

The Signal Fire: May 2026 Transmission

00:00:03.000 --> 00:00:22.000

Good morning! Hello, and welcome. Welcome, welcome. Welcome to the May Signal Fire event. I am so excited. I'm just letting a few people in here. So excited to be hosting this event. As always, my monthly events are such a joy for me to do, and so wonderful to gather our community together live.

00:00:22.000 --> 00:00:36.000

Even if you're listening to recording, that live energy is potent whenever you are listening, and it has been a doozy couple of months. It's been a doozy couple of months, so I am even more excited to be here for May.

00:00:36.000 --> 00:00:53.000

To pick up where we left off, I have been listening to April's Signal Fire and March fire... I've been listening to all of them and seeing how they have progressively built up to the moment we're in now with the guidance. And it's blowing my mind to see.

00:00:53.000 --> 00:01:10.000

How oddly specific each month is building up to be, because usually we get sort of general, you know, we... last year when we were focused more on the political happenings, we get some very specific things, but not necessarily for the month. They were more about, these are the timelines, here's what's possible, here's what's shaping up.

00:01:10.000 --> 00:01:29.000

Here's the largest potential around this, but right now with the signal fire where we're focusing on the broader picture of Ascension and energy and transformation, the guidance is becoming much more specific for the month. We certainly saw that in April. For those of you who were either in the April session live or watch the replay.

00:01:29.000 --> 00:01:36.000

And I have not shut up about it on social media, because that's how I was like, oh my gosh, this is so specific.

00:01:36.000 --> 00:01:55.000

And it had just... it had just gotten me through, honestly. It had gotten me through April, which was so, so hard. We'll talk more about that. Okay, so, welcome. If you are seeing this for the first time, I am so excited you are here. I'm a psychic medium, I'm a channeler, and I'm a healer, and I am a prism.

00:01:55.000 --> 00:02:14.000

Which means that the energy comes in through me, and you will be receiving whatever it is you need to receive. The light refracts, and whatever is yours, your body will receive. As I was speaking to my live participants earlier, in my pre-session ritual, I

always bring forward my higher self and my heavenly helpers to lead.

00:02:14.000 --> 00:02:27.000

And I bring forward your heavenly helpers to lead, to connect with my team. So everything that's going to come through, even though this is a group session, we had over, I think, 250 people sign up.

00:02:27.000 --> 00:02:44.000

This is individual, and while not every single word may be specific to you, the energies you will receive are specific to you. This is tailored for the group that has gathered here today, whether you are listening live on May the 5th or any time in the future. This is for you.

00:02:44.000 --> 00:02:58.000

So, I'm going to begin really quickly with just a short grounding exercise to bring us all into the same presence, uh, the same moment in time. I find that really helps to galvanize the energy of now.

00:02:58.000 --> 00:03:02.000

So just very quickly and invite you to relax, get comfortable.

00:03:02.000 --> 00:03:09.000

You can close your eyes if that feels comfortable, keep them open if it doesn't, it's perfectly fine.

00:03:09.000 --> 00:03:17.000

invite you to take a few deep breaths in.

00:03:17.000 --> 00:03:23.000

just really relax into this now moment in time.

00:03:23.000 --> 00:03:34.000

Allowing all distractions, past, present, and future. to set themselves aside so that we might be here in the now.

00:03:34.000 --> 00:03:38.000

While allowing us to anchor into this now moment in time.

00:03:38.000 --> 00:03:44.000

to be present, to receive the energies, insights, information, love, and light that is here for us now.

00:03:44.000 --> 00:03:53.000

to guide us, to uplift us, to heal, and help us transform.

00:03:53.000 --> 00:03:59.000

So we ground into this now moment, I invite you to ground first into your body, coming

back into the body.

00:03:59.000 --> 00:04:07.000

Into the present moment. into the body as far as comfort and healing will allow.

00:04:07.000 --> 00:04:13.000

And grounding into the new earth is now moment in time anchoring.

00:04:13.000 --> 00:04:26.000

Like the deep roots of an old tree. It is safe here. We belong here. We are protected here.

00:04:26.000 --> 00:04:32.000

I invite your heavenly hevelers to step forward, surround you in a healing bubble of light.

00:04:32.000 --> 00:04:37.000

That you are protected, safe. Healed and whole.

00:04:37.000 --> 00:04:47.000

To remove anything distracting, harmful, anything that is not serving a higher purpose for you in this now moment.

00:04:47.000 --> 00:04:58.000

Release, clear, neutralize, return to sender. allowing that energy to permeate, to anchor you, to hold you.

00:04:58.000 --> 00:05:04.000

And when that feels complete to allow. A larger circle to surround you.

00:05:04.000 --> 00:05:17.000

Getting bigger, bigger, bigger, until we are joining, merging all our circles together in one community, one soul family.

00:05:17.000 --> 00:05:22.000

Here is the anchors of light for this now moment in time.

00:05:22.000 --> 00:05:29.000

to be those who are here for the transition, for Ascension, to participate, to lead, to receive.

00:05:29.000 --> 00:05:33.000

Receiving all that we must in this now moment to guide us.

00:05:33.000 --> 00:05:49.000

left us, position us as we go forward. in gratitude for this moment, knowing that when the session is complete, when we leave, turn off our devices, return to the human world, the muggle world.

00:05:49.000 --> 00:05:58.000

That our healing circles will be closed and complete, and we may integrate whatever it is that we are to receive in this now moment in time.

00:05:58.000 --> 00:06:07.000

with gratitude, with love, with eagerness and excitement, and so it is. Amen.

00:06:07.000 --> 00:06:15.000

Whew. Okay. Okay, thank you for being here.

00:06:15.000 --> 00:06:19.000

I'm getting a little... Hmm.

00:06:19.000 --> 00:06:25.000

come do my electrolytes for this session. A lot of energy is coming through. Okay.

00:06:25.000 --> 00:06:46.000

Whew. All right. So... Let's begin by picking up where we left off of last month's session. Whew! There was something really big that came through that I've been speaking a lot about on social media, and that is the moment of the choice point, what I called the crack, because that is how I heard it. A huge crack, a cracking open, a severing.

00:06:46.000 --> 00:06:56.000

Oh, and what a different image now. What I'm seeing now is, like, those light sticks, or those, um, glow sticks, not the little necklace ones, but the, like, the emergency ones. The crack.

00:06:56.000 --> 00:07:16.000

And this was something, um... Very profound, we were told, what happened and serve a number of purposes. On the one hand, it was for people to be broken open, to finally have their awakening, their dark night of the soul, to bring them to the choice point, to say, listen, Ascension is happening.

00:07:16.000 --> 00:07:34.000

This is your moment. Are you in or are you out? You need to choose. This was a soul-level choice, but of course it brought patterns, relationships, dynamics, all kinds of things to the surface in an unignorable way. So people had to go, oh yeah, my life needs me right now.

00:07:34.000 --> 00:07:39.000

And, you know, it's interesting. They showed me this crack.

00:07:39.000 --> 00:07:52.000

and and they gave me a time frame. I didn't say it in the session, because I'm always leery of time. I'm always leery of time frames. Um, but I did speak of it on social media when it felt certain that this would happen.

00:07:52.000 --> 00:08:04.000

And it was in tandem with a lot of astrological happenings, so when I learned that, I was like, well, of course, it makes sense. And then all of this happened about a week or a few days before the big White House Correspondence Dinner, where there was an alleged attempt.

00:08:04.000 --> 00:08:10.000

And the whole of the internet was like, no, no, we don't believe you.

00:08:10.000 --> 00:08:27.000

And that unity and that breaking off of the narrative they're trying to force on us felt like the result of the choice point. And then in another week, few days after, in the space of that is when the timelines begin to get weird and shifty, and in fact, even.

00:08:27.000 --> 00:08:41.000

to this morning, this day, as I said to my live attendees, I woke up with a migraine today and was like, oh crap, am I going to even be able to do this session? But Spirit helped me out, did a solid, we're good to go. Um, but I really did not feel like I had landed yet.

00:08:41.000 --> 00:08:59.000

And as Spirit showed in the April signal fire, this crack would lead to this moment of hustle. We all have to run. We're in Grand Central Station, and there's people moving everywhere, and we're running to get on our trains, on our respective trains, and those trains are the timelines that are ready to take off.

00:08:59.000 --> 00:09:04.000

Now, they did say that some people are already on the trains. They've been on them for years. They're reading a magazine, they're hanging out, they're just waiting.

00:09:04.000 --> 00:09:19.000

And full disclosure, full disclosure to myself, I'm like, oh yeah, I'm already on the train, like, it's fine. This month is gonna be a breeze. No. Nope. This month was not a breeze. It was not.

00:09:19.000 --> 00:09:35.000

And that's okay. That's okay. Doing the work is cyclical. Some moments, we're chill, we're anchoring the light, we're holding space for other people, and some moments we are absolutely in it. And none of this means that you're not gonna make it, you're not as far along as you thought you did. It's just how.

00:09:35.000 --> 00:09:49.000

how it works. It's just how it works. We are all the light warriors who have come here with very specific things to work through. Lights to hold, karma to clear, ancestral lines to clear, family dynamics to break.

00:09:49.000 --> 00:10:06.000

We came here with a lot of work to do, and we are doing that work, and so sometimes life is really hard. If you're awake and aware and paying attention, life can be very hard. While other times, we are the ones smiling, unbothered, holding the light, and that's beautiful. We're taking turns.

00:10:06.000 --> 00:10:17.000

When some of us are in the pit, the others are standing up with the ladder at the ready. So this is all a beautiful way that we work together in communities, even if we're not aware of each other.

00:10:17.000 --> 00:10:34.000

This is all happening. So, I will, um... I kind of sat with spirit this morning. I try to keep everything very live, because I don't want to contaminate this with any of my agenda. I don't know what Spirit wants to bring forward. I come here very loose.

00:10:34.000 --> 00:10:47.000

a vessel of whatever it is they want to bring forward, but I do sit down and say, okay, what... where do we need to go with this? What direction? What can I share from my personal experience and wisdom? What can I contribute here?

00:10:47.000 --> 00:11:09.000

And so they did want me to kind of talk more specifically about what I went through, because putting a human story with it helps us see ourselves and unpack and conceptualize what this is really about. And I have said on social media that this was a lot about relationships for me, and I didn't want to get too specific because it's not just my story, it's not just my business. It's the people I'm involved with and their business.

00:11:09.000 --> 00:11:19.000

So again, I'm not going to share, you know, the gory details, but to help conceptualize, I went through this with several different people in, like, a one-week period, and it was a lot.

00:11:19.000 --> 00:11:32.000

It was a lot, but I could see that this a lot was that same pattern. And I was seeing it through these different relationships and dynamics, this same pattern, how it's shown up again and again.

00:11:32.000 --> 00:11:44.000

And so this began with a rupture in a very close personal friendship, a dear friend of 10 years, where we had really held beautiful emotional space for each other.

00:11:44.000 --> 00:12:03.000

And that was no longer possible. And we're going through different things, and what became apparent was the dynamic of over giving, the dynamic of enmeshment and having to hold each other. And because we have this space to hold each other, we don't necessarily hold ourselves in the way we need to.

00:12:03.000 --> 00:12:16.000

And we see this a lot in female friendships because women socially are conditioned to hold everybody. Yes, we do have natural, nurturing tendencies and that matriarchy that wants to be born through us.

00:12:16.000 --> 00:12:32.000

But it's been co-opted by this patriarchy of the pyramid domineering, that we're going to offload everything onto others. And that's another theme I've really been talking about a lot, is this offloading of karma and responsibility and our roles in.

00:12:32.000 --> 00:12:53.000

being human, bypassing the human experience, bypassing pain, giving the work, the labor to somebody else. And so that very often, as women, shows up in our personal relationships, whether they're friendships, like marriages, partnerships, with our children, with our extended family systems. And I've certainly seen a parallel with my community.

00:12:53.000 --> 00:12:59.000

Because the 4AM Club was born in a moment of total chaos and pandemonium.

00:12:59.000 --> 00:13:10.000

It was all hands on deck for a long time, and I felt a lot of purpose and excitement and adrenaline in holding my community, literally holding a lot of people on my back when they weren't steady enough.

00:13:10.000 --> 00:13:26.000

And as beautiful and heart-centered as that was, that is not the way. And so I have been spending a lot of time and a lot of months, you know, putting proper boundaries and encouraging everyone, you can do this for yourself, you can stand on your own two feet, you are strong enough, you can do this.

00:13:26.000 --> 00:13:42.000

But because of the chaos and everything, and it all happened so fast, I did develop this pattern of over-giving. I have to be constantly available, energetically scanning. What do they need? What can I give? What else can I provide? How can I lift and carry people and drag them to the finish line?

00:13:42.000 --> 00:13:49.000

So I saw a lot of parallel in that, in how I was lifting that. I also saw my husband go through his own crack.

00:13:49.000 --> 00:14:10.000

And it was dramatic, and it was a moment where it felt like the floor fell out beneath him, and he didn't know who he was anymore. And again, not gonna get into his business too much, but because I knew this was that crack, this was his soul's choice, I knew exactly what this was for, and I was able to hold space for him and kind of support him.

00:14:10.000 --> 00:14:21.000

As he found his bearings. And what I noticed is that in the space of that, just a few days later, it's almost like he woke up and was just like, and go.

00:14:21.000 --> 00:14:32.000

this old pattern we'd been fighting about for years that involved his family, our external, extended family, all these things, this dynamic that's been really tangled and messy.

00:14:32.000 --> 00:14:42.000

that crack seemed to... awaken. It really did awaken and kind of drive the point home, and he got it, and it clicked, and within days, he was like.

00:14:42.000 --> 00:15:00.000

And I'm going to show up differently. And he did. And it was... It was amazing. I've been married 19 years, people, so those of you in long-term relationships, you know, when you see the thing and you're like, we've been having this fight for 20 years, why are we still having this fight? And then suddenly it was like, oh.

00:15:00.000 --> 00:15:08.000

And the burden has shifted, and the awakening has happened. And it was almost wordless, and that we weren't even talking about what was happening, but it was happening.

00:15:08.000 --> 00:15:18.000

And so that has shuffled out into adjustments we've made with our kids, with his parents, with our friends, with all these different things. It just, like, shifted.

00:15:18.000 --> 00:15:32.000

So, so it was like, okay, this crack, this chaos was so deep and so painful and so jarring, but the swiftness, the swiftness with which these patterns almost just, like, flipped.

00:15:32.000 --> 00:15:42.000

flipped and it was like, oh, this thing I'd been trying, been trying to do for months, for years, was suddenly like, oh yeah, that's done now.

00:15:42.000 --> 00:15:47.000

And I can now stand in this new dynamic, this new energy.

00:15:47.000 --> 00:15:59.000

And so, this is why I'm always like, don't fear the work, don't fear the work, don't fear the dark night of the soul. Yes, it's terrible, it's awful. And I have been a little unmoored. When you have a deep, close, personal friendship.

00:15:59.000 --> 00:16:11.000

That's a part of your life every single day for 10 years, I am kind of in the space of who am I without that? And there is a bit of a unmoored rewriting of the self.

00:16:11.000 --> 00:16:23.000

And that's what's so fascinating, is that when we heal things, and we've been trying for so long, and we've been working, and we heal it, and we're all excited, and things are going to be different, we don't expect the grief on the back end.

00:16:23.000 --> 00:16:29.000

And that feeling of, yeah, I mean, I know that wasn't good for me, but who am I without it?

00:16:29.000 --> 00:16:36.000

And I don't know how to function without it, and I don't know what space I occupy, and I don't know what to do now.

00:16:36.000 --> 00:16:53.000

So all of these things have been happening for a lot of people. You know, I've seen it in my comments, I've seen it in the comments of other videos and other people talking about it. This is really the space in ascension we're at now. Yes, and whistleblower says the tower in tarot.

00:16:53.000 --> 00:17:12.000

We've had this tower moment. We've had this tower moment that I know a lot of us fear the tower. Whenever I get the tower, I'm like, no, because it's hard, and it's awful, but really what this means is that sandcastle implosion so that now the raw material that was placed in this structure.

00:17:12.000 --> 00:17:34.000

We've demolished that so we can rebuild it in another structure. That's what all this is for. So that's why I've said for over a year, don't fear the collapse, don't fear the collapse. It is painful. It does hurt. It does leave us unmoored in not knowing who we are, but it's... it's so that we can now have access to the material that was tied up in other places. So it is a beautiful thing.

00:17:34.000 --> 00:17:51.000

Okay, Dominic asks about twin flames from our past. This is a really interesting topic that I'm not going to get to at the beginning of this session because this is kind of niche, but that feels like a nudge to me because it's something I've wanted to do for an academy.

00:17:51.000 --> 00:18:04.000

Offering of getting into the twin soul journey, and how that looks in human terms, how that is kind of... there's a lot of distortion out there in the spiritual community about how a lot of people perceive it.

00:18:04.000 --> 00:18:22.000

And so, when you get yourself to a certain level of healing and openness and clearing up relationship dynamics, that does bring in these soul-level partnerships that are more about beneficial creation. Whereas in the past, in the 3D, a lot of times, as souls, we

design partnerships.

00:18:22.000 --> 00:18:30.000

That are chaotic on purpose. Because we are learning from that contrast and from that dynamic.

00:18:30.000 --> 00:18:47.000

And so... The fact that this crack affected a lot of people in their... and it wasn't exclusively relationships. I'm speaking to that because that's what I experienced this past past month, but it really is at the core level, it is the role we occupied in the 3D world.

00:18:47.000 --> 00:19:03.000

What was that role? How did we compensate to survive in that world? How did we, um... it really is survival instincts, and these patterns and these dynamics and ways we adapted to fit into that 3D world that is either or push pull.

00:19:03.000 --> 00:19:24.000

kill or be killed, that contrast. And so as we come out of that dynamic and we get into the more unity consciousness where there is no extraction, the engine is creativity, the engine is not contrast and running from and pulling and trying to conquer. This changes the relationships we're in.

00:19:24.000 --> 00:19:39.000

And changes what becomes possible for us. What relationships and roles and jobs, uh, how we show up in our friendships, in our parenting, in our... just all of it, how we show up in the world when we are not in the 3D pyramid.

00:19:39.000 --> 00:19:46.000

Again, patriarchy to matriarchy. These are very, um... that's the parallel right there.

00:19:46.000 --> 00:19:56.000

So this crack was a lot of ripping us out for some people, like ripping out a chunk of hair and all the individual.

00:19:56.000 --> 00:20:02.000

threads that pulls is painful. It's sudden, but it's like, okay, there's no ambiguity, I'm out.

00:20:02.000 --> 00:20:17.000

And that brings us to what came through in the March signal fire about the grid of light. Do you remember what Spirit said about how many of us were now lifted up? We were in the 3D world. We're part of this and we're healing. We're ascending, but we're still part of the grid.

00:20:17.000 --> 00:20:29.000

We're still having to cope or hide from or compensate in this 3D extractive matrix. But what was shown is that we were lifted up into the new grid, and we're just sort of

hovering.

00:20:29.000 --> 00:20:43.000

Again, like the people reading the magazine on the train. Only this is a little different in that we're not only hovering and waiting for other people to make the choice. We are now being called to start building and creating.

00:20:43.000 --> 00:20:56.000

And so what we have seen is both people go into chaos and having to be like, oh, I gotta pay the piper, this thing I've been avoiding or haven't been able to deal with or couldn't see or refuse to acknowledge, whatever it was.

00:20:56.000 --> 00:21:14.000

That became painfully obvious, while at the same time simultaneously, not even for different people, for myself, too, even as I've been dealing with the collapse and the reckoning and you know, having to deal with where I behaved badly, where I've engaged in dynamics, or I've whatever.

00:21:14.000 --> 00:21:30.000

No, no innocence here. We have to be brutally honest about our behaviors and what we're dealing with, and who we have been. We have to be responsible for all of that. Meanwhile, we're also being called into the creation of the new. So this is very, very challenging.

00:21:30.000 --> 00:21:45.000

This is master-level stuff, where we're doing both the simultaneous destruction and creation. And I know it's much more fun to play in creation. I want to be in that sandbox, just let me be with the fairies, and we're gonna blueprint, and it's gonna be so much fun. But you can't have one without the other.

00:21:45.000 --> 00:21:51.000

Period. Because if you are dragging the old dynamics into the new systems.

00:21:51.000 --> 00:22:01.000

First of all, what they're showing me is it's like if you try to stick a magnet on wood, it's just not going to work. It's going to fall off. It's not conducive to this new system.

00:22:01.000 --> 00:22:17.000

And worse, if you try to keep ramming it, what's going to happen is it's going to be, uh, it's going to blow back in your face, because everything that's happening right now is a revelation of how we have behaved in the old system, and how the old system has kind of forced us to behave.

00:22:17.000 --> 00:22:33.000

So, as we simultaneously deconstruct and pull away and have awakenings and have to repair and have to fix this, and have to make changes here, that makes us more available for the new energy and the new grid. And often it's one of those, like,

instantaneous things where it's like.

00:22:33.000 --> 00:22:44.000

Oh, oh, I had no idea I was the problem, but yeah, I can see how I was the problem. Oh, well, I'll just do it this way. And then suddenly everything's like and go.

00:22:44.000 --> 00:23:04.000

Sometimes it really can be that simple. So I'm going to take a little drink break, and I want to see in your comments, where have you been? Have you been feeling the crack? Have you seen others in the crack? How has that shifted how you've shown up for the month, for this time period of ascension? Because for me, it's been very revealing.

00:23:04.000 --> 00:23:29.000

where I've worked so hard to break a pattern in one area, and I didn't know I was still doing it over here, and then it requires a different shifts, but of the same flavor in all these different dynamics. How has this been showing up for you?

00:23:29.000 --> 00:23:37.000

Oh, Jackie says, with money scarcity, and also in my marriage, with caretaking and enmeshment, the caretaking and enmeshment is a big one because.

00:23:37.000 --> 00:23:55.000

And funny, it's a parallel to the money. Because money is about exchange, and caretaking is about exchange. And patriarchy takes the woman, takes the feminine nurturing, and forces it into a position of subjectivity. It's not a natural flow and a reciprocity, it is a subjugation.

00:23:55.000 --> 00:24:05.000

So, yeah, the money scarcity, I can only give so much, I can only receive so much. It's an outpouring of the exact same extractive energy. So that makes total sense.

00:24:05.000 --> 00:24:09.000

Debbie says I had to set a lot of boundaries. Yep.

00:24:09.000 --> 00:24:19.000

Amy sees things very clearly. That's beautiful when that happens when it's suddenly like the light turns on and you're like, Oh, it's magical.

00:24:19.000 --> 00:24:30.000

relationships. Oh, the false sense of urgency. That's a good one, too. It's also extraction. Hurry, scarcity. Go. We need this for you right now. We actually don't. That's just the old energy that's running.

00:24:30.000 --> 00:24:46.000

Ooh, Elizabeth set a standstill with MAGA parents. We are going to see some of these stalemates for people where if some people are refusing to budge, that's going to

require what it really is is a different level of respect for us.

00:24:46.000 --> 00:25:03.000

And that's what I really experienced in, you know, unpacking my enmeshment, is I wasn't as good to myself as I was to other people, and that's what needed to change for me. And it forces a hard decision. Um, but just because it's hard doesn't mean it isn't for the best.

00:25:03.000 --> 00:25:15.000

Okay. I love it. Casey has stopped doom scrolling and tracking the news and has been getting into reading, and yeah, being informed.

00:25:15.000 --> 00:25:20.000

It's a double-edged sword. It is... it's a bit of a trap sometimes.

00:25:20.000 --> 00:25:40.000

And what I've noticed as a creator with a little pod of my fellow creators is how much we do accidentally create a closed system where, you know, I'm deeply in the political creator scene and I've made lots of really great personal friends with other creators. And so I keep tabs in there. But then I realized how we kind of almost become isolated, and so our reality of the moment.

00:25:40.000 --> 00:25:55.000

is not the bigger, broader reality. And so, being able to pull back into what is my reality? What is my world asking of me? What is... what is on offer for me that's outside of what other people are tracking? It's a very sovereign move.

00:25:55.000 --> 00:26:11.000

Oh, gosh, Maria says emotions all over the map. It's felt like tiny pieces of old trauma coming up to be seen. Lordy! One... one morning, I was sitting here, I had my journal out, and I was ready to do my... my process, and suddenly it was just like, no, we're crying.

00:26:11.000 --> 00:26:23.000

And go get your baby blanket that your childhood blanket that's tucked up in a drawer and wrap it around you and get in bed. It was that level of really old stuff, really deep.

00:26:23.000 --> 00:26:28.000

reconnecting to that inner child, and I did not see it coming.

00:26:28.000 --> 00:26:46.000

But once I went, and I did, and I was in the moment, and as it was flowing through, oh yeah, I was seeing how, oh, this pattern with this friend began at this stage, and it showed up here, and it showed up there. So we're getting a lot of emotional purging, and it's funny, the image that I've seen with it, it's like in the cartoons where they pick you up by your heels.

00:26:46.000 --> 00:26:52.000

And they shake you to all the pennies fall out of your pocket.

00:26:52.000 --> 00:27:08.000

It is that. It is... it is spirit saying, we're getting a lot. Anything that's a match for the old that was created in the old that we haven't processed, we're... a lot of us are really being shaken to get the last of it out, because it can't come with us. It cannot come with us. And if that is occupying your space.

00:27:08.000 --> 00:27:17.000

It's literally, if you think of yourself as a piggy bank, and you're full of pennies when we need to get that out of there, it's gold dollar time.

00:27:17.000 --> 00:27:21.000

You have to purge it so that we can fill the new.

00:27:21.000 --> 00:27:41.000

Okay, scrolling through a few more. relationships over functioning, oh, this is such a feminine wound, over-functioning, yes. Not necessarily in female bodies only, but the feminine dynamic, the nurturer who, because other people in my life are not as skilled as I am, I'll just do it for them. And that's how we fill our needs.

00:27:41.000 --> 00:27:51.000

is we caretake other people, it's not actually filling a need, it's just getting them off our backs so that we can exist. It's a hard one.

00:27:51.000 --> 00:27:58.000

Okay. Oh, fatigue, irritability. Oh, yesterday was a doozy for me. Yup.

00:27:58.000 --> 00:28:03.000

All the fields, all the annoyed, enraged, like, all the things, yep, okay.

00:28:03.000 --> 00:28:11.000

Exhausted being everyone's support person, that is a very relatable wound. Yep.

00:28:11.000 --> 00:28:21.000

Oh, poor Anne. Her crack has been for the last 8 years. Listen, for sure. You know, I said this as though it was a new thing. For some of us, it's not a new thing.

00:28:21.000 --> 00:28:24.000

But for people like my husband, it really was.

00:28:24.000 --> 00:28:36.000

I was shocked that I went through it, because I'm like, you know, I've been doing... I'm doing it, I'm already doing it, I'm fine, I'm good. And so, for a lot of us, this was the repeat of a new showdown.

00:28:36.000 --> 00:28:41.000

of what we had been doing. So it's pretty intense.

00:28:41.000 --> 00:28:57.000

Oh, I love this. Lizzie says, I've chosen to force the new timeline shift. Like, yeah, sometimes we really have to say, okay, enough of that, I'm going to assert my authority and move in, and be like, no, we're not doing that anymore, we're doing this. So that's perfect. Okay.

00:28:57.000 --> 00:29:14.000

Okay, so we can see how we're all very similarly going through similar stuff, so there's no shame in what we're going through. There's no feeling like, I'm the one who's failing. I think in spiritual communities and in healing circles, it can feel like, because I'm a mess, I'm not doing it right.

00:29:14.000 --> 00:29:24.000

Or I'm so far behind? Absolutely not. This is the work, this is what we do. And I think if you're drawn to me and my work, you already know this. But I want to normalize that. Oh, Daisy?

00:29:24.000 --> 00:29:31.000

Let me see Daisy waking up there. Okay.

00:29:31.000 --> 00:29:48.000

So in this space of knowing that everything is coming up, everything is being shaken up. We're all feeling it in different but related ways. We can see how everything that we do individually is actually part of the greater whole. And when we look at it as this web that they've shown us, this web of light.

00:29:48.000 --> 00:29:58.000

That every little thread that we pick at, and that we change, and that we, okay, they're showing me this image of this beautiful spider, and if you're afraid of spiders, that may be anachronous.

00:29:58.000 --> 00:30:04.000

But this beautiful mother spider, think of Charlotte with her long eyelashes in Charlotte's Web.

00:30:04.000 --> 00:30:09.000

She's on this web, and as she touches these different strings, they turn gold.

00:30:09.000 --> 00:30:26.000

It's like Hercules when when he becomes a god, and his thread turns golden, they can't cut it. Everything that we pick at and massage and adjust and change and transform, it goes out on this golden web. So when we're creating the new, I think a lot of times we think of systems.

00:30:26.000 --> 00:30:44.000

You know, in my video yesterday, I talked about this grassroots effort to purchase Spirit Airlines, which is so exciting, such great potential. Whole new project. Is it going to work? I don't know, but this is really exciting. We think of, you know, when's the government going to change? When is business going to change? When's the financial system going to change?

00:30:44.000 --> 00:31:03.000

And those are all very necessary, and they're going to change, but it begins with these individual threads, all these little things that I read. It begins with, if I am out of balance and I am constantly over giving, then my entire blueprint and energy system and thus the web I am compatible with.

00:31:03.000 --> 00:31:11.000

I can only ever be in a system where I am over-giving and not receiving enough. It is a very direct parallel as above, so below.

00:31:11.000 --> 00:31:22.000

And this is why our personal work matters so much, because if we're not doing that work, and we're simply waiting for the outside system to change, we're sitting in a web of Black.

00:31:22.000 --> 00:31:40.000

old, cracked, it's not able to receive the light and be part of the new web. So our individual work, and really that work is just, I'm willing to be present with my emotions, I'm willing to look at this with open eyes, with no defensiveness, with what needs to be seen, what needs to be changed.

00:31:40.000 --> 00:31:46.000

How do I need to show up differently? That is the work. And it changes that golden web.

00:31:46.000 --> 00:31:51.000

And I'm seeing it it makes it possible. We now, okay.

00:31:51.000 --> 00:31:59.000

So this image is like a peg people. And were these peg people? And it's this web. Only it's like a track.

00:31:59.000 --> 00:32:08.000

How to describe this? What am I even seeing? It's like a little track that these peg people go into. If you think of, like, a cuckoo clock, and the little figures are on the track.

00:32:08.000 --> 00:32:13.000

You might be here at this nodal point, and there's 8 different tracks.

00:32:13.000 --> 00:32:20.000

But if you are this, you know, again, that imagery of the old gray, cracked, fragmented,

broken, in pain.

00:32:20.000 --> 00:32:29.000

you're only available to the tracks that are that. If they're all broken down, if they're all, you know, rusty and crusted and they're bent, we can't go anywhere, we're stuck.

00:32:29.000 --> 00:32:47.000

But when the light comes through, it's like we're oiling the system. Everything loosens up, and I just see the gliding, and we come awake, and we glide forward. These new potentials and these new possibilities happen because we are changing. And this is like that painfully obvious.

00:32:47.000 --> 00:32:55.000

Changing the vibration. What are you a vibrational match for? It's making new tracks possible so that you can move forward, okay? And they're showing me.

00:32:55.000 --> 00:33:00.000

Ooh, okay, hold on.

00:33:00.000 --> 00:33:19.000

Right now, they're showing that the old world really did look like the inside of a clock, with very specific machinery, and it only works this way, and it only moves in this direction, and one little increment at a time, and you can only move here or there. It was so narrow and specific. That's all you got. You got to choose from this very limited.

00:33:19.000 --> 00:33:25.000

array of options, and that's timelines. And what they showed me is these golden strings.

00:33:25.000 --> 00:33:54.000

They went up and over a hill, and I'm looking down on it, and it's light, and it's bright, and like the trees are swaying and the sun is singing. It's a very, like, cartoon image of... The New Earth isn't possible for people who haven't deconstructed for the old. The new Earth can't... we can talk about it all we want, but if we are not the beings who are vibrating at New Earth frequencies, meaning we're not over-giving, we're not being dumped on, we're not allowing.

00:33:54.000 --> 00:34:04.000

abuse of children and minorities, etc. We have to actually be the people before. Okay. And I'm seeing this image of.

00:34:04.000 --> 00:34:23.000

this beautiful golden place, this new earth place, has been trying to come down and anchor in, and come down and anchor in, but it's like a puzzle piece that doesn't fit. We haven't made room for it. So it kind of comes down and touches, and we get a whiff, and we get a peek, and we're like, Ooh, that I want that.

00:34:23.000 --> 00:34:39.000

But it can't stay. It's like bouncing off, because it doesn't match, it doesn't match. And so, as more of us now create this golden web, this web of light that we're around the Earth, we're above the Earth, and it will span the whole Earth. And okay, and they're saying, this is both.

00:34:39.000 --> 00:34:56.000

In actual, literal, worldwide unity, different cultures, different people from around the world working in their areas of the land, on their ley lines, on their energy centers, in their areas of the globe, in addition to unifying the hearts and minds of humanity, in addition to.

00:34:56.000 --> 00:35:11.000

Clearing the trauma from the earth that exists on the earth in the earth plane, all these various aspects of the work that we're doing as this continues, it's like getting closer and closer to the time where this can lay down and actually anchor in.

00:35:11.000 --> 00:35:22.000

It's like each nodal point is a key in the lock and will actually anchor in. Oh, and I'm seeing this beautiful image of when it does, because I was shown in the March signal fire how.

00:35:22.000 --> 00:35:30.000

This web of light is above, and we're lifted up because this 3D earth layer wanted to shed.

00:35:30.000 --> 00:35:38.000

and be... and slough off, like, the snake skin it wants to slough off and go away, and so we're lifted up so as not to be a part of that.

00:35:38.000 --> 00:35:44.000

But I was just shown now, there is still an aspect of at the same time.

00:35:44.000 --> 00:35:52.000

that this anchoring in the coming in, the lock and the key will facilitate the final sloughing off.

00:35:52.000 --> 00:36:10.000

Okay, this is a different energy. Oh, okay. Because some of what is here is not simply residue, energetic debris, the old... it's not simply, we're clearing out what's no longer here. There is another energy here. Okay, are we talking about this really? Okay.

00:36:10.000 --> 00:36:25.000

Okay. We're gonna talk about reptilians, but I hit you with it. But there's a lot of nuance here, okay? So I'm going to take a little drink break, and we're gonna... okay, hold on. Yep.

00:36:25.000 --> 00:36:39.000

Well, shit. I thought that I might have had some energetic interference today, and that might be part of the headache I felt that I had a lot around me.

00:36:39.000 --> 00:36:51.000

that I needed to clear and work on. And initially, that was just, yeah, I'm sloughing out the layers, the emotionality, sure, but late last night and this morning, I was like, nah, I think I've got... I got a hanger on her.

00:36:51.000 --> 00:37:07.000

And I don't... if you follow me for a while, you know, I don't talk about this kind of thing publicly. Number one, because too many people are in panic, and they're going to take it the wrong way, and then it's a whole thing. Because there's a lot of fear and nonsense when we talk about this kind of energy, and so I don't want there to be any confusion.

00:37:07.000 --> 00:37:14.000

But in this closed container where I can really get into the nuance, we're going to get into it. Okay.

00:37:14.000 --> 00:37:31.000

So when we talk about reptilian energy, I want you to have pretend you know nothing. Okay? We're going to really kind of clean slate, pretend you know nothing. I don't want us to plug into any existing understanding right now, because that will distort it. Oh, okay.

00:37:31.000 --> 00:37:41.000

There is a reptilian here who wants to talk to us. Sorry, my body is strongly reacting to that energy. Okay, okay, okay.

00:37:41.000 --> 00:37:52.000

This is not... we're not going to be scared of this being. It's just a very different vibration, and my body's like, stop. Okay.

00:37:52.000 --> 00:38:00.000

I'm sorry, they're showing me, they're trying to be like, don't be afraid, and they're showing me... they're showing themselves as, like, a Disney crocodile.

00:38:00.000 --> 00:38:11.000

Like in, uh, Tiana, what's... what's that? The princess and the frog. It's wearing, like, a tutu. It's trying to be really funny and really sweet and endearing, so we're not scared of it, because, yes.

00:38:11.000 --> 00:38:18.000

The idea of what it is, and the reality of what some have been put a lot of fear in us.

00:38:18.000 --> 00:38:32.000

And rightfully so, but this is not the whole truth, and what wants to come forward today is the whole truth of this collective, of its purpose on Earth, of its, um... opportunity now

of its responsibility now.

00:38:32.000 --> 00:38:47.000

Okay. Some of this will be channeled, some of this will come through as I speak it. Okay.

00:38:47.000 --> 00:38:50.000

Okay, I'm gonna... I'm gonna allow them to channel.

00:38:50.000 --> 00:38:54.000

I've never done this before, no wonder my body was like, oh.

00:38:54.000 --> 00:39:05.000

Okay, this will just take me a minute.

00:39:05.000 --> 00:39:29.000

We are indeed a collective, a galactic race, if you will, a group of entities, beings, energies that have existed for many millennia on your planet. Indeed, this was not an aberration of the plan. This was a cosmic match. This was an agreement made for you see the earth plan, the third dimensional earth plan always was a place where contrast duality, pain, suffering met.

00:39:29.000 --> 00:39:48.000

This was a planet where souls choose to incarnate to experience the depths of density, to experience the catalytic growth of density, and this, you may consider a game. There are conditions to play the game, there are conditions to exist in this realm, in this reality, and these conditions of.

00:39:48.000 --> 00:40:07.000

Being in an open world sandbox-type reality in which you may be extracted from and hurt, and it is agreed with your soul and incarnating on this earth, you are agreeing to allow yourself to be subjected to the contrast of this earth, the contrast of this reality.

00:40:07.000 --> 00:40:16.000

This is a match for those souls who also choose to incarnate in different bodies, different energies, different vibrational realities.

00:40:16.000 --> 00:40:26.000

Okay, hold on. I gotta pull out of the channel and tell you what I'm seeing, because my mind always goes to this place where I'm like.

00:40:26.000 --> 00:40:50.000

I can't buy what most people talk about reptilians, because it clashes with my cosmology of souls who come here, okay? So if we're all souls, some incarnate in humans, some incarnate in reptilians, just... And that, you know, Arcturians, plie, sure, whatever cosmic race you want to talk about, that's how it works. But I've never been able to make space for.

00:40:50.000 --> 00:41:01.000

How it works here on Earth, because we don't see them. We don't consciously know they're there. They're a totally different species, but are they? Are they not? Are they a different soul type? Are they a whatever?

00:41:01.000 --> 00:41:14.000

I just had too many questions, and she just answered that, and what I saw is that humans occupy a very specific vibrational reality. We're in a band of reality. We'll call it 3D, sure.

00:41:14.000 --> 00:41:23.000

We'll call it Earth A. Okay, we're not going to use the old labels. Earth A is the density dimension where the humans live. This is where our bodies manifest as physical bodies.

00:41:23.000 --> 00:41:31.000

Earth B. for purposes of this argument, Earth B is the layer above.

00:41:31.000 --> 00:41:36.000

And this is the layer that reptilian energies occupy.

00:41:36.000 --> 00:41:54.000

It's not above. In terms of, like, 1 mile above the earth, it's a different vibrational reality. They can see us, we can't see them. They can affect us, we can't see them. This is where we got the idea of the devil on your shoulder, uh, where it's these... these... or demons.

00:41:54.000 --> 00:42:05.000

This idea of these other beings and entities who can see and interact with and affect us, but we can't see and interact and affect with that... affect them.

00:42:05.000 --> 00:42:22.000

This was a match for the Earth plan. Our souls know we're gonna go down, and we're gonna be in human bodies, and we're gonna allow ourselves to be affected by these quote-unquote demons. Be cool, guys! Again, whatever you think you know about demons.

00:42:22.000 --> 00:42:26.000

We're going to have a neutral mind to receive this information.

00:42:26.000 --> 00:42:43.000

Because it's important to understand that we are not hapless victims, this is the game we signed up for, okay? Whenever people start talking about reptilians and entities and demons and the, you know, war in heaven, we feel like we're Happa's victims, because I can't see you, I can't fight you.

00:42:43.000 --> 00:42:51.000

Well, this isn't fair. This is not a fair game. What they're showing me is this is exactly the game you signed up for. Okay?

00:42:51.000 --> 00:43:06.000

Because that is how the contrast exists. Earth B energy, the vibrational frequency band at which this contrast, the contrast is a consciousness, okay? The contrast is a consciousness. And believe it or not, Bowie taught me this.

00:43:06.000 --> 00:43:16.000

Uh, I channel David Bowie, for those of you who don't know, he taught me this years ago, and there is a free e-book on my website called The Veil is Lifting, and in it he talks about this.

00:43:16.000 --> 00:43:31.000

Darkness has a consciousness. Contrast has a consciousness, so it's not reptilian beings, it is the consciousness we call reptilian, and it is assigned this earth to enact the role of contrast, to be the contrast, to affect us.

00:43:31.000 --> 00:43:42.000

To victimize us. But what has happened is that, okay, okay, okay. And so just as we as humans have, say, spirit guides or angelic beings, or our helper set, okay.

00:43:42.000 --> 00:43:50.000

This reptilian consciousness has reptilian guides, guardians, beings. Okay, so it's a parallel.

00:43:50.000 --> 00:43:57.000

So these aren't the bad guys. This is a collective that is playing in. It's almost like being a dark god.

00:43:57.000 --> 00:44:07.000

They're choosing to be a dark god because that is part of their soul's growth. And in another incarnation, we might incarnate to be a dark god on this earth. Does this make sense?

00:44:07.000 --> 00:44:28.000

It's a different layer of consciousness to play in the game in a different way, and I'm getting this image of, if you are an actor, sometimes you're on the stage, sometimes you might be... The puppet master, who has the small stage with the marionettes. It's just different levels of expression through this earth incarnation, okay? Does this make sense?

00:44:28.000 --> 00:44:36.000

So, this is part of the consciousness that exists here to create the contrast, because that is the whole point.

00:44:36.000 --> 00:44:52.000

What has happened over time is that. It was too good, too intense, too effective. The... The there's a force that I don't understand, a gravity, a heaviness.

00:44:52.000 --> 00:45:11.000

The energy of our pain and our contrast became so great that it became greater than was intended for this earth and the balance it's gotten out of balance. There's been too much. And so, it's like an egg rigor, where, yes, there is a reptilian consciousness that is in charge of creating the contrast.

00:45:11.000 --> 00:45:15.000

A lot of people put it in the idea that.

00:45:15.000 --> 00:45:22.000

Some have gone rogue. They became even worse bad guys. They've gone rogue.

00:45:22.000 --> 00:45:29.000

Yes and no. It's not that exclusively they've gone rogue. Some yes, but it's more that.

00:45:29.000 --> 00:45:36.000

So many humans have preferred to play the bad guy that that energy gained a momentum.

00:45:36.000 --> 00:45:55.000

and a gravity of its own? that more humans are playing in that sandbox, playing that role, listening to the devil on their shoulder, than the ones who are coming to be in the light. The balance has gotten off. There was always meant to be balance. There was always meant to be balance. It is not endless woe and suffering, it is balance.

00:45:55.000 --> 00:46:11.000

Not simply in one life is a hard life, one life is a good life, but within a life, you may experience all the contrast, the highest high, and the lowest low. And throughout humanity, throughout history, you have had keepers of balance, the shaman, the witches, the priestesses, the magical folk. You have had.

00:46:11.000 --> 00:46:23.000

humans who played the role of gatekeeper and held that balance. Some, yes, you could summon demons, some who could summon forces of light. These forces were always meant to work in balance.

00:46:23.000 --> 00:46:46.000

And if you see this from a neutral perspective, not good, bad, but just different forces, different energies or entities that you can play in or enact, this... It's neutral. You're not evil. It's just, I'm gonna contact this demon to get what I want. Thank you. We're all done. Now let's work with the Faye to like it. Does that make sense?

00:46:46.000 --> 00:47:04.000

But those who have been engaged in the darkness prefer the contrast, who have accrued more energy in this way. It became imbalanced, and it created almost like, that's okay, that's what patriarchy is. It's a system of domination that eliminates the balance keeper so they can hold all the power.

00:47:04.000 --> 00:47:13.000

They have become the gatekeeper to the darkness, and oh my god, I'm so sorry. These people... Really?

00:47:13.000 --> 00:47:29.000

Yep, this is what religion is. This is what religion is. It's a false light matrix. It's a false light matrix that harnesses people's energy and that pretends to connect to the God, to the higher sources of light. It's not connecting to these dark energies, these dark entities.

00:47:29.000 --> 00:47:42.000

And what they see to what they bring forward is a false light, and so, throughout time, people have learned to distrust the true light, to see the balance, and to instead give of themselves and entangle themselves in systems that are.

00:47:42.000 --> 00:47:47.000

it's the puppet masters. They are the puppet masters of this contrastless energy.

00:47:47.000 --> 00:48:00.000

And there are many institutions that do this false light institutions that do this. Many of them know, but at this point in time they're so entrenched. We don't know. We don't even know.

00:48:00.000 --> 00:48:10.000

Okay, so... What they're telling... okay, so why? Why is this happening? Okay.

00:48:10.000 --> 00:48:26.000

The energy has run amok, and the balance. For many millennia, we have allowed the balance to restore itself naturally by incarnating more light keepers. However, as has happened, the contrast has continued to be louder and greater in amounts and overshadowed the light.

00:48:26.000 --> 00:48:47.000

Ascension is a moment of intervention, is a time period, an epic of intervention where the balance is restored, and as part of this, those energies that have been holding the contrast, playing the role of contrast, are leaving your planet and are taking with them the energy of pain and suffering they have allowed to grow out of balance. It's like a fungus. It's like a mold.

00:48:47.000 --> 00:48:53.000

That is overgrown, and we have to really get in here to clean out the infection.

00:48:53.000 --> 00:49:03.000

And what I'm seeing is Earthsea, again, we're wildly oversimplifying. Okay. So A is Earth amnesia.

00:49:03.000 --> 00:49:11.000

to come experience the contrast, but imbalance. Earth B is where the contrast lives. Earth C is the broader Earth.

00:49:11.000 --> 00:49:21.000

Where balance will be restored, but we will no longer rely on contrast for the vehicle, for the the spark, the ignition.

00:49:21.000 --> 00:49:28.000

Just like, uh, I love serpent symbolism as I'm wearing my serpents.

00:49:28.000 --> 00:49:44.000

A snake needs friction. If you put a snake on clean tile or satin sheets, they don't move anywhere, because there is a friction to propel forward. So that is why we had Earth A and B with the contrast. We need that friction to learn, to grow, to.

00:49:44.000 --> 00:49:50.000

come to an understanding to awaken, to open, to have a complete balanced experience.

00:49:50.000 --> 00:49:58.000

That has been our driver for millennia here on Earth, but as we ascend out of A, B, and into C.

00:49:58.000 --> 00:50:18.000

We are no longer choosing to use contrast as the driver. We are instead moving from a self-propelled organism rather than a contrast-driven organism. So if you think of any way we propel ourselves as humans, we run. We're pushing against the the ground. We swim. We're pushing against water.

00:50:18.000 --> 00:50:37.000

That is how we've been propelled is through forces in balance and contrast and moving ourselves physically through this contrast. But if we are moving into Earth Sea where contrast doesn't exist, we have to have a new operating system, and that is curiosity, creativity, divine creation. It's a wildly different operating system.

00:50:37.000 --> 00:50:55.000

And this is why we have so many more neurodivergent folk, both because that is who we are and that is how we are migrating to be. We are not, in contrast, we are self-propelled, self-fueled by curiosity, by ideas, by desire, by open heart. We're no longer pushing against the contrast.

00:50:55.000 --> 00:51:11.000

To propel ourselves forward, we are self-fueled. And I need a metaphor, because... I don't... there literally isn't one, because everything in this earth has been contrast, physicality. We need all this.

00:51:11.000 --> 00:51:32.000

So... Part of what's happening now is darkness is being revealed so humans can consciously unchoose it. Humans who did not know they were choosing darkness, they were choosing false light, they were aligning themselves with false light, are having that awakening to make a conscious choice, because the game is free will is choice.

00:51:32.000 --> 00:51:37.000

is we cannot take your choice for you. However, Earth B.

00:51:37.000 --> 00:51:54.000

has tilted the game, has forced our hand, so our choices are not completely free and clear. We're being given the opportunity, through revelation to make a free and clear choice for the first time. That is why your world will appear to get more chaotic, more unstable, more darkness revealed. It will look darker.

00:51:54.000 --> 00:52:10.000

Not because it is darker, but it is revealed so that humans are free for the first time in humanity to make a free and clear choice, to be open, aware, and able to see what they are choosing between. For the first time, certainly in this lifetime and for many millennia.

00:52:10.000 --> 00:52:31.000

So, do not fear what is revealed. Rejoice in what is revealed. It cannot hurt you, it cannot harm you. It could only harm you if you... chose to incarnate within it for your soul's growth, or you did not develop discernment to see the truth and you were choosing to follow a false light. The revelation will make it clear.

00:52:31.000 --> 00:52:35.000

The choice has to be made freely from the soul.

00:52:35.000 --> 00:52:39.000

And that is why the contrast is louder to actually see the choice.

00:52:39.000 --> 00:52:45.000

and then I'm seeing this image of like a cavern. We have to climb upward out of it.

00:52:45.000 --> 00:53:02.000

And this is that hard work where they wanted me to go through and talk about how are we seeing it, how are we doing it? These are those choice points, those moments where everything is revealed, and so we have to say, oh, I didn't know I was doing that. That was contrast. That was me over-giving. That was me out of balance.

00:53:02.000 --> 00:53:09.000

I have to not do that. How do I not do that? And so we unpick and we climb out. Okay.

00:53:09.000 --> 00:53:15.000

That was a lot. Hold on, let me see if there's anything else they want to say, and then we'll open to questions, because that was a lot.

00:53:15.000 --> 00:53:23.000

It was one of those things that, like, made perfect sense and also blew your mind, right? Okay.

00:53:23.000 --> 00:53:27.000

So what I'm seeing this beautiful alligator in a tutu.

00:53:27.000 --> 00:53:44.000

Um, why do they give me cartoon references? Those of you guys who are OGs, I'm always like, The Simpsons in a Disney cartoon. Like, I don't know. She's the beautiful Fantasia crocodile in the tutu. I love her. Okay.

00:53:44.000 --> 00:54:05.000

We must come into... okay. We must come into awareness of how we have allowed ourselves to be slaves of the darkness. Very strong words. We have allowed ourselves to be slaves of the darkness because we believed it was the human condition. Our depression, our anxiety, our despair was not our depression, our anxiety, our despair. It was the force of contrast that we have adopted.

00:54:05.000 --> 00:54:21.000

Through these beliefs that humans are frail, Earth is challenging, all of these mindsets, depression is a mental illness. All of these mindsets have disguised the truth of the contrast, but it is this energy, this energetic force here on this earth.

00:54:21.000 --> 00:54:26.000

breaking out of the mindset of chemical imbalance, hereditary.

00:54:26.000 --> 00:54:39.000

The problem is out there, I can never win all of these thousands of different mindsets. That is how we have given away our choice. I choose depression while believing it is not a choice I can make.

00:54:39.000 --> 00:54:46.000

This is the hard, rigorous work that is ahead of humanity, not merely in.

00:54:46.000 --> 00:54:53.000

choosing the light, but in understanding where you have chosen darkness and didn't understand it was your choice.

00:54:53.000 --> 00:55:12.000

This can come in moments of freedom and release, and I'm seeing like rocket fuel. We can just say, I release it all, and I fly up for others. It requires a much more intense

detangling of where we chose darkness. It's shame, self-blame, all of these things, all of these ways that I have chosen to.

00:55:12.000 --> 00:55:17.000

Oh my goodness, we have a ton of people coming in. What is happening?

00:55:17.000 --> 00:55:21.000

Hello, everyone. Did you all get kicked out and you're coming back?

00:55:21.000 --> 00:55:26.000

It's happening. Come on in.

00:55:26.000 --> 00:55:31.000

Okay. I hope it didn't get kicked out.

00:55:31.000 --> 00:55:41.000

For those of you who are just joining, did we have another time issue? Okay, some of you got disconnected. Okay.

00:55:41.000 --> 00:55:48.000

Okay, some people have a time issue.

00:55:48.000 --> 00:55:53.000

Okay, we have a... we've had a second wave come in.

00:55:53.000 --> 00:55:59.000

There might have been a mislabeled time. Okay, all right.

00:55:59.000 --> 00:56:09.000

So what I'm going to do is I'm going to okay, we've got we've got a time issue. No problem. That's a good place for me to stop and take a drink break, because this is some intense channeling.

00:56:09.000 --> 00:56:14.000

I'm going to give a few moments for new people to join us, and then we'll kind of reset.

00:56:14.000 --> 00:56:22.000

I have a drink here.

00:56:22.000 --> 00:56:27.000

Because let me tell you, folks who are just joining us now.

00:56:27.000 --> 00:56:33.000

We're in a doozy right now. We are in territory I never thought I would be in. I am channeling a reptilian right now.

00:56:33.000 --> 00:56:55.000

And she is showing herself as a very beautiful non-threatening. She's showing herself as the dancing hippos from Fantasia. She wants to show there is nothing to fear, there is nothing evil, there is nothing dark. Um... So she's... I've been channeling and explaining what's been happening here.

00:56:55.000 --> 00:57:18.000

on the earth for contrast, for millennia. And how there was this collective of reptilians, not because we lost some cosmic war, and because we've gone wrong, none of that. But that has provided that collective of beings has provided the contrast through which that we, uh, choose, that we have the pain, that we have the suffering. That's what 3D is for.

00:57:18.000 --> 00:57:24.000

So just as there are forces of light, there have been forces, we call it darkness. Again, we have a prejudice against that.

00:57:24.000 --> 00:57:37.000

But it is the forces that hold themselves in equal balance. But through the millennia, as the wisdom keepers and the shaman and the witches and the priestesses and all these manner of beings who knew how to hold the forces in balance.

00:57:37.000 --> 00:57:50.000

They've been killed off, they've been eradicated, their belief systems have been vilified, so we've gotten completely out of balance. And what I was channeling just before I realized something's happening. A lot of new people are coming in. What I was channeling is.

00:57:50.000 --> 00:57:55.000

They really hit me with a hard one that I... that kind of shook me.

00:57:55.000 --> 00:58:01.000

This idea that depression is not a choice. Depression is an illness.

00:58:01.000 --> 00:58:17.000

anxiety, despair. These are things we have to medicate away. And you know, I'm always a big proponent of medication, so this isn't about that. Use whatever helps and supports you need. My children are on medication, it's life-changing. I'm on medic... I'm not vilifying anything.

00:58:17.000 --> 00:58:31.000

But the paradigm shift that they're getting at. The paradigm shift is we've created all these explanations as to why we're depressed, why we're in despair. Oh, it's the system. Oh, it's a chemical imbalance. These are stories.

00:58:31.000 --> 00:58:36.000

The truth is, it is the contrast of this earth.

00:58:36.000 --> 00:58:43.000

that we have been swimming in. And because we believe a certain thing, that is us choosing it.

00:58:43.000 --> 00:58:54.000

But the choice has been forced, because we don't fully understand, we don't fully understand.

00:58:54.000 --> 00:59:08.000

what the lie is, what the distortion is, and so a lot of this... A lot of this is we're having to expand our paradigm and make new choices. For some of us, it might mean.

00:59:08.000 --> 00:59:18.000

A lifting off, a letting go of all that came before so that we can receive new knowledge. For others, it's going to require a lot more unpicking and unpacking.

00:59:18.000 --> 00:59:24.000

Okay, I'll take a drink here.

00:59:24.000 --> 00:59:31.000

All right.

00:59:31.000 --> 00:59:38.000

All right. Are we going to talk about that? Yep.

00:59:38.000 --> 00:59:46.000

So, in the early years of my healing career, when I was working one-on-one with clients, I would see this contrast.

00:59:46.000 --> 00:59:51.000

I would see... people would come in with entity attachments.

00:59:51.000 --> 01:00:01.000

And again, we're all going to be cool, and we're going to try to be as neutral as possible, because these are loaded phrases that have a lot of weight and a lot of distortion.

01:00:01.000 --> 01:00:17.000

Uh, as to how people have perceived and talked about them, okay? So I... there was this period of time over, like, a year where this is the bulk of what I was getting with my clients, is people who had attachments.

01:00:17.000 --> 01:00:26.000

It feels like we don't have a choice. It feels like we are being victimized. There were times, even in my past, where someone sent a thing at me.

01:00:26.000 --> 01:00:33.000

So that's not to say that we are totally in control of it, but it is the neutral condition here.

01:00:33.000 --> 01:00:45.000

And what my work was always about, it was never simply come to Gia and I'll remove the entity. It was, what in your life is a match for the contrast this is providing you?

01:00:45.000 --> 01:00:53.000

And a lot of times this was a despair, an addiction, or the despair that the addiction was trying to compensate for.

01:00:53.000 --> 01:01:01.000

And so there was so much of us carrying these entities and energies. And because we believed it's just me.

01:01:01.000 --> 01:01:10.000

I'm depressed. I'm not smart enough. I'm broken. That is us agreeing to be a host for this parasite.

01:01:10.000 --> 01:01:25.000

And so the parasites do exist, and they do come, and sometimes they're willy-nilly, which is why doing regular walks in nature is just as good as meditation and seeing a healer and bathing in salt water. I don't want anyone to feel like they have to spend a million dollars on healers.

01:01:25.000 --> 01:01:34.000

But energy hygiene, spiritual hygiene, clearing yourself, connecting with the divine, just kind of helps, just like a daily shower, to clean yourself off.

01:01:34.000 --> 01:01:55.000

We need more of that. But... Most of what is attracted to us is sole purpose, family dynamic, environmental. I remember I remember certain people in college. I would walk in the room and I would see them and I would nope on out of there because of what they had with them.

01:01:55.000 --> 01:02:02.000

So, we are running into, and have run into these spaces where they're just... the contrast is very, very thick.

01:02:02.000 --> 01:02:20.000

And so what she was saying is this period of revelation is giving everyone an opportunity to actually make the clear choice when the darkness is revealed for what it is. No more sheen, no more shine. We can also see, of course, plenty of people still choosing to believe lies and darkness, etc. However.

01:02:20.000 --> 01:02:29.000

This is... It's choice. They're choosing, they don't want to wake up, they don't want to. Okay.

01:02:29.000 --> 01:02:40.000

All right. That actually was helpful kind of re... re-summarizing the highlights to get where we're at.

01:02:40.000 --> 01:02:52.000

Okay, now there's a new. Okay. Now, what they're showing me is... talking about this really? Oh my gosh, we're going places I never thought we're going today. Now we're going to talk about the solar flash.

01:02:52.000 --> 01:03:15.000

We're deep in it, guys. Okay. So... Again, very brief to get us kind of where we're at with the solar flash. There's been this idea, these prophecies, that solar energies are coming to Earth to raise the vibration, to break down the darkness, to change our physiology, and that it will yet culminate in one giant solar blast that will catapult us.

01:03:15.000 --> 01:03:20.000

to the fifth dimension, Earthsea, whatever you want to call it, this new earth.

01:03:20.000 --> 01:03:24.000

I've even chatted about this. There's a whole event called Ascend with the Solar Flash.

01:03:24.000 --> 01:03:46.000

And yet, my human, I'm still very much wait and see, because I can't quite conceptualize how this all works, if it's going to be subtle. That's what these energy waves are, right? If you've been following me, you've heard me talk about energy waves. Um... We are receiving solar energy, solar radiation, geomagnetic storming, all of this stuff is affecting us physically and changing us physically.

01:03:46.000 --> 01:03:54.000

And what I'm seeing is this is very... this is a metaphor they've used before. What's coming through the sun is it's like when they break up kidney stones with the lasers.

01:03:54.000 --> 01:04:02.000

When they break up kidney stones so we can pass them, that's what they're doing with this reptilian contrast energy.

01:04:02.000 --> 01:04:16.000

This laser, this jackhammer that's breaking all of this up so that it can be fragmented, and I'm seeing people, like, kicking the rock down the road. It's now so small and meaningless, it has no power. We can't be trapped in this web.

01:04:16.000 --> 01:04:21.000

As this happens, that is what makes it easier for us to have a shift.

01:04:21.000 --> 01:04:37.000

Because although we have agreed to the contrast, taken it on unconsciously through our twisted free will, we've taken on more than is healthy, more than we could shift for

ourselves, because everyone here has the desire to shift. Everyone here.

01:04:37.000 --> 01:04:56.000

has the ability to shift. So why is it so hard? It's hard because we're in a lifetime of the sludge, the weight, the heaviness, the residue, the debris. And so that is the aspect of the solar energies that are coming down to break it all up so we can slough it off very easily.

01:04:56.000 --> 01:05:02.000

So, as this is happening. It makes awakenings easier.

01:05:02.000 --> 01:05:07.000

But what this is also doing. Okay.

01:05:07.000 --> 01:05:12.000

So, for us humans living in this density, the normal real life of density.

01:05:12.000 --> 01:05:24.000

It's as simple as one day we wake up and we're like, you know what? I'm not taking it anymore. Or I see this differently now. It's very simple. But let's look at, for example, the Epstein nest of vipers.

01:05:24.000 --> 01:05:36.000

Very, very dense. Absolutely what we would call evil and horrific acts, and the residue accrued by the pain and suffering in these acts is so immense.

01:05:36.000 --> 01:05:47.000

So these sun solar energy, celestial energies that are coming down, they can't even yet get to the energy of the sludge.

01:05:47.000 --> 01:05:53.000

They have to start with these outer layers, and what the outer layers are, it's the cloak of respectability.

01:05:53.000 --> 01:05:59.000

that these beings, peoples, groups, political parties, if you will.

01:05:59.000 --> 01:06:02.000

I'm not gonna throw shade, but I'm gonna throw shade.

01:06:02.000 --> 01:06:14.000

It is first breaking down the veneer of respectability that they have cloaked themselves in, which is why we're seeing religions be exposed, and people and charismatic gurus are falling, all of this.

01:06:14.000 --> 01:06:21.000

We're seeing more and more of that being broken down and exposed. Those are the

layers that are being broken down first.

01:06:21.000 --> 01:06:33.000

And that is giving people more opportunity to wake up and see. And then, as it continues to go, then we can get into the layer of the residue of what they've actually done here.

01:06:33.000 --> 01:06:52.000

the accumulation of this, and I see it as, like, this toxic stew that spreads and spreads. Even if you don't know it, we're all ankle deep or deeper in it, even if it never happened to us, that's what has been seeded here on this earth. And so that solar energy and the cosmic energy, it's not exclusively through the sun, but.

01:06:52.000 --> 01:07:04.000

Certainly, much of it is refracted through the sun, is breaking all these layers down. Okay, okay, and now I'm seeing... They're absolutely... Oh, okay.

01:07:04.000 --> 01:07:10.000

Sorry, a couple things that I have to, like, direct traffic in what they're showing me first.

01:07:10.000 --> 01:07:18.000

First, what I was seeing is... This funny little image of like these little... bad guy lizard people.

01:07:18.000 --> 01:07:26.000

And they're just being like, fling, you know, if you, like, flick it off, like a bug, just fling. I'm seeing that, they're being flipped, helter-skelter, okay?

01:07:26.000 --> 01:07:31.000

They're being sent helter-skelter. And that is happening.

01:07:31.000 --> 01:07:39.000

As we transmute, release, no longer are animated by these energies.

01:07:39.000 --> 01:07:50.000

They're sort of, like, flicked off and neutralized. They're just done. And it's not the actual reptilian people, beings, energies, entities. It's like the egregore, the puppet, okay?

01:07:50.000 --> 01:07:59.000

So much of this is being cast, and I really see him fleeing into space, just like, goodbye. But then the other thing where I was like, oh.

01:07:59.000 --> 01:08:11.000

Remember in the video last week where I said I went somewhere into a big meeting on the other side in this... in this room I know often that I go into often, this auditorium. And I was like, they're going to tell us what's happening.

01:08:11.000 --> 01:08:21.000

They didn't tell me then, they only let me know what I was there, but they said, when we come in the Signal Fire, we'll tell you more of what this is. So, okay, I'm gonna take a drink break.

01:08:21.000 --> 01:08:24.000

We're going to talk about what came through in this meeting.

01:08:24.000 --> 01:08:30.000

Hit me with your questions here, okay? If there's anything I need to clear up that we need to know.

01:08:30.000 --> 01:08:39.000

Um, before we move on, let's do that now. Flinging villains sounds good. Yes, it does.

01:08:39.000 --> 01:08:54.000

I love this whistleblower. The chameleon doesn't change to be deceitful. It does it to survive. Once we raise the standards, all the people who have been hiding to survive will have permission to step into the light. I absolutely love that, because so much of what's also happening is.

01:08:54.000 --> 01:09:10.000

As the progressive left is getting louder, for example, Me Too, Black Lives Matter, all the... I always point to the social justice, LGBTQ plus movements as these voices get louder and we share a new narrative that counterbalances the toxic narrative that we just allowed or that was.

01:09:10.000 --> 01:09:25.000

you know, too big to fight. We're shifting the balance, and it makes it easier for people to speak more on the side of the light. No, we don't tolerate that. Actually, being trans is not a sin. Like, whatever narrative we're putting out. It shifts that balance.

01:09:25.000 --> 01:09:44.000

And so that's happening there. Okay, Marcia says, time issued, is the flash now, but slowly. I don't have a definitive answer on that, because I think it's yes and. Many people have seen the solar flash as one and done, and I did even channel that it will culminate in a final.

01:09:44.000 --> 01:09:50.000

I'm dubious, I will tell you, even though that came out of my mouth, I'm dubious, so that's me separating the human from the channel.

01:09:50.000 --> 01:10:04.000

And it is also happening. It is slow, continual, time-released. And we can see it as solar flares, and we can feel it as we're processing it. So it's both.

01:10:04.000 --> 01:10:20.000

Yeah, there's a question about after the solar flash, what does it look like without capitalism? That's going to be more about how humans rewrite the system. So it won't be instant. It will be like what we're seeing with Mamdani in New York, this new idea about Spirit Airlines.

01:10:20.000 --> 01:10:36.000

We're going to have... we're going to be taxing the billionaires. They're going to pay for more of our civic structures, education, roads, we're going to de-corporatize healthcare. These systems will change, and humans will change them. So I... that's why I'm like the solar flash thing. I really don't.

01:10:36.000 --> 01:10:59.000

I'm not of the belief that it will happen and we'll wake up and we'll be hobbits in the Shire, and there will be no technology. I don't see it that way. But I also don't really know what it looks like, okay? So, that's why I'm like, I don't know, guys. I'm not going to tell you what I don't know, and I know a lot of people channel a lot of different things, so... Take in what other people channel use your discernment, feel what feels right for you.

01:10:59.000 --> 01:11:13.000

Okay. Dominic says, How do we know where to go? How do we know when it's time to be a public facing mentor on social media in everyday life? It's always, Dominic.

01:11:13.000 --> 01:11:31.000

It's always... it doesn't mean you will have the kind of trajectory like you thought. I was on social media for years before I ever had any followers, and then it was overnight. But that was me building my voice, developing my presence. So as much as we can make ourselves in the position to teach and hold space.

01:11:31.000 --> 01:11:46.000

We will be met with those who are ready for our voice. Okay. Kate's hoping for a solarpunk world. And I need to make a video on this because everything that's happening with Iran and the Strait of Hormuz and all of this stuff is exactly what that's what that's for.

01:11:46.000 --> 01:12:05.000

that darkness revealed, it's... we're seeing the dependence on oil and non-renewable resources and the environmental toll and the costs, and the oil barrens and all of it. Many of us were awake and aware, and we know it, but the broader world doesn't yet know it, number one, and isn't motivated enough yet to sacrifice current comfort to make change.

01:12:05.000 --> 01:12:23.000

It's all legislated, the frickin' billionaires, the oligarchs, the oil money of the world, everything is in their favor. So we're having this big revelation through war, through conflict, through shortages in oil to show us, hello, this is not sustainable, so it's all part of the revelation.

01:12:23.000 --> 01:12:37.000

So people can actually choose, okay? All right. Entities and egregore is the same, and reptilians different? Great question. Okay, so entities.

01:12:37.000 --> 01:12:44.000

I mean, yes, Anne, there's a lot of nuance here. An egregore grows until it becomes an entity of itself.

01:12:44.000 --> 01:12:57.000

Entities are also... Animate... what's... what's the word? Animated by an energy, as well as sort of a soul-based organic life.

01:12:57.000 --> 01:13:05.000

It's a yes and egg regors can grow to become, but entities are also originating from elsewhere.

01:13:05.000 --> 01:13:13.000

Um, reptilian... what is reptilian? Can you explain?

01:13:13.000 --> 01:13:25.000

Okay. There is a planet, there is a reality, there is a place in which the reptilians, that is their planet, that is their people, that is where they live. This is the world in which it is.

01:13:25.000 --> 01:13:34.000

non-emotional, logic-based, non-emotive. This is like pure intellect.

01:13:34.000 --> 01:13:43.000

No emotion whatsoever. This is a place souls incarnate, just like Earth, just like Arcturus, just like anywhere else.

01:13:43.000 --> 01:13:50.000

Those who enjoy incarnating as this reptilian dynamic choose that.

01:13:50.000 --> 01:14:01.000

And those from that place. are chosen as emissaries, as representatives, to be and live in this dimension to fulfill the purpose of contrast.

01:14:01.000 --> 01:14:08.000

These are roles we all fulfill. Many of you may have been reptilian. Many of you are. It is not a soul type.

01:14:08.000 --> 01:14:16.000

It is an incarnation you may choose for an experience. Some souls prefer it, some souls excel.

01:14:16.000 --> 01:14:33.000

In a reality in which emotion does not lead, but pure logic, there is no pain, there is no

suffering, there is also no joy. It is intellect, it is... I'm seeing, like, logic technology. I can't even, like, fathom what that is, because it's so out of how I live and function.

01:14:33.000 --> 01:14:51.000

If one were to incarnate as a reptilian, it is a body you incarnate in, and the soul animates just as a soul animates a human. However, humans differ in that. They have physical pain, they have emotions, they are largely driven by the emotional body, where the emotional body does not exist in the reptilian realm.

01:14:51.000 --> 01:15:07.000

So those who have incarnated as reptilians have volunteered, enjoyed, been recruited to participate in this reality. It is meant to be like a term of service, like a tour of duty, but many have stayed.

01:15:07.000 --> 01:15:12.000

And I'm seeing many got lost in the role.

01:15:12.000 --> 01:15:24.000

The proximity to humanity and to Earth life and the egreore of greed that was created, sort of like a byproduct, greed, jealousy, domineering.

01:15:24.000 --> 01:15:31.000

created a type of emotional charge that does not exist in the reptilian planet.

01:15:31.000 --> 01:15:45.000

And it is particularly intoxicating. It's new. It's what is this? It's something new introduced into their system that became too attractive for some to resist.

01:15:45.000 --> 01:16:03.000

It's... this is crazy. This is almost like they're the ones who succumb to the devil on the shoulder. Not humans. They did, and they got this, like, power-hungry, because being a reptilian on that planet, in that realm is vastly different from being a reptilian here. The proximity to the bleed-through, the overlap.

01:16:03.000 --> 01:16:20.000

That puppet master is a new something new they hadn't experienced and some get a little too carried away in it. And so these are the ones who've been here and that need to be removed and flicked off, but they can't be so long as there are people still, again, the cahootsing.

01:16:20.000 --> 01:16:34.000

We're in cahoots. Those who are. being animated by this energy, working with this energy, preferring the feeling of the darkness, choosing it. There is, like, a braid, it's like a soul braid, an energy enmeshment.

01:16:34.000 --> 01:16:44.000

An agreement, and because the free will choice of the human is primary, we cannot

simply remove this entity. There has to be the decoupling, disentangling.

01:16:44.000 --> 01:16:53.000

Which is why the third dimensional Earth will die off with those who are fully engaging in this contrast energy.

01:16:53.000 --> 01:16:58.000

They simply cannot choose, will not choose, do not want to choose Ascension.

01:16:58.000 --> 01:17:09.000

Like could you ever see Epstein having a change of heart? Okay, could you ever see Trump being like, Oh, my gosh, what I did was wrong. No, some people are not going to make that choice.

01:17:09.000 --> 01:17:24.000

They cannot. They will not, they won't, and so they will essentially go down with the ship. Now I've talked about that a lot. I'm not going to get into it here. If you want to get watch the April signal fire that talked a lot about what happens with people who go down with the ship. And it's not.

01:17:24.000 --> 01:17:35.000

like your brother. Okay? It's like very rarely the people in our lives. These are the truly dark, heinous people who just cannot be redeemed in this lifetime. So we're not going to worry about that.

01:17:35.000 --> 01:17:52.000

So, essentially, this idea of reptilian as it exists on a planet, wherever that planet is, whatever the name of that planet is, is wildly different than what it means to be a reptilian here. That's a huge revelation for me. And I get now why she's coming forward and she's like.

01:17:52.000 --> 01:17:57.000

In her little tutu, because she's dramatically showing me we are not this.

01:17:57.000 --> 01:18:06.000

We are that, but those who have come here in service of the duality... I love that phrase, in service of the duality. Many of them have lost their way.

01:18:06.000 --> 01:18:21.000

And, okay, and it's because of also the simultaneous choice of humans to engage in the dark, rather than, you know, witches and priestesses and hoodoo workers of old, they knew how to work with the darkness in a way that was neutral and unselfish and.

01:18:21.000 --> 01:18:29.000

Very much, we need this force to help us, we need that force, but too many of them.

01:18:29.000 --> 01:18:43.000

The old lineages had been corrupted, had been killed off, and the power usurped by those who have no intention of holding it in balance, being the gatekeeper, but instead of animating themselves with this energy for power.

01:18:43.000 --> 01:18:52.000

So like every movie where you see the truly evil bad guy, and he's like, what is it? The Indiana Jones Temple of Doom?

01:18:52.000 --> 01:19:13.000

The power, that greed brings to them. That is the animating force that they are choosing, so that is how it has gotten out of balance. This is fascinating stuff. Okay, Krista says, like an addiction. Yes, and...

01:19:13.000 --> 01:19:22.000

my healing work. Many people who were in addiction had active energies and entities on them. The very proverbial devil on the shoulder.

01:19:22.000 --> 01:19:40.000

And a lot of times, that energy was not a reptilian, this other force, it was another human soul who had not crossed over, but it was still so in its own addiction that it would affect humans and try to get you to drink and try to get in your body to feel that addiction.

01:19:40.000 --> 01:19:50.000

Same is true for violence, sex abuse, all these things. These energies and entities want to participate in it again, and so they try to.

01:19:50.000 --> 01:20:00.000

climb into, attach to, animate themselves through this human body so that they can feel it. Because if you're not in a body, you can't feel it. Does that make sense? Okay.

01:20:00.000 --> 01:20:05.000

Whistleblower says basically the crooks got carried away. I mean, yes.

01:20:05.000 --> 01:20:15.000

Yeah, Gooley says the energy of greed, dominance, separation were too alluring to let go. We tend to see it's the reptilians who started it, not the whole picture. This is blowing my mind, by the way.

01:20:15.000 --> 01:20:26.000

I'm saying it as though, yes, of course, because it makes sense. I feel like this is the missing piece of information that, like, I didn't know any of this. Maybe some of you did, and you're like, Gia, old news. Okay.

01:20:26.000 --> 01:20:42.000

So this is what she's communicating, and this is back to what she was showing me, this meeting I went to. I thought, when I made those videos last week, where I'm like, we're going to talk about the trains and the timelines, and they're like, yes, but... That

meeting...

01:20:42.000 --> 01:20:50.000

It was like, really? It was like a reptilian town hall kind of a thing. It's a status report on.

01:20:50.000 --> 01:20:57.000

Okay, okay, no, they're saying the correlation is that choice point was a lot of people having to.

01:20:57.000 --> 01:21:11.000

make the choice of, I'm not going to keep listening to the devil on the shoulder. I'm not going to listen to people who are fueled by that energy. I'm not going to fear those people. Oh, I can see, that guy really is a crook. I'm not listening to him anymore.

01:21:11.000 --> 01:21:22.000

or I have subjugated myself through overgiving, because I thought it's what I had to do, but actually, no, that is the contrast, and I'm not choosing that anymore.

01:21:22.000 --> 01:21:32.000

All those ways that I read through of how did this affect us this week? These are all places where we have had to see where we were out of balance.

01:21:32.000 --> 01:21:51.000

and unconsciously choosing contrast, but kind of feeling like it's not my choice, this is just happening to me. This is the dynamic I'm entangled in, I couldn't get out of it. The crack needed to happen so we could have our revelation and see. And for some people, they don't even know that they had the thing, but it happened, because this will set us up for this 30 years. Okay.

01:21:51.000 --> 01:22:00.000

Alright, I'm gonna take a little drink. And we're going to see what she wants to say about this meeting.

01:22:00.000 --> 01:22:09.000

Okay. I'm getting this beautiful image of the acceleration of.

01:22:09.000 --> 01:22:24.000

So the metaphor I use of the old earth peeling away, it's the tulip, it's the petals of the flower that are falling apart, and what I'm seeing is an accelerated falling away is now possible. Enough people chose, enough people had the revelation, and because.

01:22:24.000 --> 01:22:42.000

Of this major revelation, we'll now begin to see through all the other revelations that much more quickly. It's like a compounding effect. Because if you code for the first time, say, Trump and this whole, oh no, they tried to kill us, and that's why we need a ballroom, like... Seriously, like, how freaking obvious was that?

01:22:42.000 --> 01:22:59.000

There are some people who this is the first time they've ever seen through it, whether it's Trump, whether it's the government, whether it's... but the good guys in white shirts always have our best interest at heart. Like, this was a true awakening for some people, and now that they've had that awakening, it makes it that much easier to see the truth in all these other ways.

01:22:59.000 --> 01:23:04.000

And so it's this rapid... what they're showing me is it's like rolling.

01:23:04.000 --> 01:23:13.000

Like, if there's this fabric over it, and it's been split in the middle, and now we're rolling, like, rolling a tent flap. It's rolling the fabric away.

01:23:13.000 --> 01:23:16.000

And that's the Earth B where this contrast lives.

01:23:16.000 --> 01:23:27.000

Because so many people, we've lived in contrast for so long, we can't even fathom the fact that it might be optional. It hasn't been optional in the past, so why would we even think that it would be optional in the future?

01:23:27.000 --> 01:23:41.000

New Earth, that sounds great! I don't actually know what that is, or how to get there, so I have to wait for a solar flash to save me. They're completely unaware of how much choice and effort and work gets put into it.

01:23:41.000 --> 01:23:58.000

So this unraveling unveiling allows us to more quickly see all the ways and make all the choices. I'm not falling for that. No, I'm not gonna play... I'm not even gonna pay attention to you anymore. Why was I so afraid of you? It's fine. And all of these choices help us climb out of that cavern.

01:23:58.000 --> 01:24:08.000

As the world B is being stripped away and world A goes with it, we're able to climb up and exist more in this world sea.

01:24:08.000 --> 01:24:13.000

Earthsea, whatever. Okay.

01:24:13.000 --> 01:24:21.000

Yeah, Shireen says it's hard for me to understand how this could be the first event that led to have the veil lifted. It sadly, yes, it is.

01:24:21.000 --> 01:24:51.000

Because you have to understand the layers of density that people live in that we can't even fathom. Years and years and years and years of programming and cultural

conditioning and family dynamics and... Just ignorance, I'm not even paying attention. I had this conversation with my mom the other day, where I talked about Trump's dementia, and she was like, wait, really? And I was like, yeah, like, if you... if you don't watch the news at all, and if you're not on social media, and if... or if you only watch mainstream news, you have no idea.

01:24:51.000 --> 01:25:09.000

And so, so many people just truly are not... Tuned in, tapped in, don't care, or actively don't want to, I got enough to deal with, I can't. Because once you see it in one area, it unravels and reveals how that's played out through all these other areas of your life. And so some people choose not to see.

01:25:09.000 --> 01:25:19.000

Because it's like... If I... if I refuse to see that Trump is a bad guy, then I don't have to see how my husband is abusive.

01:25:19.000 --> 01:25:35.000

And it seems like what we all want to see, and we all want to get out, but when you've built your entire life on surviving this thing, the weight of waking up to it and having to deal with it and change your entire life and uproot your entire life is too much, so people choose ignorance. That's why.

01:25:35.000 --> 01:25:43.000

So, okay. Okay, so this meeting...

01:25:43.000 --> 01:25:56.000

I'm hearing... Okay, let me see if they want to chat, or if they just want to show me what was at this meeting. I'm seeing, like, it's this huge auditorium. I've been there often. Maybe some of you have too. This...

01:25:56.000 --> 01:26:05.000

cosmic somewhere. Where we're all being briefed on the censure and the Earth plan, where are we at? And I keep seeing this beautiful reptilian.

01:26:05.000 --> 01:26:20.000

who's like, I keep hearing, we're pleased to report. It's, like, very, like... All systems go, but I'm not getting specifics. Like, the point they're communicating is this is going swimmingly beautifully, all according to plan.

01:26:20.000 --> 01:26:31.000

Where this will get sticky. Okay, okay. They're saying, don't believe what you see and hear about things getting worse.

01:26:31.000 --> 01:26:37.000

There are small pockets of things appearing worse. Again, as part of the revelation.

01:26:37.000 --> 01:26:49.000

There are also small pockets of things actually getting worse, because that is this Egregor entity energy puppet master trying to hook. I've talked about this a lot, trying to hook more people back into it.

01:26:49.000 --> 01:27:07.000

Don't believe anyone who says it's not working. There's a big war. Oh, buckle up, it's gonna get worse. It's not. These are small stories, small pockets, small narratives. This is going swimmingly, beautifully, incredibly well.

01:27:07.000 --> 01:27:29.000

Yeah, and any channeler or whoever who's like. telling you anything fearful, don't listen to them. They have not yet mastered their own connection to fear and to panic. They have not understood the responsibility that comes with their gift, and they're offloading their fear onto other people. Do not fear what is coming. There will be moments of discomfort, but so has it been throughout eternity, throughout history.

01:27:29.000 --> 01:27:43.000

There will be nothing that is insurmountable, nothing that is so catastrophic that humans will not survive, that will alter the course forever, that in a single moment, your life will be destitute. There is nothing of this.

01:27:43.000 --> 01:28:04.000

Some individuals may go through that as part of their own individual. Like I said, if you do suddenly wake up to the fact that, oh my god, I have to leave this marriage, that does end your whole life. It's terrible. It's awful, even if it's beneficial, it's hard. So, there is that level of earth-shaking, things fall apart, but it is nothing that will.

01:28:04.000 --> 01:28:11.000

We're not going into catastrophe. We're going into awakening.

01:28:11.000 --> 01:28:19.000

Okay, so what... okay, well, let me listen.

01:28:19.000 --> 01:28:35.000

I'm saying, like, what do you want me to tell them? What do they need to know? Focus on you, focus on your growth, focus on your choice. Become loosely aware, and then more intensely focused on all the choices you have made that you didn't realize were a choice.

01:28:35.000 --> 01:28:43.000

surrender to, succumbed to. They're really pointing at begin with any sort of mental health crisis.

01:28:43.000 --> 01:28:58.000

Any sort of depression, despair, grief. This is where those entities can really flourish. It's like... it's like the, uh, the biofilm, it's like the.

01:28:58.000 --> 01:29:14.000

The muck where the bacteria grow. So look at those areas where you have despair, invite your source, your spirit team, your higher self, whoever it is you work with ancestors.

01:29:14.000 --> 01:29:23.000

work with them. have an illumination into where you have made a choice you are unaware of making the choice.

01:29:23.000 --> 01:29:41.000

Understanding that it may still be a journey. We are still in physical bodies. There is still pain. There is still contract. For now, they're saying, for now, that's really exciting. Um... Allow yourself to see first where you have made choices and been unaware of these choices, and as you do, it's just like the...

01:29:41.000 --> 01:29:51.000

Flicking off of those little reptilian bugs and the freeing yourself of the Velcro. I keep using all these metaphors, you're just gonna kind of pull these up.

01:29:51.000 --> 01:30:06.000

Yeah, Gooley says, I experienced despair and grief from time to time, but they don't last as long. Maybe one day. That's exactly how I've experienced it, too. And that's really interesting, because remember how I said I had been feeling... yes, I processed that intense grief, got the childhood blankie, and was really in it, and then it was like.

01:30:06.000 --> 01:30:10.000

20 minutes later, and I'm good. I felt great the next day.

01:30:10.000 --> 01:30:21.000

But the next couple of days, especially yesterday and my migraine today, they're saying that was bringing an awareness of what it feels like.

01:30:21.000 --> 01:30:28.000

Thanks. Okay. So they did this to me so I can tell you what this feels like. Okay.

01:30:28.000 --> 01:30:36.000

This kind of... we're gonna call it energetic interference, feels like subtle, soft, slow.

01:30:36.000 --> 01:30:51.000

You don't know what it is. You don't know where it comes from. You start analyzing your life. Is it this? I'm upset about this. I feel sad about that. You're trying to assign an origin.

01:30:51.000 --> 01:30:56.000

This can be helpful when you're doing the work to excavate actual problems in your life.

01:30:56.000 --> 01:31:07.000

This can be unhelpful when you are assigning meaning to things where the meaning

doesn't belong. This is simply you feeling the energy, the ick.

01:31:07.000 --> 01:31:14.000

And immediately... It's like I'm pinning it into something where it doesn't belong.

01:31:14.000 --> 01:31:21.000

So like perfect example. I've been feeling the feels about... I kind of struggle with friendships, okay?

01:31:21.000 --> 01:31:24.000

Talked about that a lot of my social, nothing new.

01:31:24.000 --> 01:31:35.000

And with this recent friendship that ended, of course, I'm kind of in the soup about it, okay? I'm trying to, you know, read... distribute how I have my friendship energy, let's say.

01:31:35.000 --> 01:31:46.000

So, as this malaise has kind of drifted in, my mind wants to go... it's because no one wants to be friends with me. Like, it immediately created this narrative.

01:31:46.000 --> 01:31:53.000

That isn't actually true. That isn't actually what's happening, but because I was still feeling a little raw in this place.

01:31:53.000 --> 01:32:08.000

this energy came and floated in, and I was like, aha, you're mine, and I'm gonna wear you, and I'm gonna attach meaning to you, and that is how we unconsciously take on these energies that aren't ours. I chose that, and I had no idea I was choosing that.

01:32:08.000 --> 01:32:16.000

So that's a little harsh. But this is kind of the frank reality we need to understand.

01:32:16.000 --> 01:32:32.000

And as I was doing deeper work on, okay, well, it can't be that. I'm not unlovable, these are lies, this is me just feeling sorry for myself. What am I actually trying to work through with this contrast? Yes, I need to show up differently. Yes, I can, like, whatever.

01:32:32.000 --> 01:32:36.000

And as I moved into that, it's like I completely forgot about.

01:32:36.000 --> 01:32:45.000

Flicking the bug off. Oh, I completely forgot about. Because I decoupled the story from the energy. And when I decoupled it, I unchose.

01:32:45.000 --> 01:32:56.000

I was like, oh, well, it's not actually that. And I don't know why I keep seeing this as a

backpack. I had put on the backpack, and this is now I'm just like, oh, actually, I don't need the backpack anymore, and then it's gone.

01:32:56.000 --> 01:33:03.000

So, be aware of these floaty mist of despair.

01:33:03.000 --> 01:33:19.000

They're saying there's going to be a lot of them right now, because they're trying to find a host, they're trying to find a home as they're being flicked off and revealed, and they're no longer attached as deeply embedded as they were, there is this energy floating around that a lot of us are going to feel.

01:33:19.000 --> 01:33:38.000

Like, don't buy it, don't fall for it. First, treat it as, is this mine before I engage with you, before I say, here's another round of work, it's is this mine, or is this floating through looking for a host? And if it's floating through looking for a host, it's going to evaporate, it's going to move on. They're saying you're energetic.

01:33:38.000 --> 01:33:53.000

uh, ritual protection is going to be beneficial right now. Not because, like, bat in the hatches, we're under attack, but just, like, be aware, sort of, like, if it's cold and flu season, wash your hands a lot, carry your hand sanitizer, like.

01:33:53.000 --> 01:33:58.000

It's fine, we can handle it, but be aware that's floating around.

01:33:58.000 --> 01:34:08.000

And I'm seeing again the laser for the kidney stones, all these things are going to be found and they're going to be rooted out. It's like the dog catcher. They're going to catch all the strays.

01:34:08.000 --> 01:34:15.000

So that's the next phase. Okay. Give me a time. Okay.

01:34:15.000 --> 01:34:25.000

This is again going on through mid-May, through the next moon cycle, the next full moon. Maybe somebody tell me when that is going to be. I don't know.

01:34:25.000 --> 01:34:35.000

We're going to kind of bump up against this malaise, or having to really reexamine our own patterns of depression and despair. Okay, someone says, full moon, May 31st. Okay.

01:34:35.000 --> 01:34:50.000

That'll be a good time to purge, to really kind of do the final. Again, when Spirit showed me holding this up by your ankles and shaking all the coins out of our pocket. All right.

01:34:50.000 --> 01:34:54.000

There are many more of us who are already not affected by it.

01:34:54.000 --> 01:34:59.000

Stay on your perch, stay on your cloud, keep radiating your light.

01:34:59.000 --> 01:35:14.000

This is like that oasis in the desert. So for those who are for the first time sloughing off and releasing and coming out of these dynamics, we can see something else that's possible, because if you don't know what's possible, you will immediately try to recreate what you were once in.

01:35:14.000 --> 01:35:18.000

So, you'll go back into that shell, and you'll put it back on.

01:35:18.000 --> 01:35:27.000

So those of you who are on the cloud, the cloud, the grid, the new light grid that we're creating, radiate, shine, be you.

01:35:27.000 --> 01:35:34.000

live your best life, smile at strangers, have parties, dance, do art, create.

01:35:34.000 --> 01:35:43.000

That's twofold. That is both the beacon to show people this is where we need to go, this is what's possible, this is where we're headed, as well as.

01:35:43.000 --> 01:36:00.000

It's activating your vehicle. Remember when we talked about earlier, if you're in the 3D contrast, that friction is how we propel ourselves. I gave the example of swimming. You're pushing against water. You're running, you're pushing against the concrete or whatever.

01:36:00.000 --> 01:36:14.000

If we're not in this either-or duality, I have to push against. There's no friction. What is the driving force of creation in a 5D new earth? It's creativity, it's inspiration, it's curiosity. It's, wouldn't it be fun if.

01:36:14.000 --> 01:36:30.000

You are propelled by your joy, not by your contrast. It's almost like your joy has a momentum on its own. Curiosity, creativity. I could get lost down a creative rabbit hole for 12 hours and never come up for air. That's the new.

01:36:30.000 --> 01:36:42.000

Orienting energy. For those who are already artists and neurodivergence and creatives, we know what this is like. This is how we animate our vessel.

01:36:42.000 --> 01:37:03.000

Okay, so... They're showing me the... okay, they're showing me the act of creating art. I'm not talking about we all have to become professional artists. You can if you want to, but it's more like... Like, underneath there, I have a little diamond painting kit. That's just for fun. That's just to sit and be doing creative things.

01:37:03.000 --> 01:37:15.000

And I like to color with my kids in their coloring books, and I like to dance, and I... whatever. All of these creative acts, they're showing me it's like, uh, spinning straw into gold.

01:37:15.000 --> 01:37:26.000

As we engage in the energy of creativity, that spreads, and that's the web of light, and that begets more threads for more people to see and walk and travel on.

01:37:26.000 --> 01:37:37.000

And I'm seeing it now. It's like letting these little, like, the ropes are coming down so people can pull themselves up. So this is the work we're engaged in now.

01:37:37.000 --> 01:37:48.000

Okay. Okay, so what else do... okay, what we... while we have our... our friend here, what else do we need to know about this reptilian energy?

01:37:48.000 --> 01:37:57.000

They're saying nothing, you don't have to know anything more if you don't want to. This is underway, this is being overseen, this is well within hand.

01:37:57.000 --> 01:38:09.000

And then I'm seeing it's like a reptilian delegation. They're taking that. They'll take them back. They'll remove those who are willing to go with them. The others are going to have to go down with the ship again.

01:38:09.000 --> 01:38:13.000

But remember, it's the soul underneath it that's eternal, okay?

01:38:13.000 --> 01:38:32.000

Just as my soul in my next incarnation might choose to be a reptilian. There is no death, there is no destruction, it's just, hey, you didn't finish out this game, you're not going home. Okay. And I'm seeing it, like, the original Spaceballs movie, where they turn the Statue of Liberty into a vacuum, and it sucks the air out.

01:38:32.000 --> 01:38:39.000

That's happening as well. They're in, like, an extraction mission to pull this energy out.

01:38:39.000 --> 01:38:44.000

But they can't pull it out if we're still wearing the backpack and holding on to the energy and engaging in it.

01:38:44.000 --> 01:38:49.000

Okay, so that makes sense. That's why we need to be in this meeting. Okay.

01:38:49.000 --> 01:38:59.000

Okay. What? Okay, masking. Oh, okay, I just asked, what does this have to do with the timelines? What does this have to do with the trains?

01:38:59.000 --> 01:39:07.000

And I was shown. There's a train, Grand Central, it's in the tube.

01:39:07.000 --> 01:39:14.000

But there's this black energy that's been, like, holding the train, so it can't actually move.

01:39:14.000 --> 01:39:21.000

These energies of contrast have been allowed as the dominant energy. Talk about that. That's the game.

01:39:21.000 --> 01:39:36.000

5. They're not giving up easily, both because they are alive and don't want to, as we talked about, the egregore there animated, the consciousness. Darkness has a consciousness.

01:39:36.000 --> 01:39:43.000

But because those were the only timelines ever available on this Earth, because those were the conditions.

01:39:43.000 --> 01:39:57.000

And so... As we continue to do this work, and it breaks down that energy holding it back, the trains are now free. It's like where it was a subway, it becomes a bullet train.

01:39:57.000 --> 01:40:11.000

And it's this very funny image of, like, it shoots out of the ground, and it's, like, literally a spaceship now. Like, we can go to places we never knew were possible. It's like I was saying about, I really have a hard time fathoming.

01:40:11.000 --> 01:40:25.000

What does the new world look like without contrast? I really can't fathom it. I truly can. I mean, we can have these great ideas, and these, like, oh, and it's gonna be... but what, like, really, what does it look like? I don't know.

01:40:25.000 --> 01:40:41.000

It has been unknowable, because all that could be conceived was within the confines, within our strategies, our survival, our contrast. But moving into this place, new things become possible at record speed. Okay, again, like the Spirit Airlines theme. Oh, hey, some guy had this idea.

01:40:41.000 --> 01:40:54.000

Should we buy this airline? How about let's give it a try? Instantly, this became a phenomenon that people are now jumping on. This is how quickly new possibility will happen. Okay, okay.

01:40:54.000 --> 01:41:01.000

They are telling me... Okay, this is big. This is about.

01:41:01.000 --> 01:41:07.000

Collective timelines, solar flare, the big shift that so many have talked about.

01:41:07.000 --> 01:41:13.000

What I'm seeing is the timelines like the train tracks are coming into the center.

01:41:13.000 --> 01:41:20.000

And then they shoot off again back into different directions. And this is something spirit has told me a lot about that.

01:41:20.000 --> 01:41:24.000

The timelines needed to come together. And a lot of that will manifest in an it.

01:41:24.000 --> 01:41:36.000

where Trump's gonna be gone, and that's the final implosion, and now America scrambles and we get a rebuild, okay? That's not the only it, but that is those of us who are focused on that.

01:41:36.000 --> 01:41:46.000

we'll see that as a sign. But they're like, understand that even though you're all coming together, you're still in different timelines.

01:41:46.000 --> 01:42:01.000

And so that's okay. Don't haggle over reality. You don't have to come to a consensus. Hold to your highest timeline, your highest role, your highest expansion. What do you wish to experience? I keep getting offered et timelines.

01:42:01.000 --> 01:42:05.000

And I'm... I gotta be honest with you, I'm quite ambivalent.

01:42:05.000 --> 01:42:13.000

I don't really care either way. Like, it'd be cool, but I don't know if that's my highest expression. I don't know if that's really what I want. I don't... I don't know.

01:42:13.000 --> 01:42:18.000

A lot of my choices, I'm like, Spirit, I really can't conceptualize. So.

01:42:18.000 --> 01:42:38.000

I don't know. Let me know. But they're saying that there are these wildly different timelines and there is one where it's like full ET disclosure. They're walking among us in

a year or whatever. I don't know. Don't hold on to that. I don't know. Versus a more slow we build back humans just get nicer kind of and all these in between. Okay, so there are still multiple timelines at play.

01:42:38.000 --> 01:42:41.000

You don't all have to agree on the timelines.

01:42:41.000 --> 01:42:46.000

Do your work, shed the layers, get on your train.

01:42:46.000 --> 01:42:53.000

Your soul knows what to do, even if your conscious human doesn't. So don't haggle over the timelines, but you are having.

01:42:53.000 --> 01:43:08.000

conscious conversation and unconscious conversation with your team, your soul, whatever, to kind of decide. Like I said, I'm aware of these ET timelines, and I'm like, I mean, I'm not mad about it, but it's not like... Hell yeah for me.

01:43:08.000 --> 01:43:13.000

Shireen says, how many timelines can you describe each one? Let's see if they'll show me.

01:43:13.000 --> 01:43:21.000

It's a handful, okay? But I don't know if that's literal or just what they're showing me.

01:43:21.000 --> 01:43:26.000

I'm seeing 5.

01:43:26.000 --> 01:43:30.000

And I'm seeing the one that veers off. That's the.

01:43:30.000 --> 01:43:36.000

destruction timeline. Don't even look at that. Anyone who's entertaining that.

01:43:36.000 --> 01:43:43.000

a pitiful, but that's not my timeline. Don't even... don't.

01:43:43.000 --> 01:43:55.000

There is a solarpunk timeline. There is an ET timeline. What else? A slow, gradual, everything just gets better and better.

01:43:55.000 --> 01:44:00.000

There really is a timeline out there where the solar flash happens, and we humans can fly.

01:44:00.000 --> 01:44:08.000

Like, that kind of... I don't need food. I'm fed by the sun, and now I can fly and I can make magic. That's a timeline.

01:44:08.000 --> 01:44:14.000

They're saying anything you can possibly imagine is a timeline.

01:44:14.000 --> 01:44:17.000

So, it's up to your soul and what your soul wants to experience.

01:44:17.000 --> 01:44:23.000

And Artie My Human is like, I just don't know if I can make enough space for a timeline where we fly.

01:44:23.000 --> 01:44:27.000

Maybe that's not for me because I just can't... I can't get there. I don't know.

01:44:27.000 --> 01:44:36.000

Um, so... hold space for your soul's greatest desire. There is a timeline for you.

01:44:36.000 --> 01:44:44.000

Do not worry about keeping pace with your peers, because remember, we all have infinite timelines. So let's say my husband really wants an Et timeline, and I'm like, meh.

01:44:44.000 --> 01:44:50.000

The version of him that experiences that will have that, don't worry about it.

01:44:50.000 --> 01:45:00.000

So it's about soul's choice, understanding that the highest and best choice for you will benefit everyone that you choose to keep in your intimate circles.

01:45:00.000 --> 01:45:11.000

Okay. And I'm still leaving room, like I tell spirit, listen, I'm logical, I have a hard time conceiving of that sort of timeline, but I'm totally open to it.

01:45:11.000 --> 01:45:28.000

And so that's a Jesus take the wheel moment where I'm like, I don't really know what my soul wanted. If you're giving me the conscious choice, I always say, help me make the choice. Show me what I can't see so that I can make the choice. I don't have enough information. Give me more information. Like, I'm loose, I'm malleable with it.

01:45:28.000 --> 01:45:34.000

So also, don't feel the pressure to be like, you better map it out, or you're going to be on the timeline you don't want. It's really not that.

01:45:34.000 --> 01:45:42.000

there's there's give and take with the human, but the soul is really in charge. So get into that.

01:45:42.000 --> 01:45:53.000

So will there be a merge into a main timeline? Okay, it will look like we're always on the same timeline. The way the human experiences it.

01:45:53.000 --> 01:45:59.000

It always looks like we're on one timeline. But with the divergent, it won't look any different.

01:45:59.000 --> 01:46:04.000

We'll only be able to perceive our timeline. So again.

01:46:04.000 --> 01:46:18.000

the people in our lives, like I gave my experience of my husband, a different aspect of him will go where it wants to go. The aspect of him that is going to experience my timeline with me will stay with me.

01:46:18.000 --> 01:46:23.000

This is that timey-wimey. Yes, everything, everywhere, all at once kind of thing. We all exist.

01:46:23.000 --> 01:46:35.000

But right now, this version of Consciousness Gia is experiencing this timeline. I'm sure, you know what, I'm sure I will... I have versions of me on every single timeline.

01:46:35.000 --> 01:46:48.000

But I think this version of me is best suited for the slow transformational timeline, because I'm very passionate about social justice and changing systems. So the version of me that cares about that will be on the timeline where I can be most involved in that.

01:46:48.000 --> 01:46:53.000

There's a version of me who wants to fly again, and I'm off with the ferries, I'm sure.

01:46:53.000 --> 01:47:12.000

So. Yeah, Gooley says, I think it's some sort of confirmation bias. What we see as human is so limited that reality is almost always subjective. That's why I say, like, I really can't conceive of what that looks like. I can't even make space for that. And I want to, but I'm limited, and so I'm like, Jesus, take the wheel. I don't know.

01:47:12.000 --> 01:47:24.000

All right. Okay, I'm gonna take a drink. We're going to kind of wrap it up here because we've been going. You have to understand what I'm doing this because I'm very open to spirit. It feels like I've been doing this for 5 min.

01:47:24.000 --> 01:47:31.000

But my voice says, No, you've been talking for 2 hssso. Okay.

01:47:31.000 --> 01:47:34.000

And I know we had... we had the time.

01:47:34.000 --> 01:47:40.000

snafu, I don't know what happened there if the system. I don't know what happened there. I'm so sorry.

01:47:40.000 --> 01:47:48.000

I had this happen once before. Wix, you guys, I'm telling you, the platform I'm on.

01:47:48.000 --> 01:48:00.000

Okay. This was... I have to say, this was wildly unexpected for me. I did not wake up today thinking I was going to channel reptilians. Oh, oh, oh, okay, okay, okay.

01:48:00.000 --> 01:48:08.000

They're telling me that's why I had the headache. That's why I was feeling the fog. It wasn't just.

01:48:08.000 --> 01:48:27.000

to show me that's what... you know, so I can narrate that experience, but it did remember when she first came through, and I was like, I could... the vibration was so different, even though she has a higher dimensional, my vibration had to be constrained in various places so that I could even perceive this. That's what my headache was today.

01:48:27.000 --> 01:48:42.000

was putting me into a vibration where I can perceive and receive this because it isn't just her I'm channeling. I'm seeing the whole operation. And I haven't been in that energy for a long time. So I had to be kind of like compressed into it. Okay, no wonder.

01:48:42.000 --> 01:48:48.000

Okay, the things I do for you people. Just kidding. Okay.

01:48:48.000 --> 01:49:02.000

Okay. Me tune in and see what we want to close on here. I mean, again, I just have to say, this was so unexpected for me, but at the same time, so incredible. Like, this answered a lot of questions.

01:49:02.000 --> 01:49:21.000

and it... I know I'm gonna have to listen to this, like, 5 times to get all the nuance, because... yeah, Stephanie says, will the playback be available from today's session? Yes, it will. I'm so sorry. So, everyone who signs up for this for a ticket, and everyone who is a member of the Rebel Mystic Society, there's two different paths here.

01:49:21.000 --> 01:49:27.000

So, if you went to the events page, get tickets, you bought the ticket, there were emails that were sent out.

01:49:27.000 --> 01:49:31.000

That will also automate the replay will be sent to you.

01:49:31.000 --> 01:49:38.000

You gotta make sure sometimes it gets in spam, sometimes if you're on Gmail, it goes to your promotions folder. It does weird things.

01:49:38.000 --> 01:49:50.000

But it should be there within 2 or 3 hours. It takes a while for this to process and get posted. There's a whole process. You will be emailed when it's up, it will give you the access code.

01:49:50.000 --> 01:50:02.000

So for people who did not sign up that way, but you got the information from the Rebel Mystic Society, that same page where you log in, you go to the member portal, you go to the Signifier page, that replay will be added there.

01:50:02.000 --> 01:50:05.000

So you will... you will all get the replay.

01:50:05.000 --> 01:50:13.000

I also have to trust, as much as I'm like freaking technology. Listen, what happened? It happened the way it happened.

01:50:13.000 --> 01:50:17.000

I don't know what to tell you. Sometimes spirit does a thing, and I just trust it.

01:50:17.000 --> 01:50:27.000

So, I don't know. So, okay. Okay, yeah, so...

01:50:27.000 --> 01:50:36.000

They're saying you will begin to see in people in your lives. Remember how I've talked about we're gonna, you know, sloughing off of this dark energy.

01:50:36.000 --> 01:50:49.000

You will be able to open up not only to your own levels of joy that seemed unattainable for you, but you will see the people in your lives get to achieve it, too. And that's really beautiful.

01:50:49.000 --> 01:50:58.000

There's a huge raven that just flew up on my neighbor's house. Love it. One of my... one of my spirit signs.

01:50:58.000 --> 01:51:08.000

As much as this has been hard work, and many aspects of it will continue to be hard work, never remembered, or never... hi, never forget.

01:51:08.000 --> 01:51:27.000

Never forget that this is cyclical. Do not stay stuck in the dark, stuck in the deep, stuck in the work. Remember that this is meant to be cycled through so you can experience your peaks and your highs and your joys. Allow the work to be easy. And they're showing me, like, you have no idea how surrounded we are.

01:51:27.000 --> 01:51:46.000

Both by the higher reptilian... okay, okay, okay. The higher reptilian collective consciousness is here to do their part in the removal of the lower density that has become enmeshed in the 3D. They're in charge of that whole rigmarole. That's not our responsibility. Don't stress, don't worry about it.

01:51:46.000 --> 01:51:57.000

Our responsibility in that is the work I told you about sloughing it off, seeing where we made the choice, where we thought we didn't have a choice, let go of it. That's our responsibility.

01:51:57.000 --> 01:52:10.000

Look to the helpers we have, our ancestors, our spirit team, the angelics that, like, all the different spiritual beings, the starseeds, the... all these different races are here. We are so, so, so surrounded.

01:52:10.000 --> 01:52:23.000

So remember to open yourself up, ask for help. It is the everyday Jesus take the wheel. If we believe we are solely responsible, we cut ourselves off from the help that is happening now.

01:52:23.000 --> 01:52:37.000

We are here as a vehicle for transformation, and we are more supportive than we can even fathom. Allow the processes to unfold, allow yourself to be transformed, allow it all to move through you in a way that is effortless, joyful.

01:52:37.000 --> 01:52:51.000

Remembering to come back to the joy after the sadness. Yes, you may still encounter circumstances in your life that are challenging. All the human things, you know, health diagnoses, job loss, death, this is earth life.

01:52:51.000 --> 01:53:02.000

But we will be able to come into balance and see these experiences as what they were originally for, contrast to deepen you, to expand you, to open your compassion.

01:53:02.000 --> 01:53:21.000

you will be able to meet these challenges in a new way as we are in this transformational period, and as we continue, and as it... okay, okay, okay. And they're saying the reason we can't tell you, when will it be done, when is the solar flash coming, when, when, when? It is... not only is it that they don't have time there, it isn't based in

time.

01:53:21.000 --> 01:53:35.000

We have to be at a certain point. So we get there when we get there. We have to be a match for it. It's almost like when we're at a certain frequency, it triggers it. No, not. It's almost like it does. That's how this works.

01:53:35.000 --> 01:53:48.000

The energies are already coming. But the moment of it ascension, whatever that moment looks like for you.

01:53:48.000 --> 01:53:51.000

If it is a moment for you, if it is gradual.

01:53:51.000 --> 01:53:59.000

These peak experiences where we suddenly realize, I have climbed the mountain, I have achieved, I've broken the spell.

01:53:59.000 --> 01:54:12.000

enough individual humans need to get to that point that will shift the balance, release. Okay, okay, and part of it is the releasing of Earth A, the lower dimensional, the flower petals, the rolling off.

01:54:12.000 --> 01:54:23.000

Enough of that has to happen, and enough of us have to be in vibration to receive, and it's all this beautifully layered, divinely timed process and experience.

01:54:23.000 --> 01:54:30.000

It will all happen in its own time. Don't worry about the time. Focus on you, knowing that even if you are completely finished.

01:54:30.000 --> 01:54:37.000

There is still joyful work to do. There is still expansion and unfolding and creation and love.

01:54:37.000 --> 01:54:52.000

You can have compassion for those who are still struggling, or you can completely remove that from your notice. It is not selfish anymore. Focus on your soul's growth. Allow yourself to participate in collective change in ways that stir the soul.

01:54:52.000 --> 01:55:00.000

that do not bring despair. This isn't a rescue mission. This is a revolution.

01:55:00.000 --> 01:55:15.000

Participate in ways that anchor light, not see despair, not cede dissension, or fighting, this, that. Allow the old to be sloughed off. Allow yourself to be lifted, and so it will be.

01:55:15.000 --> 01:55:19.000

But they're saying it's all beautifully according to plan.

01:55:19.000 --> 01:55:26.000

It's well underway. It is spectacular, fantastic. They're dancing. It's hard for us.

01:55:26.000 --> 01:55:37.000

in the physical body, but they are overjoyed, they're thrilled. It's all unfolding beautifully. Okay.

01:55:37.000 --> 01:55:45.000

Ooh!

01:55:45.000 --> 01:55:50.000

All right. Now that I'm officially losing my voice, I think we'll close on that.

01:55:50.000 --> 01:55:56.000

And... And that was a lot. Okay, hold on.

01:55:56.000 --> 01:56:06.000

I'm going to mute here so I don't.

01:56:06.000 --> 01:56:20.000

Okay. That was a lot to take in. That was very unexpected for me. And that's why we do it live. I never would have chosen that. I had no idea that's what was waiting in the hopper, so...

01:56:20.000 --> 01:56:35.000

Thank you all for being here. Uh, I don't know what happened with the time snafu, but we'll trust that it unfolded as it needed to unfold. Watch for the replays. Take care of you, journal on this, and I will see you next month!

01:56:35.000 --> 01:56:38.000

I can't wait. I can't wait to see where we go next month, because what even was this? I don't know.

01:56:38.000 --> 01:56:46.000

Things
