affirmation that we're doing enough.

00:46:33.000 --> 00:46:46.000

We really are doing enough. It's... The biggest job in the world, and yet we're all doing it. We're automatically doing it. So if we stop panicking about, am I doing it? Am I going to make it? Am I doing enough? You can relax into, oh, but I already am.

00:46:46.000 --> 00:46:50.000

Looks a little different than we thought. It's a lot easier than we thought.

00:46:50.000 --> 00:46:58.000

Okay.

00:46:58.000 --> 00:47:21.000

Okay, so they're showing me the different timelines. I'm just double checking, because this is... So, what they're showing me is we have these parallel main timelines, the big... the big... tubes with all the timelines inside.

00:47:21.000 --> 00:47:32.000

Is it that simple? Okay, all right. Well, they're sort of saying... Yeah, you can look at all these, just for purposes of this moment. A what's Trump gonna do timeline, okay?

00:47:32.000 --> 00:47:49.000

It's not... he's not like the center of the universe, but we know he's a very useful central figure in galvanizing the ascension. Okay, so this is why so many psychics and intuitives and myself in those bubbles, what we've seen are different potentials. Does he die? Does his own cabinet remove him?

00:47:49.000 --> 00:47:55.000

Does he get arrested first? Like, what... they've shown me all these different things.

00:47:55.000 --> 00:48:00.000

And now what they're showing me is so those are the cable or the the.

00:48:00.000 --> 00:48:12.000

Tubes? Okay, tubes. For the main timelines, but all the cables within are the individuals. What do they choose? What do they want? What are they ready for? What are they prepared for? What work have they done?

00:48:12.000 --> 00:48:18.000

all the defeated, no, nothing ever happens, bad guys always win, there's no justice.

00:48:18.000 --> 00:48:22.000

That's your energetic currency. What timeline are you feeding?

00:48:22.000 --> 00:48:39.000

This is why those of you who've been intuitive and sensitive and feel timelines and potentials, and it's definitely going to happen, and then you wake up the next day, well, that didn't happen. That's to do with people spending their energetic currency, migrating from timelines because they weren't energetically a match for justices here.

00:48:39.000 --> 00:48:45.000

We have gotten so close, and then the energy waned and dissipated. It's been incredibly frustrating.

00:48:45.000 --> 00:48:59.000

But the time guardians, the timeline Ascension Guardians are just... They're very calm, very peaceful, you know? Their arms are folded, they're in their robes, they have eternal patience for this, because what they're showing me is.

00:48:59.000 --> 00:49:06.000

It does not matter. Those are strong words. It does not matter.

00:49:06.000 --> 00:49:14.000

The earth is too precious. Ascension is too important. The path is already... you're already so far along the way.

00:49:14.000 --> 00:49:25.000

At the point we're at now. Do not fear the manifesting potentials of the moment, because the end result is already a short.

00:49:25.000 --> 00:49:30.000

And what they're showing me is these timelines, the tubes.

00:49:30.000 --> 00:49:38.000

The cables people are jumping from timeline to timeline, experiencing this, experiencing that, and okay, okay, okay, okay, so what they're saying, they're showing me.

00:49:38.000 --> 00:49:52.000

Yeah, even him acting like an insane is important, because that triggers things we need to heal, things we need to work through. That triggers action and anger, and finally gets people to care.

00:49:52.000 --> 00:49:59.000

Quit moaning and do something. Care. Have an opinion for hell's sake.

00:49:59.000 --> 00:50:06.000

So they're like, it doesn't matter what he does, it's all being harnessed for the greater good.

00:50:06.000 --> 00:50:11.000

And I'm seeing this really weird image, he's like, Trump's like a marionette, and just gets, like, jerked into it.

00:50:11.000 --> 00:50:24.000

And yeah, there are, okay, bad guys, quote unquote, the bad guys using him for his... for their purposes, but also the divine, who... Say this crazy so people will go,

absolutely not!

00:50:24.000 --> 00:50:47.000

He is a puppet in all of this. It's all being managed, overseen. It's all purposeful. It's all getting us to where we need to go, okay? And so these timeline tubes and all the cable hopping we're doing, what they're showing me, I'm seeing four, and I don't know what that means. If that's just what they're showing me, or if we have literal 4 main options. I don't know.

00:50:47.000 --> 00:50:54.000

Four main tubes, and all of them, at some point, bend together in one timeline.

00:50:54.000 --> 00:51:11.000

It all has the same end result. So don't worry about the fluctuations along the way. Keep doing what you're doing. Johnny Appleseed, Pied Piper, whatever. I was mixing my metaphors. Just do what you're doing. Care Bear Stare. Be the light, anchor the light, attend to your healing, move through what's presented.

00:51:11.000 --> 00:51:25.000

All of that is helping do the work, and we're going to get there. But I do have to tell you, this is why I was like, can I really tell you this? They keep showing me this. They want us to know. Yeah, there is a timeline that veers off, and it's not part of where we're going.

00:51:25.000 --> 00:51:35.000

So that 3D 5D split is very real. Okay? And spirit, we're going to need a lot of help.

00:51:35.000 --> 00:51:43.000

a lot of help to understand how we live this and navigate this. Okay, so they say.

00:51:43.000 --> 00:51:52.000

for your continuity, you will not see it. You will not see the worst of what that timeline has to offer.

00:51:52.000 --> 00:52:04.000

You won't even see it. By the time, okay, because... It's like, if you have two simultaneous paths, and you're only a... one is just a degree different.

00:52:04.000 --> 00:52:21.000

This path keeps going, and this path at first, we're so close, but the more it goes, do you see they split. They split so differently. I'm sorry if you're listening and not watching. If you imagine two paths, they look like they're perpendicular, but at some point, that one degree ever so slightly bends, and it goes further and further and further away.

00:52:21.000 --> 00:52:28.000

So by the time the really intense goes down, you're not going to see it, you're not going to know.

00:52:28.000 --> 00:52:36.000

So, yeah, whistleblower, the probability declines, okay? Yep, Pushita says, what about our families? This is the biggest concern most people have.

00:52:36.000 --> 00:52:45.000

And again, that's why I say the people we're worried about are not the people to worry about, because what they're showing me on this timeline.

00:52:45.000 --> 00:52:51.000

These are the truly. Evil, abusive, dark-hearted, destructive people.

00:52:51.000 --> 00:52:57.000

do not want to change, will not ever change. The worst of what humanity has to offer.

00:52:57.000 --> 00:53:02.000

But what they've also showed me is, don't worry about their souls.

00:53:02.000 --> 00:53:12.000

And I know this as a psychic medium who's been doing this professionally for like 10, 11 years, not 12. What year is it? 11 years now.

00:53:12.000 --> 00:53:28.000

When you see the soul in the eternal perspective, there are no evil souls. There are no bad souls. Some take some really terrible terms, and then they gotta spend some time on that wheel of karma, working it out. But others... are here specifically to be the villain.

00:53:28.000 --> 00:53:33.000

They're not meant to ascend in this life. They're here to be the villain for our awakening.

00:53:33.000 --> 00:53:49.000

So, do not worry about who's going down with the ship. Their soul is safe. Their soul is fine. They're either here to play a role or they didn't quite make it in this go around. But don't worry, there are other versions of reality where they're going to keep growing, keep expanding. Souls are eternal.

00:53:49.000 --> 00:54:08.000

There is no fear in the spirit realm about what will happen. And I can tell you, as someone who was not only had many past life memories, but experienced my life on the other side. I've had experiences post-death, I've had experiences in the in-between, I've had experiences before I started incarnating. I've explored my soul.

00:54:08.000 --> 00:54:20.000

in many different aspects. To a soul, once they come fully out of the human experience, it's like dust it off. Well, that sucked. Okay, what's next?

00:54:20.000 --> 00:54:30.000

So all of our human fears and worrying, that's our love, that's our empathy, that's beautiful. But if it's harming you and keeping you in fear, you've got to adjust that belief and let it go.

00:54:30.000 --> 00:54:38.000

This is not me being insensitive, this is me telling you the spiritual truth. That soul is gonna be fine.

00:54:38.000 --> 00:54:49.000

Now, the other part about... For some of us, some people in our lives may not be going with us on our timeline.

00:54:49.000 --> 00:54:59.000

And I don't want anyone to be in panic about, that means they're all gonna die, and it's terrible! Yes, we have to process the human fear and sadness of losing someone we care about.

00:54:59.000 --> 00:55:18.000

But remember, they're showing me these different tubes of reality. Only the one that goes off is just the truly darkest of evil who are not ever going to ascend. People who are still messy and complicated, and maybe they're trying, maybe they're just under decades of wounding that has manifested as rage and abuse.

00:55:18.000 --> 00:55:22.000

Maybe they're not going to make it on your timeline.

00:55:22.000 --> 00:55:37.000

That doesn't mean eternal damnation for you. That means, alright, they're just not going to be able to shift enough to keep pace with you. And so what that looks like is how many times have you just lost touch with a friend?

00:55:37.000 --> 00:55:51.000

Or you just... you used to love going to lunch with your sister, but she drives you nuts, and you just don't want to go to lunch anymore. This is what it looks like when our timelines diverge, and we're just on different paths. We just can't hang, we can't vibe with them anymore.

00:55:51.000 --> 00:55:58.000

That's what it looks like when our timeline split. Now, this truly disastrous one, we're not going to see it at all.

00:55:58.000 --> 00:56:07.000

And we're not going to worry about that, because if we're here with the ability to affect those we love, we have to both trust in their sovereignty and trust that if they're going to keep pace with us.

00:56:07.000 --> 00:56:15.000

That's their soul path. Great. But we have to stop making it our entire mission, our entire purpose, and putting stress and fear and anxiety behind it.

00:56:15.000 --> 00:56:22.000

And I know trust is hard when we're like, is he going to nuke us all? I get it. Our human fear.

00:56:22.000 --> 00:56:29.000

is very big and very loud. So that's why all of this... okay, and again, I wish... I wish you could see.

00:56:29.000 --> 00:56:38.000

Maybe you can. what these timelines look like, and what these guardians are.

00:56:38.000 --> 00:56:48.000

the most patient, the most steady. The most calm, and also, I'm getting this energy of like intelligence beyond what we can fathom.

00:56:48.000 --> 00:56:56.000

And when I say intelligence, it's both divine intelligence and it is the wisdom and knowledge to know what needs to happen here.

00:56:56.000 --> 00:57:10.000

And if you've seen the movie The Adjustment Bureau, awesome movie. Another great one about timelines, how we affect them ever so slightly. It's Matt Damon and Emily Blunt. Delightful love story. Awesome movie.

00:57:10.000 --> 00:57:23.000

But there are these beings in here whose job it is to make sure the human stays on the path they want them to be on, and it's a very neutral, it can feel cold and heartless, it isn't, it's wisdom, it's knowledge, it's, okay, I know you really want that.

00:57:23.000 --> 00:57:28.000

Think back to the person you really wanted to marry when you were young and dumb.

00:57:28.000 --> 00:57:36.000

And what would your older, wiser person self say to that person? I know, but Daddy, I love him. I know!

00:57:36.000 --> 00:57:48.000

This is not the path for you. They have that very wise, grounded, anchored... They're going to see it through. They're going to ensure that we see it through.

00:57:48.000 --> 00:58:11.000

They're not afraid. They're not rattled. I get very angry when I see people with the narrative of, the war in heaven, and are we gonna make it? And we're fighting the

darkness. It's Hollywood drama. That is not how eternal beings see us here. It's not, oh no, are they gonna make it? It's... We're going to make it. This is an eternal plan many eons in the making. We are making it.

00:58:11.000 --> 00:58:19.000

that... that idea that we might not make it all, like, that's not a thing. Stop it! I'm like, slap them. It's not a thing.

00:58:19.000 --> 00:58:42.000

We are making it! So this idea that... Oh no, we have to fight it. That's coming through someone's perception that they haven't healed yet. That's coming from that psychic or tarot reader or astrologers perspective. They themselves have not won their battle with fear. So they're projecting everything they're receiving through the lens of fear. Don't listen to that. That's not for you.

00:58:42.000 --> 00:58:56.000

Okay. That's funny, Daisy says, it says, right in their Bible, the war is already won. Like, they don't get it. They don't get it. Okay. All right.

00:58:56.000 --> 00:59:07.000

just so unbothered and wise and just... Grounded study cannot be deterred. The path is the path. We're going to make it. We are making it. Okay.

00:59:07.000 --> 00:59:19.000

Okay. Um, I'm asking, do we need to know more about... and they're like, that timeline, that's veering off. We don't need to worry about that.

00:59:19.000 --> 00:59:27.000

That is... okay. They're showing me it's like a vehicle for those souls who were never meant to ascend.

00:59:27.000 --> 00:59:37.000

They will be grateful that their soul's path is done. Because when we pull into that eternal perspective of those souls who have volunteered to be the bad guy in our lives.

00:59:37.000 --> 00:59:54.000

That's a really hard truth to process if you're not done processing, you know, abuse and wounding. It's really... it's a hard truth to swallow. And that's okay. Take whatever time you need if you're on that path. But... The souls who volunteer to be our aggressors.

00:59:54.000 --> 01:00:03.000

That's a special kind of soul. Who can put themselves in such deep amnesia.

01:00:03.000 --> 01:00:10.000

When you look at it that way, how much they actually love us, that they're willing to do that.

01:00:10.000 --> 01:00:21.000

Because it accrues karma on them. It's stuff that they will then have to work through. It's incredibly challenging for that soul to be that person.

01:00:21.000 --> 01:00:27.000

They're not meant to ascend with us. They're meant to be our bad guys so that we could walk the hero's journey.

01:00:27.000 --> 01:00:40.000

Everything that happened to you made you who you are, so you could be here in this ascension time, in this lifetime, to be the hero, to be the victor for ourselves, for others.

01:00:40.000 --> 01:00:47.000

Those who aren't going to make it trust in their divine plan.

01:00:47.000 --> 01:00:51.000

And if that still hurts, go into the wound and what needs to be healed.

01:00:51.000 --> 01:01:00.000

Grief, letting go, processing trauma, whatever it is you need to do, because that's the Velcro pulling, okay? All right.

01:01:00.000 --> 01:01:08.000

Okay, I'm gonna take a drink and scroll through comments, see where we're at, kind of anchor back into the moment, and see if we need to unpack, process, answer questions.

01:01:08.000 --> 01:01:21.000

I feel on the one hand, it's like every time we do these, they're... they're... Having me repeat a lot of what we've talked about, those of you who've been to multiple, but it's deeper every time. It's a new dimension, a new layer, a new certainty.

01:01:21.000 --> 01:01:32.000

And so this work unfolds layer by layer, and I love that. Okay.

01:01:32.000 --> 01:01:39.000

Okay, these are hitting in a positive way. I love that. Thank you. You know, the energy of intensity.

01:01:39.000 --> 01:01:57.000

And the fear is very real. and I... I never want to minimize it, because you know me, I really ride that line to where I don't bypass, I don't ignore, I'm not like, it's fine! Um, I really try to honor the severity of our human experience with the emotionality and the fear and the intensity that's very...

01:01:57.000 --> 01:02:13.000

Real. And yet, I wield that higher perspective of, it's all a play. Oh, whoa. Okay, hold on.

Feel the chills on that. The way this hit different.

01:02:13.000 --> 01:02:20.000

How to unpack this? Okay, this is good. I just, like, put you on your suspense.

01:02:20.000 --> 01:02:26.000

And I have so many chills right now. Okay, okay.

01:02:26.000 --> 01:02:33.000

What Ascension is. Ascension is clearing lifetimes of karma in one life.

01:02:33.000 --> 01:02:38.000

That is it. And so how do we do that?

01:02:38.000 --> 01:02:53.000

We orchestrate the most intense timeline ever. That will trigger every single human wound ever accrued in the history of humanity. Can you imagine the complexity of that?

01:02:53.000 --> 01:03:04.000

Every human who's ever been on Earth, who's ever suffered anything, who's ever done anything, whoever died in the most... can I tell you my Irish potato famine genes?

01:03:04.000 --> 01:03:11.000

And my Scottish jeans, who've been colonized by the English, like, my DNA is in terror and fear.

01:03:11.000 --> 01:03:25.000

How much does my... does my lineage, does my soul, do my ancestors' souls, like, think of all the human pain ever, ever, ever, all the unfinished stories, all the life that ended before they could resolve trauma. All of it!

01:03:25.000 --> 01:03:32.000

Billions of lives. These timeline Guardians, the whoever, God, I don't know.

01:03:32.000 --> 01:03:54.000

However you want to conceptualize it. They had to design a matrix, a life, a simulation, a path for all those human... human presenting souls who wanted to have the opportunity to clear a lifetime, not a lifetime, an eternity, a soul's lifetime's worth.

01:03:54.000 --> 01:04:02.000

of earth karma, and do it all in one fell swoop. So they designed this very special simulation to do all of it.

01:04:02.000 --> 01:04:06.000

That is the only thing that we're doing right now.

01:04:06.000 --> 01:04:11.000

Are you getting? I'm like, I don't even know if I can, like, really tell you what I'm getting at here.

01:04:11.000 --> 01:04:24.000

So everything we're seeing is an illusion, is a play, is all a simulation, and all it's here to do is to trigger our trauma so we can clear it and remove it from the soul and move on. And not only that, but we're clearing it from the earth.

01:04:24.000 --> 01:04:30.000

We're neutralizing it from the earth, from the land, from all of these things.

01:04:30.000 --> 01:04:40.000

That's all we're doing, and so it's not going, like... They designed the simulation. Trump didn't do it. Netanyahu didn't do it.

01:04:40.000 --> 01:04:52.000

Putin, whoever, they didn't design the simulation. We're not beholden to them. These timeline guardians, the Ascension guides, this... the universe crafted this matrix so we could all go in here.

01:04:52.000 --> 01:05:22.000

and be triggered and be, oh, or those of us can be here to be like, all right, this is an ascension game, cool, I got this. I have skills in transmutation. Oh, I... I have beautiful maternal energy. I'm gonna do this. Oh, I'm really gifted with pattern recognition. Oh, I'm... I'm a channel, and I can, like, channel art. Like, we all... Avengers assembled, okay? We assembled with our skills to come down and not only go through our... actually, okay, I'll just say my... my higher self has told me many times, I'm not really here for ascension. I don't really need that in my soul. But I'm here to help others in their ascension, because I've been through this before. And that's what came through in the February and March signal fire. You know your soul, your body, you know how to do this. You've done it before. The wisdom is within you.

01:05:36.000 --> 01:05:45.000

So many of us here are not here to actually do our own ascension. That's why I say the people who are worried about ascending do not, do not. You're not here to ascend, you're here to help.

01:05:45.000 --> 01:05:52.000

humans who haven't been able to before. If you're neurodivergent, if you're psychic, if you're intuitive, if you.

01:05:52.000 --> 01:06:02.000

don't belong here. It's because you don't. Your soul is not what Earth is. You've evolved beyond the 3D game lifetimes ago.

01:06:02.000 --> 01:06:09.000

you're just here to help other people and be that anchor and walk the path and let your

energy radiate. We are the specialized crew.

01:06:09.000 --> 01:06:16.000

So for us to fear. Trump and Putin and Netanyahu's Netanyahu, whatever.

01:06:16.000 --> 01:06:25.000

That guy's plan is ridiculous. They're not in charge of what happens. These timeline guardians are in charge of what happens.

01:06:25.000 --> 01:06:31.000

Pashina says, only on one timeline. No. Remember, because the main timelines all converge.

01:06:31.000 --> 01:06:47.000

all of the timelines are going to converge into this end result that the Guardians of the Ascension have planned for us. That one... Timeline that's not going to make it. Don't worry about that, because also remember what Spirit has brought through about the earth herself.

01:06:47.000 --> 01:07:01.000

She's a living being, and living being plants. cycles of humanity, we shed. We don't stay in one static. I always see it as a tulip as a rose. The outer petals need to fall.

01:07:01.000 --> 01:07:15.000

The earth wants to shed her 3D layers. So that version of Earth is going to die. But I do see it as like if you see the Earth and she's got like a sheath and she just opens it like a snake shedding its skin, that version is going to die off.

01:07:15.000 --> 01:07:23.000

That version carries the trauma, the pain, the agony of wars and colonization, and all the terrible things we've been talking about.

01:07:23.000 --> 01:07:34.000

She wants to shed that layer goodbye, so it has to die. So don't worry about that. Do you cry about the petals, leaves that fall and die? No, you don't. Because you know new growth is coming. Don't worry about it.

01:07:34.000 --> 01:07:43.000

Now, I'm a softie, and I hate trimming my plants because I'm like, Oh, no, and I got to get over that because they need to be trimmed. That's healthy for plants. Okay, all right.

01:07:43.000 --> 01:07:55.000

Regina says, what about personal will? Yeah, that's what these individual timeline potentials are. Your individual will. You get to navigate it. But guess what, guys? Sometimes we can get in our own way.

01:07:55.000 --> 01:08:05.000

We can be stubborn. We really want to feel in pain, and I'm not going to budge, because I just need someone to feel pain with me. Your personal will, you can get in your own way.

01:08:05.000 --> 01:08:17.000

And that is why these timeline guardians are not here to control humanity, they're here to control the potentials to make sure we all get there. Oh, and Judy has a lovely picture of gorgeous roses. Perfect timing.

01:08:17.000 --> 01:08:27.000

Okay. So... That was a lot, and I feel like I knew that, but it hit different, right?

01:08:27.000 --> 01:08:46.000

It hit so different today. This... this idea of, like, why would we fear what the humans say they're gonna do, or what they could do? They're not in charge of this reality. They're not. They don't have power over us. There are bigger guardians and bigger forces here that are doing something so much more vast. Why would we fear them?

01:08:46.000 --> 01:08:50.000

Why would we fear them? We're not doing it. Oh, and here comes Daisy. Can you hear?

01:08:50.000 --> 01:08:57.000

Oh, she'd pick out the door. Hi, babes. Okay.

01:08:57.000 --> 01:09:07.000

That was a lot, but that was amazing. Okay, so... Questions about that. Did I... did I communicate that?

01:09:07.000 --> 01:09:10.000

I feel like it was so simple, but so big.

01:09:10.000 --> 01:09:19.000

My mind was so blown.

01:09:19.000 --> 01:09:25.000

Okay. Just like that's landing.

01:09:25.000 --> 01:09:34.000

Yeah, so... I keep hearing April, April. All right, what do you want us to know about April? Okay, hold on. I'm gonna.

01:09:34.000 --> 01:09:41.000

Yeah, bad timelines includes control crap. Listen. Some of... if you look at it this way.

01:09:41.000 --> 01:09:46.000

Yes, there are people who are very, very afraid of being controlled.

01:09:46.000 --> 01:09:55.000

Absolutely. Well, guess what? That is a match for their personal trauma history and their personal karmic history.

01:09:55.000 --> 01:10:02.000

I'm not afraid of being controlled. I used to be when I was still working through my religious wounding.

01:10:02.000 --> 01:10:22.000

where I had a very authoritarian father and community and church. But as I've done my healing and my expansion, I'm no longer afraid of being controlled. I walk that path out of... My pain, my trauma history, whatever karma I needed to work through, and into my space of, oh, actually, they have no power over me.

01:10:22.000 --> 01:10:31.000

Like, yeah, I can't control everything. I can't control that gas prices are high. I can't. I can't control everything. But guess what? Neither can they.

01:10:31.000 --> 01:10:47.000

So... so any fear you have or belief you have of it's absolutely gonna be this that's your trauma history talking. That's the karma you still need to work on. And when you view other, I'll get back to April. I know.

01:10:47.000 --> 01:11:02.000

She's like, what? We're gonna get back there. But this is important. When you view this and you start scrolling social media, and you view it this way. Oh, that's their trauma talking. I don't care if they are a brilliant commentator, if they're a political analyst.

01:11:02.000 --> 01:11:14.000

Professor Jiang, or whatever his name is. You know what I'm talking about? I keep getting tagged in those videos, and it doesn't matter how persuasive their argument is, that is not the totality of reality.

01:11:14.000 --> 01:11:30.000

That's their belief system, their life story, their trauma, their karma, what other people taught to them that they adopted. That's not objective reality. I don't have to play in that sandbox if I don't want to. It may take a lot of healing and work and mindset work, and.

01:11:30.000 --> 01:11:36.000

I gotta work on the OCD and get a therapist and get medication, like, babes, do whatever you need to do.

01:11:36.000 --> 01:11:42.000

Someone else's inevitability is not my inevitability. That's where the free will comes in.

01:11:42.000 --> 01:11:53.000

I can't control if Trump's going to be an asshat, but... I also know and have faith that

we're not going to go down in a nuclear cloud. We're fine, because he's not in charge. Okay.

01:11:53.000 --> 01:12:08.000

All right, so yes, April! I saw this big late April. I'm gonna take a drink, I'm gonna... I'm gonna settle into this and see what they wanna tell me about April.

01:12:08.000 --> 01:12:18.000

I love Daisy, just like without a care in the world. Just flopped. Hello. Hey, baby. Okay.

01:12:18.000 --> 01:12:25.000

Yeah, Daisy, not the dominter says, there is no objective reality. Your reality is designed by what you believe to be true.

01:12:25.000 --> 01:12:34.000

Thousand percent. Now, we have shared realities that are physical conditions. For example, gas prices and whatever else.

01:12:34.000 --> 01:12:49.000

We do have shared realities. But again, these are all variables in the matrix. How are we getting through this time? Raven flying above. Ravens have been everywhere this week. And part of that is just the weather and it's spring and they come out a lot, but they're also a totem animal of mine.

01:12:49.000 --> 01:13:03.000

Okay. I'm hearing very... April is the choice point. April is the choice point. April is the cutoff date. April is when those who have not decided will be forced to decide.

01:13:03.000 --> 01:13:20.000

This is about humanity and ascension. Those who haven't decided will be forced to decide. This is a sole choice. Their conscious mind might not even be aware of it, because there will still be people who are angry, hateful, who haven't awakened, who have not done any work yet, that are still going to ascend.

01:13:20.000 --> 01:13:29.000

And this split will happen while they are still angry in illusion, in delusion, in fear, projecting their fear and doing harm.

01:13:29.000 --> 01:13:38.000

Ascension will happen with these people. The internal soul choice point will happen this month.

01:13:38.000 --> 01:13:48.000

And I'm hearing this huge crack. It's like imagine the biggest the sequoia trees being snapped in half. It is that crack.

01:13:48.000 --> 01:13:54.000

That reverbiates throughout all creation, the crack, the split, the final split.

01:13:54.000 --> 01:14:05.000

Everyone has to, okay? And then it's this image of a train station, Grand Central Station. Everyone is scurrying to get to their train. Some of us are already on the train. We've been reading a magazine for.

01:14:05.000 --> 01:14:30.000

two years now. I don't know. Yeah, Dominic says, hear it like a bone. It is just... Ooh, the final crack, the final severing. Now, what this means is... It is that choice point for those souls in our individual timelines to choose, am I going to take the path of ascension? It doesn't mean I have finished. It doesn't even mean I have begun. But the final choice is now.

01:14:30.000 --> 01:14:40.000

The final choice will happen this month. Okay, and I'm seeing all the planets. How many planets do we have in Aries, and how many are now moving direct? And I'm not an astrologer, so I always say that's above my pay grade.

01:14:40.000 --> 01:14:54.000

Um... But there are cosmic forces, and they have been in progress. Three Eye Atlas, the Blue Kachina Star, I believe that's what that was, the solar energies, the top, like, all these things.

01:14:54.000 --> 01:15:13.000

They've been doing this to get our little people onto the trains and to help us choose, but this will be the final choice. So, it will not look like Ascension as we have expected it. What it will look like is... Okay.

01:15:13.000 --> 01:15:19.000

So if you've been... to Disneyland or an amusement park, one of those rides that goes up.

01:15:19.000 --> 01:15:24.000

And then it drops you. We are going to be in the 0 gravity.

01:15:24.000 --> 01:15:33.000

before the drop, and the drop is not bad. The drop is timelines go. All systems go movement forward. Now, now, now, now, now.

01:15:33.000 --> 01:15:45.000

This month is the final push, the final ordering, everyone scattering, what train are you going to go on? Are you going to eventually ascend or not? Okay, okay, I'm hearing ascension will continue to unfold, and I'm hearing 30 years.

01:15:45.000 --> 01:15:52.000

This is not despair. Please don't cry and be like, I can't make it. No.

01:15:52.000 --> 01:16:09.000

Individually, you make it when you make it. This isn't the group project where we don't get to ascend until the last person. When you're ready, you're ready. But there is this grace period, this window of about 30 years. Their soul has chosen to ascend, but their human might still be an okay?

01:16:09.000 --> 01:16:13.000

They might still be wearing the red MAGA hat to the end, or whatever.

01:16:13.000 --> 01:16:26.000

But their soul has chosen, yes, we're gonna try to do it. No, no, Spirit just said, not try. They will choose, and they will do over the next 30 years, this will unfold. But when we are ready individually.

01:16:26.000 --> 01:16:37.000

We're already there. You don't have to wait and delay your moment. And again, what they said earlier, most of us, we've pretty much already ascended. We're not here to do it for us, we're here to be the stewards of the next path.

01:16:37.000 --> 01:16:50.000

We're here to yeah, they just said, make sure it happens. Oh, and I got chills on that. We're here to make sure it happens with what they said about our choices, our energy, our effects.

01:16:50.000 --> 01:17:04.000

We are here to make sure it happens, and it is happening. Okay, so does cracking, the final choice, the final decision will happen. What you will see is many people going into panic, despair, dark night of the soul, because grief.

01:17:04.000 --> 01:17:14.000

Confusion, chaos, I don't know who I am. Nothing in life makes sense anymore. An absolute crisis, okay? Emotional crisis is gonna hit people this month.

01:17:14.000 --> 01:17:27.000

We do not despair. This is a glorious, joyful moment, because what that means is their soul has chosen, and they have just upended their entire... they've gotten off the scaffolding that their entire life has sat on.

01:17:27.000 --> 01:17:34.000

They've jumped off, they'd gotten the train. The metaphors be poppin'. Oh my metaphors, okay?

01:17:34.000 --> 01:17:50.000

They will have made the decision, and they're going to act out, and they're going to be crazy, and we're going to see absolute chaos, not necessarily this month. Yeah, this month, but as people make this decision and choice point, personal chaos and crisis,

quit my job, get a divorce. I am in despair.

01:17:50.000 --> 01:17:57.000

We don't have to be. This is a joyous moment of their choice, and this will signal. Okay.

01:17:57.000 --> 01:18:08.000

Well, Signal and herald the initiation of the final ascension stretch, and this is that 30 years of rebuild, regrowth, renaissance, rebirth, all of it.

01:18:08.000 --> 01:18:16.000

And this and I'm seeing like this is our time to shine. And I'm giving jazz hands here. This is our time to shine.

01:18:16.000 --> 01:18:25.000

Those of us who are Ascended or are ahead of the rest of the curve, we may still be in progress, but we're on the train. If you have been.

01:18:25.000 --> 01:18:28.000

Oh, the ribbon is right in front of my window. Okay.

01:18:28.000 --> 01:18:42.000

If you have been a lightworker, practitioner, healer, teacher, and it's been very quiet, and business has been very hard for you, and you... I like to say the only lonely weirdo... I was the only lonely weirdo for 10 years, and then the 4AM Club happened.

01:18:42.000 --> 01:18:48.000

Now I have 230,000 lonely weirdos. We're all together now.

01:18:48.000 --> 01:18:55.000

Those of us who are here to step into greater roles of the new, your time will come.

01:18:55.000 --> 01:19:06.000

And that might look like for you, because this whole wave that is not even begun the process yet. They're going to begin it, and they need us. They need you to show them the way.

01:19:06.000 --> 01:19:17.000

Okay, Debbie says 30 years, I might not make it. Listen, hon, you don't have to worry about the end. What this 30 years means is this 30 years is... Their grace period.

01:19:17.000 --> 01:19:35.000

Okay? That's their timeframe where they have this much time for their transformation. If you're transformed, don't worry about it, because what's going to start happening is the rebuild. And I always point to Mayor Mamdani in New York. He's not waiting for Trump to be gone before he's changing things in New York. And he did it day one.

01:19:35.000 --> 01:19:42.000

Constant. So the transformation is going to happen rapidly. It's already happening.

01:19:42.000 --> 01:19:56.000

So you don't need to wait for 30 years before we start seeing good things. The good things are already happening, and it's going to be the spilling out of good, the cascading of good. And this goes back to what Spirit has shown me.

01:19:56.000 --> 01:20:14.000

the whole time in the what's coming next. This whole idea of, yes, the government will fall, yes, they'll be either removed or like again, the variables, but they're out of here. That's where all the timelines curve to that, which actually, Spirit told me that in June. The timelines will merge for it. They will come together for it.

01:20:14.000 --> 01:20:24.000

Whatever that it is, is he dead? Is he removed? Do they military kick in the door? Whatever that it, we decide to collectively manifest.

01:20:24.000 --> 01:20:31.000

And then we have to rebuild. And what they've shown me, if you want to watch the replays of October.

01:20:31.000 --> 01:20:41.000

I believe... was it September or October, what's coming next? Read through the descriptions, it'll tell you. But they gave me so much information about what's coming, and.

01:20:41.000 --> 01:20:54.000

How we rebuild. And it is all these things that progressives have been fighting for, universal healthcare, better pay for teachers, a reboot of environmental protect, like, everything changes, okay? And it begins because they broke everything.

01:20:54.000 --> 01:21:04.000

So... We really don't, okay, so Shanika says, "What is the point of the choice point if they have 30 years?"

01:21:04.000 --> 01:21:18.000

This is about the final separation. where that timeline goes off, and it dies, and we don't see it anymore. So, they have to make this choice point if they want to get on an ascending timeline.

01:21:18.000 --> 01:21:24.000

If they're really not gonna. They don't make that choice, and they go that. Okay.

01:21:24.000 --> 01:21:44.000

So someone said, how do we find old videos? Okay, so... If you go to [geoprism.com slash shop](https://www.geoprism.com/shop/). There's a category for what's coming next, and you can see all the past what's coming next, and they're listed, and there's a description where I try to get the

highlights of what was talked about in that month. So if you're in the Rebel Mystic Society.

01:21:44.000 --> 01:21:51.000

I do have the library that is five core teachings that walk this arc of transformation.

01:21:51.000 --> 01:21:54.000

And I do, oh, that reminds me, I haven't put it in there.

01:21:54.000 --> 01:22:02.000

If you're in the Rebel Mystic Society, you do get a discount on everything else in the shop, and I just remembered I didn't actually give you that discount code.

01:22:02.000 --> 01:22:20.000

But I will do that. If you're a member of the society, you get 30% off of everything in the shop. Um, and that code will appear in... if you go into the portal and log in, it's on the members-only content page, and I'll probably email it to you, too, just to make sure you'll have it. Okay.

01:22:20.000 --> 01:22:27.000

Okay, I got... I got sidetracked into the 30-year... they have to make the choice point, because that final timeline is gonna go off.

01:22:27.000 --> 01:22:36.000

So what this will look like for us is... Yeah, and they're still showing me these... they're saying 4.

01:22:36.000 --> 01:22:42.000

I don't know how literal that is, but these four main timelines were all headed toward Ascension.

01:22:42.000 --> 01:22:53.000

We're going, we're there. So depending on what timeline is appropriate for you, it may be based on your skills and strengths, the type of people you are best meant to serve.

01:22:53.000 --> 01:23:04.000

That may be what puts you on a timeline of... I don't know. I can't I I don't know. Can't be bothered. We're going to be sorted.

01:23:04.000 --> 01:23:16.000

Not only in what we need for our own awakening, but how we can best serve, which is... Really? Shut your mouth. What? Okay, I'm seeing.

01:23:16.000 --> 01:23:27.000

This is why so many of us had the 4AM Clove experience, where we were... I'm so sorry for what I'm about to tell you. We were on a Kamala Harris presidency timeline.

01:23:27.000 --> 01:23:32.000

And Jack Smith report is revealed and he goes to jail.

01:23:32.000 --> 01:23:37.000

But we were rerouted. I'm so sorry.

01:23:37.000 --> 01:23:46.000

We were rerouted. Because we both needed this and we were needed here.

01:23:46.000 --> 01:23:57.000

And take a minute to be angry. Take a minute to be angry or sad, or feel however you feel about that, but the overall feeling they're giving with this.

01:23:57.000 --> 01:24:11.000

I know, we're like, what? Flipping tables! Okay, the overall feeling with this... I felt a lot of chills on this. Oh, and I felt a lot of tears.

01:24:11.000 --> 01:24:15.000

This is how much faith they had in us.

01:24:15.000 --> 01:24:29.000

That we could be the ones to be on this timeline and steward it all, and shepherd everybody. This is how valued. Oh, chills and chills and chills. This is how valued and precious and incredible we are that they needed us.

01:24:29.000 --> 01:24:34.000

And we did it. And I know it sucked, and I know it was awful and hard.

01:24:34.000 --> 01:24:48.000

And you saw me go through... I wasn't spared it either, but y'all, I healed my witch wound this past year. What? How many lifetimes have I come and been a magical person and been murdered?

01:24:48.000 --> 01:25:01.000

I know a lot of them, because I had a lot of past life memories where that happened. Because I went on this timeline, and I was put on blast on Fox News, and it triggered this trauma of their coming to get me again, that's the only way I could have healed it.

01:25:01.000 --> 01:25:15.000

So look through what you've been through since Trump presidency 2.0. That's what your soul needed to heal, and this timeline gave you that, and now... But we can move on. We can move on. We're going to get there.

01:25:15.000 --> 01:25:33.000

And also, okay. And again, those who didn't necessarily need that. I don't believe there's any of us who didn't need it. I'm sorry, because guess what? Those who truly didn't need it are not on this timeline, and we don't see them. I don't know how that works, but

that's very clear from what I'm seeing. But...

01:25:33.000 --> 01:25:47.000

This also means... Again, what they said about us being the anchors and the guardians and the stewards and the pillars of the new earth, and we're in the field and are tourists and we're doing all the thing, okay? So...

01:25:47.000 --> 01:25:57.000

This is what we needed, and we have been moved. Our little peg people again with the oversole and our peg people. We've been put everywhere we needed to go.

01:25:57.000 --> 01:26:17.000

Oh, and they're telling us, okay, okay, oh, okay, they're telling us there is still a version of us on that timeline, and how do you think we're dreaming of what needs to happen next? How do you think we manifested Mom Donnie? And this blue wave of new politicians who were going to come in? Because they're not just Democrats, they're people who are also saying.

01:26:17.000 --> 01:26:34.000

Enough with the establishment Dems who didn't do enough. We need new leaders, we need new, because there are versions of us, other little peg versions in the multiverse, who are on timelines. And I'm not trying to deify Mamdani or Harris or any of them, but it's about figureheads who can steward change.

01:26:34.000 --> 01:26:39.000

There are versions of us on timelines where we've had that leadership.

01:26:39.000 --> 01:26:50.000

And that's how we have the faith and hope and optimism and imagination and energy to lobby and not lobby, advocate, and be, um... What's the word?

01:26:50.000 --> 01:26:58.000

on a blank, activate. For activists because there's a version of us on these timelines where things are awesome.

01:26:58.000 --> 01:27:05.000

Okay, yeah. And they're saying again, this is that timeline. Time doesn't exist. Future versions of us are also feeding into.

01:27:05.000 --> 01:27:12.000

Future versions are feeding into present us. That's what fuels our hope, is a part of us is living the change.

01:27:12.000 --> 01:27:20.000

And we're there, and we're... it's all the things. So when time doesn't exist, all things true at once.

01:27:20.000 --> 01:27:24.000

Make sure you're feeding from, tapping in, excuse me, tapping into.

01:27:24.000 --> 01:27:31.000

what is blossoming and blooming and light and ascending and all the things, okay?

01:27:31.000 --> 01:27:40.000

Okay. Yeah, Whistleblower says, I'm told I'm coming out of survival mode and moving into reward mode.

01:27:40.000 --> 01:27:51.000

Back to that question about the 30 years. We have done our hard work, we have done the heavy lifting. These next 30 years don't have to be hard for us. We can start getting our rewards.

01:27:51.000 --> 01:28:01.000

And what I have lived from getting through my witch wound, from getting through y'all my vanity. And I tell you.

01:28:01.000 --> 01:28:08.000

Right before I started posting, I always had so much self-consciousness about how I looked.

01:28:08.000 --> 01:28:18.000

And I'm getting older and I'm squishy, and I'm not like I used to be when I was 20, and so I wouldn't put myself out there. The lighting had to be right, and the makeup, and I don't know.

01:28:18.000 --> 01:28:33.000

But then the 4 am club happened. What happened 2 weeks before my hair got butchered, and it was... awful. And Election Day, I had a facial treatment that I was beet red and had to have my hair off my face.

01:28:33.000 --> 01:28:41.000

I had to face my self-consciousness! And just show up and post anyway.

01:28:41.000 --> 01:28:50.000

And so, by pushing... and this is, like, a silly example, okay? My vanity is stupid, but whatever. I've been raised in patriarchy, and I'm working on that.

01:28:50.000 --> 01:29:08.000

But I pushed through the little fear. And I showed up anyway, and I posted, and look what happened. A community formed, and we found each other, and because I kept going, and again with the witch wound, I did not want to own the 4 a.m. Club. I always, always saw it as.

01:29:08.000 --> 01:29:30.000

I just gave us a name, and yes, I posted every day, but it's many of us. How many other dozens of creators and people we're posting and making their videos? It was all of us. I saw this as a grand community, and we each led our piece of it. But when I kept getting called out, not just on Fox, but there was a whole slew of articles about me that ran with his narrative. And so I was like, all right.

01:29:30.000 --> 01:29:51.000

If I'm going to be named as the founder and leader of the 4AM Club, I'm going to get serious about it, and I'm going to name what we are, and I'm going to claim what we're here for. And that galvanized me in such a way that I showed up differently, and I rearranged my work differently, and it has allowed me to step into a version of self that I've been trying to manifest for years.

01:29:51.000 --> 01:30:05.000

And yes, it's bigger business, but to me, it's about I'm living my purpose every day around the clock, I am fueled by my purpose, which is why I was crying on TikTok the other day when I was processing grief of what is that goes away? It might.

01:30:05.000 --> 01:30:22.000

But what I'm trying to say here is, yeah, the ship show continues, but we get to reap our rewards as we move through these gauntlets, and they may be silly, like the bad haircut, or they may be really, really big. Okay? So... This is the moment where.

01:30:22.000 --> 01:30:27.000

the level of risk will directly equate to the level of reward.

01:30:27.000 --> 01:30:35.000

If you really want the big, audacious life that you've been dreaming of, this will now become possible as we move forward.

01:30:35.000 --> 01:30:41.000

We needed to stay small. We needed to be the only lonely weirdo anchoring the light in our small corner of the world.

01:30:41.000 --> 01:30:53.000

And as this becomes... the mission becomes fulfilled, we get to move into expansiveness and creation, and all of the things. Because what has been the call of spirit for months now?

01:30:53.000 --> 01:31:05.000

As we stabilize and heal and move through our trauma, we also need to move into the energy of creation and creativity, and manifesting, and play, and imagination, and all of those things.

01:31:05.000 --> 01:31:23.000

And that's how we know, no, we're not dying in Armageddon. We're already being told, okay, we're moving ahead. Create, create, create, imagine, play. And this was a lot of

that was in last month's signal fire. And if you're in the Rebel Mystic Society, again, all the replays will always be in there.

01:31:23.000 --> 01:31:33.000

So you can keep accessing these things. Okay, so... April, the crack. I want to go back to this and make sure I got everything I need from that.

01:31:33.000 --> 01:31:45.000

Things will happen swiftly, things will happen rapidly. We need more people. Okay, they have been slowed down as we've gotten away from the ultimate manifestation, the ultimate joy.

01:31:45.000 --> 01:31:50.000

Keep manifesting, keep dreaming, keep having hope. I'm really bad at this, I will admit.

01:31:50.000 --> 01:32:07.000

I get so much in, um... my own little work, and what am I creating here, and what needs to be tweaked, and what video that I forget to zoom out every now and then and manifest and pretend and, um, ooh, Dominic says, my spirit guide just showed Lotus Queen with a gold wand. Ah!

01:32:07.000 --> 01:32:19.000

How exciting! Yeah, what's possible? What's coming? We've been on this road of surviving Trump for so long. There was so much excitement in the beginning of.

01:32:19.000 --> 01:32:31.000

Is Mamala coming back? Are we going to do this? Like... The only thing I regret about how I showed up in the early days is I thought it would happen a lot sooner.

01:32:31.000 --> 01:32:45.000

I thought it would happen! I never dreamed it would take this long, because again, when you're seeing stuff in spirit, it's now. It feels now. There is no time when you're in spirit, when I'm open to spirit with what they're showing me. There is no time. Everything is now.

01:32:45.000 --> 01:32:50.000

But in the beginning, there was much more about.

01:32:50.000 --> 01:32:58.000

What's it going to look like, and how are we going to do this? And then, oh, it's going to end this, and we're going to have more of that. We need to make time to plug back into that.

01:32:58.000 --> 01:33:07.000

A few minutes a day. Don't feel like it has to be your whole job. Oh, my ears are really ringing. But as we get in the energy of play.

01:33:07.000 --> 01:33:24.000

creativity, knit, imagine, write, sketch. You don't have to be professional. None of this has to be viewed by other people, but you need to be in the energy of I'm no longer the energy of collapse. I'm in the energy of creativity. That aligns you with new earth faster than anything else.

01:33:24.000 --> 01:33:46.000

that aligns us. Where are you going? What do you want? Even if you can't, like I say, I'm... I've been a healer for so long, I can't imagine a world that doesn't need healing. I might be on a slower timeline because my gifts are to heal, and to help teach people how to heal, and to stabilize. There are probably other people who did this years ago, but I was needed here to do this thing.

01:33:46.000 --> 01:33:52.000

So be in that energy that will align you. Okay? And they're showing me again, this grid is lifted up.

01:33:52.000 --> 01:34:05.000

This light grid, we're on it. That's why the world feels so... the 3D feels so far away. It is... Let that... that's the... that's the sheath of the earth that's shedding off. Let it go. Let it die.

01:34:05.000 --> 01:34:14.000

Have you guys seen the Lorax? Let it die, let it die, let it shrivel up and die. I love that movie.

01:34:14.000 --> 01:34:28.000

Let it die. We're in this new grid. We are creating it, and what we create now, when that old, this is what they said last month, when that old layer finally dies off and it's that timeline that goes over there and it dies off.

01:34:28.000 --> 01:34:48.000

And the grid we have been creating. moves down. Oh, and they're just... oh, this is nice. They're just telling me, Gia, but you are creating. When I talk about... I'm very activism-focused, social justice focused. I want equity. I want equality. I'm focused on the deconstruction of what kept us in bigotry and misogyny and racism.

01:34:48.000 --> 01:35:08.000

That actually is my way of creation. I'm not exactly focusing on the problem. I'm pointing out the problem exists so that we can have a world where we remedy those wrongs, where we create better systems that don't disenfranchise. Okay, so we're all doing our part in our own way. I guess that was spirit again saying we just judge ourselves.

01:35:08.000 --> 01:35:14.000

Lightworkers were so hard on ourselves, always thinking we're not doing enough. We are doing enough.

01:35:14.000 --> 01:35:20.000

So, as this layer shrivels up and dies, and it goes off.

01:35:20.000 --> 01:35:26.000

The light grid that we are building and creating and seeding and imagining will just install.

01:35:26.000 --> 01:35:47.000

It just plugs in. And when it plugs in, it's like it powers up, all systems go, and then go, go, go, go, go. Things will happen so swiftly, new systems, new ways of being, hearts will open, people see each other differently. Yep, we got this 30-year period where assholes gonna I'm sorry.

01:35:47.000 --> 01:35:59.000

But... Um, we will respond to it differently, and this is very similar to like, you know, when I was a younger mom and my kids were younger, and I was very stressed out.

01:35:59.000 --> 01:36:02.000

Twins and an older child three years apart. It was a lot.

01:36:02.000 --> 01:36:16.000

Um, I didn't respond to that chaos like I do now, because I got... I got 12-year-old twin girls, and if you think the hormones aren't popping off around here, send help. But I am responding differently.

01:36:16.000 --> 01:36:20.000

I am just like... Do you need a hug?

01:36:20.000 --> 01:36:24.000

Do you need to be mad? I'm just different, okay?

01:36:24.000 --> 01:36:30.000

So that's what it will look like as we move forward. There will still be some challenging people.

01:36:30.000 --> 01:36:47.000

still be some challenging people as they walk their path of awakening and resistance and crankiness and angry and whatever. But the bulk of us who are ready, and we're ascended, and we're ascending, we're going to lock in so swiftly that they turn around so fast, and they just... they realize they're in the minority.

01:36:47.000 --> 01:37:03.000

They start to get real quiet, and the louder voices are those of us with moral clarity, and we're here to do the right thing. Okay, okay. And this is what they've said in my February signal fire. This was kind of the main message is what it means to be a leader in this new era.

01:37:03.000 --> 01:37:10.000

It is about moral leadership, energetic leadership, stewardship, presence.

01:37:10.000 --> 01:37:28.000

What does the matriarchy look like, not only in systems, but how do you enter a room? How do you hold space in a room? Are we caretaking the young? Are we saying, no, we don't talk like that here? No, that's not appropriate here. Are we setting that moral tone?

01:37:28.000 --> 01:37:44.000

So as more of us come into that and do that, and embody that energy of matriarchy and divine feminine and divine masculine, because that needs to change as well, the Divine Masculine is loving, and the right kind of protective. As we own that energy and embody it.

01:37:44.000 --> 01:37:59.000

This changes the culture. The culture in America is a shit show. It's a hot mess. We all know that. And we've been fighting the loudest voices of the smallest minority, because we know we didn't win, we know they cheated, did not, even with their cheating, he didn't win the majority.

01:37:59.000 --> 01:38:07.000

But because they're so loud, and there were so many bots, and they were emboldened to believe that they're right, and they're the minority, they were the loudest voices for so long.

01:38:07.000 --> 01:38:21.000

That quiets down. We become the loudest voices, and we don't even have to shout. We're anchored, we're present, our energy introduces it, our energy... have you ever met someone when they enter a room, and you're like, who's that?

01:38:21.000 --> 01:38:35.000

That's us. We are that bitch. We enter the room and our presence holds and it is that who's that? What's that? And that effect will ripple out through the nation. Our culture will change.

01:38:35.000 --> 01:38:52.000

As we... that ascension becomes culture first, open hearts first, matriarchy, divine feminine, divine justice. These are the energies we wield protection for all, bringing the disenfranchised and the hurting populations, bringing them back in together.

01:38:52.000 --> 01:38:55.000

This is who we are and what we do.

01:38:55.000 --> 01:39:03.000

Okay, I'm gonna have a little drink here.

01:39:03.000 --> 01:39:13.000

Okay. I'm gonna see what else Spirit wants to say about... okay, they said it will happen as swiftly as the people make their choice.

01:39:13.000 --> 01:39:28.000

So not answer answer. But that's how it always is. It will happen when enough people make the choice and anchor into the energy. Okay, so they said that, okay, the crack, the call, everyone run into their train stations. This happens in April.

01:39:28.000 --> 01:39:39.000

Mid-month, somewhere about the mid-month. Someone who knows astrology, tell me there's a planet, there's some... something that happens, it will kind of align with that.

01:39:39.000 --> 01:39:46.000

And it's like Hercules, the Disney Hercules, when the planets align, and the... it's like that.

01:39:46.000 --> 01:39:53.000

As we... this cosmic call, as we move into whatever this energy is that facilitates it.

01:39:53.000 --> 01:40:02.000

The choice will be made. The traveler. Remember we used to talk about Trump and Elon as the stay puff marshmallow man. Okay.

01:40:02.000 --> 01:40:10.000

The dance of destruction completes, is what they're saying. The dance of destruction completes.

01:40:10.000 --> 01:40:16.000

So what that means is...

01:40:16.000 --> 01:40:23.000

The energies that are animating the destruction, the chaos, the pulling apart, the tearing apart, the fear.

01:40:23.000 --> 01:40:42.000

It loses its life force. And although the House of Cards continues to fall, the dominoes continue to ripple, many more things will need to be dismantled in order to be rebuilt. The energy that animates the destruction is no longer an active force. That destruction force.

01:40:42.000 --> 01:40:51.000

is a 3D construct. It is the counterbalance to the creationary energy, held in equal balance. Oh, this is the crack!

01:40:51.000 --> 01:40:59.000

In December, what's coming next, Spirit showed me. the polarity, the 2 forces, opposing forces.

01:40:59.000 --> 01:41:04.000

And they showed me that... and Sam talks about this a lot, spirituality with Sam, the taffy pole.

01:41:04.000 --> 01:41:09.000

the 2 extremes pull so far apart. But what I was shown is that instead of.

01:41:09.000 --> 01:41:17.000

the crack explosion in the far away, it actually collapses inward and reforms into the torus.

01:41:17.000 --> 01:41:28.000

So the crack is the energetic breaking. separating the 3D from the 5D, for argument's sake, it's a little more complex than that.

01:41:28.000 --> 01:41:35.000

And we now have the opportunity to embody the 5D unified unity consciousness.

01:41:35.000 --> 01:41:39.000

That swirling donut torus I talked about at the beginning.

01:41:39.000 --> 01:41:58.000

And as we embody it. The new systems we build will be on that energy flowing, not extracting, not fighting for resources, not competing, not taking, not being taken from all flows, all benefits. And I am seeing a scattering of the billionaires.

01:41:58.000 --> 01:42:04.000

I keep seeing... What are they going to do? Okay.

01:42:04.000 --> 01:42:08.000

There will be some. Who are?

01:42:08.000 --> 01:42:16.000

really evil, dark, hard-hearted. They're not going to make it. I'm hearing a lot of ear ringing on this.

01:42:16.000 --> 01:42:22.000

What will... I'm asking, what will it look like for us? Many of these people, we don't even know about them.

01:42:22.000 --> 01:42:33.000

very, very old money. They're just gonna... they're old, they're di... how many of the freaking, like, Heritage Foundation died what the Lbrp? Not Lbrp.

01:42:33.000 --> 01:42:49.000

Whatever. You guys know what I'm talking about? The, uh, evangelical... is it Lou

Dobson? Who was it that just died? Like, these old... People who seeded truly dark things into the world are just gonna start dying, because they're old and because they're whatever.

01:42:49.000 --> 01:43:00.000

We don't really know about all the money and how things move. We know about Bezos, and we, you know, we see the key figureheads. But what I'm seeing with this scattering of the billionaires.

01:43:00.000 --> 01:43:09.000

A lot of them will go underground. They'll sell off their companies, they'll get the hell out of Dodge. They'll go to some island, and we'll never see or hear from them.

01:43:09.000 --> 01:43:15.000

Others will start to do, oh shit. I better look like I've reformed.

01:43:15.000 --> 01:43:25.000

I better... I better start opening charity, and I better start giving more. Oh, oh, oh, and then, okay, okay, and this is what Spirit showed me. Was this December? I don't know.

01:43:25.000 --> 01:43:34.000

In one of my what's coming next? They showed me about a redistribution of wealth. Maybe that was in the October signal fire. They were showing a redistribution of wealth.

01:43:34.000 --> 01:43:47.000

Just what Mamdani's doing in New York is going to happen in the nation, and so we're not going to see, like, all the billionaires die and all the billionaires go away. New tax, new funding.

01:43:47.000 --> 01:43:55.000

Everything's gonna change. So that's why a lot of them are going to sell and run and try to hide and keep all their wealth.

01:43:55.000 --> 01:44:17.000

But the redistribution of wealth is not literal. You know, you get some in 5D spaces who say, we're all going to get checks. It's not about that, it's about... How our society is funded is different. It's much more like a socialist society and in a more beneficial way, more progressive, more investment, more infrastructure, and it's not being funded by the people who already can't afford to live.

01:44:17.000 --> 01:44:44.000

And I saw a lot of stuff in that session about, you know, cap on medicine, cap on, uh, like, prices on, um, goods, how much you can charge, because what we're seeing right now, it's not just that things cost, it's the... companies and the CEOs and the grocery chains, their profits are getting bigger, and then the shrinkflation, okay? All right, I could spiral on this forever. I know we're getting, it's like two hours.

01:44:44.000 --> 01:44:59.000

The energy... when... when we reach that shift. And enough people choose and have completed... I did the video, what, yesterday, two days ago, where I said Trump goes away when we no longer need him. That's what happens, okay?

01:44:59.000 --> 01:45:10.000

When enough people in their timelines, in their healing, in their shift, when whatever it is he's doing, when he's fulfilled his purpose for enough people, is when we get to move into it. So, us being the anchor, being the energy.

01:45:10.000 --> 01:45:24.000

Continuing to create manifesting the new all these things, we shift the scales, and we kind of help move things along. So keep anchored into a new future in what we're creating and everything that's going.

01:45:24.000 --> 01:45:34.000

And as we do this. What we will see, you know, I was feeling that energy building last week, and I'm like, Lord, something's coming.

01:45:34.000 --> 01:45:39.000

I got, like, thousands of comments on that video. We're all feeling it!

01:45:39.000 --> 01:45:53.000

It will be the chaos catastrophic. He's gonna chicken out about this whole death day in Iran, like, that's not a thing. Will this be military removal? Will this be impeachment? Will it be 25th? Like, these are the timelines. I don't...

01:45:53.000 --> 01:46:03.000

see clearly it hasn't been decided, but... Also, man, he is looking like ass. He always looks like ass, but he is looking so sick.

01:46:03.000 --> 01:46:08.000

And he's, like, can barely breathe anymore. He's just, like, days are numbered.

01:46:08.000 --> 01:46:19.000

And when whatever happens happens. the people who don't know, who aren't prepared, are going to be in fear, and panic, and oh no, what's going to happen, and terror and paranoia, but those of us who are aware.

01:46:19.000 --> 01:46:37.000

I'm like, we're like, ooh, like, we're gonna be partying, and we know what's coming next, and we know how they're gonna rebuild, and the councils, and the... like, it's just... and the paddy wagon, like... We get to be excited. So that's why this energy of something big coming, it's very big, it's unsettling, and it is unknown.

01:46:37.000 --> 01:46:49.000

I could never feel specifically what it was, and I heard from so many other people

saying, we can't quite feel what it is because there's different potentials that aren't settled yet.

01:46:49.000 --> 01:46:55.000

So, as this moves forward, whatever happens is going to happen.

01:46:55.000 --> 01:47:05.000

And the rats scatter and the whatever, and the chaos, and we deal with the aftermath, and the council steps forward, and we slowly rebuild. And what they told me before.

01:47:05.000 --> 01:47:09.000

And one of those. sessions, I don't know.

01:47:09.000 --> 01:47:22.000

Um, the rebuilding of America does take years, but we see changes immediate. One thing they showed me in particular is, you know, when they're cutting Medicaid, when they're cutting all these things.

01:47:22.000 --> 01:47:40.000

That's the first place they fix it, is the things they broke become the first thing they look at to fix. What they do with Social Security? What had they cut funding for Snap? Like, everything they broke becomes where we look first, because what this year and a half has taught us is how many people depend on the government, and those systems aren't doing enough.

01:47:40.000 --> 01:47:49.000

So... It will happen swiftly. Things will begin to change swiftly, but the longer-term building of America, I keep seeing 5 years.

01:47:49.000 --> 01:47:54.000

It's gonna get stable a lot quicker than people fear that it will.

01:47:54.000 --> 01:48:02.000

But we are the Awaken Collective. We know we can be smugly calm while everyone else is freaking out. We'd be like, we got this. It's going to be okay.

01:48:02.000 --> 01:48:09.000

We're going to get triage, they're gonna get things in place that support the most people immediately. No one needs a societal collapse, that's not happening.

01:48:09.000 --> 01:48:22.000

And then, deeper structures happen. Deeper timelines of we are able to... rethink, rebuild. I was shown, again, in one of those sessions.

01:48:22.000 --> 01:48:37.000

just lines and lines of people every day average citizens that get to literally and metaphorically come to DC and share our stories and talk about what it's like and what

we need, and how we've been harmed. And I was told that that's one way they'll use AI is to help.

01:48:37.000 --> 01:48:54.000

synthesize all of the input. There's going to be this huge input period from the people, and they're going to learn from our stories and our truth, and we'll get to speak up and how we've been harmed, and what we hope for, and what I've also been shown that nonprofits and mutual aid and all these different.

01:48:54.000 --> 01:49:13.000

systems that are already in place quietly. Those already have structures that benefit people. And so the government will look more to these aid groups that have already been serving the people. Like it's just going to be this just beautiful time of Renaissance and rebirth and recreation and...

01:49:13.000 --> 01:49:27.000

It's going to be amazing. But the chaos period will happen swiftly. Okay, they're saying short. We've heard this throughout all this time. The collapse will be very big, and yeah, we're going to get some Hollywood-type.

01:49:27.000 --> 01:49:33.000

We're gonna get some Hollywood type endings. It's gonna be very exciting, but people are gonna be terrified.

01:49:33.000 --> 01:49:42.000

Don't pull your money from banks, like, just settle down, we're just gonna settle down, it's gonna be chaotic for a hot minute, but a minute.

01:49:42.000 --> 01:49:58.000

This will be our moment to shine. We're going to anchor, we're going to hold steady, and as the dust settles, immediately comes the new. We're gonna rebuild, and that process will beautifully unfold, but the most necessary changes happen first. So everyone who says, will I live to see it? They're saying like.

01:49:58.000 --> 01:50:05.000

You'll live to see it. If you have done your work, my friends, you will get your rewards.

01:50:05.000 --> 01:50:09.000

You're going to see what you need to see, okay? All right.

01:50:09.000 --> 01:50:24.000

Who is 1259. I am one minute under my two hour mark. I am always like a tight hour and 30, and I always go two hours. We just know. Okay.

01:50:24.000 --> 01:50:31.000

Whew, well... That was really exciting. That felt like a slow burn, and then once we had the Time Lords come in, I was like, what?

01:50:31.000 --> 01:50:41.000

I'm gonna need to re-listen to this a couple times, because a lot of information came through. They did repeat a lot, but we needed that foundational knowledge of where we went with the rest of it.

01:50:41.000 --> 01:50:54.000

And I will try to find what specific. what's coming next, they reference those ones where we were really getting into, they showed me... I remember what I was wearing, I was wearing the black vest.

01:50:54.000 --> 01:51:01.000

I'll look for that. We find out what comes next, and we start building.

01:51:01.000 --> 01:51:06.000

Okay, thank you so much to everyone who came live. I freaking love doing these.

01:51:06.000 --> 01:51:31.000

They take a lot out of me, but this is just joyful and exciting, and like I said, I'm learning along with you. I don't read for myself when it's things that I deeply care about, because I can't trust that I'm getting out of my own filter. But when I call the energy of the group, and I'm reading the energy of your higher selves and what our guides and guardians want to show us, this is why the readings are so clean and clear and high vibrational. We're getting the highest possible potentials and it's so beautiful.

01:51:31.000 --> 01:51:36.000

Thank you all for being here. Um, those of you who are here live.

01:51:36.000 --> 01:52:00.000

If you got a ticket, whether through the society you did the sign up for a ticket or you bought one, same way that'll be emailed to you. Google, if you have Gmail, it kind of likes to hide my emails in your promotions tab. So look there, look in your spend if you don't get it. If you are part of the Rebel Mystic Society, that is if you log into the portal, go to the SignalFire page, we'll have the replay up there.

01:52:00.000 --> 01:52:07.000

Usually takes an hour or two, a couple, two or three hours for us to get everything sorted, but we'll be there!

01:52:07.000 --> 01:52:28.000

So thank you so much for being here, and I'm gonna see you next month. Oh, and if you're in the Society, watch for an announcement from me. What I'm going to try to do as part of our membership is midway through the month, I'm going to do a live for the society. It's free. I'll just give you the link and it's just going to be Q&A, very informal. We're going to hang out. We're just going to.

01:52:28.000 --> 01:52:32.000

you know, how did the signal fire sit? What are we going through? Just.

01:52:32.000 --> 01:52:38.000

Hanging out to help us keep moving on the path, so watch for an announcement for that. Okay, fam!

01:52:38.000 --> 01:52:44.000

Love you very much, and I will see you soon. Bye.
