

The Signal Fire: September 2026 Transmission

00:00:02.000 --> 00:00:19.000

Hello and welcome everybody. Welcome to the September? Oh my god yes it is the September signal fire. My brain glitched for a minute. Okay, welcome everybody to all those who are here live and who will listen and join us in the future on a recording

00:00:19.000 --> 00:00:35.000

These are always live. These are always unscripted. That is the excitement of these sessions, as I was saying in my little pre-session chat. I do not know what is going to come through. This is not a prepared session, this is not a class I have taught. I do not sit down beforehand

00:00:35.000 --> 00:00:50.000

and channel or write anything out. They want me here live and raw. And as a channeler, and as a medium, miss what I do best. And so, sometimes I will get an inkling, or a theme, or a something, and I do kind of

00:00:50.000 --> 00:01:06.000

feel where we're gonna go, but I think they're gonna blow me out of the water, because every time I specifically tried to tune in, my brain just, like, zoned out. I don't even know. So, if you are new here for the first time, I will kind of quickly explain how this works, what this is like

00:01:06.000 --> 00:01:21.000

And then we will go into a brief sort of guided meditation, just to help unify our energies, ground us in this moment. Just something to get us nice and started. As I have mentioned to folks who are here live, the chat is open

00:01:21.000 --> 00:01:37.000

And if you see me kind of looking over there, I'm sort of monitoring, I'm letting people in. And as I mentioned to them before, the chat is not driving this, spirit is driving this, but I do monitor the chat and kind of keep up with what are the big questions. I will pause for audience

questions, so

00:01:37.000 --> 00:01:53.000

There's a chance for all of us to participate. So, welcome, I am Gia Prism and this is the Signal Fire. Now, the Signal Fire is a live group psychic session with the Oracle. As I mentioned, I don't know what's going to come through, but I have been given the instruction on what this series is about

00:01:53.000 --> 00:02:09.000

The series began in February, where Spirit said we need a live session with the Oracle where we can teach you about the process of ascension. And so, I began this series with the understanding that this is gonna give us the month by month

00:02:09.000 --> 00:02:20.000

What's happening this month in Ascension? What's happening next month? And it absolutely has done that. And I have been shocked at how lockstep my own life has unfolded with what they teach us

00:02:20.000 --> 00:02:31.000

It's just this perfect moment of they set us up for what's about to go down, what's about to happen spiritually, energetically, emotionally. So it's been a beautiful guide for this year.

00:02:31.000 --> 00:02:52.000

But in July, what I realized was happening was they were giving us the process of ascension, both the, here's the steps you're in, but the actual overall process. And it kind of blew my mind, because in August, last month's Signal Fire, they said, okay, now you have to learn to live on the other side

00:02:52.000 --> 00:02:54.000

Which kind of means we did it

00:02:54.000 --> 00:02:56.000

Question mark

00:02:56.000 --> 00:02:58.000

But we're still in it

00:02:58.000 --> 00:03:14.000

So it's this really incredible thing where we are still very much in progress. I know a lot of us probably do not feel like we're anywhere near finished, but they are encouraging us to move forward, move ahead. You are doing it and it's time to learn how to cross that finish line. So in the spirit of

00:03:14.000 --> 00:03:21.000

I don't really know what's going to come through. I know it's going to be about Renaissance and rebirth and how we do it, but at the same time they kind of

00:03:21.000 --> 00:03:34.000

Like mind swipe me every time I try to tune in and be like, what are we doing? I don't know. So, that's what this series is all about. It's live guidance, and as such, I kind of put myself... I call it a psychic grab bag

00:03:34.000 --> 00:03:52.000

I'm just open so this session it's a little kooky it's a little frenetic sometimes. I have all the Claires and I am a channeler and so I will just basically be live narrating my process, whether that's something I feel something they're showing me

00:03:52.000 --> 00:03:56.000

It can be a little nutty, but I think that

00:03:56.000 --> 00:04:12.000

The fun of it, it's very spontaneous, and I'm very somatic responsive to the energies and what's moving through, which is also why I narrate it. So, a lot of the times what I'm feeling is what you're feeling. So, we're all in this together, fam.

00:04:12.000 --> 00:04:13.000

Okay

00:04:13.000 --> 00:04:31.000

So, what usually happens is, being a collective steps forward. Sometimes we've had more than one, and they will give us a message, and then we'll kind of unpack that and metabolize it, and they'll bring through a lot of guidance on what's happening for this month, or whatever it is they want us to know. July was super intense, and

00:04:31.000 --> 00:04:46.000

July was the actual physics of ascension, the mechanics of ascension. It was very dense, very intellectual, I loved it, but it was a lot. And then last month, August was a lot lighter and a lot looser. I think they let us catch our breath a bit

00:04:46.000 --> 00:04:58.000

Which is good, because August kicked my ass, okay? Alright, yes, and it's very... it's both sacred and sweary. If you follow me, you already know that. You shouldn't be shocked, but just so you know

00:04:58.000 --> 00:04:59.000

Bit of a live wear okay

00:04:59.000 --> 00:05:15.000

Okay, so I have already done my pre-session ritual to prepare, I have already invited your energies, we're good to go, but I'd like to do a little, a little live grounding exercise so we can all just really feel like we're prepared to begin.

00:05:15.000 --> 00:05:23.000

So, I will invite you to do that. You can close your eyes, leave them open if that's more comfortable

00:05:23.000 --> 00:05:30.000

We're just going to get comfortable in our bodies. You can lie down, you can sit up

00:05:30.000 --> 00:05:36.000

Whatever feels most comfortable for you

00:05:36.000 --> 00:05:40.000

We're gonna take a few deep cleansing breaths

00:05:40.000 --> 00:05:45.000

You can put a hand on your chest, on your belly, maybe on your knees

00:05:45.000 --> 00:05:53.000

Signaling safety to your body that it's safe to be here now

00:05:53.000 --> 00:05:57.000

Within this space, in this now moment

00:05:57.000 --> 00:06:04.000

With gratitude for all we will receive, for all that will unfold

00:06:04.000 --> 00:06:10.000

We call forward our personal guides and guardians, ancestors, loved ones beyond the veil

00:06:10.000 --> 00:06:20.000

Those divine presences you feel most connected to the safest with

00:06:20.000 --> 00:06:25.000

So it can truly be present and receive

00:06:25.000 --> 00:06:31.000

And in this safe space, we create an individual bubble of light around each one of us

00:06:31.000 --> 00:06:36.000

Our own personal healing bubble

00:06:36.000 --> 00:06:40.000

So we might receive whatever it is we need to receive

00:06:40.000 --> 00:06:44.000

Customized to you in this now moment of time

00:06:44.000 --> 00:06:47.000

And in this bubble, it's safe to release

00:06:47.000 --> 00:06:51.000

Safe to clear

00:06:51.000 --> 00:07:02.000

Safe to have all that is not yours removed from you.

00:07:02.000 --> 00:07:06.000

Safe to let go, safe to receive

00:07:06.000 --> 00:07:12.000

In this now moment of time

00:07:12.000 --> 00:07:16.000

And in this bubble, it is also safe to call back

00:07:16.000 --> 00:07:19.000

That which is yours

00:07:19.000 --> 00:07:23.000

That which has become scattered

00:07:23.000 --> 00:07:29.000

Which has become lost or forgotten

00:07:29.000 --> 00:07:30.000

From the past

00:07:30.000 --> 00:07:32.000

Present

00:07:32.000 --> 00:07:42.000

From parallel places that no longer need to wander, they can come home now

00:07:42.000 --> 00:07:55.000

Adding to this bubble whatever celestial energies are most appropriate to receive at this time

00:07:55.000 --> 00:08:01.000

We expand this healing bubble of light to allow your higher self to step forward.

00:08:01.000 --> 00:08:04.000

To be present for this session

00:08:04.000 --> 00:08:07.000

To connect with my higher self

00:08:07.000 --> 00:08:14.000

That I may receive whatever insights, information and energies you are all in need of now

00:08:14.000 --> 00:08:19.000

This session might be customized to you and your experience

00:08:19.000 --> 00:08:27.000

To receive whatever it is you need to receive for the highest good

00:08:27.000 --> 00:08:33.000

Feeling safe, feeling relaxed, feeling refreshed and replenished

00:08:33.000 --> 00:08:36.000

Anchored into the body

00:08:36.000 --> 00:08:47.000

And our bodies and energy is anchored into this beautiful earth, strong, healing, thriving

00:08:47.000 --> 00:08:52.000

Grateful for all we will receive and all the ways we will be blessed

00:08:52.000 --> 00:09:02.000

In the weeks to come with gratitude, with love, and so it is. Amen

00:09:02.000 --> 00:09:04.000

Okay

00:09:04.000 --> 00:09:06.000

Whew

00:09:06.000 --> 00:09:10.000

I got a little dizzy on that one. I need a little more grounding. Okay

00:09:10.000 --> 00:09:20.000

So, as you can see, all of your energies and all of your higher selves have been brought in, which means you may receive other energies as we move through this, which is also why I narrate

00:09:20.000 --> 00:09:27.000

expansion tingles, chills, burping is a thing, hiccups, that's his energy moving

00:09:27.000 --> 00:09:42.000

Sometimes tears, sometimes people fall completely asleep, that is okay. We trust in the experience. Okay. All right, fam, how are we doing? Am I the only one who was emotionally destroyed

00:09:42.000 --> 00:09:56.000

By this past month! Oh my gosh. I will say it was like a... it was a good-destroying. It was a good destroying. I was opened up in ways that I did not expect, that I did not anticipate

00:09:56.000 --> 00:10:11.000

It always feels like, oh, a life review, I'm gonna call back lost parts of me, and it's gonna be so beautiful, and it is beautiful, but it's heartbreaking, and it's devastating, and it's just a lot. It's a lot, and I felt this simultaneous to a lot of

00:10:11.000 --> 00:10:17.000

Kind of the scaffolding, my life was resting on

00:10:17.000 --> 00:10:32.000

I just casually decided to dismantle it, no big deal. And so, as I was growing and expanding and bringing old parts back into me, I was completely changing the footing I was standing on, and it was a lot. Yeah, Gooey says eclipse season was rough. We just went through the eclipse season

00:10:32.000 --> 00:10:35.000

Of all eclipse seasons

00:10:35.000 --> 00:10:41.000

And, yeah, so this is why I always normalize the mess that we're in

00:10:41.000 --> 00:10:54.000

Because I think accidentally, a lot of healing spaces give the idea that if you are a hot mess, you didn't do it or you're not done or there's more to do. But no, this is the process. It is messy, and it's painful, and it really kind of breaks us down

00:10:54.000 --> 00:10:56.000

And as I was contemplating that

00:10:56.000 --> 00:11:12.000

I mentioned beforehand, to the live folks before I hit record, that I was, like, wrecked this afternoon. I was feeling so raw and vulnerable, I was very teary, and I was like, I don't know, man, I don't know how I'm gonna lead this session.

00:11:12.000 --> 00:11:29.000

But Spirit came in very strongly, and of course, I always know, because I am not leading this session, Spirit is, I knew it would be just fine, but they said you are exactly where we want you to be. We all are. Because sometimes we need that complete stripping away

00:11:29.000 --> 00:11:42.000

Otherwise, we're going to accidentally rebuild whatever it is we were living in before, which is exactly what they told us in the August Signal Fire, is not only we would begin to learn to live on the other side

00:11:42.000 --> 00:11:45.000

that there would be a lot of back and forth

00:11:45.000 --> 00:12:03.000

and that we would need to deconstruct the matrix within, as well as our own personal matrix. And that is certainly what I went through. And I know when I met with my community, the Rebel Mystic Society, a few weeks ago, which, by the way, that was literally two weeks ago, it feels like

00:12:03.000 --> 00:12:11.000

6 months ago I don't know time is very strange. We all were kind of feeling it. We were kind of feeling it. So

00:12:11.000 --> 00:12:26.000

I want to normalize whatever we've been through. And I also hope there's a few of you weirdos who are like, I'm doing great, because you're not doing it wrong either. You're anchoring for the rest of us who needed a deeper dive into our emotional wreckage, basically.

00:12:26.000 --> 00:12:34.000

So, I'm going to take a little drink here and we're gonna, yeah, I'm kind of scrolling through the comments like a lot of y'all are feeling it

00:12:34.000 --> 00:12:37.000

But what I hope we're seeing is that

00:12:37.000 --> 00:12:52.000

For me, you know, I'm Scorpio rising, I am an Oracle, I am a priestess, death and rebirth is what I do. I've been through it maybe a lot more than your average muggle, certainly, but even then, this has been a lot for me

00:12:52.000 --> 00:12:58.000

while at the same time, I feel it... it's, like, even more complete every time I go through it

00:12:58.000 --> 00:13:19.000

even more, you know, down-to-the-bedrock, down to the essentials. It's like we keep spiraling deeper and deeper into the essential of this fertile ground where our soul wants to roost, and I think that's really, really beautiful. So nothing is wasted. No journey into our own personal underworld is ever wasted.

00:13:19.000 --> 00:13:30.000

I forgot my giant jug of water today. Luckily, I keep water here, got a couple on the ready. Okay

00:13:30.000 --> 00:13:57.000

So I'm going to pause here for a minute and I'm going to tune in and I'm going to see what wants to come through first, if there's a collective, if there's a message, to kind of ground us and orient us to what are we here to do? What is our mission? What do we need to receive and we will see

00:13:57.000 --> 00:13:58.000

Okay.

00:13:58.000 --> 00:14:07.000

This is a collective I've never worked with before, but it is familiar. I think there might be others who channel them. I'm hearing the Council of Nine

00:14:07.000 --> 00:14:10.000

Who is the Council of Nine? Who are you? Hello

00:14:10.000 --> 00:14:12.000

I'm seeing these,

00:14:12.000 --> 00:14:28.000

sort of behind me, it's these, like, nine cosmicrones. They're giant they're enormous and there are these nine figures on these thrones and they're sort of shadowed. I can't exactly they're different. What we would recognize as intergalactic species, interdimensional species

00:14:28.000 --> 00:14:39.000

Their identity is not necessary to understand intellectually. They are here representing, it's essentially like the four corners of creation

00:14:39.000 --> 00:14:45.000

Not literal, the expanse of the universe as you know it and beyond

00:14:45.000 --> 00:14:47.000

Hello and welcome.

00:14:47.000 --> 00:14:57.000

We just converse with him for a moment. They're gonna want to channel through, but I'm gonna get kind of a little more information

00:14:57.000 --> 00:15:09.000

feeling my energy expanded to be compatible for a trance with them. I've never worked with them before

00:15:09.000 --> 00:15:14.000

Okay, they're saying this is

00:15:14.000 --> 00:15:30.000

This is going to be... we've done the physical work of ascension in terms of what we've covered in the Signal Fire and what our bodies are currently engaged in, and they want us to now, in the session, have the cosmic perspective of what we're going through and what

00:15:30.000 --> 00:15:45.000

Our place in the cosmos, what our role is. Big chills, I hear applause, thunderous applause, and I see this, oh, big chills, I see this huge auditorium, it is so big, it is so vast, and it's a standing ovation. Oh my god, chills

00:15:45.000 --> 00:15:53.000

it's just rippling out and we are all there on this stage and we're kind of looking around going, what? What did we do? We just have no

00:15:53.000 --> 00:16:01.000

way to conceptualize what we're doing, what we have done, what we

are continuing to do

00:16:01.000 --> 00:16:10.000

Just relax in, and when they're ready, I'll allow them to speak through

00:16:10.000 --> 00:16:14.000

Okay, before they speak through, they're showing me

00:16:14.000 --> 00:16:29.000

There is not simply one agenda, there are many agendas, and they're showing me like this great weaving. So those of us who say have a soul history in a certain era of creation, a lot of people like to think of themselves as Pleiadians

00:16:29.000 --> 00:16:31.000

some sort of

00:16:31.000 --> 00:16:52.000

You know, a soul history in a certain area some you know I brought through the elders I've brought through the ancient ones and those who have seeded the earth long ago I brought through all these different collectives, and so they're showing that those of us who are here during this time, many of us come from very specific soul lineages that have very specific purposes and agendas during ascension

00:16:52.000 --> 00:16:57.000

We see these woven together as one agenda for ascension, but there are many

00:16:57.000 --> 00:17:02.000

And this is why it feels at certain points

00:17:02.000 --> 00:17:06.000

This is a weird image, they're showing me an Etch-a-sketch

00:17:06.000 --> 00:17:19.000

But like the inside of an etch a sketch you ever seen the inside where it's wires and pulleys on a string and depending on how you twist the

little knobs that moves the coordinates

00:17:19.000 --> 00:17:25.000

And so there are so many different agendas for ascension from all these different collectives and beings

00:17:25.000 --> 00:17:32.000

And they somehow have to weave together, and sometimes it feels that they are at odds, at cross-purposes

00:17:32.000 --> 00:17:44.000

Because certain collectives have to do a certain thing that isn't relevant to another collective, and so, as much as it is a co-creation, there have been parts of disharmony

00:17:44.000 --> 00:18:03.000

And a little bit of chaos, a little bit... some of us have been participating in things that are not really for us, and so we feel maybe irritated or impatient, or agitated or angry, or whatever. We feel at odds with the bigger part of ascension happening, and they're saying this is because for you and your soul and why you're here.

00:18:03.000 --> 00:18:05.000

You didn't need that part.

00:18:05.000 --> 00:18:24.000

And so that has made it hard for some of us to kind of trust the cosmic process, and they say that's okay. There is, like, so zero judgment. They're wanting to validate, like, why this is hard, why this is weird, why this is taking so long, why this is... because our soul, even if our human mind doesn't have, like, a firm understanding

00:18:24.000 --> 00:18:27.000

of what this is all about. Our soul does

00:18:27.000 --> 00:18:30.000

And yes, the soul can be impatient

00:18:30.000 --> 00:18:33.000

And I'm... I'm being shown

00:18:33.000 --> 00:18:36.000

Essentially, these, like, cosmic meeting rooms

00:18:36.000 --> 00:18:46.000

And there have been fights. There have been arguments about what this needs to be and how we're gonna do it, and how it's all gonna unfold.

And

00:18:46.000 --> 00:18:55.000

Yeah, they're like, you see us as these eternally peaceful beings and wise, and we are, but we can be forceful in our agenda and in our needs and our desires

00:18:55.000 --> 00:19:13.000

And some of that frustr... okay, okay, because they're like, there is no time. What feels like eons ago might as well be now, might as well be in the future, because of that, there is no time. And so some of us can be feeling the very real impatience agitation. Meanwhile, others can be completely like, I don't know what's happening!

00:19:13.000 --> 00:19:17.000

Why? Why? And they're showing

00:19:17.000 --> 00:19:25.000

Depending on what the collectives are doing, because, okay, they're saying some might need to come in, and it's almost like hijacking a timeline

00:19:25.000 --> 00:19:43.000

To make sure it does a thing, to make sure that it goes into that territory that it needs to go into while the others are like, why did that happen? Why did we do that? Some other collective kind of took the reins, and so that's how I'm seeing those nine beings, those nine thrones, it's like they're all holding these big ropes, and they'll need to kind of pull

00:19:43.000 --> 00:19:49.000

But then they're showing me this beautiful tapestry that's made and actually it is not

00:19:49.000 --> 00:19:53.000

It's not a tapestry in terms of, like...

00:19:53.000 --> 00:20:01.000

you know, what you'd see in a castle, or this beautiful picture, it is, like, like, you know, Sisal, like the rug that looks like wheat

00:20:01.000 --> 00:20:16.000

It's like very disciplined and tight and each of these little knots in these intersections are so specifically tightly pulled together and woven together that there's not a single stitch that's out of place

00:20:16.000 --> 00:20:26.000

So they're acknowledging that while this feels chaotic and discordant and why did this happen, and did it go off the rails, and it's taking so long, they're saying all of the... it's like if you're

00:20:26.000 --> 00:20:38.000

Especially a child of the 80s and my mother braiding my hair back in the day with those, like, remember the baubles, the little plastic things, and sometimes she'd wrap it around and it would come on down, you'd get funky in the head with these plastic things.

00:20:38.000 --> 00:20:53.000

It can feel like torture when you're getting your hair braided and you're getting whacked by this thing, and the 80s bangs, you know, and we would ratchet it up. It can feel like a lot, but when it's all done and you step back and you look, it's so beautiful, or sleeping on those foam rollers, you know?

00:20:53.000 --> 00:21:04.000

There is a pain to this experience, but in the beautiful tapestry of the cosmos, this is being overseen in such a way that is so precise

00:21:04.000 --> 00:21:07.000
that not a single thing has gone awry

00:21:07.000 --> 00:21:10.000
Are you sure?

00:21:10.000 --> 00:21:13.000
Not a single thing has gone awry

00:21:13.000 --> 00:21:15.000
Okay, okay, okay.

00:21:15.000 --> 00:21:20.000
Oh wow, okay

00:21:20.000 --> 00:21:24.000
I'm gonna have to digest this. So what they just said was

00:21:24.000 --> 00:21:30.000
Now they just brought in the human. Okay, let me unpack this

00:21:30.000 --> 00:21:35.000
What I mean by the human is

00:21:35.000 --> 00:21:39.000
Really, are we going there? Okay, okay

00:21:39.000 --> 00:21:44.000
So the human

00:21:44.000 --> 00:21:46.000
I cannot believe what I'm about to say. All right.

00:21:46.000 --> 00:21:50.000
The human is a soulless creation

00:21:50.000 --> 00:21:53.000
It is a soulless creation

00:21:53.000 --> 00:21:58.000

And souls have to inhabit a human to make it be what it's going to be.

00:21:58.000 --> 00:22:01.000

But that doesn't mean

00:22:01.000 --> 00:22:11.000

Like, the human's not like a husk or a glove that doesn't exist until a soul inhabits it. A human is like a creation unto itself that exists outside of a soul

00:22:11.000 --> 00:22:17.000

Therefore, it has its own agenda. It's like its own collective, separate from the souls that inhabit a human.

00:22:17.000 --> 00:22:23.000

And so there are human agendas, and there are, okay, okay. It very much is like The Sims

00:22:23.000 --> 00:22:33.000

where they'll just... when no one is driving, you know, the video game from, like, forever ago, I don't play video games, I know there's more recent. And they'll just, like, thunk into walls

00:22:33.000 --> 00:22:35.000

Like

00:22:35.000 --> 00:22:45.000

Humans are so, yeah, I mean, Misty says NPC, I don't want to inflame the talk of NPC non-player characters, because some folks take that in a way that is very

00:22:45.000 --> 00:22:50.000

Dehumanizing, like they're not real and they don't matter, but what they're trying to show me is

00:22:50.000 --> 00:22:57.000

If you line up all these different beings throughout the cosmos

00:22:57.000 --> 00:23:13.000

The level of soul that is able to merge with that being drastically impacts what kind of behaviors and worlds are going to be possible, okay? So they're showing me, for comparison's sake, let's not get attached to this, but so we can understand

00:23:13.000 --> 00:23:19.000

This is why my mind was blank before. Why are you telling me this? This is a lot, okay?

00:23:19.000 --> 00:23:37.000

They're saying, like, let's pretend you have a species, an intergalactic species, we're gonna call it a Jane, why not? There's a Jane, and then there's a Joe, and a Joe is a human, and a Jane is whatever it is. Jane might be capable of 80% soul embodiment

00:23:37.000 --> 00:23:50.000

A Joe, a human, might be only capable of 5% soul embodiment and so depending on the level of embodiment, that drastically changes what is created

00:23:50.000 --> 00:23:56.000

And therefore, what is created has karmic effects, even if your soul's only in there, 5

00:23:56.000 --> 00:24:06.000

You will... it's the ratatouille. I can only drive so much, because the soul is... or this body, this species is only capable of so much soul

00:24:06.000 --> 00:24:12.000

So it's not an NPC in the sense that they do exist without, okay, okay, really

00:24:12.000 --> 00:24:20.000

They're saying this is what a walk-in is and can be, is it's not just that, oh, it can only contain so much. It's that

00:24:20.000 --> 00:24:30.000

Due to the nature of what this species is, it can be joined by multiple souls at multiple times, in and out for certain purposes to

00:24:30.000 --> 00:24:33.000

fulfill certain things

00:24:33.000 --> 00:24:37.000

Okay, all right

00:24:37.000 --> 00:24:41.000

This is not where I thought this would go

00:24:41.000 --> 00:24:43.000

They're bringing me to

00:24:43.000 --> 00:24:55.000

The reptilian consciousness again, which, if you haven't been here for a while, I channeled this collective, I believe it was in May. I didn't know they were coming then either, I was not prepared for it either, but they're showing me

00:24:55.000 --> 00:24:57.000

That

00:24:57.000 --> 00:25:10.000

Humanity was a creation that was allowed for this specific consciousness to inhabit it in a way. It was like its own little coordinated experiment over there. Sure, you guys can do a thing. Why not

00:25:10.000 --> 00:25:13.000

Not so cavalier, but

00:25:13.000 --> 00:25:22.000

It was a very specific experiment, creation, completely allowed. And they were like, settle down, there are... there are infinite worlds

00:25:22.000 --> 00:25:30.000

so many different beings and species and realms of creation that we humans cannot truly wrap our mind around this.

00:25:30.000 --> 00:25:40.000

So if anyone has ideas about, like, oh no, we were hijacked in this evil species wanted to create, there's a lot of stuff in spiritual communities that's pretty

00:25:40.000 --> 00:25:44.000

Intense in terms of

00:25:44.000 --> 00:25:47.000

Why Earth went so awry?

00:25:47.000 --> 00:25:56.000

And that's why I'm like, okay, with what they're telling me, they're really taking us into that territory, but they're being very cautious and

00:25:56.000 --> 00:26:01.000

There's always nuance in everything they bring, okay? So, Earth was allowed as a place

00:26:01.000 --> 00:26:09.000

And humanity as a species was created in such a way that it would have very, very little soul consciousness

00:26:09.000 --> 00:26:12.000

So that they could see if

00:26:12.000 --> 00:26:26.000

This species could develop its own consciousness while being only minorly insouled okay it was an experiment in can consciousness awaken and the reptilian

00:26:26.000 --> 00:26:29.000

Yeah, the participation

00:26:29.000 --> 00:26:46.000

They're saying reptilian is similar in that the soul is very, very restricted. The amount of soul in a reptilian body is very, very restricted and thus the reptilian energy, what we might call a reptilian soul, it's not exactly the soul, it's a consciousness

00:26:46.000 --> 00:26:52.000

With very, very little of the divine love, the unity, the oneness

00:26:52.000 --> 00:26:56.000

Okay, and they're showing me this image. They're like, it's

00:26:56.000 --> 00:26:58.000

You have

00:26:58.000 --> 00:27:00.000

Kids playing with dolls

00:27:00.000 --> 00:27:15.000

What do they do with the doll, depending on their level of development, their curiosity, their desire, that's what they're going to do with the doll. So that's kind of part of the... okay, okay, okay. And they're saying that humans weren't entirely a reptilian creation

00:27:15.000 --> 00:27:19.000

But as they spoke of in the May Signal Fire

00:27:19.000 --> 00:27:34.000

They were allowed as the animating force of contrast. Because they have a similar small percentage of ensoulment in their species, it would be allowed as we could be this contrast, we wouldn't have the eternal empathy

00:27:34.000 --> 00:27:41.000

And all of that, so it would... it would allow for the conditions of contrast. Okay

00:27:41.000 --> 00:27:45.000

This is a lot. Okay

00:27:45.000 --> 00:27:49.000

Let me hold on here, where are we going with this? Okay, okay

00:27:49.000 --> 00:28:01.000

They're going back to the origins of Earth and humanity, and humans as a species, so that we can understand what the original intention was, what happened to it, and what the plan has been

00:28:01.000 --> 00:28:04.000

to essentially

00:28:04.000 --> 00:28:18.000

It's not so much saving the day. I know we feel like we are saving the day, and we kind of are, but it's about this experiment was allowed to come here to do a certain thing to see could this

00:28:18.000 --> 00:28:20.000

species of humanity

00:28:20.000 --> 00:28:29.000

that has very, very little soul consciousness allowed to be a part of it, could it still grow and develop and be able to hold more soul?

00:28:29.000 --> 00:28:45.000

And we talk about that as an expansion of consciousness in, can we have more consciousness, more awareness, more of our divine eternal self? And they said, yes, humanity did evolve in that way, to be able to hold more soul, to be able to learn, to be able to grow, to be able to want more

00:28:45.000 --> 00:28:59.000

And simultaneously, the actual physical vessel had to change to allow for it, because it wasn't compatible with more soul. It could only allow so much. So the physical vessel has changed over time to allow more soul with it.

00:28:59.000 --> 00:29:06.000

But this is where it kind of ran afoul of the whole reptilian contribution, because they're like, that wasn't the agreement

00:29:06.000 --> 00:29:13.000

But then all these other collectives were like, actually it was, because we wanted to see Let This Go as far as it could go

00:29:13.000 --> 00:29:24.000

So it feels like we're kind of at war that humanity has gone awry, that everything is chaotic and oh, it's all this and that, but actually it has all gone

00:29:24.000 --> 00:29:34.000

In a very specific meandering stream way to be able to fulfill all the purposes, and also bring them all into resolution

00:29:34.000 --> 00:29:37.000

Okay, I'm going to hold them off on that

00:29:37.000 --> 00:29:42.000

Because that was a lot they just dumped at us

00:29:42.000 --> 00:29:44.000

Okay.

00:29:44.000 --> 00:29:47.000

Let's go

00:29:47.000 --> 00:29:51.000

Let's go to the chat, shall we? How are you guys doing with that?

00:29:51.000 --> 00:29:59.000

Because not only was it a lot, they kind of duped and jibed in a lot of different ways. Did that make sense to you?

00:29:59.000 --> 00:30:05.000

I'm sure we're going to get a whole across the spectrum of what the hell

was that, but also

00:30:05.000 --> 00:30:08.000

Some confirmation okay

00:30:08.000 --> 00:30:13.000

Okay, Judy's confused. Some have gotten confirmation

00:30:13.000 --> 00:30:15.000

Okay

00:30:15.000 --> 00:30:20.000

Okay, we could go in a lot of different directions with what we just got.
Okay

00:30:20.000 --> 00:30:26.000

So for Judy and others who might be like, what was that? Okay, yeah, somewhat. Okay

00:30:26.000 --> 00:30:33.000

Okay, so we've got a mix of people who are like got it and others are like what is that? Totally fine

00:30:33.000 --> 00:30:35.000

So

00:30:35.000 --> 00:30:43.000

They're showing us that humanity as a species was created very specifically to have a low level of consciousness

00:30:43.000 --> 00:30:53.000

to kind of... and if we think about that as humans exist in amnesia, we don't remember who we are and where we came from, we don't remember the eternity of our souls, we just don't.

00:30:53.000 --> 00:31:01.000

And so that could be seen as a parallel for this low level of consciousness, of full amnesia

00:31:01.000 --> 00:31:03.000

Not only that, but

00:31:03.000 --> 00:31:11.000

Back to the Ratatouille, the soul that is going to come into embodiment in the human can only do so much because the human

00:31:11.000 --> 00:31:34.000

mechanism, the human organism itself is very, very strong. It's essentially got a will of its own. And so souls who choose to incarnate as a human, they got their work cut out for them and they're excited about that. It's hard. This is like the high level of the video game where like can I, as this eternal soul when I can only keep a toe in that human, can I really drive it

00:31:34.000 --> 00:31:43.000

And can I steer it in this way that's going to serve sole purposes? It's very much a challenge, okay? So, and then they brought in

00:31:43.000 --> 00:31:56.000

Okay, so part of that was there are creations upon creations across the known and unknown galaxies, where there's species, all kinds of species, for all kinds of purposes. This is normal. This is what creation is for. It never ends.

00:31:56.000 --> 00:32:07.000

And so, not to think of this as some horrific, horrifying, why would they do this thing, there's more than we could even comprehend. This is always happening in different places.

00:32:07.000 --> 00:32:16.000

So then when they added in this, the reptilian consciousness wanted to participate in this, because reptilian consciousness is another

00:32:16.000 --> 00:32:32.000

species that has a very low level of soul, it is very unemotional, it's very logical, it's not... it's like... I think in the May session, we talked about,

like, Vulcan to an extreme. There's no empathy, there's no emotion, it's just logic, function.

00:32:32.000 --> 00:32:44.000

Only that. And so they wanted to participate in this and these powers that be have said, okay, cool, you can sort of oversee this experiment to make sure we have these like

00:32:44.000 --> 00:32:56.000

You know, design the maze, set up the conditions. Let's allow Earth to be this experimental place where you can have amnesia, you can not know what you're coming into, and we will fully allow the contrast

00:32:56.000 --> 00:33:06.000

All of the light they can hold, all of the contrast and pain, so that they can... can we choose more? Can we expand our consciousness? And then, can the body

00:33:06.000 --> 00:33:29.000

evolve enough to hold more consciousness. So hopefully that was a little more clear about kind of how we got here. I know it's still a lot, because we're cramming, like, eons of cosmology into, like, 5 minutes of a talk here, okay? So, yeah, Chelsea says, so basically where I'm at an experiment. I mean kind of, but then what they said is

00:33:29.000 --> 00:33:32.000

Remember everyone who agreed to do this

00:33:32.000 --> 00:33:44.000

I know a lot of times we'll look at people who are just, like, crashing through life, and we're like, who raised you? What is your deal? Who let you in here? And we kind of get this idea of, like, oh, they're new souls and they're not doing well, or whatever

00:33:44.000 --> 00:33:51.000

they've told me repeatedly that the souls who come here are very, very

00:33:51.000 --> 00:34:02.000

Ancient, skilled, high level, you have to, like, earn your way to be here, because this is a very hard organism to drive, okay? So that's... that's where they've gone with that

00:34:02.000 --> 00:34:14.000

And they're saying all this, okay, because we're not going to talk about cosmology this whole time. What they want us to understand is that those are the conditions, and they want us to focus on the part of

00:34:14.000 --> 00:34:16.000

The soul embodiment

00:34:16.000 --> 00:34:28.000

So they threw out the 5% soul embodiment just as an arbitrary number to kind of give us a comparison. That might have been what original humans were capable of.

00:34:28.000 --> 00:34:36.000

But through evolution, through all of this, and they say, yeah, it was only possible from the contrast, from the pain, from the suffering

00:34:36.000 --> 00:34:41.000

Suffering truly can develop such deep wells of empathy

00:34:41.000 --> 00:34:46.000

That you can't get in any other way, and that is what has allowed more consciousness to come in

00:34:46.000 --> 00:34:55.000

And so humanity has evolved and has ascended and has expanded into, honestly, they're like more than we ever thought possible.

00:34:55.000 --> 00:35:02.000

More than we ever thought was possible. And so, okay, okay, okay. So they're saying

00:35:02.000 --> 00:35:16.000

They're saying that's what we want you to understand about why you're

here, how you came to be because we don't want you to think of Ascension is we have to save this poor planet because it's gone off the rails. It is the opposite

00:35:16.000 --> 00:35:24.000

Complete opposite. It is that you have succeeded so far beyond what we ever thought was possible

00:35:24.000 --> 00:35:33.000

You fulfilled the experiment and then some. We didn't think any of this could be possible. If this is what we never thought was possible

00:35:33.000 --> 00:35:38.000

Then you went here, and before we could even catch our breath, then we went here

00:35:38.000 --> 00:35:51.000

We've just blown away all expectations and they said a large part of that is due to, yes, the lightworkers who have incarnated, those who have specifically

00:35:51.000 --> 00:35:56.000

Okay, okay, okay.

00:35:56.000 --> 00:35:57.000

Okay.

00:35:57.000 --> 00:36:03.000

So they're showing me

00:36:03.000 --> 00:36:21.000

portions of the population have evolved so swiftly and so beautifully, but in certain areas, in certain really dense areas of the planet, in certain inherited mindsets, in certain belief systems, it was so much harder for them to evolve. And so not everyone was evolving at the same rate.

00:36:21.000 --> 00:36:35.000

And some were still deeply limited by what they couldn't clear, what

they couldn't break out of. We talk trauma, we talk inherited beliefs, we talk all of that stuff, right? Whistleblower says Iowa. Okay.

00:36:35.000 --> 00:36:44.000

I mean, I've never been there, I'm not gonna say. But, we could point to, we could point to certain... I mean, hello, Palestine and Israel, like, the Middle East

00:36:44.000 --> 00:37:02.000

My god, a hot mess. There are certain areas that have just been so much harder to break out of this, and so that was when, okay, we will send more lightworkers, more specialty souls, who are gonna come in and really do a lot to make sure that those denser populations, those denser areas, those darker

00:37:02.000 --> 00:37:19.000

areas of the planet, or just, you know, certain family systems, certain cults, certain what have you. There are certain pockets of humanity that is really struggling to evolve because of the conditions, you know, the clamping down of people who are in power, people who are in control

00:37:19.000 --> 00:37:33.000

We had to incarnate some lightworkers and specialty souls to make sure that the expansion could hit all levels of humanity because the vessel itself is okay okay okay all right so now we're going into

00:37:33.000 --> 00:37:55.000

What happens in the body to allow more soul to be anchored and they're showing me you know everything we've been talking about Solar flares and geomagnetic storms and when we have X flares and all of these different things are being sent to Earth to help the human body actually evolve and they're talking about epigenetics gene expression

00:37:55.000 --> 00:38:02.000

When you heal something, it changes your genes. When you go back and you do inner child work or past life work, it changes

00:38:02.000 --> 00:38:11.000

you know, ancestor work. It changes your DNA. And so this allows...
they're like, this is what facilitates the physical embodiment

00:38:11.000 --> 00:38:13.000

And if you think about

00:38:13.000 --> 00:38:27.000

Like, let's say you have an old 1952 diesel pickup truck. What would it take to convert that to be a fully solar automobile? It's going to take a lot of work. You're going to have to replace a lot of parts, you're going to have to

00:38:27.000 --> 00:38:33.000

Frankenstein, a lot of that, to get it to work on the new operating system, that's what we have done.

00:38:33.000 --> 00:38:37.000

So that's exactly

00:38:37.000 --> 00:38:47.000

Why it's been so, okay, yeah, and that's why they say they they're like going back to their original statement, nothing has gone awry. This is what it looks like, this is what had to happen

00:38:47.000 --> 00:38:54.000

And this is why it has been so difficult and so challenging, and so painful. Notwithstanding, yes, it has gone

00:38:54.000 --> 00:38:56.000

far beyond

00:38:56.000 --> 00:39:01.000

What they originally anticipated and so now the work is okay okay okay

00:39:01.000 --> 00:39:04.000

Hold on.

00:39:04.000 --> 00:39:08.000

They're saying, now the work is to call forth those

00:39:08.000 --> 00:39:13.000

whose work in the old ways has completed

00:39:13.000 --> 00:39:16.000

And this we call you forth into the Renaissance. Okay

00:39:16.000 --> 00:39:27.000

So I'm gonna let that settle. I'm gonna take a little drink, and then they're gonna channel through. Because, believe it or not, that was the appetizer.

00:39:27.000 --> 00:39:36.000

That was like, oh, that was just the context. We're not going to talk a lot about that unless you want, they're like, we'll clarify. That was just the context

00:39:36.000 --> 00:39:47.000

of what has happened and what got us here, and they're like, you need to understand that so you can truly understand what the... oh, okay, okay, chills.

00:39:47.000 --> 00:40:06.000

They're like, this is why in previous videos I was saying like we don't know how to live in the new because we don't we're not on that operating system. We've never fully lived in it. We might have a moment or we might have you know this little community or in my own family system I've changed things sure

00:40:06.000 --> 00:40:12.000

But our species has never done that before, together. And that's what's happening and that's where we're going.

00:40:12.000 --> 00:40:23.000

Okay, so I'm going to take a drink. I'm going to scroll through the comments a bit, make sure we're kind of all on board before we dive in, dive into the chat. I cannot believe that was the appetizer what

00:40:23.000 --> 00:40:32.000

Because I think they broke a few of us. That was a lot. Okay

00:40:32.000 --> 00:40:35.000

I have a feeling I'm going to be

00:40:35.000 --> 00:40:46.000

watching this one back a lot, I may have to do, like, another video to be like, for those of you who got a little lost there, this is because that was a lot. Okay

00:40:46.000 --> 00:40:56.000

All right

00:40:56.000 --> 00:40:58.000

You guys are funny.

00:40:58.000 --> 00:41:05.000

I love this community. Okay

00:41:05.000 --> 00:41:06.000

Okay

00:41:06.000 --> 00:41:11.000

So it seems like we're there enough

00:41:11.000 --> 00:41:13.000

We got it enough

00:41:13.000 --> 00:41:16.000

If you don't understand all of it, totally fine

00:41:16.000 --> 00:41:36.000

Because that was just the, like, understand there were no mistakes. This was a very specific species that was created for very specific reasons. It was expanding. You're doing great. Some little pockets of humanity, not so good. So we incarnated the lightworkers to help really... Okay, okay,

because it wasn't just people

00:41:36.000 --> 00:41:41.000

Yep, yep yep, okay, okay.

00:41:41.000 --> 00:41:46.000

Okay, well, this is great. Okay, so they're showing me

00:41:46.000 --> 00:41:56.000

It has a ripple effect on every other human, whether you're aware of it or not. So we see people who are wildly asleep and happy to be

00:41:56.000 --> 00:42:06.000

Their bodies are still changing, even though they don't know it. So essentially, the new operating system is being downloaded into them, it's just sort of dormant

00:42:06.000 --> 00:42:26.000

And they're not using it yet, and they don't know that it's there. And so part of what they just showed me is that this is why we need so many more incarnated lightworkers, ascended Masters. You know, last year we had the... or last year, last month, we had the souls who have yet to be born, those new souls who are... they've never been in contrast before

00:42:26.000 --> 00:42:38.000

They're coming to Earth. This is why we have to have so many different kinds of lightworkers, because it... okay, so they showed me these two things. They said, some of you are specialty souls in deconstructing systems.

00:42:38.000 --> 00:42:54.000

Because some of those people who are still asleep, determined to be asleep, okay fine their bodies are changing regardless. Don't worry about them. They'll catch up at some point. But the systems needed to be deconstructed and so some specialty souls, this is something I'm really good at

00:42:54.000 --> 00:43:06.000

is deconstructing systems, which is why I talk about politics and feminism and racial injustice, like all these things. Those are systems. I'm really good at deconstructing those. So everyone kind of has their thing, right?

00:43:06.000 --> 00:43:19.000

Meanwhile, there are specialty souls who are incarnated for the systems that will come after, embodying the systems after being the matriarch in your family to set the blueprint, being mayors, being new, like

00:43:19.000 --> 00:43:31.000

Mom Donnie's like, whatever, whatever we've got, okay? So, the different types of souls with different types of experience have been seated at every stage of this transition.

00:43:31.000 --> 00:43:35.000

So they're going back to that rug was very tightly woven

00:43:35.000 --> 00:43:53.000

From our human perspective, it's a big ol' mess. Godzilla has just run amok, what are we gonna do? But they're saying, no, no, no, yeah, that's exactly... yeah. They're like, what's your problem? That's exactly what needed to be. Some needed to break down family systems, some needed to incarnate into a lineage

00:43:53.000 --> 00:44:09.000

That was too dark and too dense, and they just couldn't get out of it, so we needed a soul who was really gifted at transmutation, really gifted at awakening, even in the darkest of places. We've been seated all over to get to every last pocket of it. Okay, okay, this is so beautiful. They're saying

00:44:09.000 --> 00:44:18.000

We, you know, we look back at the 20th century, and of course we can all point to the 1960s and the great explosion of consciousness and how society has changed

00:44:18.000 --> 00:44:23.000

They're saying the work of the expansion of consciousness was done

00:44:23.000 --> 00:44:27.000

so pro... it was, like, done so profoundly even before that

00:44:27.000 --> 00:44:32.000

That was just the wave of the consciousness actually activating

00:44:32.000 --> 00:44:51.000

So this has been in the works for so long, we've evolved, like, think bigger. When we say, oh, we've done it, hooray, they're like, industrial revolution was an expansion of consciousness. Not only in what can we invent, how can we change humanity, but workers' rights and union rights and exploitation of labor became... that's an expansion of consciousness

00:44:51.000 --> 00:45:07.000

So, we've already been doing all these things all across, and everyone's had their little specialty job, and now we're in the moment where, okay, Big Chills, now we're in the moment where the rug is complete, it's being completed. All the last little loops and knots and poles

00:45:07.000 --> 00:45:15.000

are being completed, and they keep showing me the very specific image of that sisal. Think of it like

00:45:15.000 --> 00:45:21.000

sailor's ropes, okay? Like, an old-timey whaling ships, these are thick

00:45:21.000 --> 00:45:29.000

and heavy, and even the rope itself is a weaving of how many different threads

00:45:29.000 --> 00:45:37.000

And you take all of these, and they're heavy, and they're stiff, and they're kind of, like, splintery, and they're still woven into these complicated knots

00:45:37.000 --> 00:45:50.000

That is how complicated and complex this ascension plan is, and has been, and they keep showing me as this completed thing, except for in the corners where we're, like, pulling the last

00:45:50.000 --> 00:45:55.000

The last little knots, the last little corners of it are coming together

00:45:55.000 --> 00:46:02.000

And they're showing me the ends are unfinished. But the bulk of the work is done, okay

00:46:02.000 --> 00:46:13.000

So they're saying banish any fear of, it's not going to happen, is it ever going to happen? Are we doing it? But they're not waking up. The rug is complete, y'all, we're just coming into the ends of this.

00:46:13.000 --> 00:46:18.000

And so, after all of this becomes

00:46:18.000 --> 00:46:27.000

It's it's the call to those who will live in the after, who will lead in the after, whose energy was here to seed the after. Okay.

00:46:27.000 --> 00:46:40.000

And they're saying for a... okay, okay, this is, yeah, they're saying a lot of people who were really, really gifted and skilled, who were needed in the before the transmutation, the awakening, the hard stuff

00:46:40.000 --> 00:46:48.000

We might be the one, and I say we, I really identify with what they're saying. We might be the ones who find it the hardest to adjust to the new

00:46:48.000 --> 00:46:54.000

Because we were born very specifically to do some really hard stuff

00:46:54.000 --> 00:47:08.000

And we're workhorses, and we're strong, and we're like a machine, and that's what we do when we maybe feel like we're falling apart, but we keep going back into the hard stuff, because that's what we're here for. And they're saying, you guys are the ones that are hardest to convince, that you really did it.

00:47:08.000 --> 00:47:10.000

And that we're really moving ahead

00:47:10.000 --> 00:47:20.000

And so, yeah, Lisa says, I'm very used to struggling. Yes, it is just automatic default, because it's not only... that's what the soul came here to do

00:47:20.000 --> 00:47:23.000

But it's

00:47:23.000 --> 00:47:34.000

The ancestry, the energy of a community that you're reading, just like the matrix that the habits the like all of it is so

00:47:34.000 --> 00:47:44.000

automatic. It's just what we've done and what we have always done, and what we've always been here for. Like, that is just so autopilot

00:47:44.000 --> 00:47:49.000

Yeah, they're like, some of the unawakened are actually having an easier time than you are.

00:47:49.000 --> 00:47:51.000

I find that hard to believe

00:47:51.000 --> 00:48:05.000

But at the same time, yeah, because we're maybe too painfully aware. And so we're like watching every little pot, are they going to boil and what about this one and what when the unaware are just like they have no idea what's happening. They'll awake when it's time

00:48:05.000 --> 00:48:10.000

But we need to allow ourselves to

00:48:10.000 --> 00:48:14.000

Okay, okay. They say there's a new operating system

00:48:14.000 --> 00:48:20.000

And they're showing... they say they're waiting for you to just put it on, and it's as simple as putting on a backpack.

00:48:20.000 --> 00:48:26.000

And I'm laughing. Prove it. It doesn't feel simple, but

00:48:26.000 --> 00:48:34.000

It will require you to allow yourself to believe that it's safe to complete your work, that it's safe to leave, okay.

00:48:34.000 --> 00:48:38.000

Oh, okay, they're saying they're just this

00:48:38.000 --> 00:48:43.000

They're not trance channeling through, but it is barreling through. They're saying that

00:48:43.000 --> 00:48:46.000

A lot of you need to leave the arena

00:48:46.000 --> 00:48:49.000

So that those who have yet to awaken can enter it

00:48:49.000 --> 00:48:52.000

Because we're taking up too much space

00:48:52.000 --> 00:49:05.000

And we had to do it before they could, but if we are basically hogging the room, they can't come in. You know when you like rent a room at the library or wherever and you're like, I rented at 20 minutes ago, get out,

like that's what they're saying

00:49:05.000 --> 00:49:14.000

We need to step out and we need to allow the next crew to come in and this reminds me of something that

00:49:14.000 --> 00:49:21.000

I think it was Nina Shine. Nina, are you here? I'm not sure. She is another creator. I adore her. She's become a dear friend

00:49:21.000 --> 00:49:31.000

I believe she shared this in a video a couple weeks, a month or so ago. We were talking about it, how she got this really profound download about how

00:49:31.000 --> 00:49:46.000

There's a reason a lot of women need to learn to de-center men, not meaning kick all the men out of your life but we have to stop orbiting this male centered way of doing things and just kind of gently step out of that

00:49:46.000 --> 00:49:49.000

Because they need to step into it.

00:49:49.000 --> 00:49:54.000

We've been supporting and lifting and mitigating the effects of patriarchy for generations

00:49:54.000 --> 00:50:02.000

And it's their turn to step in and do their awakening and their deconstruction and their rebirth and reconstruction.

00:50:02.000 --> 00:50:15.000

So this is the very same thing of learning to step out. Okay, Becky says, how can we step out? Perfect, because that's what they're gonna... that's what they're going to tell us. I keep saying they're gonna channel, they are going to channel, but then I'm, like, downloading all this stuff. Okay

00:50:15.000 --> 00:50:22.000

I will say, first of all, a lot of the stepping out just means

00:50:22.000 --> 00:50:27.000

Stop looking at the fire, stop focusing on all that has gone wrong

00:50:27.000 --> 00:50:43.000

That has exploded into the collective consciousness so spectacularly because it's time to pass the torch. How many of us have been aware of that for years upon years? And maybe you haven't, maybe this is new to some of you and you're just awakening and you're horrified. I get it

00:50:43.000 --> 00:50:50.000

That was a lot when I woke up to it, but so many more people have been aware of it for decades

00:50:50.000 --> 00:50:51.000

that

00:50:51.000 --> 00:51:09.000

The loudness of it is to ensure the maximum awakening that the most possible people could see it and finally collectively come to an agreement of yes this world has to change. Yes, it's time for accountability. Yes, oh my God, we've gone so horribly awry. We have to fix it

00:51:09.000 --> 00:51:13.000

That's why it's so loud, that's why it's so terrible

00:51:13.000 --> 00:51:22.000

And so, allowing ourselves to step out of it, in one way just simply means trusting that it's having the intended effect

00:51:22.000 --> 00:51:29.000

And that those who need to become aware of it are becoming aware of it, and it is in the hands of those who will save it.

00:51:29.000 --> 00:51:41.000

I know, if I say that on social media, I'm going to get a thousand people who are saying you're leaving them alone and like if you understand the total body of my work, you know that's not what I'm saying at all. But what I'm saying here in this safe circle is

00:51:41.000 --> 00:51:53.000

We all have roles to play. We're not all here to do all the things, and they're reiterating it's at the point now where we have to pass the torch so that those who will step into

00:51:53.000 --> 00:52:02.000

It's not even an awareness, it's an accountability. It's first the awareness and then the accountability. If we're the ones holding it up

00:52:02.000 --> 00:52:08.000

They can't take their role in now lifting the weight. So allowing that passing the torch moment

00:52:08.000 --> 00:52:26.000

Okay, because, okay, okay, so what they were saying before about there's a new operating system that we get to switch into, but we have to give ourselves permission, which is funny because I was listening to the August Signal Fire today to kind of get caught up and when the Ancient ones channeled they said this is your permission slip

00:52:26.000 --> 00:52:29.000

Do not wait, do not wait. It is now, it is now

00:52:29.000 --> 00:52:39.000

So, if we've been feeling any sort of guilt or uncertainty or fear, I get that because it's a mess out there, but the spiritual message is continually

00:52:39.000 --> 00:52:50.000

It yep, it's doing what it needs to do. Trust that the right people are aware of it, trust that the wheels are already in motion that we've got this. Now, this isn't to say that if some of you have a very specific

00:52:50.000 --> 00:53:01.000

pull toward, or call toward a certain cause, a certain group of people, by all means, like, this is where your discernment comes in. I don't know who all will see this. There's 121 people here

00:53:01.000 --> 00:53:16.000

All total of those who will ever see it in the future could be 500, 1,000, I just don't know. I don't know what all of you are here to do, so please listen to your own guidance. What are you here for? Some of you might just beginning activism. Someone might run for office, someone might

00:53:16.000 --> 00:53:21.000

join or start a grassroots organization. I certainly don't know what your individual paths are

00:53:21.000 --> 00:53:26.000

But we're not at the spot of ascension where it's wake-up call time

00:53:26.000 --> 00:53:34.000

It's the part of Ascension where everyone needs to take their places, move to the next stage. That's what we're doing.

00:53:34.000 --> 00:53:41.000

Alright, I'm gonna take a drink here

00:53:41.000 --> 00:53:44.000

Okay

00:53:44.000 --> 00:53:52.000

Okay, council, do we want a channel for real here? They've been doing this wonderful job of

00:53:52.000 --> 00:54:05.000

blasting blasting as much as I could possibly dump in my brain here, and I hope I've done it justice. Okay, okay.

00:54:05.000 --> 00:54:25.000

I don't know if it's me or if it's them, like, am I not gonna be able to

channel because I'm getting it telepathically to say it? So I'm gonna say what I got, and then I'm gonna relax and try again, okay? Because what they were showing me is they showed me these different species. I don't know who or what they are. It was more about to be representative. I saw all these different species

00:54:25.000 --> 00:54:37.000

And they're saying, they're like, a lot of you are preparing the way for open contact. Okay, this isn't something I talk a lot about. Welcome to the party folks. Didn't know we were going here today.

00:54:37.000 --> 00:54:49.000

A lot of you are preparing for open contact. A lot of you are paving paths that you will not understand at all. A lot of you are receiving downloads, insights, inspirations, things that don't make sense

00:54:49.000 --> 00:54:55.000

Things that seem disconnected for the reality of what we're living in, and you are needed for what is to come

00:54:55.000 --> 00:54:58.000

Paving the way for what is to come

00:54:58.000 --> 00:55:04.000

Okay, some of you will live to see it, some of you will not

00:55:04.000 --> 00:55:14.000

Understanding it's still... okay, okay, we'll let them channel through there say it's still all part of this great tapestry. Everyone will receive whatever they need to receive, but

00:55:14.000 --> 00:55:19.000

Your call may not make sense to you or others

00:55:19.000 --> 00:55:30.000

And so to learn how to get in tune with your personal guidance, to learn to follow your own curiosity, your own dreaming, daydreams, imagination

00:55:30.000 --> 00:55:34.000

They say it can be as simple as reading a sci-fi novel

00:55:34.000 --> 00:55:36.000

Like, they're just, like, don't

00:55:36.000 --> 00:55:43.000

Don't underestimate the everyday average human experience and how valuable that is

00:55:43.000 --> 00:55:47.000

And what you are doing to

00:55:47.000 --> 00:56:17.000

Prepare the way of con, okay, all right, they're ready, we'll come in here.

00:56:20.000 --> 00:56:26.000

Greetings, we are the Council of Nine. We are pleased to be with you in this auspicious day

00:56:26.000 --> 00:56:30.000

In this moment of your renaissance, of your rebirth

00:56:30.000 --> 00:56:37.000

It is we who whisper to you, who call to you from the stars, from beyond to remember your home.

00:56:37.000 --> 00:56:43.000

Remember your origin, remember your family. For although we feel far away, we are not. You are with us, we are with you.

00:56:43.000 --> 00:56:46.000

In the space between space

00:56:46.000 --> 00:56:54.000

in the energy of your cells. We are here, we are you, you are us.

00:56:54.000 --> 00:57:09.000

This is a moment of great celebration for, indeed, the plan has succeeded, not only far beyond expectations, but you are so well underway of the stages beyond awakening as to astound even you.

00:57:09.000 --> 00:57:25.000

We are calling you to the forefront. We are calling you forward into the next stages. We are calling you to remember, remember, remember that your purpose is not merely in collapse, your purpose is Renaissance for indeed

00:57:25.000 --> 00:57:30.000

That which you see now paves the way for all that is to come.

00:57:30.000 --> 00:57:40.000

Not simply in governments, not simply in businesses, not simply in finance economies, and all of the practical ways of the world, in mindsets

00:57:40.000 --> 00:57:47.000

In hearts, in your very cells to receive us

00:57:47.000 --> 00:57:56.000

Your bodies are undergoing great change, some you are aware of, some you are not. You are in the midst of a great metamorphosis

00:57:56.000 --> 00:58:04.000

This metamorphosis is as much emotional as intellectual, as physical as cellular, as energetic

00:58:04.000 --> 00:58:12.000

Every layers of the known and unknown of your cells of your body, of your human vessel, of your soul, of your ether

00:58:12.000 --> 00:58:27.000

Every aspect of you that is you, every aspect of you that is eternal, every aspect of you in this incarnation that is finite is expanding to hold more, hold more, hold more

00:58:27.000 --> 00:58:32.000

Many of you ask what is it you can do to prepare? For many of you it is simply rest

00:58:32.000 --> 00:58:34.000

Sleep

00:58:34.000 --> 00:58:36.000

Drink cool water

00:58:36.000 --> 00:58:40.000

Tend to your bodies, tend to your cells, listen, quietly

00:58:40.000 --> 00:58:42.000

Rest

00:58:42.000 --> 00:58:46.000

Learn to love

00:58:46.000 --> 00:58:53.000

We say again, learn to love

00:58:53.000 --> 00:58:55.000

This command

00:58:55.000 --> 00:59:09.000

This command may trigger anxiety and security, loss, grief, or how could you learn to love in a life that has been profoundly without the love you seek?

00:59:09.000 --> 00:59:16.000

We call to you now this is what you must create

00:59:16.000 --> 00:59:20.000

The love you have not received is the love you must create.

00:59:20.000 --> 00:59:31.000

Begin within your heart. Love your cells, love your bones, your bodies.
Love that which is unloved

00:59:31.000 --> 00:59:40.000

Learn to love so completely that the love can't override that which is
instructing the cells of the body at this time

00:59:40.000 --> 00:59:48.000

That it can override the programming that makes love impossible,
laughable, that makes love unattainable

00:59:48.000 --> 00:59:51.000

A love so complete

00:59:51.000 --> 00:59:56.000

That all that came before shatters in its presence

00:59:56.000 --> 01:00:00.000

As you learn this love for self

01:00:00.000 --> 01:00:03.000

Then turn to the world around you

01:00:03.000 --> 01:00:05.000

Begin small

01:00:05.000 --> 01:00:08.000

Love the imperfection

01:00:08.000 --> 01:00:11.000

Love the nuisance

01:00:11.000 --> 01:00:14.000

Love the challenge

01:00:14.000 --> 01:00:16.000

Love, the pain

01:00:16.000 --> 01:00:19.000

Love what hurts

01:00:19.000 --> 01:00:26.000

Again, we say a love so complete it shatters all that came before

01:00:26.000 --> 01:00:30.000

I love that disintegrates the matrix

01:00:30.000 --> 01:00:34.000

within and around you

01:00:34.000 --> 01:00:43.000

For indeed this paves the way for Renaissance far more than anything a physical body could ever do.

01:00:43.000 --> 01:00:49.000

There are the dreamers, there are the doers who are charging ahead even now.

01:00:49.000 --> 01:00:52.000

For those who feel they are without a role

01:00:52.000 --> 01:00:58.000

Your role is love

01:00:58.000 --> 01:01:06.000

Love is the substance of the soul. Love is the very essence that pours into you, and if your cells

01:01:06.000 --> 01:01:10.000

cannot hold love. Your cells cannot hold your soul

01:01:10.000 --> 01:01:16.000

If your cells cannot hold your soul, your cells cannot hold us

01:01:16.000 --> 01:01:30.000

The great expansiveness that wishes to be born into the bodies of

humanity to change the blueprint of humanity, to change this various species, this very specific, narrow species.

01:01:30.000 --> 01:01:32.000

Which must be

01:01:32.000 --> 01:01:36.000

Re-seeded

01:01:36.000 --> 01:01:45.000

Love is what will rewrite the very cellular makeup and the instructions inside the body

01:01:45.000 --> 01:01:54.000

Every human body in progress can and will and must be reseeded, recoded

01:01:54.000 --> 01:02:03.000

Some will fill their vessel with imagination, dreams, hopes, creativity

01:02:03.000 --> 01:02:08.000

All of which are forms of love in motion

01:02:08.000 --> 01:02:17.000

But love is the key substance within it all. Love is the substance of expansion, creation

01:02:17.000 --> 01:02:20.000

Love is all there is

01:02:20.000 --> 01:02:24.000

And so, if you find yourself without a role

01:02:24.000 --> 01:02:27.000

Without an understanding, without a path

01:02:27.000 --> 01:02:34.000

Choose love

01:02:34.000 --> 01:02:40.000

Understand that this is already underway, and the more that you surrender to it

01:02:40.000 --> 01:02:47.000

The more it will thunder through you as a fire cleanses a forest

01:02:47.000 --> 01:02:57.000

Understand that the surrender will birth more than any effort that could be undertaken at this time.

01:02:57.000 --> 01:02:59.000

Allow yourself

01:02:59.000 --> 01:03:02.000

To be a vessel of love

01:03:02.000 --> 01:03:06.000

Allow that love to rewrite your very being

01:03:06.000 --> 01:03:14.000

And as you are rewritten, it will stream from you, it will emanate from you, and as you walk

01:03:14.000 --> 01:03:20.000

And exist in this earth, you will trail codes of information, of love

01:03:20.000 --> 01:03:28.000

You will trail these seeds, you will activate all around you

01:03:28.000 --> 01:03:33.000

There can be no greater role than this.

01:03:33.000 --> 01:03:37.000

Of you who will allow love to rewrite

01:03:37.000 --> 01:03:44.000

The very center, the very core of your being

01:03:44.000 --> 01:03:47.000

This is the new matrix

01:03:47.000 --> 01:03:53.000

The new energetic encodement, the new instruction manual

01:03:53.000 --> 01:03:58.000

That is now permeating through all levels of humanity. However

01:03:58.000 --> 01:04:07.000

It is becoming blocked by those who do not know this is the assignment now.

01:04:07.000 --> 01:04:14.000

As you allow, as you surrender, as you trust, as you participate

01:04:14.000 --> 01:04:18.000

It will burn through you in a beautiful

01:04:18.000 --> 01:04:21.000

Emerging Phoenix

01:04:21.000 --> 01:04:28.000

Your tears will flow, your heart will expand, you will understand

01:04:28.000 --> 01:04:38.000

Love is the great fire in the soul that wishes to recode all of humanity at this now moment in time.

01:04:38.000 --> 01:04:40.000

This is

01:04:40.000 --> 01:04:47.000

The energetics, the physics, the mechanics of the Renaissance

01:04:47.000 --> 01:04:57.000

This is the re-emergence. This is the seed that is already planted within you, the seed that you carried most carefully into this incarnation

01:04:57.000 --> 01:05:01.000
Into the fertile soil of your soul

01:05:01.000 --> 01:05:04.000
And now your human vessel

01:05:04.000 --> 01:05:09.000
Must be allowed to receive it

01:05:09.000 --> 01:05:11.000
It is now

01:05:11.000 --> 01:05:15.000
You are worthy

01:05:15.000 --> 01:05:17.000
You are ready

01:05:17.000 --> 01:05:24.000
Allow, blossom

01:05:24.000 --> 01:05:27.000
And as you do, you will see

01:05:27.000 --> 01:05:31.000
This earth change around you

01:05:31.000 --> 01:05:37.000
Energetically, spiritually, emotionally, physically

01:05:37.000 --> 01:05:44.000
The earth will blossom. The systems will change. Humanity will change

01:05:44.000 --> 01:05:48.000
Before your eyes

01:05:48.000 --> 01:05:54.000

It is underway. We are waiting for you

01:05:54.000 --> 01:06:00.000

Said with the utmost gratitude and awe for all you have already

01:06:00.000 --> 01:06:05.000

undertaken, and all you will undertake

01:06:05.000 --> 01:06:14.000

For in our now eternal moment of time it is done. It is done, it is done.

01:06:14.000 --> 01:06:29.000

And so it is.

01:06:29.000 --> 01:06:31.000

Okay

01:06:31.000 --> 01:06:39.000

Let me re-acclimate

01:06:39.000 --> 01:06:42.000

I

01:06:42.000 --> 01:06:47.000

saw a lot that I'm going to share

01:06:47.000 --> 01:06:51.000

And whew, that was really beautiful.

01:06:51.000 --> 01:06:55.000

Let me just take a minute to come back into my body

01:06:55.000 --> 01:06:58.000

Have a drink

01:06:58.000 --> 01:07:08.000

Yeah.

01:07:08.000 --> 01:07:13.000

So

01:07:13.000 --> 01:07:18.000

I got such cascading waves of information

01:07:18.000 --> 01:07:25.000

And I'm sure we all did. And I don't want to rush past this moment, I want to allow you the moment to

01:07:25.000 --> 01:07:32.000

integrate and let that sink in

01:07:32.000 --> 01:07:37.000

But the core thing I want to communicate that they were showing me

01:07:37.000 --> 01:07:43.000

I kept seeing the love entering the body, and I was shown every single cell of the body

01:07:43.000 --> 01:07:50.000

And when it came in, it completely changed everything.

01:07:50.000 --> 01:07:54.000

And what I mean by that is in ways we can't comprehend.

01:07:54.000 --> 01:08:00.000

We have our small things that we talk about, like epigenetics and gene expression

01:08:00.000 --> 01:08:05.000

And we have these spiritual ways of talking about love

01:08:05.000 --> 01:08:13.000

But they were talking about it as this force of creation that permeates all and when it permeates all it changes it

01:08:13.000 --> 01:08:19.000

And I kept getting all of these beautiful images, and it was very much like

01:08:19.000 --> 01:08:26.000

Fairy tales you know you can look at Beauty and the Beast and how the beast transforms from a beast into a human

01:08:26.000 --> 01:08:34.000

Or, you know, when there's light shooting, and Cinderella, where her rags turn into this dress. They're showing me this level of transformation

01:08:34.000 --> 01:08:40.000

It won't look like it. I don't think I'm... I don't think I'm gonna sprout wings

01:08:40.000 --> 01:08:46.000

But this is why I understand that they took the time to explain how humans were created

01:08:46.000 --> 01:08:50.000

And what the purpose was

01:08:50.000 --> 01:09:07.000

And I'm going back to what little I remember from my high school, was it biology where we learned about genetics and Gattaca and the human genome, and there are all these different little sequences, and you have to have the exact match to fit into it

01:09:07.000 --> 01:09:24.000

And when you have the exact match that fits into it, it changes. It's like the combination lock. When you finally have all the right pieces, it opens and blooms. And they are showing me that we are physiologically changing the makeup of the human organism

01:09:24.000 --> 01:09:30.000

And they've just said scientists will not catch up to this for years upon

years

01:09:30.000 --> 01:09:36.000

But the human organism is changing, and when they said, you know, seated, there's talk of

01:09:36.000 --> 01:09:46.000

Some people say which species seeded humanity and what DNA was borrowed from different species? What they're talking about now is all that has come before

01:09:46.000 --> 01:09:50.000

is now being reseeded

01:09:50.000 --> 01:09:58.000

And it's not even in a very specific, you know, ETs have to come down and intermingle and we have hybrid children. It's not that.

01:09:58.000 --> 01:10:00.000

It's

01:10:00.000 --> 01:10:06.000

The love and the energy coming in will do that

01:10:06.000 --> 01:10:20.000

It's it's just like what happens when a human life is created in the womb and the egg and all of that. That process is happening in our cells as we allow this love to permeate

01:10:20.000 --> 01:10:25.000

And we are being changed in ways that we don't even understand we're being changed

01:10:25.000 --> 01:10:29.000

And then I was shown, you know, when they said, as you walk

01:10:29.000 --> 01:10:39.000

It's like we're trailing light and magic from our fingertips, and it ripples

out, and the ground underneath our feet changes, and the dirt changes, and

01:10:39.000 --> 01:10:44.000

It ripples and the grass changes and then the trees change, and then the birds that sit on the trees change

01:10:44.000 --> 01:10:51.000

It is very, very much this magic of transformation that is happening everywhere.

01:10:51.000 --> 01:11:06.000

And they... and I don't even know if I'm adequately conveying it, because it was, like, so powerfully communicated, and I know they were saying it, but I just really want to, like, highlight, underline, confetti cannons

01:11:06.000 --> 01:11:13.000

We are changing humanity, the organism will be entirely different. It's already happening

01:11:13.000 --> 01:11:24.000

And it will continue to happen. And I love how they specifically said the those of you who don't know, what's my role? What am I here to do? It's just love

01:11:24.000 --> 01:11:31.000

And I understand we've heard that a million different ways, from a million different channelers and masters

01:11:31.000 --> 01:11:38.000

The way it was communicated this time in a way that I received and hopefully they were able to convey

01:11:38.000 --> 01:11:40.000

Was

01:11:40.000 --> 01:11:48.000

Love is this creationary magic that will change the very substance of what we are

01:11:48.000 --> 01:11:54.000

Whatever we think love is, magnify it by a thousand in miraculous ways we can't comprehend.

01:11:54.000 --> 01:12:00.000

And it is actual transfiguration that is happening

01:12:00.000 --> 01:12:01.000

And

01:12:01.000 --> 01:12:10.000

Them saying that this is already underway and many of us are blocking that. I hope nobody felt that with a sense of guilt, although I certainly did

01:12:10.000 --> 01:12:12.000

I was like, oopsie

01:12:12.000 --> 01:12:19.000

I'm still getting mad about my petty squabbles and my

01:12:19.000 --> 01:12:21.000

We could be blocking that

01:12:21.000 --> 01:12:24.000

And I understand how now for the past

01:12:24.000 --> 01:12:33.000

I don't know this entire year beginning the end of last year spirit said stop focusing on what's falling apart. We need you to focus on the new

01:12:33.000 --> 01:12:38.000

And also what they said, okay, this other part where they said

01:12:38.000 --> 01:12:42.000

I can't remember what they said, but it was this moment of

01:12:42.000 --> 01:12:54.000

They showed me what came through in the July Signal Fire about crossing the threshold of ascension. Do you remember? And it was like an event horizon and a black hole and they were showing how

01:12:54.000 --> 01:13:14.000

These different aspects of ourself that have yet to be healed, acknowledged, integrated, released, some of those have to go, but we're working it into one organism, and as we're that one organism, we're going to finally cross the threshold. So what they're saying now is for after that threshold, okay? So some of you don't feel like you're finished, don't worry about it. Some of you are like, oh my god, now I get it

01:13:14.000 --> 01:13:20.000

Great. Wherever you are is perfect. No one's left behind. We're all doing this at our own pace. It's fine

01:13:20.000 --> 01:13:23.000

So what they're showing is

01:13:23.000 --> 01:13:26.000

Okay, okay, so they're saying

01:13:26.000 --> 01:13:37.000

That work of the coherence of rescuing our shadow and our lost inner child and our scared 40-year-old self and whatever has not been brought into the hole

01:13:37.000 --> 01:13:39.000

These are the parts

01:13:39.000 --> 01:13:43.000

The only... okay, the... so beautiful, oh my gosh, chills

01:13:43.000 --> 01:13:59.000

The only reason we couldn't so fully embody love is we had all of these

wounded aspects, or ignored aspects, or silenced aspects, so that work of the underworld that I teach, of shadow work and trauma healing and integration, brings everyone into the room

01:13:59.000 --> 01:14:02.000

To be loved

01:14:02.000 --> 01:14:08.000

And when we can all be this coherent vessel as one, yes, I acknowledge that sometimes

01:14:08.000 --> 01:14:19.000

I have a short temper. I acknowledge that sometimes I'm judgmental. I remember that when I was whatever age, I learned to sound... like, whatever, okay?

01:14:19.000 --> 01:14:25.000

We don't have to fix these aspects. We don't have to change them. We don't have to

01:14:25.000 --> 01:14:36.000

You know, oh, you better behave so you can come. It's not about that it's about bringing all of them coherently to be able to receive the love

01:14:36.000 --> 01:14:39.000

And that's the transformation

01:14:39.000 --> 01:14:46.000

Can you love the aspects of yourself that the world taught you are not worthy of love?

01:14:46.000 --> 01:14:50.000

That sounds simple, it's the hardest thing in the world to do

01:14:50.000 --> 01:14:59.000

And we have to do it in ourselves first because how are we going to love the other out there if we can't love the parts of ourselves that we have othered?

01:14:59.000 --> 01:15:03.000

Or that people have taught us to other

01:15:03.000 --> 01:15:13.000

So this is very much, yes, everything, everything that all the hippies have said is true. Yes as well as

01:15:13.000 --> 01:15:16.000

If we can look to

01:15:16.000 --> 01:15:28.000

All this child material about how the human race was seeded, and yes, it is that level of creationary change that the human organism, the species that is human, is becoming different

01:15:28.000 --> 01:15:32.000

And it really is through love

01:15:32.000 --> 01:15:48.000

Because love is not simply an emotion. Love is the creationary force of the universe that will blast through and have a ripple effect of change on ourselves, on everyone around us, and on this entire world as we go forward.

01:15:48.000 --> 01:15:53.000

That's how enormous the task is

01:15:53.000 --> 01:16:05.000

So, okay, okay, okay. Who is this? This is a different someone. It was like someone from the back of the room. They're like

01:16:05.000 --> 01:16:11.000

Love doesn't have to only be soft. Love isn't only soft

01:16:11.000 --> 01:16:16.000

They're like, okay, okay, okay, this is

01:16:16.000 --> 01:16:21.000

It's very much dark feminine, divine feminine, but it's not important

01:16:21.000 --> 01:16:29.000

The message is to remember, as we know, begin to open ourselves up to the love that sometimes love is

01:16:29.000 --> 01:16:31.000

Fierce

01:16:31.000 --> 01:16:43.000

And sometimes love holds a sword. And sometimes love says, I will not let you do that. Sometimes love says I will participate in the ending of this atrocity

01:16:43.000 --> 01:16:50.000

The love permeates so completely that we become courageous in a way that has never been possible before.

01:16:50.000 --> 01:16:54.000

So when they're talking love, it was like

01:16:54.000 --> 01:16:56.000

It was like, don't forget

01:16:56.000 --> 01:17:00.000

You can still be... we need you to be fierce

01:17:00.000 --> 01:17:09.000

All that we think love is, times are by a thousand, and then add more complexity, that's what love is.

01:17:09.000 --> 01:17:14.000

Okay, hold on, make sure we got this

01:17:14.000 --> 01:17:25.000

I usually have like this is my sensory thing to keep me in the body when they're talking to me here. Okay

01:17:25.000 --> 01:17:29.000

Okay.

01:17:29.000 --> 01:17:32.000

Okay

01:17:32.000 --> 01:17:36.000

All right.

01:17:36.000 --> 01:17:39.000

Okay, so they want me to

01:17:39.000 --> 01:17:47.000

We're gonna go through some comments, we're gonna make sure that we got we're all kind of on the same page here

01:17:47.000 --> 01:17:59.000

We don't want to blast through what just came through because that was profound and I know I'm going to listen to it a few times because that absolutely changed a lot of things for me

01:17:59.000 --> 01:18:03.000

But I was kind of laughing because they're like

01:18:03.000 --> 01:18:13.000

And now we're gonna give you your assignment. I'm like, as though that wasn't enough, are you kidding me? But they want to add a little more, like, nuance and complexity and get us, like, stoked about what's to come, okay?

01:18:13.000 --> 01:18:20.000

Okay, how are we doing fam? That was a lot. I freaking loved it.

01:18:20.000 --> 01:18:23.000

I loved every minute of it

01:18:23.000 --> 01:18:26.000

And

01:18:26.000 --> 01:18:29.000

Okay.

01:18:29.000 --> 01:18:32.000

Yeah, okay.

01:18:32.000 --> 01:18:35.000

I just, I'm just asking, because

01:18:35.000 --> 01:18:49.000

I felt Bowie here today, okay? For those of you who don't know, I channel... I channel David Bowie. He's a special person on my... on my spirit team, and he's been hovering around today, and I thought he was gonna come through

01:18:49.000 --> 01:18:55.000

But I was like, maybe he's just here for me. He might want to come through a little bit. Okay, okay, okay, okay, yes.

01:18:55.000 --> 01:19:02.000

He's like, well, like, don't need to ask me twice, okay, but we've been through a lot, Bowie, so just

01:19:02.000 --> 01:19:05.000

Give us a minute to breathe

01:19:05.000 --> 01:19:08.000

And catch up. Okay

01:19:08.000 --> 01:19:15.000

a lot. Okay, I can see why they wiped my brain before I could not have conceived what would come through. Okay

01:19:15.000 --> 01:19:21.000

I'm gonna take a little drink here

01:19:21.000 --> 01:19:23.000

Also, if this is your first time here

01:19:23.000 --> 01:19:37.000

I don't know why, I don't know why, I kind of feel the need to apologize. I should not need to apologize. You knew what you were... you knew what you were getting into, but maybe you didn't. When I say this is a psychic grab bag, I am not kidding

01:19:37.000 --> 01:19:48.000

I truly have no idea what's gonna come through. And I think that's why it's so fun because

01:19:48.000 --> 01:20:00.000

So variety hour, it's the geoprism variety hour. I don't know what's going to come through. I could never plan or concoct a session this wild and crazy, but that's how I know it's not me.

01:20:00.000 --> 01:20:07.000

Whistleblower says plug your book. Yes, because some of you don't know about my Bowie connection. Very briefly, I will tell you

01:20:07.000 --> 01:20:23.000

In 2019, the spirit of David Bowie started coming through to me, and I thought it was just personal, because he's a very busy spirit. He visits a lot of people, a lot of people channel him, he's very excited as a spirit guide, and I was undergoing a period of

01:20:23.000 --> 01:20:33.000

pretty profound personal change. But he kept coming back, and again, and again, and then he started bringing more friends. And I had the opportunity to channel some of the greatest

01:20:33.000 --> 01:20:36.000

And greatest artist

01:20:36.000 --> 01:20:54.000

and creators of the 20th century. And I wrote a book about it called

Messages from the Stars, and you can find that on my website. It's [geoprism.com slash slash messages from the stars](http://geoprism.com/slash/slash/messages-from-the-stars), and it was a wonderful experience to channel that over the space of three years, because it truly changed me.

01:20:54.000 --> 01:20:59.000

Anyway, so that's why, when I say, hey, Bowie's been hanging out, like, yes, we have a long history

01:20:59.000 --> 01:21:06.000

But Bowie actually taught me about love and creation and creation as

01:21:06.000 --> 01:21:08.000

A divine force

01:21:08.000 --> 01:21:14.000

and how the act of art and creativity is absolutely the deployment of

01:21:14.000 --> 01:21:16.000

this type of

01:21:16.000 --> 01:21:23.000

divine celestial energy that changes everything.

01:21:23.000 --> 01:21:39.000

Okay, now he's bashful. He's like, oh, this isn't my moment. You hijack the moment, friend. Like, don't give me that. Okay. All right, I'm gonna take a little drink. I'm gonna settle in, and we're gonna see because we're about an hour and a half in here, and I've given us so much information. Our brains might need a rest

01:21:39.000 --> 01:21:45.000

But, I think it will be a great way to sort of

01:21:45.000 --> 01:21:50.000

Because it was dense, it was a lot, it was profound, it was incredible, but

01:21:50.000 --> 01:21:52.000
also kind of

01:21:52.000 --> 01:21:54.000
abstract in a way

01:21:54.000 --> 01:22:01.000
Because we're talking these cosmic ancient beings and that's amazing
and let love in. Yes, I'm in

01:22:01.000 --> 01:22:17.000
But what do we do about politics? What do we do about taxes like let's
just ground it in a little more. Okay, so how do we get through the next
month? What do we do? How do we get through this world? What's
going to happen? And I love channeling Bowie. He's so fun and we'll
just do a little bit to kind of like

01:22:17.000 --> 01:22:33.000
finish us off on a high note okay so I know whistleblower says there's
nothing more basic than love and I love that they they said that in such
beautiful simplistic terms while also delivering the physics of what love
can actually do. And I was like, okay, I'm sold. I'm on board

01:22:33.000 --> 01:22:40.000
I'm gonna learn to love everyone if it's the last thing I do because I'm a
spicy one. You all know. Okay, all right

01:22:40.000 --> 01:22:48.000
Take a drink here

01:22:48.000 --> 01:22:49.000
Okay

01:22:49.000 --> 01:22:52.000
Hold on

01:22:52.000 --> 01:23:00.000
Okay, he's acting like he doesn't want to he doesn't want to come and

torpedo where we've been

01:23:00.000 --> 01:23:02.000

Hold on

01:23:02.000 --> 01:23:18.000

I'm like, you're not torpedoing, you're gonna add to you're going to kind of he's like I'll get in and I'll just like take the reins. I did do a special session with Bowie earlier this year. I don't remember what it was February, March, somewhere in the spring you can find that on the website as well

01:23:18.000 --> 01:23:22.000

I have a whole page, [geoprism.com slash davidbowie](http://geoprism.com/slash/davidbowie)

01:23:22.000 --> 01:23:27.000

Judy says February 8th, you came locked and loaded, my friend okay

01:23:27.000 --> 01:23:35.000

Yeah, okay, Michael says, hard to love the billionaires when they want to scorch the earth as fast as possible. Yeah, and

01:23:35.000 --> 01:23:42.000

I think this is where I really wanted to underscore that what we're doing changes everything

01:23:42.000 --> 01:23:53.000

And I know, I am like, listen, I'm Little Miss Activist flaming sword. I'm all about these physical systems need to be changed and we have to act. We cannot simply float away

01:23:53.000 --> 01:24:03.000

I'm trying to hold two realities here, because it is very real, and I'm never suggesting that we just check out and say it's fine, it'll solve itself, but the guidance continually is

01:24:03.000 --> 01:24:08.000

You who are assembled here can do the most good because remember

01:24:08.000 --> 01:24:10.000

They're like

01:24:10.000 --> 01:24:18.000

All of these varied species, you are each coming with your instruction.

Okay, okay, that was the other thing I want to talk about. When they said

01:24:18.000 --> 01:24:19.000

The part about

01:24:19.000 --> 01:24:26.000

Oh gosh, I can't remember specifically what they said, but there was a point when I was channeling that I was shown

01:24:26.000 --> 01:24:35.000

You know, we talk about being a starseed, there's actually something in our soul, something in our energy, that when it comes into human form, it changes our vessel.

01:24:35.000 --> 01:24:42.000

We're doing the hybrid DNA seeding just by existing, and so they were basically saying

01:24:42.000 --> 01:24:44.000

As we let this love per

01:24:44.000 --> 01:25:00.000

permeate, it's not even about letting it in, it's about letting it out. It already exists in us. Those of us who have a very specific, you know, we have this little seed we've been talking about, we brought the seed. It's like time delayed. It's waiting for us to let the seed bloom, and that might come from

01:25:00.000 --> 01:25:07.000

Soul lineage in another planet. It might come from past lives, it might come... I don't know where it comes from, I'm not that smart. But

01:25:07.000 --> 01:25:14.000

The eternity of all that our souls are, we're carrying something very specific within us that needs to birth

01:25:14.000 --> 01:25:18.000

And yes, as the forest burns down

01:25:18.000 --> 01:25:37.000

I saw a documentary about the great Yellowstone fires one year, I don't know when I saw it years ago and they were talking about the very specific generative process. And I know we know that in vague terms. Well, the forest has to burn down because it paves the new way, but they were showing very specifically there are types of pine trees

01:25:37.000 --> 01:25:40.000

In forests that

01:25:40.000 --> 01:25:46.000

Only when they burn do they become hot enough to release very specific new seeds

01:25:46.000 --> 01:25:49.000

That can only happen through forest fires.

01:25:49.000 --> 01:25:55.000

And as the Earth is burned, it does something in a chemical soil physics level

01:25:55.000 --> 01:25:58.000

that can only regenerate through fire

01:25:58.000 --> 01:26:10.000

And it is very much that process that we have some type of seed and we have been in this fire of human life in the year 2026 and all the years ahead before us

01:26:10.000 --> 01:26:17.000

That was burning down to this core so we could release our seed to

allow this

01:26:17.000 --> 01:26:19.000

It's

01:26:19.000 --> 01:26:23.000

Us being here, going through what we've been through

01:26:23.000 --> 01:26:32.000

doing our healing, doing our reclamation, doing whatever it is, being in this very specific pressure cooker of time and social experiences

01:26:32.000 --> 01:26:45.000

That gives us the pressure and the heat and the fire to crack open to let the seed come out. And again, they're saying seed, as in star seed, as well as the very biological act that creates life.

01:26:45.000 --> 01:27:03.000

Of male and female coming into the egg, and that seed plants and bursts and creates something totally new. That is what this love, this energy, this cosmic seed we bring within us is going to do something to humans. Okay, because, yes, did I say this or did we just circle this

01:27:03.000 --> 01:27:13.000

That 5%, or whatever that arbitrary number is, ultimately, what we're getting to is the greater percentage of what can be held within the physical vessel

01:27:13.000 --> 01:27:20.000

What energy, what spirit, how many different... I mean, okay, for example, as a channeler

01:27:20.000 --> 01:27:33.000

I can hold all these different beings and collectives. They can pop in, they can animate me and speak through me, and then they can leave. I'm not possessed, I'm not vacating, I'm not taken over, I am compatible with

01:27:33.000 --> 01:27:36.000
them being able to come in

01:27:36.000 --> 01:27:46.000

And that's why when Bowie comes in, he has his own voice. I mean, I don't know those of you who have been to many of my channelings before, I usually move a lot, but I felt just completely still as a stone

01:27:46.000 --> 01:27:57.000

They animate me differently, so this is what I'm saying as we evolve and grow and change and humans become different, we become compatible with more of all that is

01:27:57.000 --> 01:28:14.000

That's just one version of why Ascension is necessary and important, and why we are important. So I don't know if I'm like belaboring the point or beating a dead horse. I'm trying to communicate the magnitude of what we're doing. Our vessels are changing, and I certainly am a far cry from

01:28:14.000 --> 01:28:20.000

You know who I was at 20 who was going through severe mental health issues and severe catatonic depression and

01:28:20.000 --> 01:28:28.000

my physical body has changed so dramatically because of everything I've been through, and now I can hold so much

01:28:28.000 --> 01:28:29.000

So

01:28:29.000 --> 01:28:37.000

We're all being given, Julie, my notes, love cooties! We're spreading our love cooties, yes.

01:28:37.000 --> 01:28:40.000

So

01:28:40.000 --> 01:28:50.000

We all have something within us and they've said that right in our creativity, in all these, you know videos I've made and sessions from before where they said

01:28:50.000 --> 01:29:07.000

And I've heard this from so many other channelers, right? That there is something that only we can birth, only we. And that may seem daunting, because I could never be a world-famous filmmaker, I can never write a song that people would actually want to listen to. We tend to think of creativity in terms of what can we produce

01:29:07.000 --> 01:29:11.000

But it's the very act of being here, the very act of

01:29:11.000 --> 01:29:20.000

Whatever weird little way we want to behave and talk and the types of parties we want to hold and how we love our grandchildren and whatever else, that's creativity.

01:29:20.000 --> 01:29:29.000

And now, when you add... now when you add this layer of what little... my little pinecone has been on fire so I can let my starseed out

01:29:29.000 --> 01:29:33.000

We can see that we are divine vessels of creation

01:29:33.000 --> 01:29:46.000

And all the forces of the cosmos want to come into our bodies and radiate through us, and the simplest thing we can do right now is learn to love, learn to receive love

01:29:46.000 --> 01:29:55.000

After this intense period of crossing through that threshold, or maybe we're still crossing, and that's okay, we'll go back and forth, it's never one and done.

01:29:55.000 --> 01:29:57.000

But that

01:29:57.000 --> 01:30:03.000

pulling all of our parts together, acknowledging, letting us be, letting us exist

01:30:03.000 --> 01:30:12.000

And moving across the threshold allows us to love all that is, and that will change. Okay, and they're saying, what do you think the solar flash is?

01:30:12.000 --> 01:30:19.000

There's been talk of in channeled sessions and in Dolores Cannon material, and I've channeled things, excuse me

01:30:19.000 --> 01:30:27.000

This solar flash has been spoken of of this great light that will burst through humanity, and it's this wave of immense love

01:30:27.000 --> 01:30:31.000

And everything they were showing us is

01:30:31.000 --> 01:30:38.000

We start the process. We light the fire within, and we learn how to burn in that way, and we learn how to hold that fire.

01:30:38.000 --> 01:30:49.000

And that will become this contagious fire that ripples out, and as enough of us do this, that will essentially light the fire. That transforms all of humanity.

01:30:49.000 --> 01:30:52.000

Okay

01:30:52.000 --> 01:30:56.000

Do we get that all? Okay, I'm checking.

01:30:56.000 --> 01:30:58.000

Okay

01:30:58.000 --> 01:31:01.000

Okay

01:31:01.000 --> 01:31:06.000

So they're saying this is why they said

01:31:06.000 --> 01:31:09.000

You don't know how to do it yet

01:31:09.000 --> 01:31:19.000

It isn't so much that I don't know how to be a human, it's that my whole body is going to change. It's going to transform.

01:31:19.000 --> 01:31:36.000

And how it begins is learning how to love so completely that I hold love within every cell and for every aspect of self, and as I look out, you know, when they were talking about looking at the tiny things, love the bugs, love the maggots, love the... I mean, are we capable of this kind of love, love the...

01:31:36.000 --> 01:31:45.000

I meant, I meant the bugs maggots, but I understand in political circles that has a different connotation, and that's absolutely true too.

01:31:45.000 --> 01:31:50.000

Can we hold that kind of love? That is a mastery-level challenge.

01:31:50.000 --> 01:31:54.000

But can you imagine how that level of love, it is not only soft

01:31:54.000 --> 01:32:10.000

It is fierce, it is brave, it is courageous, it holds the line. And it says, I love those who are suffering enough to not allow you to do this. I love this planet enough to get my ass to the AI data center protest

01:32:10.000 --> 01:32:15.000

Okay, this doesn't bypass some of the physical work we have to do

01:32:15.000 --> 01:32:21.000

But it shows you how we bring it to the fray, how we bring it to society

01:32:21.000 --> 01:32:30.000

I love all of creation enough to see that the people who are committing atrocious, heinous acts

01:32:30.000 --> 01:32:34.000

Is a human body that is so lost

01:32:34.000 --> 01:32:41.000

And their soul can barely get inside this body, their soul can barely animate this body

01:32:41.000 --> 01:32:44.000

that I love enough to hope

01:32:44.000 --> 01:32:47.000

that this love can break through to even that person

01:32:47.000 --> 01:32:59.000

And maybe I don't have to love them, maybe I don't have to hold them in my arms, maybe that's not my role, but I can conceive of a love so profound that it cracks into the heart of even that kind of person.

01:32:59.000 --> 01:33:04.000

That kind of love is world-changing

01:33:04.000 --> 01:33:07.000

Okay

01:33:07.000 --> 01:33:09.000

Okay

01:33:09.000 --> 01:33:20.000

I don't want to overwhelm us too much, but I am checking in with Bowie

if he wants to leave us with a few parting shots, if that's how we want to end. Or do we have big questions before

01:33:20.000 --> 01:33:28.000

I feel like they brought us so full circle that we got it, we're gonna need to listen a few more times but

01:33:28.000 --> 01:33:37.000

Yeah, Michelle says when the maggots wake up, the red-headed maggots have love for them as they orient themselves with love because

01:33:37.000 --> 01:33:47.000

What will happen is, as this great love bursts forward, and as more people continue to awaken, I see a lot of hate online for people who are waking up.

01:33:47.000 --> 01:33:53.000

And, well, you had it all, you failed an open book test, and all of that. That's where love needs to be directed.

01:33:53.000 --> 01:33:56.000

Because they can't wake up if, when they wake up

01:33:56.000 --> 01:34:03.000

All the hate in the world comes at them. They need fertile space to grow.

01:34:03.000 --> 01:34:17.000

We need to expand, we need to give them space. We need to say to our fellow leftists or whoever, yes, I understand, and also give them space, give them room, give them grace, show them the way, okay? All right

01:34:17.000 --> 01:34:25.000

A few questions here. Michael says, you mentioned assignments. Did you mention them yet? Basically, they said

01:34:25.000 --> 01:34:33.000

Some of us who already know, like, for example, something I'm doing is

I'm going to be

01:34:33.000 --> 01:34:55.000

Working on land preservation, that's an assignment I want to work more on, as well as adding more creativity into my life. So they said, those of you who already have these inklings or ideas or curiosities, you'll already know what your assignment is. If you don't know what your assignment is, first of all, you get to find out and follow your curiosity, but second of all, they said love is the assignment

01:34:55.000 --> 01:35:11.000

If you don't know who or what you can do and participate in love, and love is the assignment for all of us. But they made that differentiation. Some of us are going to go and do and build and create, and others are going to be that vessel of love that is their sole assignment

01:35:11.000 --> 01:35:13.000

Because it's very important

01:35:13.000 --> 01:35:22.000

Whistleblower says, did we get a new percentage of soul embodiment? Is there a target? They didn't, but let me see. I keep

01:35:22.000 --> 01:35:29.000

I mean, I don't think there is a specific. I think it's open-ended. How much can we have?

01:35:29.000 --> 01:35:37.000

Because they're showing me it's still complicated. If you were to suddenly remember every incarnation you've ever had, you would go insane

01:35:37.000 --> 01:35:42.000

We simply can't have all of everything

01:35:42.000 --> 01:35:59.000

But in terms of percentage of soul animating the body, I don't know if... they're like... specifics don't matter, but again, since we're using

arbitrary, the arbitrary, for example, they were showing me a 5, and the number that keeps flashing is 8

01:35:59.000 --> 01:36:01.000
80%, 5 to 80.

01:36:01.000 --> 01:36:06.000
Goal target expansiveness, understanding we can't have all

01:36:06.000 --> 01:36:15.000
But that's the range that they, okay, they're saying the range that humans can become capable of while still maintaining the

01:36:15.000 --> 01:36:17.000
Integrity of the vessel

01:36:17.000 --> 01:36:20.000
So we won't blast our human open.

01:36:20.000 --> 01:36:22.000
Okay

01:36:22.000 --> 01:36:32.000
Okay, let me see a few more if we have any other questions. Gooley says, what's the most that we can have 110%?" Yes

01:36:32.000 --> 01:36:40.000
Again, these are arbitrary, but they help illustrate the amount of love we can have, potentially unlimited

01:36:40.000 --> 01:36:46.000
But the amount of our soul can be ratatouille, or what's everything, everywhere all at once? Rakakuni

01:36:46.000 --> 01:36:51.000
That can be animating our vessel

01:36:51.000 --> 01:36:57.000

They're saying this is why it happens at a cellular level. It's not simply because how I envision it

01:36:57.000 --> 01:37:07.000

It's sort of like I got a zipper, and I can only have a 5% or a zipper or an 80%, and so Soulgia can step in and, like, it's not quite that.

01:37:07.000 --> 01:37:14.000

Every single soul can have a greater percentage of, okay, okay, okay, alright

01:37:14.000 --> 01:37:19.000

They're showing me a lot of the lineage of Chinese, traditional Chinese medicine

01:37:19.000 --> 01:37:25.000

And how, like, an organ can start to fail, because that's where we're storing our self-loathing

01:37:25.000 --> 01:37:31.000

or the abuse that someone hurled at us, the energy that's contained in the body can suffer

01:37:31.000 --> 01:37:38.000

the body can suffer that weight. But if you can imagine every cell, every organ, every piece of tissue

01:37:38.000 --> 01:37:42.000

goes from 5% love to 80% love

01:37:42.000 --> 01:37:58.000

It's not an overall, now I can cram 80% of myself in. It's that every single aspect of me is capable of holding love. There are no more corners of myself that I hate or I ignore, or I'm suppressed because I'm not ready to hold the truth of what that aspect of what might

01:37:58.000 --> 01:38:07.000

fat in my butt is holding, right? Like, all the little parts of ourselves where

we're like, I'd rather not look at my cellulite, or whatever it is, okay?

01:38:07.000 --> 01:38:23.000

As we become capable of more love, those aspects hold more, and so it transforms everything. So that's like the 5 to 80%, if you can look at it as not total percentage of soul, but how much of each layer of the body can hold more.

01:38:23.000 --> 01:38:27.000

And that, to me, I don't know why, but that seems more doable

01:38:27.000 --> 01:38:31.000

I don't know why maybe that's just me, but okay

01:38:31.000 --> 01:38:34.000

How good can it get

01:38:34.000 --> 01:38:37.000

Rabadob remembers my video from

01:38:37.000 --> 01:38:47.000

clear back at the beginning. My mantra of the 4AM Club, not, oh my god, it's so terrible, but how good can this get? Let your imagination run wild with how exciting this can be.

01:38:47.000 --> 01:38:49.000

Okay

01:38:49.000 --> 01:39:07.000

Did they tell us how to put on this backpack to move out of the way and make way for others? Do we just turn out all the chaos as we no longer need to see it to wake up? This is where that individual discernment comes in, okay? For some of us, it will be. Yes, you have processed enough horrors. Stop fixating on the horrors

01:39:07.000 --> 01:39:23.000

You don't have to carry this anymore. The whole world is awake and aware people are participating more. For many of you, it's stop looking

at it stop because it's colonizing your awareness and you need to switch gears to focus on the more. For others

01:39:23.000 --> 01:39:39.000

It will become, okay, enough fixating, enough freaking out, we're gonna act, I'm gonna join this protest, I'm gonna write this letter, so you're all gonna kind of do that differently, but for a lot of people who are just waking up every day and checking Aaron Parnas, and what fresh is this, y'all need to simmer

01:39:39.000 --> 01:39:48.000

Because, being aware of the minutiae of the horror isn't helping anyone. You either need to take action, or you need to stop fixating, but

01:39:48.000 --> 01:39:53.000

a total focus on the horrors is not helping anyone. We need to move into this new era

01:39:53.000 --> 01:39:59.000

Hope that helps. Okay.

01:39:59.000 --> 01:40:18.000

This is a good question. Chelsea says, I think in the past we've talked about 3% of people need to awaken to tip the scales. Are they saying we've reached that, or are we still working towards it? And if so, do they have any idea? Okay, so that 3% of people is not anything that I've channeled, but that's kind of an idea out there. I think it's to communicate that

01:40:18.000 --> 01:40:26.000

Listen, we don't have to have every single person on the planet at the same level of consciousness, we just need this tiny percent.

01:40:26.000 --> 01:40:36.000

My understanding is just by virtue of the fact of how many ancient souls, people who are here for the transition, how many helper beings are here, we're well beyond

01:40:36.000 --> 01:40:38.000

Any of that tiny percentage

01:40:38.000 --> 01:40:46.000

But it was more about kneading the masses of humanity to be able to hold enough of an awareness. And yes, we are beyond that

01:40:46.000 --> 01:40:53.000

They don't have to be fully awakened and fully deconstructed and fully in the new. They need enough of a crack

01:40:53.000 --> 01:41:01.000

that they can allow more in of what we are spreading. So, we are beyond that. The problem is, it happens energetically

01:41:01.000 --> 01:41:08.000

But then physicality unfolds incredibly slowly. So it looks as though we're still in the chaos when actually we're like

01:41:08.000 --> 01:41:13.000

inches away from the finish line. And there's there's not really a finish line, but there's

01:41:13.000 --> 01:41:24.000

Where we can truly see we're all on the other side. That's where we're at. Okay

01:41:24.000 --> 01:41:33.000

Alright, let me, I'm kind of behind here. I'm scrolling through to see what I can kind of easily answer.

01:41:33.000 --> 01:41:39.000

Yeah, I got the Wu says mirror work with telling myself and my parts how much I love them daily has changed my life

01:41:39.000 --> 01:41:57.000

Mirror work is beautiful. If you... if you are looking for a structured way to learn, or just, you know, sometimes we just need a method. It can

seem very abstract. How do I love myself? I don't know, mirror work is a beautiful modality. It's something anyone can do, you can just Google

01:41:57.000 --> 01:42:14.000

Yeah, she also says, this is why I've been advised to stay off most social media and focus on creating and living in love. I've been having that awareness, too, of the more I spend time on there, the energy is getting louder and stickier, and I'm just not able to function at my best

01:42:14.000 --> 01:42:18.000

We need to make sure we're having plenty of time for

01:42:18.000 --> 01:42:34.000

Just in general off of our phones. I am the worst when I get so because I love reading my comments and responding and I can get in this spiral where I'm just like on my phone all day and I have to put it down and put it in a drawer and just be in my kitchen

01:42:34.000 --> 01:42:44.000

Wiping my counter, it's the chop wood carry water be in the body, be in the present now conduce I mean we have to start there

01:42:44.000 --> 01:42:48.000

Okay

01:42:48.000 --> 01:42:56.000

How long till we don't see the suffering? You know, that's such a hard question, we just don't know. We just don't know. And all souls have

01:42:56.000 --> 01:43:15.000

choices when they come in to be in an incarnation where they are suffering, where they have agreed or asked for that experience. It is a hard thing, and nothing I can say easily in this moment will make it quick or easy, but doing that journey to try to understand why a soul would come into that

01:43:15.000 --> 01:43:22.000

and what the purpose is of it, and how we can participate. For example,

volunteering with groups that help

01:43:22.000 --> 01:43:39.000

people leaving abuse or volunteering for animal shelters can be ways that we can balance our empathy with action to help us feel that we are part of bringing the light instead of only in the echo of the suffering. It is hard. There's no easy answer for that, but

01:43:39.000 --> 01:43:44.000

That's what living on this earth requires sometimes.

01:43:44.000 --> 01:43:51.000

Okay, Gooey's not letting me forget Bowie Channeling time? Yep, all right

01:43:51.000 --> 01:43:58.000

Bowie, we're ready. Okay.

01:43:58.000 --> 01:44:02.000

Oh, interesting.

01:44:02.000 --> 01:44:07.000

Amy says Sam and Vinia have said they see a surprise just before the midterms

01:44:07.000 --> 01:44:12.000

I haven't seen those videos and I haven't

01:44:12.000 --> 01:44:14.000

I don't know

01:44:14.000 --> 01:44:21.000

What I do know is so much of what I channeled last year through my What's coming next series

01:44:21.000 --> 01:44:37.000

Shockingly, delightfully aligns with the platform of the DSA, the Democratic Socialists. Like, shockingly. All of these new expansive

things they were showing about how they're going to cap medication costs and cap the prices on essential goods, like

01:44:37.000 --> 01:44:53.000

So many things that I channeled were their agenda. So I'm like, I'm even concerned about the midterms whether they try some nonsense or not, eventually I know where we're going, and now I can see the physicality match what they showed me would come, so I'm like, I don't even pay attention to what would happen

01:44:53.000 --> 01:45:02.000

So I have no fear, no fear. Okay. All right, so we will end with a little Bowie channeling

01:45:02.000 --> 01:45:06.000

We will hold on okay

01:45:06.000 --> 01:45:08.000

Okay.

01:45:08.000 --> 01:45:10.000

Alright, I'm gonna take a little drake sorry

01:45:10.000 --> 01:45:15.000

He's chatty, okay

01:45:15.000 --> 01:45:19.000

He's like dusting off his little coat, and he's, like, getting all ready. Okay

01:45:19.000 --> 01:45:30.000

We'll have just a little Bowie channeling as our farewell and congratulations. Okay, hold on

01:45:30.000 --> 01:45:37.000

Sorry, made me do a spit-take. He showed he showed me

01:45:37.000 --> 01:45:42.000

miming me? Like, or like I'm a marionette?

01:45:42.000 --> 01:45:47.000

And then he showed, like, picking me up and, like, waltzing me. He's so funny. Okay

01:45:47.000 --> 01:45:49.000

Okay

01:45:49.000 --> 01:45:55.000

Okay.

01:45:55.000 --> 01:46:13.000

Okay, stop, okay

01:46:13.000 --> 01:46:35.000

Welcome, welcome, ladies and gentlemen, gays and eighths of all shapes and sizes, welcome to the big show, as we say, welcome to the endgame, welcome to the transition, the transformation, welcome to all you have agreed to participate in and to experience, for indeed, I, serving as a master of ceremonies in this moment of time, wish to initiate you

01:46:35.000 --> 01:46:50.000

into a moment of such brilliance, of such excitement that you could scarcely allow yourself to believe that it could become, for indeed, such celebrations await you, both on this side of the earth and on our side of the earth, for indeed, we are celebrating you

01:46:50.000 --> 01:47:06.000

We are celebrating all you have accomplished. We are indeed celebrating all you will yet accomplish, for you have been in a period of such intense transformation, of such intense excavation, of the deepest, darkest passages of all human experience.

01:47:06.000 --> 01:47:25.000

What you don't understand is where you have been is cabins of such anguish so as to mistake them for natural human life. They were not. You were excavating wounds of such magnitude. They are the very

bedrock of humanity's woes

01:47:25.000 --> 01:47:33.000

That was not normal life, that was simply your participation in the transmutation of all that came before.

01:47:33.000 --> 01:47:35.000

But

01:47:35.000 --> 01:47:50.000

As you will, allow yourselves to move forward, as you will learn to move forward, as you will propel yourselves forward into the new dawn, what you will find is how your body, your soul, your joy responds so differently

01:47:50.000 --> 01:48:05.000

It will delight and astound you. You will giggle at the sunlight, you will tiptoe through the tulips, you will dance, you will sing, you will become as whimsical and silly as your little heart desires, for you will know that you are free

01:48:05.000 --> 01:48:21.000

that all humanity is free, that all we have promised of you is fulfilled, will be fulfilled, shall yet be fulfilled, as you allow yourself to dance, to be light, to move forward in joy, you will find this assignment of embodying love to be

01:48:21.000 --> 01:48:27.000

Of such reclamation of the soul. You will wonder why you've waited as long as you have.

01:48:27.000 --> 01:48:31.000

For indeed we honor the great depths you have been to and been through

01:48:31.000 --> 01:48:46.000

On this great transitional point in human history, understand that you are being invited to, you may say, the after party. It is the party, the party of

the century, the party of the galaxies, the party of all known creation.

01:48:46.000 --> 01:48:48.000

is happening.

01:48:48.000 --> 01:48:51.000

on your planet. Can you conceive of it

01:48:51.000 --> 01:48:53.000

receive

01:48:53.000 --> 01:48:57.000

The magnitude of what we wish to communicate to you

01:48:57.000 --> 01:48:59.000

That you are here

01:48:59.000 --> 01:49:05.000

And we are telling you to celebrate. We are inviting you forward, we are calling you forward, we are asking you

01:49:05.000 --> 01:49:11.000

open to receive, to be love embodied. Can you imagine?

01:49:11.000 --> 01:49:14.000

Can you imagine the magic that awaits you?

01:49:14.000 --> 01:49:29.000

For indeed has your orange fat man passes over beyond the realms of creation, the celebrations that will rage through your planet for days, for weeks, for months if you like

01:49:29.000 --> 01:49:33.000

What is coming you is a joy

01:49:33.000 --> 01:49:46.000

That has never been on this earth before. What is coming is the realizations of generations of work in the trenches to release the earth,
